Re: City of Greenup v. South Shore Waterworks & Public Service Commission

Dear Jeff:

Please find enclosed a Joint Status Report of the parties. I have confirmed with Ben Crittenden and he has allowed me to sign his name to the report, which I have indicated.

We are hopeful that we will be able to resolve this dispute in the future with the help of the PSC.

Sincerely,

R. Stephen McGinnis

JOINT STATUS REPORT

Come now the parties and for their Joint Status Report state the following:

South Shore Waterworks and the City of Greenup have engaged in meaningful and deep discuss and negotiations since the entry of the last Order of the Public Service Commission (“PSC”). Although no final agreement has been reached, the parties have made significant progress in resolving their disputes in an attempt to come to an agreement that accommodates the needs and desires of both parties.

At this time, the parties believe it would be extraordinarily helpful to conduct an informal conference on this matter with a representative of the PSC. The parties are at the point where issues have arisen that require the agency’s input and it is believed by both sides that a conference would help greatly in bringing this matter to its final conclusion.

As such, the parties respectfully request that the PSC do the following:

- schedule a conference for the parties’ representatives, either by phone or in person, for sometime during the first or second week of October; and
- continue to hold this matter in abeyance for a period of another forty-five days since the parties have been and believe they will continue to make significant progress towards the resolution of the matter.
