Re: L.M. & E. Case # 2011-00162 - Notice Enclosed
K.V. Case # 2011-00161 - Notice Enclosed

Ladies/Gentlemen:

Here they go again! The new owner of these utilities couldn't wait to charge their customers more.

Surely, under the present economic status, especially concerning the elderly and unemployed, you will not grant these companies more increases. They should have to "bite the bullet" also.

I am a widow on a fixed income. The increased costs of groceries, auto gas, telephone and utilities are atrocious.

Have mercy on the people you're in office to protect, please.

Marian C. Burton

NOTICE TO CUSTOMERS OF KENTUCKY RECOVERY BY ENVIRONMENTAL S KENTUCKY UTILITIES COMPANY'S 2011 ENVIRON

PLEASE TAKE NOTICE that on June 1, 2011, Kentucky Utility Public Service Commission ("Commission") in Case No. 2011-00161, a Statute 278.183 for approval of an amended compliance plan (the "KU's 2011 Plan") for the purpose of recovering the capital costs and operation and maintenance costs associated with new pollution control facilities through an increase in the environmental surcharge on customer existing Electric Rate Schedule ECR, also known as the environmental c

Federal, state, and local environmental regulations require KU to operate in an environmentally sound manner. Specifically, KU is se Public Convenience and Necessity ("PCPN") to construct new Particulate Matter Control Systems in Jefferson County, Kentucky, and to install Particulate Matter Control Systems to serve all units at the Mill Creek Generating Station near Wises Landing in Trimble County, Kentucky. Additionally, LG&E is seeking recovery of costs associated with these environmental projects, which are necessary for compliance with the federal Clean Air Act, and other current or proposed environmental laws and regulations, as implemented by the relevant government agencies. These additional projects primarily relate to installing FGDs and Particulate Matter Control Systems on all units at the Mill Creek Generating Station, and installing a Particulate Matter Control System on Unit 1 at the Trimble County Generating Station and other pollution control facilities for which LG&E will seek cost recovery at this time is estimated to be \$1.4 billion. Additional operation and maintenance expenses will be incurred for these projects and are costs that LG&E is requesting to recover through the environmental surcharge in its application.

The impact on LG&E's electric customers is estimated to be a 2.3% increase in 2012, with a maximum increase of 19.2% in 2016. For a LG&E residential electric customer using 1,000 kilowatt hours per month, the initial monthly increase is expected to be \$1.96 during 2012, with the maximum monthly increase expected to be \$16.33 during 2016.

The Environmental Surcharge Application described in this Notice is proposed by LG&E. However, the Public Service Commission may issue an order modifying or denying LG&E's Environmental Surcharge Application. Such action may result in an environmental surcharge for consumers other than the environmental surcharge described in this Notice.

Any corporation, association, body politic or person may, by motion within thirty (30) days after publication, request leave to intervene in Case No. 2011-00162. That motion shall be submitted to the Public Service Commission, 211 Sower Blvd., P.O. Box 615, Frankfort, Kentucky, 40602, and shall set forth the grounds for the request including the status and interest of the party. Intervenor may obtain copies of the Application and testimony by contacting Louisville Gas and Electric Company at 220 West Main Street, Louisville, Kentucky, 40202, Attention: Lonnie E. Bellar, Vice President, State Regulation and Rates. A copy of the Application and testimony will be available for public inspection on LG&E's website (<http://www.lge-ku.com>) and at LG&E's offices where bills are paid after June 1, 2011

NOTICE OF BOND SALE

The Secretary of Fort Thomas Independent School District Finance Corporation, Fort Thomas, Kentucky, will until 11:00 A.M., E.T., on June 15, 2011, receive at the office of the Executive Director of the Kentucky School Facilities Construction Commission, 229 West Main Street, Suite 102, Frankfort, Kentucky 40601, sealed competitive bids for a project totaling approximately \$1,130,000 of the Corporation's School Building Revenue Bonds, Series 2011, dated June 1, 2011, maturing as to principal in varying amounts on June 1 in the years

The impact on KU's customers is estimated to be a 1.5% increase in 2012, with the maximum monthly increase expected to be 12.2% in 2016. For a KU residential customer using 1,000 kilowatt hours per month, the initial monthly increase is expected to be \$1.13 during 2012, with the maximum monthly increase expected to be \$11.13 during 2016.

The Environmental Surcharge Application described in this Notice is proposed by KU. However, the Public Service Commission may issue an order modifying or denying KU's Environmental Surcharge Application. Such action may result in an environmental surcharge for consumers other than the environmental surcharge described in this Notice.

CP-1330519558

RECOVERY BY ENVIRONMENTAL SURCHARGE OF LOUISVILLE GAS AND ELECTRIC'S 2011 ENVIRONMENTAL COMPLIANCE PLAN

PLEASE TAKE NOTICE that on June 1, 2011, Louisville Gas and Electric Company ("LG&E") filed with the Kentucky Public Service Commission ("Commission") in Case No. 2011-00162, an Application pursuant to Kentucky Revised Statute 278.183 for approval of an amended compliance plan (the "LG&E's 2011 Environmental Compliance Plan") for the purpose of recovering the capital costs and operation and maintenance costs associated with new pollution control facilities through an increase in the environmental surcharge on customers' bills beginning January 31, 2012 under LG&E's Electric Rate Schedule ECR, also known as the environmental cost recovery surcharge.

Federal, state, and local environmental regulations require LG&E to build and upgrade equipment and facilities to operate in an environmentally sound manner. Specifically, LG&E is seeking Commission approval of Certificates of Public Convenience and Necessity ("CPCN") to build new Flue Gas Desulfurization systems ("FGDs") for Units 1, 2, and 4 at the Mill Creek Generating Station in Jefferson County, Kentucky; to remove the existing Mill Creek Units 1, 2, and 3 FGDs; to upgrade the existing Mill Creek Unit 4 FGD and tie Unit 3 into the existing Unit 4 FGD; and to install Particulate Matter Control Systems to serve all units at the Mill Creek Generating Station and Unit 1 at the Trimble County Generating Station near Wises Landing in Trimble County, Kentucky. Additionally, LG&E is seeking recovery of costs associated with these environmental projects, which are necessary for compliance with the federal Clean Air Act, and other current or proposed environmental laws and regulations, as implemented by the relevant government agencies. These additional projects primarily relate to installing FGDs and Particulate Matter Control Systems on all units at the Mill Creek Generating Station, and installing a Particulate Matter Control System on Unit 1 at the Trimble County Generating Station and other pollution control facilities for which LG&E will seek cost recovery at this time is estimated to be \$1.4 billion. Additional operation and maintenance expenses will be incurred for these projects and are costs that LG&E is requesting to recover through the environmental surcharge in its application.

The impact on LG&E's electric customers is estimated to be a 2.3% increase in 2012, with a maximum increase of 19.2% in 2016. For a LG&E residential electric customer using 1,000 kilowatt hours per month, the initial monthly increase is expected to be \$1.96 during 2012, with the maximum monthly increase expected to be \$16.33 during 2016.

The Environmental Surcharge Application described in this Notice is proposed by LG&E. However, the Public Service Commission may issue an order modifying or denying LG&E's Environmental Surcharge Application. Such action may result in an environmental surcharge for consumers other than the environmental surcharge described in this Notice.

Any corporation, association, body politic or person may, by motion within thirty (30) days after publication, request leave to intervene in Case No. 2011-00162. That motion shall be submitted to the Public Service Commission, 211 Sower Blvd., P.O. Box 615, Frankfort, Kentucky, 40602, and shall set forth the grounds for the request including the status and interest of the party. Intervenor may obtain copies of the Application and testimony by contacting Louisville Gas and Electric Company at 220 West Main Street, Louisville, Kentucky, 40202, Attention: Lonnie E. Bellar, Vice President, State Regulation and Rates. A copy of the Application and testimony will be available for public inspection on LG&E's website (<http://www.lge-ku.com>) and at LG&E's offices where bills are paid after June 1, 2011
