Re: Case No 2012-00578

Dear Mark:

Kentucky Industrial Utility Customers, Inc. ("KIUC") requests Kentucky Power Company ("Kentucky Power") to provide workpapers developed in conjunction with analyses performed in support of the rebuttal testimony submitted by Kentucky Power witnesses Bletzacker and Weaver on May 3, 2013.

Specifically, we would like to obtain:

- All analyses that Mr. Bletzacker performed regarding the EIA AEO 2013 Early Release data from Table A1. See page 3, beginning at line 11 of Mr. Bletzacker's rebuttal testimony.
- A revised Commodity Priced Forecast similar to that found on SCW-3 from Mr. Weaver's direct testimony based on Mr. Bletzacker's new forecast that he discusses on page 9 of his testimony.
- The exact commodity price files that Mr. Bletzacker supplied to Mr. Weaver containing all of the updated forecasts.
- The spreadsheets that Mr. Weaver developed that converted the data received from Mr. Bletzacker into Strategist inputs.
- The Strategist .SAV, .REP and NPV excel files that were used to develop the results that are found in Mr. Weaver's Table 5R on page 39 of his testimony. In addition, any other workpapers developed as part of the analyses performed.
- All workpapers used to create Mr. Weaver's exhibit SCW-8R, including the source of the information that was used to identify the amount of consumables and CO2 costs that were included in Fuel + VOM in the impairment analysis from KIUC 2-55.

With all of the spreadsheets that you provide, please supply them electronically with all formulas intact. We would appreciate if you could provide this information on an expedited basis.

Sincerely,

Michael L. Kurtz, Esq.
