Subject: your comments in case 2012-00428 - smart grid

Dear Ms. Griggs:

Thank you for your comments to the Kentucky Public Service Commission regarding the use of smart grid technology by electric utilities in Kentucky. Your comments will be placed into the case file for the Commission's consideration as it deliberates in this matter.

The case number in this matter is 2012-00428. Please reference it in any further comments.

Records in the case are available on the PSC website at this location:
[http://psc.ky.gov/Home/Library?type=Cases&folder=2012 cases/2012-00428](http://psc.ky.gov/Home/Library?type=Cases&folder=2012%20cases/2012-00428)

Thank you for your interest in this matter.

Andrew Melnykovych

SUBJECT: Case 2012-00428

Re. having a "smart meter" installed on my home, I demand/request that all Kentucky utility customers be given a penalty-free opt-out to having any kind of a smart meter installed on our homes that transmits data wirelessly AND/OR gives time of usage reports to an electric utility. Meters that transmit any time of usage -- including daily usage -- are not acceptable. A meter that transmits electronically (over electrical wires) a monthly usage figure is acceptable.

Analog meters work just fine with no health or privacy concerns.

Thank you,

**Helen Griggs
