Re: An investigation into the intrastate switched access rates of all Kentucky incumbent and competitive local exchange carriers  
Case No. 2010-00398

Dear Mr. DeRouen:

FiberNet, LLC ("FiberNet") belatedly submits this letter in response to the Kentucky Public Service Commission's (the "Commission") May 30, 2012 Order in the above-captioned proceeding. In said Order, the Commission directed "all affected parties" to provide certain information relating to their access tariffs in an effort to assess compliance with the reforms adopted in the Federal Communications Commission's November 18, 2011 Report and Order and Further Notice of Proposed Rulemaking in WC Docket No. 10-90, et. al. (FCC 11-161).

At this time, please be advised that FiberNet does not currently provide intrastate switched access services in the Commonwealth of Kentucky, and therefore, FiberNet does not have an intrastate switched access tariff on file with the Commission. Consequently, FiberNet will not be submitting any tariff changes or other information in response to the Commission's May 30, 2012 Order. Irrespective of this fact, FiberNet provides this response in the interests of cooperating with the Commission's ongoing efforts in the area of intrastate switched access reform.

Should you have any questions regarding this particular filing, please feel free to contact the undersigned via telephone at (304) 720-2159, via facsimile at (304) 720-2121, or via e-mail at [hamulas@lumosnet.com](mailto:hamulas@lumosnet.com).

Sincerely yours,

STEVEN HAMULA  
Director of Regulatory Affairs  
FiberNet, LLC
