Sam: I would like for the commission to change the effective date of Overland's rate application (2012-00414) from December 1, 2012 to November 1, 2012. This would allow Overland to recoup the new rate imposed on it's purchased water.

Mr. Taylor,

My reply is to confirm our phone conversation from the other day and to confirm that I received your email.

While you may request any effective date you wish. I believe that 9/1/12 would be denied, in that, the 9/1/12 date would be prior to you filing an application. If you have a date going forward that you want the rates to be effective state that in your application. The Commission will determine the rates and the effective date in the final order issued in the case.

Sam

Sam: Can I make rates effective Sept. 1 2012? Also, do I need to send 10 copies of the letter to Jeff Deruen?

Mr. Taylor

The Forms provided look good, You may however when calculating the factor round up to \$1.24 / 1,000. You rounded down to \$1.23/ 1,000. You would need to revise the tariff sheet if you chose to use \$1.24/1,000.

Also you will need to include a copy of the notice that you will send to your customers.

Contact me if you have any questions.
