Re: In the matter of Petition of Windstream Kentucky East, LLC ("Windstream"), for Arbitration of An Interconnection Agreement with New Cingular Wireless PCS, D/B/A AT&T Mobility, Case No. 2009-00246

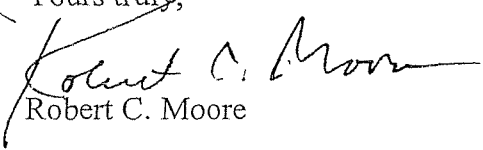

Dear Ms. Bowman:

The following are Windstream's comments to your Intra-Agency Memorandum of September 16, 2010 concerning the informal conference held in this matter on Tuesday, September 14, 2010:

- 1) With respect to the first bulleted item on page 1, the following sentence should be added: "Windstream also stated that it has provided explanatory documentation regarding the changes to the original cost study and has updated all of the over 300 previous discovery requests submitted by AT&T Mobility based on the updated cost study."
- 2) With respect to the fourth bulleted item on page 2, the first sentence should be revised state: "Windstream stated that if a new matrix is allowed to be submitted, it would want the matrix submitted before depositions are completed on December 10th." The underlined language is the revised language.
- 3) There is a small typographical error in the fifth bulleted item on page 2. The language in the parenthesis should be revised to state: "(it will be scheduled by a separate Order)." The underlined language is the revised language.

Please call me if you have any questions concerning these comments.

Yours truly,

Robert C. Moore
