COMMONWEALTH OF KENTUCKY

BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

TARIFF FILING OF BIG RIVERS ELECTRIC)CORPORATION TO REVISE AND IMPLEMENT)DEMAND-SIDE MANAGEMENT PROGRAMS)

CASE NO. 2013-00099

<u>order</u>

On February 22, 2013, Big Rivers Electric Corporation ("Big Rivers") filed revised and new tariff sheets incorporating revisions to its existing demand-side management ("DSM") programs and two new DSM programs. Big Rivers proposes revisions to the following existing DSM programs: (1) DSM-01, High Efficiency Lighting Replacement Program, Tariff Sheet No. 2.01; (2) DSM-02, Energy Star® Clothes Washer Replacement Incentive Program, Tariff Sheet 2.02; (3) DSM-03, Energy Star® Refrigerator Replacement Incentive Program, Tariff Sheet Nos. 2.03 and 2.04; (4) DSM-04, Residential High Efficiency Heating, Ventilation and Air Conditioning ("HVAC") Program, Tariff Sheet Nos. 2.05 and 2.06; (5) DSM-05, Residential Weatherization Program, Tariff Sheet Nos. 2.07 and 2.08; (6) DSM-06, Touchstone Energy® New Home Program, Tariff Sheet Nos. 2.09 and 2.10; (7) DSM-07, Residential and Commercial HVAC & Refrigeration Tune-Up Program, Tariff Sheet Nos. 2.11 and 2.111 (8) DSM-08, Commercial/Industrial High Efficiency Lighting Replacement Incentive Program, Tariff Sheet Nos. 2.12 and 2.13; (9) DSM-09, Commercial/Industrial General Energy Efficiency Program, Tariff Sheet Nos. 2.14 and 2.15; and (10) DSM-10, Residential Weatherization Program - Primary Hearing Source Non-Electric, Tariff

Sheet Nos. 2.16 and 2.17. Big Rivers also proposes revisions to page one of its tariff Table of Contents.

Big Rivers proposes new tariff sheets to reflect the addition of two new DSM programs: DSM-11, Commercial High Efficiency Heating, Ventilation, and Air Conditioning Program, Original Sheet Nos. 2.18 and 2.19; and DSM-12, High Efficiency Outdoor Lighting Program, Original Tariff Sheet No. 2.20.

The tariffs contain an effective date of March 25, 2013. KRS 278.180(1) states that no change shall be made by any utility in any rate except upon 30 days' notice to the Commission. Having reviewed the tariffs, and being otherwise sufficiently advised, the Commission finds that the proposed revisions to the following tariffs are reasonable and should be approved:

DSM-01, High Efficiency Lighting Replacement Program , Tariff Sheet No.
 2.01;

2. DSM-02, Energy Star® Clothes Washer Replacement Incentive Program, Tariff Sheet 2.02;

3. DSM-03, Energy Star® Refrigerator Replacement Incentive Program, Tariff Sheet Nos. 2.03 and 2.04;

4. DSM-04, Residential High Efficiency Heating, Ventilation and Air Conditioning ("HVAC") Program, Tariff Sheet Nos. 2.05 and 2.06;

DSM-06, Touchstone Energy® New Home Program, Tariff Sheet Nos.
 2.09 and 2.10;

6. DSM-08, Commercial/Industrial High Efficiency Lighting Replacement Incentive Program, Tariff Sheet Nos. 2.12 and 2.13; and

-2-

7. DSM-09, Commercial/Industrial General Energy Efficiency Program, Tariff Sheet Nos. 2.14 and 2.15.

The Commission further finds that an investigation is necessary to determine the reasonableness of Big Rivers' proposed changes to:

DSM-05, Residential Weatherization Program, Tariff Sheet Nos. 2.07 and
 2.08;

9. DSM-07, Residential and Commercial HVAC & Refrigeration Tune-Up Program, Tariff Sheet Nos. 2.11 and 2.111;

10. DSM-10, Residential Weatherization Program – Primary Hearing Source Non-Electric, Tariff Sheet Nos. 2.16 and 2.17;

11. Page one of its tariff Table of Contents; and its proposed addition of:

12. DSM-11, Commercial High Efficiency Heating, Ventilation, and Air Conditioning Program, Original Sheet Nos. 2.18 and 2.19; and

13. DSM-12, High Efficiency Outdoor Lighting Program, Original Tariff Sheet No. 2.20.

The Commission finds that such investigation cannot be completed by March 25, 2013. Therefore, pursuant to KRS 278.190(2), the Commission will suspend the effective date of the proposed tariffs identified in findings paragraphs 8, 9, 10, 11, 12, and 13 for up to five months. The Commission will use its best efforts to expedite its review of the tariffs.

-3-

IT IS HEREBY ORDERED that:

1. The changes are approved for service rendered on and after March 25, 2013 to Big Rivers' proposed tariffs DSM-01, High Efficiency Lighting Replacement Program, Tariff Sheet No. 2.01; DSM-02, Energy Star® Clothes Washer Replacement Incentive Program, Tariff Sheet 2.02; DSM-03, Energy Star® Refrigerator Replacement Incentive Program, Tariff Sheet Nos. 2.03 and 2.04; DSM-04, Residential High Efficiency Heating, Ventilation and Air Conditioning ("HVAC") Program, Tariff Sheet Nos. 2.05 and 2.06; DSM-06, Touchstone Energy® New Home Program, Tariff Sheet Nos. 2.09 and 2.10; DSM-08, Commercial/Industrial High Efficiency Lighting Replacement Incentive Program, Tariff Sheet Nos. 2.12 and 2.13; and DSM-09, Commercial/Industrial General Energy Efficiency Program, Tariff Sheet Nos. 2.14 and 2.15.

2. Within 10 days of the date of this Order, Big Rivers shall file with the Commission, using the Commissions Electronic Tariff Filing System, revised tariff sheets for the tariffs identified in ordering paragraph 1 as approved herein and reflecting that they were approved pursuant to this Order, and a revised Table of Contents reflecting the revisions approved in ordering paragraph 1.

3. Big Rivers' DSM-05, Residential Weatherization Program, Tariff Sheet Nos. 2.07 and 2.08; DSM-07, Residential and Commercial HVAC & Refrigeration Tune-Up Program, Tariff Sheet Nos. 2.11 and 2.111; DSM-10, Residential Weatherization Program – Primary Hearing Source Non-Electric, Tariff Sheet Nos. 2.16 and 2.17; Page one of its tariff Table of Contents; DSM-11, Commercial High Efficiency Heating, Ventilation, and Air Conditioning Program, Original Sheet Nos. 2.18 and 2.19; and

Case No. 2013-00099

-4-

DSM-12, High Efficiency Outdoor Lighting Program, Original Tariff Sheet No. 2.20 are suspended for five months, up to and including August 24, 2013.

RE: Big Rivers Electric Corporation's Notice and Filing of Revisions to DSM Tariff Sheets

Dear Mr. Derouen:

Today, Big Rivers Electric Corporation ("Big Rivers") filed revised and new tariff sheets incorporating (i) revisions to its existing demand-side management ("DSM") programs and (ii) two new DSM programs. This tariff filing was made pursuant to 807 KAR 5:011 Section 6 using the Public Service Commission's electronic Tariff Filing System.

The revised tariff sheets include revisions to page one of the tariff Table of Contents and to tariff sheets for Big Rivers' existing DSM programs (Sheet Nos. 2.01 through 2.17). The new tariff sheets (Sheet Nos. 2.18 through 2.20) reflect the addition of the two new DSM programs, DSM-11 Commercial High Efficiency Heating, Ventilation, and Air Conditioning and DSM-12 High Efficiency Outdoor Lighting.

Along with the new and revised tariff sheets, Big Rivers electronically filed this letter and the following supporting documents:

- 1. a redline version of the DSM tariff sheets highlighting the revisions, and
- 2. a table of analytics supporting these changes.

The proposed changes primarily fall into one of two categories. The first category is non-substantive changes involving grammar and punctuation. The second category is substantive changes altering incentive amounts for some of the DSM programs. Big Rivers and its three member distribution cooperatives have found retail members expressing interest in some programs, *e.g.*, residential weatherization (DSM-05 and DSM-10), but not completing the weatherization after the initial analysis of the retail members' residences. With these changes, including changes to incentive amounts, Big Rivers and its members hope to increase the number of retail members completing the weatherization process. To increase the likelihood of increased program participation during the upcoming spring season, Big Rivers requests expedited consideration of these proposed tariff changes, and to the extent the Commission suspends the operation of these tariffs, Big Rivers asks that the suspension be for no more than one day.

Telephone (270) 926-4000 Telecopier (270) 683-6694

> 100 St. Ann Building PO Box 727 Owensboro, Kentucky 42302-0727

On this date, Big Rivers provided notice of this filing to each of its three customers (its Members) by mailing them a copy of this letter, a copy of the proposed tariff sheets, and a copy of the supporting documents. Pursuant to 807 KAR 5:011 Section 8, attached to this letter is a schedule showing the present rates and proposed rates for each customer class to which the proposed rates will apply; and the amount of the change requested in both dollar amounts and percentage change for each customer classification to which the proposed rate change will apply. Note that the only customer class to which the DSM tariffs apply is Big Rivers' Rural class, and that the rates under the DSM tariff sheets are incentives and not charges. Also, because the incentives paid under the DSM tariff sheets are not dependent on usage, Big Rivers is not including the amount of the average usage and the effect upon the average bill for each customer class to which the proposed rate class to which the proposed rate for each customer class to be achieved and the effect upon the average bill for each customer class to which the proposed rate change will apply.

The rates contained in this notice are the rates proposed by Big Rivers but the Public Service Commission may order rates to be charged that differ from the proposed rates contained in this notice. A person may within thirty (30) days after the mailing of this notice of the proposed rate changes submit a written request to intervene to the Public Service Commission, 211 Sower Boulevard, P.O. Box 615, Frankfort, Kentucky 40602 that establishes the grounds for the request including the status and interest of the party. A person may examine this filing and any other documents Big Rivers has filed with the Public Service Commission at the offices of Big Rivers located at 201 Third Street, Henderson, Kentucky 42420, and on the Big Rivers' Web site at http://www.bigrivers.com. This filing and related documents are available on the Public Service Commission's Web site at http://psc.ky.gov. Written comments regarding the proposed rate may be submitted to the Public Service Commission by mail or through the Public Service Commission's Web site.

Sincerely,

754

Tyson Kamuf

ENERGY STAR® Clothes Washer Replacement Incentive Program

Purpose:

This program promotes an increased use of clothes washing machines meeting ENERGY STAR® **FT1** standards ("Qualifying Clothes Washer") among Rural Customers by paying a Member an incentive for [T] the benefit of an eligible Rural Customer, who purchases and installs a Qualifying Clothes Washer.

Availability:

This DSM program's rates, terms and conditions are available to a Member for its Rural Customers, [T]subject to the limitations and eligibility requirements of this program, and to the rules and regulations of this tariff and the Member's corresponding tariff.

Eligibility:

An eligible Rural Customer is a Member's Rural Customer who purchases and installs a Qualifying Clothes Washer in the Member's service area.

Member Incentives:

Big Rivers will reimburse a Member an incentive payment of \$100 for each Qualifying Clothes Washer purchased and installed by an eligible Rural Customer in the Member's service area. Big Rivers will also reimburse a Member's reasonable costs of promoting this program, if the promotional program and its costs are pre-approved by Big Rivers.

Terms & Conditions:

To qualify for the incentive under this program, a Member must submit to Big Rivers a copy of a paid invoice from a legitimate retail appliance supplier for purchase and installation of a Qualifying Clothes Washer on the premises of an eligible Rural Customer of the Member in the Member's service area.

Evaluation, Measurement and Verification:

Big Rivers will initiate a process of evaluation, measurement and verification for the program. The process will ensure the quality and effectiveness of the program and optimal use of resources.

Residential Weatherization Program

Terms & Conditions:

1. Big Rivers will contract with a third party contractor ("Contractor") that performs weatherization projects for electric utilities.

[T]

[T]

- 2. The Member will promote the program, and select Rural Customer names to submit to Contractor.
- 3. Contractor will contact the Rural Customers from the names provided, and manage the weatherization process.
- 4. Big Rivers will pay the Contractor \$150 for the initial site visit.
- 5. Big Rivers will also pay \$3 per installed CFL bulb and \$10 per installed low-flow aerator, or low-flow shower head, as part of the initial audit. Reimbursement will be limited to the following:

CFL Bulbs	Twenty (20) per Rural Customer's residence
Low-Flow Aerator	Two (2) per Rural Customer's residence
Low-Flow Shower Head	One (1) per Rural Customer's residence

- 6. The Contractor will collect \$100 from the Rural Customer for the diagnostic audit, which will be [T] reimbursed when the project is complete. If the Rural Customer does not follow-through with the weatherization process, the \$100 will be forfeited and Big Rivers will pay \$350 to the Contractor. Big Rivers will pay the Contractor \$450 for the diagnostic audit upon completion of the weatherization process.
- 7. Big Rivers will pay the Contractor up to \$2,500 for implemented residential weatherization measures including project management.

Evaluation, Measurement and Verification:

Big Rivers will initiate a process of evaluation, measurement and verification for the program. The process will ensure the quality and effectiveness of the program and optimal use of resources.

Touchstone Energy® New Home Program

Purpose:

This program promotes an increased use of energy efficient building standards as outlined in the Touchstone Energy® certification program, including installation of high-efficiency HVAC systems [T] meeting ENERGY STAR® standards, among Rural Customers and home builders by paying a Member an incentive for the benefit of an eligible Rural Customer whose new home includes an HVAC system beyond contractor grade minimums that is one of three specified types of HVAC systems meeting ENERGY STAR® standards ("Qualified System"). [T]

Availability:

This DSM program's rates, terms and conditions are available to a Member for its Rural Customers, subject to the limitations and eligibility requirements of this program, and to the rules and regulations of this tariff and the Member's corresponding tariff.

Eligibility:

An eligible Rural Customer is a Member's Rural Customer whose new Touchstone Energy® Certified residence includes a Qualified System.

Member Incentives:

Big Rivers will reimburse a Member an incentive payment based on the following table for purchase by one of its Rural Customers of a new Touchstone Energy® Certified residence that includes a Qualified System. The incentive paid for each residence for a Qualified System of one of the following types shall be:

Geothermal Heat Pump (ground coupled heat pump)	\$ 2,000
Air Source Heat Pump	\$ 1,000
Dual Fuel Heat Pump (ASHP w/Gas Backup)	\$ 1,200
Gas Heat	\$ 750

Commercial / Industrial High Efficiency Lighting Replacement Incentive Program

Purpose:

This program promotes the upgrading of low-efficiency commercial or industrial lighting systems by Rural Customers by paying a Member an incentive for the benefit of an eligible Rural Customer who measurably improves the energy efficiency of a commercial or industrial lighting system.

Availability:

This DSM program's rates, terms and conditions are available to a Member for its Rural Customers, [T] subject to the limitations and eligibility requirements of this program, and to the rules and regulations of this tariff and the Member's corresponding tariff.

Eligibility:

An eligible Rural Customer is a Member's Rural Customer who measurably improves the energy efficiency of a commercial or industrial lighting system in a facility located in the Member's service area in accordance with this program.

Member Incentives:

Big Rivers will pay a Member, for the benefit of its eligible Rural Customer, an incentive payment of \$350 per kW of measurable improvement in energy efficiency of a commercial or industrial lighting system at the facility of a Member's eligible Rural Customer achieved by improvements to an existing commercial or industrial lighting system. Big Rivers will also reimburse a Member's reasonable costs of promoting this program, if the promotional program and its costs are pre-approved by Big Rivers.

Residential Weatherization Program-Primary Heating Source Non-Electric

Purpose:

This program promotes increased implementation of weatherization improvements among Rural Customers whose primary heating source is non-electric by paying a Member an incentive for the benefit of an eligible Rural Customer, who undertakes and completes residential weatherization improvements in accordance with this program.

Availability:

This DSM program's rates, terms and conditions are available to a Member for its Rural Customers, [T] subject to the limitations and eligibility requirements of this program, and to the rules and regulations of this tariff and the Member's corresponding tariff.

Eligibility:

An eligible Rural Customer is a Member's Rural Customer who undertakes and completes weatherization improvements in accordance with this program at the Rural Customer's home located in the Member's service area, if the Rural Customer's home has a primary heat source that is non-electric and electric-sourced air conditioning.

Member Incentives:

Big Rivers will reimburse the cost of an initial site visit, a portion of the diagnostic audit, and completed residential weatherization improvements performed in accordance with this program including management costs. Big Rivers' total reimbursement shall not exceed the amounts outlined below in Terms and Conditions. Big Rivers will also reimburse a Member's reasonable costs of promoting this program, if the promotional program and its costs are pre-approved by Big Rivers.

ENERGY STAR® Clothes Washer Replacement Incentive Program

Purpose:

This program promotes an increased use of clothes washing machines <u>meeting ENERGY STAR®</u> standards ("Qualifying Clothes Washer") among Rural Customers by paying a Member an incentive for the benefit of an eligible Rural Customer, who purchases and installs a Qualifying Clothes Washer.

Availability:

This, DSM program's rates, terms and conditions are available to a Member for its Rural Customers, subject to the limitations and eligibility requirements of this program, and to the rules and regulations of this tariff and the Member's corresponding tariff.

Eligibility:

An cligible Rural Customer is a Member's Rural Customer who purchases and installs a Qualifying Clothes Washer in the Member's service area.

Member Incentives:

Big Rivers will reimburse a Member an incentive payment of \$100 for each Qualifying Clothes Washer purchased and installed by an eligible Rural Customer in the Member's service area. Big Rivers will also reimburse a Member's reasonable costs of promoting this program, if the promotional program and its costs are pre-approved by Big Rivers.

Terms & Conditions;

To qualify for the incentive under this program, a Member must submit to Big Rivers a copy of a paid invoice from a legitimate retail appliance supplier for purchase and installation of a Qualifying Clothes Washer on the premises of an eligible Rural Customer of the Member in the Member's service area.

Evaluation, Measurement and Verification:

Big Rivers will initiate a process of evaluation, measurement and verification for the program. The process will ensure the quality and effectiveness of the program and optimal use of resources.

Residential Weatherization Program-Primary Heating Source Non-Electric

Purpose

This program promotes increased implementation of weatherization improvements among Rural Customers whose primary heating source is non-electric by paying a Member an incentive for the benefit of an eligible Rural Customer, who undertakes and completes residential weatherization improvements in accordance with this program.

Availability:

This DSM program's rates, terms and conditions are available to a Member for its Rural Customers, subject to the limitations and eligibility requirements of this program, and to the rules and regulations of this tariff and the Member's corresponding tariff.

Eligibility:

An eligible Rural Customer is a Member's Rural Customer who undertakes and completes weatherization improvements in accordance with this program at the Rural Customer's home located in the Member's service area, if the Rural Customer's home has a primary heat source that is non-electric and electric-sourced air conditioning.

Member Incentives:

Big Rivers will reimburse the cost of an initial site visit, a portion of the diagnostic audit, and completed residential weatherization improvements performed in accordance with this program including management costs. Big Rivers' total reimbursement shall not exceed the amounts outlined below in Terms and Conditions. Big Rivers will also reimburse a Member's reasonable costs of promoting this program, if the promotional program and its costs are pre-approved by Big Rivers.

DATE OF ISSUE DATE EFFECTIVE February 22, 2013, March 25, 2013,

ISSUED BY: Mark A. Bailey, President and Chief Executive Officer Big Rivers Electric Corporation, 201 Third Street, Henderson, KY 42420

Deleted: A

Deleted: Big Rivers will provide 25% of the cost of residential weatherization improvements performed in accordance with this program. Big Rivers will also reimburse a Member's reasonable costs of promoting this program, if the promotional program and its costs are pre-approved by Big Rivers.

Deleted: Terms & Conditions¶

<#>Big Rivers will contract with a third party contractor ("Contractor") that performs weatherization projects for electric utilities.§

<#>The Member will promote the program, and select Rural Customer names to submit to Contractor. §

Contractor will contact the Rural Customers from the names provided, and manage the weatherization process.
