I have Been on P.M. Water
for 22 years Have never used
more than 500 gal. except
when I had a water leak.
I have to pay a straight fee
every month although I don't
used the water I try to
conserve and now I am paying
for those who don't. I don't
feel this fair 1500 gals that
I do not use but have to pay
for. How many customers
are paying for water they
don't use?
