Frankfort, Ky. 40602

To Whom It May Concern:

As a resident of the Homestead Subdivision Georgetown, Ky. I am opposing the rate increase of 40% proposed by Longview Land Co., LLC.

What justification does Longview show to have such an increase? When was the last rate increase and what percentage?

I can understand an increase but 40 % is a bit high. Especially during our economical times such as we are in now for many homeowners.

Please consider not to give such a high percentage rate increase at this time.

Thank you,

Melissa Waite
