Re: PSC Case No. 2010-00021

Dear Mr. Raff:

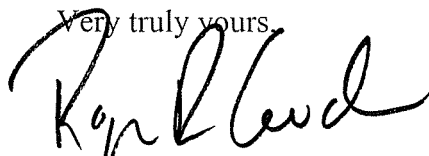

On March 23, 2010, the Commission held an Informal Conference ("IC") with East Kentucky Power Cooperative, Inc. ("EKPC") regarding the above-referenced case. During the IC, Commission Staff questioned EKPC's environmental surcharge pass-through calculations for Fleming-Mason Energy Cooperative ("Fleming-Mason") and Owen Electric Cooperative ("Owen"). EKPC agreed to respond to these and one other post-IC data request within 10 days.

EKPC reviewed these pass-through calculations and, indeed, found an excel formula error that impacted the surcharge calculations for Fleming-Mason and Owen. In order to correct these errors and determine the appropriate prospective adjustment, EKPC will need to work with Fleming-Mason and Owen staff.

Accordingly, EKPC respectfully requests that the Commission grant EKPC an extension of time to respond to the post-IC data requests, including the Fleming-Mason and Owen matters above, no later than Friday, April 16, 2010.

If you would like to discuss this in greater detail, please call me directly, or speak with Ann Wood at EKPC.

Very truly yours,

Roger R. Cowden
