#### COMMONWEALTH OF KENTUCKY

#### BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

ADJUSTMENT OF RATES OF ) CASE NO. 2009-00459 KENTUCKY POWER COMPANY )

### FIRST DATA REQUEST OF COMMISSION STAFF TO KENTUCKY POWER COMPANY

Kentucky Power Company ("Kentucky Power"), pursuant to 807 KAR 5:001, is to file with the Commission the original and 10 copies of the following information, with a copy to all parties of record. The information requested herein is due on or before either 14 days after the initial submission of the rate application or 28 days after the date of this data request, whichever is later. Responses to requests for information shall be appropriately bound, tabbed and indexed. Each response shall include the name of the witness responsible for responding to questions related to the information provided.

Each response shall be answered under oath or, for representatives of a public or private corporation or a partnership or association or a governmental agency, be accompanied by a signed certification of the preparer or the person supervising the preparation of the response on behalf of the entity that the response is true and accurate to the best of that person's knowledge, information, and belief formed after a reasonable inquiry.

Kentucky Power shall make timely amendment to any prior response if it obtains information which indicates that the response was incorrect when made or, though correct when made, is now incorrect in any material respect. For any request to which

Kentucky Power fails or refuses to furnish all or part of the requested information, it shall provide a written explanation of the specific grounds for its failure to completely and precisely respond.

Careful attention shall be given to copied material to ensure that it is legible. When the requested information has been previously provided in this proceeding in the requested format, reference may be made to the specific location of that information in responding to this request. When applicable, the requested information shall be separately provided for total company operations and jurisdictional operations.

- 1. Provide a copy of the current bylaws. Indicate any changes made to the bylaws since the year utilized as the test year in Kentucky Power's last rate case.
- 2. Provide the current organizational chart, showing the relationship between Kentucky Power and its parent company, American Electric Power ("AEP"). Include any intermediate entities between AEP and Kentucky Power, as well as the relative positions of all AEP entities and affiliates with which Kentucky Power routinely has business transactions.
- 3. Provide the capital structure at the end of each of the periods shown in Schedule 3.
  - 4. Provide the following:
- a. A list of all outstanding issues of long-term debt as of the end of the latest calendar year and the end of the test year together with the related information as shown in Schedule 4a. Provide a separate schedule for each time period. Report in Column (k) of Schedule 4a, page 2, the actual dollar amount of debt cost for the test

year. Compute the actual and annualized composite debt cost rates and report them in Column (i) of Schedule 4a, page 2.

- b. An analysis of end-of-period, short-term debt and a calculation of the average and end-of-period cost rate as shown in Schedule 4b.
- 5. Provide a list of all outstanding issues of preferred stock as of the end of the latest calendar year and the end of the test year as shown in Schedule 5. Provide a separate schedule for each time period. Compute the actual and annualized preferred stock rate and report the results in Column (g) of Schedule 5.

#### 6. Provide the following:

- a. List all issues of common stock in the primary market during the most recent 10-year period as shown in Schedule 6a.
- b. The common stock information on a quarterly and yearly basis for the most recent five calendar years available, and through the latest available quarter as shown in Schedule 6b.
- c. The market prices for common stock for each month during the most recent five-year period and for the months through the date the application is filed. List all stock splits and stock dividends by date and type.
- 7. Provide a computation of fixed charge coverage ratios for the 10 most recent calendar years and for the test year as shown in Schedule 7.

#### 8. Provide the following:

a. A schedule of revenues for each active rate schedule reflecting test-year revenues per book rates, revenues at present rates annualized, and revenues at proposed rates annualized.

- b. A schedule showing the amount and percent of any proposed increase or decrease in revenue distributed to each rate schedule. This schedule is to be accompanied by a statement that explains, in detail, the methodology or basis used to allocate the requested increase or decrease in revenue to each of the respective customer classes.
- c. A schedule showing how the increase or decrease in (b) above was further distributed to each rate charge (i.e., customer or facility charge, KWH charge, etc.). This schedule is to be accompanied by a statement that explains, in detail, the methodology or basis used to allocate the increase or decrease.
- d. A reconciliation of the Fuel Adjustment Clause revenue and expenses for the test year.
  - 9. Provide the following information concerning fuel purchases:
- a. A schedule showing by month the dollar amount of fuel purchases from affiliated and non-affiliated suppliers for the test year.
- b. A calculation of the dollar amount paid for fuel purchases each month from affiliated suppliers for the test year.
- c. A calculation showing the average (13-month) number of days' supply of coal on hand for the test year and each of the three years preceding the test year. Include all workpapers used to determine the response. Also include a detailed explanation of the factors considered in determining what constitutes an average day's supply of coal.
- 10. Provide the actual fuel costs for the test year. The costs should be given in total dollars, cents per kWh generated, and cents per MBTU for each type of fuel.

Also provide the actual amounts of each type of fuel used, the numbers of BTUs obtained from each type of fuel, and the kWh generated by each type of fuel.

- 11. Provide the purchased power costs for the test year. These costs should be separated into demand and energy costs. The actual and estimated kW demands and kWh purchased should be included. Indicate any estimates used and explain the estimates in detail.
- 12. Provide the following information, in comparative form, for the test year and the 12-month period immediately preceding the test year:
- a. A Kentucky jurisdictional operations income statement, statement of changes in financial position, statement of cash flows, statement of changes in owner's equity, and balance sheet.
- b. A total company income statement, statement of changes in financial position, statement of cash flows, statement of changes in owner's equity, and balance sheet.

#### 13. Provide the following:

- a. A trial balance as of the last day of the test year (all income statement accounts should show activity for 12 months) showing account number, account title, and amount. Provide this information on a Kentucky jurisdictional operations-only basis. Only one copy needs to be supplied to the Commission. Other parties of record may examine the copy filed with the Commission.
- b. A trial balance as of the last day of the test year (all income statement accounts should show activity for 12 months) showing account number, account title, and amount. Provide this information on a total company basis. Only one

copy needs to be supplied to the Commission. Other parties of record may examine the copy filed with the Commission.

- 14. Provide the balance in each current asset and each current liability account and subaccount included in Kentucky Power's chart of accounts by month for the test year. In addition, show total current assets, total current liabilities, and the net current position by month, annually, and the 13-month average for the test year. Provide a reconciliation of current assets, current liabilities, and net current position provided in response to the above with the current assets and current liabilities as shown on the balance sheet for each month of the test year. If any amounts were allocated, provide a calculation of the factor used to allocate each amount.
- 15. List each common general office account (asset, reserve, and expense accounts) covering the 12 months of the test year applicable to more than one jurisdiction or utility operation. If any amounts were allocated, show a calculation of the factor used to allocate each account.
- 16. Provide the following monthly account balances and a calculation of the average (13-month) account balances for the test year for the total company and Kentucky operations:
  - a. Plant in service (Account No. 101);
  - b. Plant purchased or sold (Account No. 102);
  - c. Property held for future use (Account No. 105);
  - d. Construction work in progress (Account No. 107);
  - e. Completed construction not classified (Account No. 106);
  - f. Depreciation reserve (Account No. 108);

- g. Plant acquisition adjustment (Account No. 114);
- h. Amortization of utility plant acquisition adjustment (Account No. 115);
  - i. Materials and supplies (include all accounts and subaccounts);
- j. Balance in accounts payable applicable to each account in (i) above (if actual is indeterminable, give reasonable estimate);
  - k. Unamortized investment credit Pre-Revenue Act of 1971;
  - I. Unamortized investment credit Revenue Act of 1971;
  - m. Accumulated deferred income taxes;
- n. A summary of customer deposits as shown in Schedule 16(n) to this request;
  - o. Computation and development of minimum cash requirements;
- p. Balance in accounts payable applicable to amounts included in utility plant in service (if actual is indeterminable, give reasonable estimate);
- q. Balance in accounts payable applicable to prepayments by major category or subaccount; and
- r. Balance in accounts payable applicable to amounts included in plant under construction. (If actual is undeterminable, give reasonable estimate.)
- 17. Provide the cash account balances at the beginning of the test year and at the end of each month during the test year for total company and Kentucky operations.
- 18. Provide the following information for each item of property or plant held for future use at the end of the test year:
  - a. Description of property;

- b. Location;
- c. Date purchased;
- d. Cost;
- e. Estimated date to be placed in service;
- f. Brief description of intended use; and
- g. Current status of each project.
- 19. Provide schedules, in comparative form, showing by month for the test year and the year preceding the test year, the total company balance in each plant and reserve account or subaccount included in Kentucky Power's chart of accounts as shown in Schedule 19.
- 20. Provide the journal entries relating to the purchase of utility plant acquired as an operating unit or system by purchase, merger, consolidation, liquidation, or otherwise since Kentucky Power's inception. Also, provide a schedule showing the calculation of the acquisition adjustment at the date of purchase for each item of utility plant, the amortization period, and the unamortized balance at the end of the test year.
- 21. Provide a schedule showing a comparison of the balance in the total company and Kentucky revenue accounts for each month of the test year to the same month of the preceding year for each revenue account or subaccount included in Kentucky Power's chart of accounts. Include appropriate footnotes to show the month each rate increase was granted and the month the full increase was recorded in the accounts. See Schedule 19.
- 22. Describe how the test-year capitalization rate was determined. If differing rates were used for specific expenses (i.e., payroll, clearing accounts, depreciation,

etc.), indicate the rate and how it was determined. Indicate all proposed changes to the test-year capitalization rate and how the changes were determined.

#### 23. Provide the following:

- a. A schedule showing a comparison of the balance in the total company and Kentucky operating expense accounts for each month of the test year to the same month of the preceding year for each account or subaccount included in Kentucky Power's chart of accounts. See Schedule 19.
- b. A schedule, in comparative form, showing the total company and Kentucky operating expense account balance for the test year and each of the five calendar years preceding the test year for each account or subaccount included in Kentucky Power's annual report. (FERC Form 1, pages 320-323.) Show the percentage of increase or decrease of each year over the prior year.
- c. A schedule of total company and Kentucky salaries and wages for the test year and each of the three calendar years preceding the test year as shown in Schedule 23c. Show for each time period the amount of overtime pay.
- d. A schedule showing the percentage of increase in salaries and wages for both union and non-union employees for the test year and the three preceding calendar years.
- 24. Provide the following payroll information for each employee classification or category:
  - a. The actual regular hours worked during the test year;
  - b. The actual overtime hours worked during the test year;

- c. The test-year-end wage rate for each employee classification or category and the date of the last increase; and
- d. A calculation of the percent of increase granted during the test year.
- 25. Provide the amount of excess deferred federal income taxes resulting from the reduction in the corporate tax rate in 1979 and 1986, as of the end of the test year. Show the amounts associated with the 1979 reduction separately from the amounts associated with the 1986 reduction.
  - 26. Provide the following tax data for the test year for total company:
    - a. Income taxes:
- (1) Federal operating income taxes deferred accelerated tax depreciation;
  - (2) Federal operating income taxes deferred other (explain);
  - (3) Federal income taxes operating;
- (4) Income credits resulting from prior deferrals of federal income taxes:
  - (5) Investment tax credit net;
    - (i) Investment credit realized.
    - (ii) Investment credit amortized Pre-Revenue Act of

1971.

- (iii) Investment credit amortized Revenue Act of 1971.
- (6) The information in Item 26(a)(1-4) for state income taxes;

- (7) A reconciliation of book to taxable income as shown in Schedule 26a(7) and a calculation of the book federal and state income tax expense for the test year using book taxable income as the starting point;
- (8) A copy of federal and state income tax returns for the taxable year ended during the test year, including supporting schedules; and
- (9) A schedule of franchise fees paid to cities, towns, or municipalities during the test year, including the basis of these fees.
  - b. An analysis of other operating taxes as shown in Schedule 26b.
- 27. Provide a schedule of operations net income, per 1,000 kWh sold, per company books for the test year and the three calendar years preceding the test year. This data should be provided as shown in Schedule 27.
- 28. Provide the comparative operating statistics for total company as shown in Schedule 28.
- 29. Provide a statement of the plant in service, per company books, for the test year. This data should be presented as shown in Schedule 29.
- 30. Provide the following information for total company. If any amounts were allocated, show a calculation of the factor used to allocate each amount.
- a. A detailed analysis of all charges booked during the test year for advertising expenditures. Include a complete breakdown of Account No. 913 Advertising Expenses, and any other advertising expenditures included in any other expense accounts, as shown in Schedule 30a. The analysis should specify the purpose of the expenditure and the expected benefit to be derived.

- b. An analysis of Account No. 930 Miscellaneous General expenses for the test year. Include a complete breakdown of this account as shown in Schedule 30b and provide detailed workpapers supporting this analysis. At a minimum, the workpapers should show the date, vendor, reference (i.e., voucher no., etc.), dollar amount, and brief description of each expenditure of \$500 or more, provided that lesser items are grouped by classes as shown in Schedule 30b.
- c. An analysis of Account No. 426 Other Income Deductions for the test year. Include a complete breakdown of this account as show in Schedule 30c, and provide detailed workpapers supporting this analysis. At a minimum, the workpapers should show the date, vendor, reference (i.e., voucher no., etc.), dollar amount, and brief description of each expenditure of \$500 or more, provided that lesser items are grouped by classes as shown in Schedule 30c.
- 31. Provide a detailed analysis of expenses incurred during the test year for professional services, as shown in Schedule 31, and all workpapers supporting the analysis. At a minimum, the workpapers should show the payee, dollar amount, reference (i.e., voucher no., etc.), account charged, hourly rates and time charged to the company according to each invoice, and a description of the services provided.
- 32. Provide a detailed analysis of contributions for charitable and political purposes (in cash or services), if any, recorded in accounts other than Account No. 426. Show the amount of the expenditure, the recipient of the contribution, and the specific account charged. If amounts are allocated, show a calculation of the factor used to allocate each amount. Detailed analysis is not required for amounts of less than \$100, provided the items are grouped by classes.

- 33. Describe Kentucky Power's lobbying activities and provide a schedule showing the name, salary, affiliation, all company-paid or reimbursed expenses or allowances, and the account charged for each individual whose principal function is lobbying on the local, state, or national level. If any amounts are allocated, show a calculation of the factor used to allocate each amount.
- 34. Provide a schedule showing for the test year and the year preceding the test year, with each year shown separately, the following information regarding Kentucky Power's investments in subsidiaries and joint ventures:
  - a. Name of subsidiary or joint venture;
  - b. Date of initial investment;
- c. Amount and type of investment made for each of the two years included in this response;
- d. Balance sheet and income statement (where only internal statements are prepared, furnish copies of these);
- e. A separate schedule of all dividends or income of any type received by Kentucky Power from its subsidiaries or joint ventures showing how this income is reflected in the reports filed with the Commission and stockholder reports; and
- f. Name of each officer of each of the subsidiaries or joint ventures, each officer's annual compensation, the portion of that compensation that is charged to the subsidiary or joint venture, the position each officer holds with Kentucky Power, and the compensation received from Kentucky Power.
- 35. Provide the following information with regard to uncollectible accounts for the test year and three preceding calendar years (taxable year acceptable):

- a. Reserve account balance at the beginning of the year;
- b. Charges to reserve account (accounts charged off);
- c. Credits to reserve account;
- d. Current year provision;
- e. Reserve account balance at the end of the year; and
- f. Percent of provision to total revenue.
- 36. Provide a detailed analysis of the retained earnings account for the test year and the 12-month period immediately preceding the test year.
- 37. Provide a listing of all non-utility property, related property taxes, and accounts where amounts are recorded. Include a description of the property, the date purchased, and the cost.
  - 38. Provide the rates of return in Schedule 38.
  - 39. Provide employee data in Schedule 39.
- 40. Provide the studies for the test year, including all applicable workpapers, which are the basis of jurisdictional plant allocations and expense account allocations.
- 41. Provide a calculation of the rate or rates used to capitalize interest during construction for the test year and the three preceding calendar years. Explain each component entering into the calculation of this rate.
- 42. Provide the following information concerning Kentucky Power and its affiliated service company:
- a. A schedule detailing the costs directly charged to and costs allocated by Kentucky Power to the service company. Indicate the Kentucky Power

accounts where these costs were originally recorded. For costs that are allocated, include a description of the allocation factors utilized.

- b. A schedule detailing the costs directly charged to and costs allocated by the service company to Kentucky Power. Indicate the Kentucky Power accounts where these costs were recorded. For costs that are allocated, include a description of the allocation factors utilized.
- 43. Provide any information, when known, that would have a material effect on net operating income, rate base, or cost of capital that have occurred after the test year but were not incorporated in the filed testimony and exhibits.
- 44. Provide detailed monthly income statements for each month after the test year, including the month in which the hearing ends, as they become available.
- 45. List all present or proposed research efforts dealing with the pricing of electricity and the current status of such efforts.
- 46. Provide a schedule reflecting the salaries and other compensation of each executive officer for the test year and two preceding calendar years. Include the percentage annual increase and the effective date of each increase; the job title, duty and responsibility of each officer; the number of employees who report to each executive officer; and to whom each executive officer reports. Also, for employees elected to executive officer status during the test year, provide the salaries, for the test year, for those persons whom they replaced.
- 47. Provide an analysis of Kentucky Power's expenses for research and development activities for the test year and the three preceding calendar years. For the test year, include the following:

- a. Basis of fees paid to research organizations and Kentucky Power's portion of the total revenue of each organization. Where the contribution is monthly, provide the current rate and the effective date.
  - b. Details of the research activities conducted by each organization.
- c. Details of services and other benefits provided to the company by each organization during the test year and the preceding calendar year.
- d. Total expenditures of each organization, including the basic nature of costs incurred by the organization.
  - e. Details of the expected benefits to the company.
- 48. Provide the average number of customers for each customer class (i.e., residential, commercial, and industrial) for the three calendar years preceding the test year, the test year, and for each month of the test year.
- 49. Provide all current labor contracts and the most recent contracts previously in effect.
- 50. Provide a detailed analysis of all benefits provided to the employees of Kentucky Power. For each benefit, include:
  - a. The number of employees covered at test-year end;
  - b. The test-year actual cost;
  - c. The amount of test-year actual costs capitalized and expensed; and
  - d. The average annual cost per employee.
- 51. Provide complete details of the financial reporting and rate-making treatment of Kentucky Power's pension costs.

- 52. Provide complete details of Kentucky Power's financial reporting and ratemaking treatment of Statement of Financial Accounting Standard ("SFAS") No. 106, including:
  - a. The date that Kentucky Power adopted SFAS No. 106;
  - b. All accounting entries made at the date of adoption; and
- c. All actuarial studies and other documents used to determine the level of SFAS No. 106 cost recorded by Kentucky Power.
- 53. Provide complete details of Kentucky Power's financial reporting and ratemaking treatment of SFAS No. 112, including:
  - a. The date that Kentucky Power adopted SFAS No. 112;
  - b. All accounting entries made at the date of adoption; and
- c. All actuarial studies and other documents used to determine the level of SFAS No. 112 cost recorded by Kentucky Power.
- 54. Provide complete details of Kentucky Power's financial reporting and ratemaking treatment of SFAS No. 143, including:
  - a. The date that Kentucky Power adopted SFAS No. 143;
  - b. All accounting entries made at the date of adoption;
- c. All studies and other documents used to determine the level of SFAS No. 143 cost recorded by Kentucky Power; and
- d. A schedule comparing the depreciation rates utilized by Kentucky Power prior to and after the adoption of SFAS No. 143. The schedule should identify the assets corresponding to the affected depreciation rates.

- 55. Provide the following information concerning the costs for the preparation of this case:
- a. A detailed schedule of expenses incurred to date for the following categories:
  - (1) Accounting;
  - (2) Engineering;
  - (3) Legal;
  - (4) Consultants; and
  - (5) Other Expenses (identify separately).

For each category, the schedule should include the date of each transaction, check number or other document reference, the vendor, the hours worked, the rates per hour, amount, a description of the services performed, and the account number in which the expenditure was recorded. Provide copies of any invoices, contracts, or other documentation that support charges incurred in the preparation of this rate case. Indicate any costs incurred for this case that occurred during the test year.

- b. An itemized estimate of the total cost to be incurred for this case. Expenses should be broken down into the same categories as identified in (a) above, with an estimate of the hours to be worked and the rates per hour. Include a detailed explanation of how the estimate was determined, along with all supporting workpapers and calculations.
- c. During the course of this proceeding, provide monthly updates of the actual costs incurred, in the manner requested in (a) above. Updates will be due the last business day of each month, through the month of the public hearing.

56. Provide Kentucky Power's most recent depreciation study. If no such study exists, provide a copy of Kentucky Power's most recent depreciation schedule. The schedule should include a list of all plant and related facilities by account number, service life and accrual rate for each, the methodology that supports the schedule, and the date the schedule was last updated.

57. Describe the status of any outstanding recommendations relating to Kentucky Power's management audits. Identify any savings or costs related to management audit recommendations, the impact of which is not already reflected in the test year of this case.

58. Concerning Kentucky Power's demand-side management ("DSM") programs:

a. Describe the status of the DSM programs during the test year and as of test-year end.

b. Identify the revenues and expenses associated with the DSM programs during the test year. Include the account number used to record revenue and expense transactions for the DSM programs.
