Subject: Utilities Increases
Auto forwarded by a Rule

Dear Sir:

I am writing concerning LGE case # 2009-00549.

I am a 72 yr. old retiree on a fixed income and almost all my pension comes from SS so my income is very modest and as you know SS did not give us an increase in our pension this year. Coupled with the results of the ongoing recession My Wife and I wish to express to you our absolute disbelief that Utility companies are asking for any increase whatsoever let alone the huge request that they are proposing.

We ask that NO increase be granted and if you feel some increase is justified (and we don't know how you could) PLEASE let it be a VERY small one.

Also if any increase is granted We think it only fair that Seniors and the Poor are given consideration by instituting a Senior/Poor discount to offset most of the increase.

We can not keep paying more and more for Water,Sewer,Telephone and Electric when we are getting no increases in our income and some folks are losing their jobs and have no income.

THIS HAS TO STOP!!!!!!!!!!!!!!!!!!!!

Respectively submitted,
