Mr. Briggs

Recently I received a certified letter from your law office concerning a proposed construction site of a Cingular Wireless Communication facility at 1236 Lawson Rd in Murray Kentucky. As a property owner within 500 feet of proposed site, I feel as though construction of a 165 foot tower plus related ground facilities would depreciate surrounding property values, including my own. Not only will the construction of said tower depreciate property values, it most certainly will be an eyesore to surrounding neighbors.

Therefore, as a property owner at 1247 Lawson Rd in Murray Kentucky, I am OPPOSED to the construction of a Cingular Wireless Communication tower and related ground facilities. I realize the construction of such a facility is necessary to promote better wireless service, but perhaps a different location should be chosen to where it will not effect the residential property values of homes in the area.

Sincerely,

Rhonda Gallimore  
1247 Lawson Rd  
Murray KY 42071
