

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

APPLICATION OF EAST KENTUCKY POWER)	
COOPERATIVE, INC. TO TRANSFER)	CASE NO.
FUNCTIONAL CONTROL OF CERTAIN)	2012-00169
TRANSMISSION FACILITIES TO PJM)	
INTERCONNECTION, LLC)	

O R D E R

On July 27, 2012, Louisville Gas and Electric Company (“LG&E”) and Kentucky Utilities Company (“KU”) filed a motion requesting that the procedural schedule in this case be revised to delay the date by which intervenors are to file testimony or comments. The motion claims that East Kentucky Power Cooperative, Inc. (“East Kentucky”) has not filed sufficient information in its Application and data responses to allow LG&E and KU to perform the analyses necessary to evaluate and file testimony or comments on East Kentucky’s Application. LG&E and KU further state that East Kentucky is now in the process of conducting power flow studies that will include the LG&E and KU system, and that the results of these studies are needed for LG&E and KU to provide informed and meaningful testimony or comments. LG&E and KU request that the due date for intervenor testimony or comments be delayed until two weeks after East Kentucky files the results of the power flow studies.

On August 2, 2012, East Kentucky filed a response stating that it does not accept many of the assertions in the LG&E and KU motion, but it does not object to the requested extension of time for intervenors to file testimony or comments. East

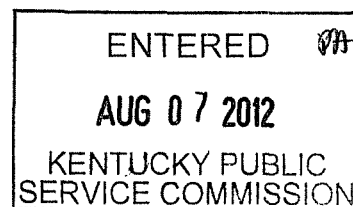

Kentucky further states that a Deliverability Study and a Power Flow Analysis Study are currently being performed and that these studies are anticipated to be filed with the Commission by August 15, 2012.

Based on the motion, the response, and being otherwise sufficiently advised, the Commission finds that the request to revise the procedural schedule is reasonable and should be granted. However, since the completion date of East Kentucky's studies is not yet known with certainty, we will not at this time establish specific dates for the remaining procedural events. Rather, we will require that intervenor testimony or comments be filed no later than 14 days after the date that East Kentucky files its studies. Once those studies are filed, we will issue a further Order setting forth specific dates for all future procedural events.

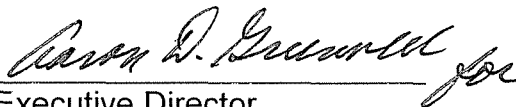

IT IS HEREBY ORDERED that:

1. LG&E and KU's motion to revise the procedural schedule is granted.
2. Intervenor testimony or comments shall be filed no later than 14 days after East Kentucky files the studies discussed in the findings above. All other dates set forth in the procedural schedule appended to the Commission's June 7, 2012 Order are suspended and shall be reestablished by subsequent Order.

By the Commission
