Dear Sirs:

This letter is to protest the rate increases which Ky. Frontier Gas, LLC has requested. This increase which is scheduled to be imposed on we farm top customers would go into effect 1 March 2012. And would effectively put a charge of almost \$18.00 on the first MCF of natural gas we use. Natural gas is currently below \$2.50 per MCF on the spot market. Ky. Frontier Gas, LLC owns no wells or gas pipelines in my area. Only the meter which they have estimated the last three months. So, in my billing they have had very little expense. I ask you folks to use common sense and refuse Ky. Frontier Gas, LLC their outrageous and unfair request.

Thank you,

Lawrence E. Cook
