Re: Case No. 2010-00082
Notice of proposed construction

Gentlemen:

This is to advise that we checked with the Plant Manager of the City of Middlesborough's wastewater treatment plant and we do not know of any negative impact that the tower would have on the treatment plant.

I understand that the Middlesborough-Bell County Airport Board has some concerns about the placement of the tower and I will be sending your correspondence along with my response to the Board for their comments.

Respectfully,

J.C. Meredith
Code Enforcement Officer
City of Middlesborough, KY

cc: Glynn Brown, Chair
Airport Board

Mayor Ben Hickman
City of Middlesborough
