RE: West Carroll Water District
Case No. 2012-00433

Ladies:

Commission Staff has reviewed West Carroll Water District's application in the above case and found the application fails to meet the requirements of 807 KAR 5:076, Section 5(f). This section requires a utility to provide notice of the proposed rate adjustment and to include in that notice that "the application and all documents filed with the Public Service Commission may be viewed and downloaded at the Public Service Commission's Web site at <http://psc.ky.gov/>."

Commission Staff respectfully recommends that West Carroll Water District republish notice of the its application conforming to 807 KAR 5:076, Section 5. The statutory time period in which the Commission must process this case will not commence until such notice has been initially published and a copy of such notice has been filed with the Commission. Please file this information within 10 days of the date of this letter.

If you need further assistance, please contact my staff at 502-564-3940.

Sincerely,

A handwritten signature in cursive script that reads "Linda Faulkner".
