**TRACFONE WIRELESS, INC.  
PSC CASE NO. 2009-00100  
RESPONSE TO COMMISSION DATA REQUEST**

**COMMISSION DATA REQUEST DATED NOVEMBER 30, 2009**

**REQUEST 1**

**RESPONSIBLE PERSON: JOSE FUENTES**

**COMPANY: TRACFONE WIRELESS, INC.**

**Request 1.a.**

**Provide a spreadsheet outlining the names of the incumbent local exchange carriers and the exchanges of those incumbent exchange carriers for which TracFone seeks to receive ETC certification.**

**Response 1.a.**

TracFone, as a reseller of wireless services, does not have access to the exchange numbers associated with incumbent local exchange carriers (“ILECs”) and is not able to identify its service area in terms of ILECs’ exchanges. However, TracFone can provide a list of zip codes it serves in Kentucky. A spreadsheet listing zip codes in TracFone’s service area, the underlying wireless carrier providing service in the zip code, and the ILEC that provides service in the zip code is attached as Exhibit A. Where the spreadsheet lists the underlying carrier as “CDMA Not Operational”, the underlying carrier is Verizon Wireless. Currently, TracFone is able to offer Lifeline service in all areas in Kentucky that are served by AT&T Mobility and T-Mobile. In the second quarter of 2010, TracFone will expand its Lifeline service area to include the areas in Kentucky served by Verizon Wireless. TracFone is willing to discuss the data it has available with the Commission so that the Commission can better understand the extent of TracFone’s service area.

**Request 1.b.**

**Provide a separate spreadsheet identifying which exchanges are associated with the service territories for AT&T Mobility, T-Mobile and Verizon Wireless.**

**Response 1.b.**

Exhibit A identifies the zip codes in TracFone's service area, the underlying wireless carrier providing service in the zip code, and the ILEC that provides service in the zip code. As stated in Response 1.a., TracFone does not have access to the exchange numbers associated with incumbent local exchange carriers ("ILECs") and is not able to identify its service area in terms of ILECs' exchanges. Attached as Exhibit B is a map of TracFone's Lifeline service area, by underlying carrier. The areas referenced as "CDMA Not Operational" are associated with Verizon Wireless and will be served commencing in the second quarter of 2010.

**TRACFONE WIRELESS, INC.  
PSC CASE NO. 2009-00100  
RESPONSE TO COMMISSION DATA REQUEST**

**COMMISSION DATA REQUEST DATED NOVEMBER 30, 2009**

**REQUEST 2**

**RESPONSIBLE PERSON: JOSE FUENTES**

**COMPANY: TRACFONE WIRELESS, INC.**

**Request 2**

**Identify the study areas of any rural telephone companies which TracFone is planning to partially serve after receiving ETC certification.**

**Response 2**

TracFone, as a wireless carrier, is not able to define its service in terms of rural carriers' study areas or exchanges. However, TracFone will serve areas within the exchanges of rural carriers where TracFone's underlying carriers have coverage. As noted in Exhibit A, TracFone's service area includes areas of Kentucky served by the following rural carriers: Ballard Rural Telephone Cooperative; Brandenburg Telephone Company, Inc.; Duo County Telephone Cooperative; Foothills Rural Telephone; Gearheart Communications Co., Inc. dba Coalfields Telephone Co.; Highland telephone Cooperative; Leslie County Telephone Company, Inc.; Lewisport Telephone Company, Inc.; Logan Telephone Cooperative, Inc.; Mountain Rural Cooperative; Peoples Rural Telephone; Salem Telephone Company; South Central Rural Telephone; Thacker-Grisby Telephone; and West Kentucky Rural Telephone. TracFone does not seek to have any rural telephone company's exchange area redesignated, nor does it seek any high cost support to construct network facilities which will compete with those carriers.

PSC CASE NO. 2009-00100  
RESPONSE TO COMMISSION DATA REQUEST**

**COMMISSION DATA REQUEST DATED NOVEMBER 30, 2009**

**REQUEST 3**

**RESPONSIBLE PERSON: JOSE FUENTES**

**COMPANY: TRACFONE WIRELESS, INC.**

**Request 3**

**Has TracFone received approval from the Federal Communications Commission (“FCC”) to disaggregate rural service areas in Kentucky?**

- a. If yes, identify the rural service area exchanges for which TracFone received FCC disaggregation approval.**
- b. If yes, provide the citation to the order(s) outlining the approval(s).**
- c. If TracFone has received FCC disaggregation approval for rural service area exchanges within other states, provide the citations to those FCC orders outlining the approvals.**
- d. If other states have redefined the study areas of rural telephone companies specifically due to TracFone’s ETC petitions within those states, provide copies of the orders by those state commissions wherein those determinations were rendered.**

**Response 3**

TracFone has not requested approval from the Federal Communications Commission to disaggregate rural service areas in any state, including Kentucky. Such requests are normally made in connection with an ETC that receives high cost support. TracFone is only authorized to receive Lifeline support from the federal Universal Service Fund; it may not seek high cost support. See Petition of TracFone Wireless, Inc. for Forbearance from 47 USC § 214(e)(1)(A) and 47 CFR § 54.201(i), 20 FCC Rcd 15095 (2005).

**CERTIFICATE OF SERVICE**
