Dear Sir/ Madam:
This is in regards to Case Number 2009-00549.

I have read with interest about proposed changes for billing for LG&E and resulting rate increases to our bill. It has already skyrocketed in the past few years, and it is time to level this out and quit raising our rates and bills. We already leave the house too cold in winter and too warm in summer, and we have a number of energy-saving methods and windows in place..... it's not like we have an old home. So please stop the madness and don't raise anymore!

Thank you,
Cynthia D. Burell
