CASE NO.  
2010-00223

RECEIVED  
KENTUCKY STATE BOARD ON  
SEP 28 2010  
ELECTRIC GENERATION AND  
TRANSMISSION SITING

**HENDERSON MUNICIPAL POWER & LIGHT**  
**WITNESS LIST AND SUMMARY OF TESTIMONY**

Comes Henderson Municipal Power & Light (hereinafter referred to as  
“HMP&L”), by counsel, and according to the Kentucky State Board on Electric  
Generation and Transmission Siting’s Order submits it’s Witness List and Summary of  
Testimony as follows:

1) Witness:

Gary Quick, General Manager  
Henderson Municipal Power & Light  
100 Fifth Street  
P.O. Box 8  
Henderson, Kentucky 42419-0008  
Telephone: (270) 826-2726, ext. 202  
E-mail: [gquick@hmpl.net](mailto:gquick@hmpl.net)

Summary of Testimony:

a) This testimony will include direct and adverse effects and impacts of the  
proposed route for Vectren’s proposed transmission line on HMP&L’s substation  
property, equipment, transmission lines, facilities, operations, and HMP&L’s ability to

provide reliable electric service for its existing and future customer base; prudent utility practices.

b) The costs and adverse impacts that the proposed route for Vectren's proposed transmission line will have on HMP&L's potential expansion or its ability to expand and maintain the existing facility.

c) The need to use existing HMP&L land surrounding its substation for expansion, service or repair of the existing facility.

d) How Vectren's proposed easement would prohibit usage of HMP&L's public property and prevent expansion of its substation; the Option Route bypassing the HMP&L public property; and other routes on adjoining properties that would bypass HMP&L's substation property.

e) This witness will testify to the adverse impacts on the scenic assets of the Commonwealth which will result from placement of Vectren's proposed transmission line along the proposed route, and discuss other route options that provide fewer objections to the degradation of the Commonwealth's scenic assets.

f) Vectren's failure to provide notice to HMP&L of Vectren's proposed transmission line and its July 15, 2010 application for certificate to construct a nonregulated transmission line ("Application").

g) Gary Quick will testify that the property owned by HMP&L is used for a public purpose and that HMP&L has not given consent to Vectren to construct its proposed transmission line on, over, or across property owned by HMP&L. Further, Vectren does not have authority to condemn HMP&L's public property.

h) Gary Quick will testify that Vectren's July 15, 2010 Application was not complete in that it failed to include necessary and adequate information. This testimony may include, but is not limited to, Vectren's failure to properly identify and describe the route, structures, locations of structures and supporting facilities, property owners, and Applicant's true identity.

2) Witness:

Steve Smith, Transmission and Distribution Manager  
Henderson Municipal Power & Light  
100 Fifth Street  
P.O. Box 8  
Henderson, Kentucky 42419-0008  
Telephone: (270) 826-2726  
E-mail: [ssmith@hmpl.net](mailto:ssmith@hmpl.net)

Summary of Testimony:

a) This witness will testify concerning the technical information regarding HMP&L's substation and existing transmission lines; distribution of power and electric service to customers; and potential need for expansion of HMP&L's facilities and property.

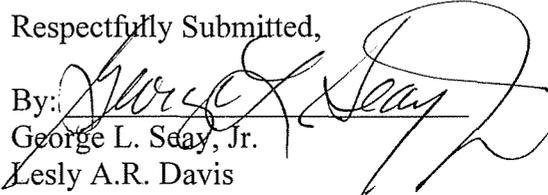

b) How the proposed route for Vectren's proposed transmission line will be detrimental to the future operations of HMP&L's transmission lines and compromise existing and future system reliability.

c) Opposition to Vectren's proposed encroachments on HMP&L's existing 161KV and 69KV rights-of-way.

For additional detail regarding the summary of testimony set forth herein, please also refer to HMP&L's Response to the Siting Board Staff's First Information Request and HMP&L's Response to Vectren's First Data Request.

This witness list and summary of testimony is tendered this the 26<sup>th</sup> day of September, 2010.

Respectfully Submitted,

By:   
George L. Seay, Jr.

Lesly A.R. Davis
