AFFIDAVIT OF ERROL K. WAGNER REGARDING
MAILING OF CUSTOMER NOTICE

The affiant, Errol K. Wagner, being duly sworn, states and deposes as follows:

1. That I am of the age of majority and competent to make this affidavit. The information set forth in this affidavit is based upon my personal knowledge or upon my review of information contained in the regularly maintained records and books of Kentucky Power Company within my custody and control.

2. I am Director of Regulatory Services for Kentucky Power Company. My duties include responsibility for rate and regulatory matters affecting Kentucky Power, including the preparation of and coordination of the Company's exhibits and testimony in rate cases and any other formal filings before state and federal regulatory bodies.

3. Attached to this affidavit as Exhibit 1 is a true and correct copy of the clear and concise explanation of the proposed changes in applicable rate schedules transmitted by United States Mail to each consumer on January 15, 2010 in conformity with 807 KAR 5:051 and all other applicable regulatory or statutory requirements.

Errol K. Wagner

**NOTICE TO CUSTOMERS OF
KENTUCKY POWER COMPANY (KPCo)**

Please Take Notice that on December 29, 2009, KPCo filed with the Kentucky Public Service Commission a request for an adjustment of its electric rates and charges to become effective on and after January 29, 2010.

In addition to the rate changes described below, KPCo proposes the following new electric tariffs and/or charges: Experimental Residential Service Time-of-Day², Experimental Small General Service Time-of-Day, Large General Service Time-of-Day, Emergency Curtailable Service-Capacity & Energy, Alternate Feed Service Rider, Utility Gross Receipts Tax (School Tax), Kentucky Sales Tax, Transmission Adjustment.

In addition to the proposed new tariffs and charges above, KPCo is proposing numerous changes in both rates and text of the terms and conditions of providing service to its customers. These changes include, but are not limited to, increased availability of calculated deposits, method of determining additional or supplemental deposit requirements, availability of the average monthly payment plan, the Company's liability, billing formats, increases in some special charges and the establishment of a reconnect charge for customers who request that their service be reconnected within twelve months of having requested that the same service be disconnected. Also included are numerous changes, both substantive and in form, to the terms and conditions of providing service to every customer class.

KPCo proposes to change the text of the following tariffs: Residential Service, Residential Service Load Management Time-of-Day, Residential Service Time-of-Day, Small General Service, Medium General Service, Medium General Service Time-of-Day, Large General Service, Quantity Power, Commercial and Industrial Power Time-of-Day, Contract Service- Interruptible Power, Municipal Waterworks, Outdoor Lighting, Street Lighting, System Sales Clause, Demand-Side Management Adjustment Clause, Energy Price Curtailable Service Rider, Environmental Surcharge, Experimental Real-Time Pricing, Green Pricing Option Rider.

Copies of the proposed tariffs containing both text and rate changes may be obtained by contacting Errol K. Wagner, Kentucky Power Company at P. O. Box 5190, Frankfort, Kentucky 40602-5190 or by telephone at 502-696-7011.

If approved as filed, the Company's proposed changes to its rates and tariffs will result in a proposed annual increase in electric revenues of approximately 22.87% for KPCo. KPCo's proposal includes a proposed Transmission Adjustment Tariff which adjusts customer's charges based upon the wholesale cost of transmission. If that adjustment is not approved, and the application is approved as filed, KPCo's proposed annual increase in electric revenues will be approximately 24.25%.

If approved as filed, the application will also cause the Net Merger Savings Credit (N.M.S.C.) Tariff to be withdrawn from service effective with the change in base rates and result in the end of the associated credits. In its base rate application, KPCo is proposing to include all net savings resulting from the merger in its proposed base rates. When new base rates become effective, customers should receive the benefit of all of these savings through base rates, including the current shareholders' portion.

The rates contained in this notice are the rates proposed by KPCo; however, the Public Service Commission may order different changes in rates than those proposed by KPCo. Such action by the Commission may result in rates for customers other than those contained in this notice.

The estimated annual revenue increase per customer class, without and with the proposed Transmission Adjustment Tariff, is as follows:
