PUBLIC SERVICE

I have been a KV customer at same address for 28 years, I use every means to conserve energy keeping thermostat at 76-78 degrees respectively for day & night, I have seen rates steadily increase from .04¢ per kWh to current .06987. That in itself would not be so bad if we only paid for the energy we use, but there is nearly \$40.00 of misc. fees. How about knocking off the \$5.00 for service charge? I'll read the meter, we did on Warren Rural Electric years ago, see DSM #5.12<sup>???</sup> fuel adjustment \$7.86, environmental <sup>???</sup> sur. chg. \$5.17 Tax \$10.99. My nearly pension has not increased one cent since 1989, so I live on less & less

Older folks like me will be forced to lower  
our standard of living even further if the big  
companies are allowed to get more & more, if  
they get a raise this time, they will keep  
asking no matter how much it hurts the poor  
people. I need, higher CEO salaries, bigger  
pay for the fat man. There are two classes of  
people that have it made 1. Senator Mitch  
McConnell, Congressman Hal Rogers & coach  
Calipary or Section 8 recipients, free rent,  
free medical care, free utilities, food stamps,  
turn them loose if caught, insurance on stolen toys  
& house them again, it's already free.  
I ask you, which way am I headed. ??
