Application of Water Service Corporation of Kentucky for an Adjustment of Rates
Case No. 2010-00476

Dear Public Service Commissioners:

I oppose the water rate increase because:

*It's a hardship on people with
fixed incomes. Sewer charge is
absurd.*

Application of Water Service Corporation of Kentucky for an Adjustment of Rates
Case No. 2010-00476

Dear Public Service Commissioners:

I oppose the water rate increase because:

We pay more than other counties that
we know of, we live in a small
community and some of us can not
afford any more rate increase in
water, We work in areas where
jobs are in need of, and not pay more
in our bills. And some live on a
fix income and are having a hard time
as it is with paying the 1st water
rate increase, We cannot pay any more
then we are already paying.

Application of Water Service Corporation of Kentucky for an Adjustment of Rates
Case No. 2010-00476

Dear Public Service Commissioners:

I oppose the water rate increase because:

I am a senior citizen, living on a limited income. A water rate increase that the Water Service Corporation is asking for would really strain my finances.

If the proposed rate were to be put into effect I would have to limit my water usage even more than I do now. Fewer baths, flushes & laundry loads!

Please help us!
