OCT 0 5 2009 PUBLIC SERVICE COMMISSION

Dear Mr. Derouen

Big Sandy Water District has experienced a rate increase from one of our suppliers, City of Louisa and a decrease from one of our suppliers, City of Kenova, and we are asking approval to increase rates through the Purchase Water Adjustment (807 KAR 5:068) to our customers. As you can see from Exhibit B, we changed from \$2.32 per thousand to \$2.46 per thousand (City of Louisa). Also, as you can see from Exhibit A, the surcharge of \$.02 cents per thousand-that was supposed to be \$.04 has been satisfied (City of Kenova). A notice to our customers will be published in the Daily Independent. Our total expenses and revenue have been furnished to the PSC in our annual report. Enclosed are the original and ten copies of the applications, exhibits, and new tariff sheets. If you have any questions, please call (606) 928-2075.

Sincerely,

James H. Blanter

5. Increased water cost \$6140.73.

The increased water cost is the cost difference between purchases at the base (current) and purchases at new rate.

6. Purchased water adjustment factor 02 cents/thousand.

The purchased water adjustment factor is obtained by dividing the increased cost of water by the total gallons sold.

Note: The purchased water adjustment factor is added to each thousand gallons sold. If the minimum usage is 2,000 gallons then the purchased water adjustment factor would be added to the minimum bill twice. Revised tariff sheets must be attached showing the rate to be charged by the utility and the effective date of the increased rates.

7. Proposed effective date November 1, 2009.
