Re: Natural Gas Retail Sales

Dear Commission Members

In response to a Cincinnati Enquirer newspaper article I am writing you. As a Commercial/Industrial Landlord with projects in numerous states, I am asking that you force Natural Gas suppliers in Kentucky to compete in the open market for our business. Currently we are unable to afford the road blocks put up by the utility companies when trying to purchase Natural Gas in a competitive market in Kentucky. We don't have these problems and issues in other states like Ohio. We want and need the opportunity to have competition for our Natural Gas business, thus creating savings to our customers and hopefully bringing more jobs to the State of Kentucky.

I ask that you do what is necessary to insure that a free market, open competition environment become available for all Natural Gas users and purchasers in the State of Kentucky

Sincerely

Bill Toebben
President
