Case #2013-00332

Dear Mr. DeRouen,

As a resident of Old Bridge neighborhood in Danville, Ky, I am writing to support the transfer of the neighborhood propane service from Bright's Bottled Gas (Ameri-gas) to Commercial Propane Service of Lebanon.

According to information supplied by our neighborhood association president, Allan Crain, this CPS will continue the current system of propane delivery that we have had since the subdivision was built. It is my understanding that there is no plan to abandon use of the large tank which supplies the homes in the neighborhood. This is of great benefit to the homeowners because we will not be forced to bury individual tanks in small yards and receive individual loads of propane—a proposal made by Ameri-gas. Many residents were very much opposed to this plan.

I appreciate your attention in this matter.

Respectfully,

Jeannie MacShara
