Name: Patricia Daniels
Address: 1620 West Chestnut Street

Case: LG & E rate increase

COMMENTS: I oppose a rate increase for
LG & E. I am a single mother of three and
my paycheck doesn't cover all of the expense
that I have raising my kids. I already
struggle paying my LG & E Bill. But
with a rate increase my LG & E Bill
monthly will be more than what I pay
in rent. My bill runs about 200⁰⁰ a month
at least 27⁰⁰ a month in the winter
months. I think I would be living backwards
if my LG & E Bill becomes higher
because I have to pay rent to keep
a roof over my head. But it's getting
just as expensive to have electricity
and you can't have one without the
other. So please don't allow LG & E
to have a rate increase. Because
people are already struggling and
this increase will make it harder
