I am writing about LGE case 2009-00549. I CANNOT believe LGE thinks we are supposed to pay to repair old lines and storm damage! Nobody comes to our rescue to pay for storm cleanup and spoiled food! The nerve of them! We are barely surviving with all the rate increases thus far. And to think I will have to pay a large fee just to have a gas hookup on my property is outrageous. I dont even use gas but have a hookup and will be charged this fee! Lets stop this rate increase during the worst economical period in our lifetime!
