Answer: Farmdale will not terminate water service due to failure to pay the sewer bills.

d. Has there been any correspondence or other communication between Coolbrook and the water utility concerning obtaining a deviation to enable the water utility to terminate water service as a method of sewer bill collection? If so, attach copies of all agreements, correspondence, or notes of communications.

Answer: No. However, counsel for the utility has contacted Farmdale to see if it will terminate water service due to the failure to pay a sewer bill, and it will not do so.

Data Request No. 11: Explain how the utility bills multi-unit complexes. If the utility bills each individual unit, how will the utility disconnect service if only one tenant doesn't pay?

Answer: The utility does not provide service to multi-unit complexes.
