PSC CASE # 2010-00426

RECEIVED

MAY 11 2011

PUBLIC SERVICE  
COMMISSION

I believe Hillridge Facilities does not know exactly what type of monthly rate they need to keep operating. Hillridge needed the surcharge to pay for repairs to its sewer collection mains and now they want less money. If the first requests were correct then how can reduce rates get the job done?

I again request that the plant be closed down and the facility be connected to "Metropolitan Sewer District lines". I feel the sooner this is completed the safer (healthwise) this part of the community will be.

Thanks

Bruce J. Hummer
