Subject: RE: Case No. 2010-00301: Barkley Lake Water District

Jerry,

Louis Robbins is out today but he told me that the 1MG tank has been constructed and is in operation. He wasn't sure of the date but it was after the CPCN was issued in Case No. 2008-00097.

Let me know if you have any further questions.

Subject: Case No. 2010-00301: Barkley Lake Water District
Importance: High

Mr. Jones:

The application in the above-reference case references the construction of a 1 MG elevated water storage tank for which the PSC issued a certificate of public convenience and necessity in Case No. 2008-00097. Has Barkley Lake Water District begun construction on the storage tank? If yes, when was construction commenced? Commission Staff would like to clarify for the record whether a new certificate of public convenience and necessity is needed for the storage tank.

Thanks for your assistance in this matter.

Sincerely,

Gerald E. Wuetcher

Subject: RE: Case No. 2010-00301: Barkley Lake Water District

I had sent an email last week indicating the Barkley Lake Water District water tank had already been constructed. The Notice to Proceed with construction was dated May 22, 2008 and construction was completed in July 2009.
