Case No. ~~2009-00373~~
Amended & Revised
Purchase Water Adjustment

On February 26, 2010, Christian County Water District received a copy of a PSC filing notice from the Hopkinsville Water Environment Authority, "Notice of Intention to Implement Rates".

On March 4, 2010, the Board of Commissioners of the Christian County Water District approved a Purchase Water Adjustment of the proposed, non-approved rates subject to refund.

On April 14, 2010, Christian County Water District following discussion and review of its original PWA request agreed with PSC staff members that a calculation error had occurred. Christian County Water District is aware of the lower PWA amount and will impose a rate of (0.84) eighty-four cents per thousand gallons of water, instead of the (0.86) eighty-six cents per thousand gallons of water originally approved.

An amended and revised Purchase Water Adjustment with a corrected tariff sheet is enclosed.

Respectfully submitted,

A handwritten signature in black ink that reads "James Owen". The signature is written in a cursive style with a long, sweeping tail.
