Hello,

I am concerned about a proposed rate hike by LGE on our gas and electric. A connection fee has been proposed regardless of the amount of gas or electricity used. I am against any increase in fees or rates period! The economy is down, and people are out of jobs. To suggest more costs by a monopoly like LGE is ludicrous! Please oppose any increase in our monthly costs of utilities. The case number for this complaint is 2009-00549.

Thank You
George Wiles
