I would like to register a complaint against the LG&E Rate Increase, Case Number 2009-00549. I am on a fixed income and cannot afford a rate increase on my LG&E bill.

We the people who are retired did not get a cost of living raise this year due to the economy. We will not get one next year and maybe for the next three to four years. Next year Medicare premiums will go up and again there will be no cost of living allowance. If a new health care program is brought in we will also be forced to accept the Government Plan which could cost more than the existig one.

Several people who are unemployed are struggling to make house payments and pay their existing utilities.

To put it simply We the people cannot AFFORD A RATE INCREASE proposed by LG&E.

Thank You
Jim Kuipers
