

strip rates. In Citipower's most recent GCA cases, the Commission approved rates based on a 12 month NYMEX strip rate. In the current filing, the Commission will approve Citipower's proposed rate as passed along to it from CitiGas because it is consistent with the current 12-month NYMEX strip rate for December 2009. In future filings, Citipower should confirm that its supplier price is based on the 12 month NYMEX strip rate using the most recent data available, as opposed to historic data, or provide the basis for its calculation if some other method was used. Citipower's proposed \$6.4700 per Mcf EGC is an increase of \$.0200 per Mcf from the prior approved EGC of \$6.4500 per Mcf.

3. Citipower's notice sets out no refund adjustment.

4. Citipower's notice sets out a current quarter Actual Adjustment ("AA") of \$.0015 per Mcf based on its statement that its "Unit Cost of Gas" for July, August, and September 2009 was \$6.47 per Mcf. Citipower's total AA is \$.2562 per Mcf, which is an increase of \$.0014 per Mcf from the previous total AA of \$.2548 per Mcf.

5. Citipower's notice sets out a current quarter Balance Adjustment ("BA") of \$.0028 per Mcf. Citipower's total BA is \$.0980 per Mcf, which is an increase of \$.0333 per Mcf from its prior total BA of \$.0647 per Mcf.

6. These combined adjustments produce a GCA of \$6.8242 per Mcf, which is an increase of \$.0547 per Mcf from the previous rate of \$6.7695 per Mcf.

7. The revised rates in the Appendix to this Order are fair, just and reasonable, and should be approved for billing for service rendered on and after January 1, 2010.

IT IS THEREFORE ORDERED that:

1. The rates in the Appendix to this Order are fair, just, and reasonable, and are approved for billing for service rendered on and after January 1, 2010.
2. Within 20 days of the date of this Order, Citipower shall file with the Commission its revised tariffs setting out the rates authorized herein and reflecting that they were authorized by this Order.
