Subject: your comments in case number 2012-00535 - Big Rivers Electric Corp. rates

Dear Mr. Foushee:

Thank you for your comments regarding the rate increase proposed by Big Rivers Electric Corp., which would be passed on by Kenergy Corp. Your comments will be placed into the case file for the Commission's review as it considers this matter. For your reference, the case number in this matter is 2012-00535. Please cite it in any future correspondence regarding this case so that your comments may be readily directed to the case file.

Thank you again for your interest.

Subject: Kenergy proposed rate increase

Some years ago when LG&E requested that the No. 2 Unit at the Trimble County power plant be calculated in the rate base, the PSC, based on the determination that LG&E had excess generating capacity, forced LG&E to sell the No. 2 Unit. If Kenergy has excess generating capacity, I think that if they don't want to sell the excess power on the GRID, then they should be forced to sell their excess unit(s) to someone who will sell the power on the GRID. Kenergy has a choice, but apparently they don't want to exercise it.

Please deny Kenergy the rate increase and require them to do what was required of LG&E earlier. Thank you.
