FIRST DATA REQUEST OF COMMISSION STAFF
TO COMMUNITY ACTION KENTUCKY, INC.

Community Action Kentucky, Inc. ("CAK"), pursuant to 807 KAR 5:001, is to file with the Commission the original and 10 copies of the following information, with a copy to all parties of record. The information requested herein is due no later than May 4, 2010. Responses to requests for information shall be appropriately bound, tabbed and indexed. Each response shall include the name of the witness responsible for responding to questions related to the information provided.

Each response shall be answered under oath or, for representatives of a public or private corporation or a partnership or association or a governmental agency, be accompanied by a signed certification of the preparer or the person supervising the preparation of the response on behalf of the entity that the response is true and accurate to the best of that person's knowledge, information, and belief formed after a reasonable inquiry.

CAK shall make timely amendment to any prior response if it obtains information which indicates that the response was incorrect when made or, though correct when made, is now incorrect in any material respect. For any request to which CAK fails or

refuses to furnish all or part of the requested information, it shall provide a written explanation of the specific grounds for its failure to completely and precisely respond.

Careful attention shall be given to copied material to ensure that it is legible. When the requested information has been previously provided in this proceeding in the requested format, reference may be made to the specific location of that information in responding to this request.

1. Refer to the Direct Testimony of Roger McCann (“McCann Testimony”), pages 2 and 3. These pages include the amount of federal funding for the Low-Income Home Energy Assistance Program, the number of households assisted, the number of households unable to be served, and resources for this program provided by the Kentucky General Assembly for recent heating seasons. However, the same type of information was not provided for the 2009-2010 heating season. To the extent it is available, provide the same information for the 2009-2010 heating season.

2. Refer to page 7 of the McCann Testimony, which includes Mr. McCann’s recommendations regarding Kentucky Power Company’s proposed increase.

a. Mr. McCann would recommend “a significant decrease in the proposed rate increase for residential electric customers, and a more fair distribution of the proposed increase among all three rate classes.” Identify the “three rate classes” to which Mr. McCann is referring.

b. Mr. McCann recommends an expansion of demand-side management programs but does not provide specific recommendations. If Mr. McCann has specific recommendations, provide them.

c. Mr. McCann recommends an increase in the per-meter charge for the energy assistance program, as well as a matching shareholder contribution, but does not provide specific recommendations. If Mr. McCann has specific recommendations, provide them.
