I would like to make a comment about LG&Es rate request. I live on a fixed income, social security, and am not going to get a raise this year, and probably not next year as well. This makes it difficult to keep up with the cost of everything else rising. I think LG&Es request is out of line. I also lost a refrigerator and freezer full of food both times the electricity went out. I did not get reimbursed for the loss of my food. Fixing electric lines should just be the cost of doing business. This is all I have to say about case #2009-00549. My name is Charles Buckman @ 11024 Chapel Hill Rd. Louisville Ky. 40229-2108. Thank you
