RE: Case number 2009-00363

My name is Glynis Clayton. My family and I live at 2755 Stilesville Road, Science Hill, Kentucky. It has been brought to our attention that Bluegrass Cellular is planning to install an enormous cell tower within our view. We would like to protest such an unsightly tower being put so close to our home. We moved here to have a peaceful, quiet and scenic view. We feel the erection of such a large eyesore would not only ruin the beauty of the land, but also our property value. We implore you to reconsider the placement of the cell tower. We are also upset that we were not informed or given the opportunity to protest such an invasion to our beautiful country view before now.

Sincerely,

Stephen and Glynis Clayton
