RE: Atmos Energy Corporation
Weather Normalization Adjustment
Case No. 2010-00243

Dear Mr. Derouen:

On June 17, 2010, Atmos Energy filed its Application with the Commission pertaining to its weather normalization adjustment. In paragraph five (5) of the Application, a typographical mistake appears. Specifically, the Application states that the Company "...proposes to utilize the same basis for Normal Heating Degree Days (NOAA Normals for 1971-1990)." It should have stated that the NOAA Normals were for the period 1971-2000.

We wanted to bring this to the Commission's and Staff's attention. If I need to make a more formal filing or if we need to file an amended Application, please advise.

Very truly yours,

Mark R. Hutchinson
