I don't know if it will do any good complaining to you..but it is worth a try. I do not believe AEP should be allowed to charge these outrageous rates. My bill went from \$150 last month to

\$364 this month. We were without power 8 days. I do not understand how they can charge so much. How can people make it. I work everyday, my husband is disabled due to epilepsy and we are raising our

2 teenage boys. I don't know how people can pay this. Between other bills, medicine, groceries, etc. there is no way. Please let me know if there is any other place I need to submit a complaint to that might actually help all of us out. Thank you for your time in reading my concern. Have a blessed day.
