COMMENTS: I live on a very
small pension monthly. It's all
I can do to pay my bills, I have
to pinch and pull to get them
all taken care of each mon. The water
bill keeps going up. I had a
water leak in my yard since Feb.
of this year. My water bill kept
going higher, for 2 or 3 mos I was
paying over \$200.00 that was a struggle
I don't know what I'll do if
it gets higher. It

There are so many senior citizens
here in Clinton. The hardships
needs to be considered

I've still got and bill for over
\$400.00 now. They didn't offer any
correction in my bill after I had
it repaired.

Please consider our plea.

Thank you,

COMMENTS: I live on a fixed income
I'm a senior citizen. It's hard
for me to make ends meet. What
in the world would I do if this
water bill continues to go up.
I would have to go without
things that I need.

This water company does not
consider all the hardships we
as senior citizens, low income,
unemployed people are having
to endure.

Everything's prices are going up
but our incomes remain the same.

COMMENTS: We are senior citizens
of course living on fixed income.
It's a struggle to get our bills
paid. When you are living on a
fixed income, any raise in your
bills makes it a hardship
Low income people, senior citizens
and unemployed people are having
a hard time. What a hardship
it would be for any of our bills
to go up.
