Please be advised that Bluegrass Cellular's application to erect a tower at 5451 Celina Road, Burkesville, KY 42717 Case # 2010-00044 adversely affects our property as both lots are 90% within the 500' radius indicated by their survey. These two properties were purchased as retirement locations for our children. The locating of this tower renders both locations unusable for building and also makes them valueless as far as resale.

We realize there is a law stating that we have no say over this, but wish to make our discontentment with the devaluation of our property known.

We are unable to contact anyone locally to discuss this matter and feel like we have no say in the decision to destroy our dreams.

Thank you in advance for any consideration you can provide.

Sincerely,

Jo & Harvey Brewer
