Re: Case #2009-00483

Dear Jeff:

July 7, 2010

I am writing to request an extension until early August, 2010 to comply with the Order of the PSC to conduct discovery in preparation for the informal conference that is scheduled for August 3, 2010.

My understanding, based on emails and conversations with Todd Osterloh, was that we could have a preliminary conference before discovery so that we might settle this matter right away.

Since we are evidently not doing that, and since I will need to retain further counsel now as a result, I am also requesting the extension to properly prepare a response to KAW's discovery request, which was quite extensive, and to prepare my own.

Additionally, I did not receive the Order from the PSC until the beginning of last week.

Finally, I am requesting that the informal conference be rescheduled for the middle of August.

Thank you.

Sincerely,

Jeff Bradshaw
