Subject: your comments in case 2009-00549 - Louisville Gas & Electric Co. rates

Dear Ms. McCage :

Thank you for your comments regarding the rate increase proposed by Louisville Gas & Electric Co. Your comments will be placed into the case file for the Commission's review as it considers this matter. As you noted, the case number in this matter is 2009-00549. Please cite it in any future correspondence regarding this case so that your comments may be readily directed to the case file.

Thank you again for your interest.

Compliant Case Number 2009-0549:

Hello,

I am writing regarding the announced that LG&E wants to change the

way it bills customers for gas and electric. Instead of charging by the amount of gas a home uses, LG&E wants to charge a higher flat fee rate of \$26.53 to deliver gas to its customers. In addition, LG&E wants to triple its electric residential customer charge from \$5.00 to \$15.00. I am against this proposed rate change because this rate increase in addition to the current U.S. economic condition & the fact that many people struggle to pay LG&E now may mean that many Louisville families will be without gas and electric. Thanks you for taking the time & consideration to read this email.

Sincerely,

Dionne McCage
