RE: Informal Conference of February 17, 2010

Pursuant to the Commission's January 8, 2010 Order, on February 17, 2010, representatives of Louisville Gas and Electric Company ("LG&E"), Kentucky Utilities Company ("KU") and Commission Staff ("Staff") met at the Commission's offices to discuss LG&E and KU's testimony and responses to the first round of data requests in the current examination of the companies' environmental surcharge mechanism. A list of attendees is attached to this memorandum as Attachments 1 and 2

Representatives of LG&E and KU distributed a handout that provided an overview of their filing and their responses to information requested in Appendix B of the Commission's January 8, 2010 Order. LG&E and KU discussed the information contained in the handout, including the determination that there was an under-recovery of the surcharge for the billing period under review. The handout is attached to this memorandum as Attachment 3.

Commission Staff asked a few clarifying questions related to information included in the handout and the response to the data request. LG&E and KU agreed to provide further information to questions raised at the informal conference. Because there are no intervenors in either case, LG&E and KU requested that the proceedings be submitted for decision based on the record. There being no other questions, the meeting adjourned.
