*Re: Kentucky American Water's Application for a Certificate of Public Convenience
and Necessity Authorizing Construction of the Northern Division Connection*

Dear Mr. Derouen:

This firm's client, Kentucky American Water ("KAW"), intends to file the application referenced above with the Public Service Commission within the next few days. KAW would like to file the application and supporting materials electronically. 807 KAR 5:001 Section 8(2) requires the filing of an original and ten paper copies of all applications. KAW requests that it be allowed to file its application and all subsequent filings in this matter in electronic medium only. We therefore request a deviation from the regulation and ask the Commission to accept this case in electronic form only for both filing and service purposes.

If possible, we would appreciate the establishment of an electronic case number in time so that we may file the application on Tuesday, March 20, 2012. To the extent it helps, the individuals for KAW who should be served electronically are Monica Braun (monica.braun@skofirm.com) and me (l.ingram@skofirm.com).

Please contact me should you have any questions or concerns. Thank you for your assistance.

Very truly yours,

Stoll Keenon Ogden PLLC
