I have no problem with the tower being proposed at 883 Howardtown Rd Raywick Ky 40060. In fact I welcome it. I am have a Blue Grass phone. My service has been a lot better since a tower was built in Loueth. I believe my service would be even better with a tower in Raywick in the Raywick and edge of Nelson and Lame county and area which I am in a lot farming.

Sincerely
Joseph Richard Nally Jr
