RESPONSE TO PSC

PSC CASE NO. 2014-00254

ITEM 5

Frankfort Electric and Water Plant Board
Response to Order Dated: July 23, 2014
Case No. 2014-00254

ITEM 5: Outstanding Revenue Bond Issues

Response: 5(a): Electric and Water Revenue Bonds, Series 2009 Bond
Authorizing Resolution adopted October 27, 2009. (Ex. 1)

Electric and Water Revenue Bonds, Series 2013 Bond
Authorizing Resolution adopted August 20, 2013. (Ex. 2)

Electric and Water System Revenue Bond Anticipation Note
(BAN), Series 2010 Note-authorizing Resolution adopted
November 16, 2010. (Ex. 3)

Electric and Water System Revenue Bond Anticipation Note
(BAN), Series 2012 Note-authorizing Resolution adopted
August 21, 2012. (Ex. 4)

5(b): Amortization Schedule for Electric and Water Revenue
Bonds, Series 2009 referenced in 5(a) above. (Ex. 5)

Amortization Schedule for Electric and Water Revenue
Bonds, Series 2013 referenced in 5(a) above. (Ex. 6)

There is no amortization schedule for the Series 2010 BAN
referenced in the third bullet point in 5(a) above. FPB would
request Series 2010 BAN draws from Fifth Third Bank, as
needed, up to \$2,000,000 with BAN documents stating FPB
will issue new bonds by December 1, 2012 to fully refund the
2010 BAN. See item 5, exhibit 2, page 2, section 2 for
specific language related to BAN refunding. FPB refunded
the Series 2010 BAN with the Series 2012 BAN referenced
in the fourth bullet point in 5(a) above.

There is no amortization schedule for the Series 2012 BAN
referenced in the fourth bullet point in 5(a) above. FPB
would request Series 2012 BAN draws from MainSource
Bank, as needed, up to \$3,500,000 with BAN documents
stating FPB will issue new bonds by August 1, 2014 to fully
refund the 2010 BAN. See item 5, exhibit 3, page 2, section
2 for specific language related to BAN refunding. FPB's first
draw on the Series 2012 BAN was in the amount of

\$2,000,000 to refund the Series 2010 BAN with an additional \$1,500,000 in new money on the 2012 BAN for a second water treatment plant capital project.

- 5(c): The Electric and Water Revenue Bonds, Series 2009 referenced in 5(a) above were issued for reasons listed in item 5, exhibit 1, pages one and two.

The Electric and Water Revenue Bonds, Series 2013 referenced in 5(a) above were issued to refund the Bond Anticipation Note, Series 2010 and Series 2013 referenced in the third bullet point in 5(a) and fourth bullet point in 5(a), respectively.

The Electric and Water System Revenue Bond Anticipation Note (BAN), Series 2010 was issued to fund the replacement and upgrade of the low and high service pumps at the FPB water treatment plant.

The Electric and Water System Revenue Bond Anticipation Note (BAN), Series 2012 was issued to refund the Series 2010 BAN prior to the maturity date of the note in the amount of \$2,000,000 and to take out \$1,500,000 in additional funds to purchase and install a Supervisory Control and Data Acquisition (SCADA) system at the FPB water treatment plant.

- 5(d): The debt service reserve account payment schedule and bond amortization schedule for the Electric and Water Revenue Bonds, Series 2009 are on the same page on item 5, exhibit 5.

The debt service reserve account payment schedule for the Electric and Water Revenue Bonds, Series 2013 are attached on item 5, exhibit 7.

The FPB Electric and Water System Revenue Bond Anticipation Note (BAN), Series 2010 and 2012 do not have debt service reserve accounts. See the third and fourth bullet points under item 5(b) on prior page for additional explanation.

BOND-AUTHORIZING RESOLUTION

A RESOLUTION OF THE ELECTRIC AND WATER PLANT BOARD OF THE CITY OF FRANKFORT, KENTUCKY, AUTHORIZING THE SALE AND ISSUANCE OF THE BOARD'S ELECTRIC AND WATER REFUNDING REVENUE BONDS, SERIES 2009, TO REFUND THE BOARD'S ELECTRIC AND WATER REVENUE BONDS, SERIES 1999, AND ELECTRIC AND WATER SYSTEM REVENUE BOND ANTICIPATION NOTE, SERIES 2007; SETTING FORTH THE TERMS AND CONDITIONS UPON WHICH THE SERIES 2009 BONDS AND ADDITIONAL BONDS RANKING ON A PARITY THEREWITH ARE TO BE AND MAY BE ISSUED AND OUTSTANDING; PROVIDING FOR THE SECURITY OF THE SERIES 2009 BONDS AND THE PAYMENT THEREOF FROM THE REVENUES OF THE BOARD'S COMBINED ELECTRIC AND WATER SYSTEM, THE COLLECTION, SEGREGATION AND APPLICATION OF SUCH REVENUES AND THE OPERATION AND MAINTENANCE OF THE SYSTEM; PROVIDING FOR THE RIGHTS OF THE HOLDERS OF THE SERIES 2009 BONDS AND THE ENFORCEMENT THEREOF; AND PROVIDING FOR AN ADVERTISED, PUBLIC, COMPETITIVE SALE OF THE SERIES 2009 BONDS

WHEREAS, the Electric and Water Plant Board of the City of Frankfort, Kentucky (the "Board"), a body politic and corporate and a political subdivision of the Commonwealth of Kentucky created and existing pursuant to Sections 96.171 through 96.188 of the Kentucky Revised Statutes (the "Act") and an ordinance of the City of Frankfort, Kentucky (the "City"), adopted on August 27, 1946, is vested with the exclusive operation, management, supervision and control of the City's combined electric and water system (sometimes referred to as the electric and water plant) supplying electric and water services for public, domestic, commercial and industrial uses to the inhabitants of the City and its environs (the "System"), and has the power and authority under the Act, among other things, to improve, add to and expand the System and to finance such improvements, additions and expansions by the issuance of the Board's revenue bonds secured by a pledge of the revenues of the System; and

WHEREAS, the Board desires and intends to authorize, sell and issue \$10,180,000 principal amount (subject to adjustment as hereinafter provided) of its Electric and Water Refunding Revenue Bonds, Series 2009 (the "Bonds"), pursuant to the Act for the following purposes:

- (1) to refund, pay and discharge the Board's Electric and Water System Revenue Bond Anticipation Note, Series 2007, dated February 27, 2007 (the "2007 Note"), outstanding in the principal amount of \$1,850,000, which was issued to finance the costs of improvements and additions to the water distribution system and the water treatment plant of the Board;

(2) to currently refund the Board's Electric and Water System Revenue Bonds, Series 1999, dated December 1, 1999 (the "1999 Bonds"), maturing after December 1, 2009, in the principal amount of \$8,275,000, which were issued to refund certain notes, bonds and obligations of the Board and to pay costs of water service improvements and facilities, and which are subject to optional redemption on and after December 1, 2009;

(3) to partially fund a debt service reserve for the Bonds, if necessary; and

(4) to pay costs of issuance of the Bonds, including bond discount; and

WHEREAS, the Bonds, when issued, will be the only outstanding bonds or obligations payable on a first pledge basis from the revenues of the System; provided that the Board also has outstanding, payable from the revenues of the System on a subordinate basis and subject to the prior pledge and lien securing the Bonds, an obligation to repay a loan from the Kentucky Infrastructure Authority ("KIA") in a principal amount up to \$6,841,000 (the "KIA Loan") under an Assistance Agreement dated as of October 1, 2008, between KIA and the Board (the "2008 Assistance Agreement"); and

WHEREAS, it is now appropriate for the Board to provide for borrowing of the sum of \$10,180,000 (subject to adjustment as hereinafter provided) by means of the issuance and sale of the Bonds according to authority of the Act; and the Bonds shall be payable as to both principal and interest solely from the Board's income and revenues derived from the operation of the System and shall not constitute an indebtedness of the Board or the City within the meaning of any statutory or constitutional provisions or limitations;

NOW, THEREFORE, THE ELECTRIC AND WATER PLANT BOARD OF THE CITY OF FRANKFORT, KENTUCKY, DOES HEREBY RESOLVE AND ORDER AS FOLLOWS:

Section 1. Affirmation of Preamble Recitals; System to Be Municipally Owned and Operated. All statements and recitals set forth in the preamble of this Resolution, including the terms defined therein, are hereby affirmed and adopted as a part of this Resolution.

It is hereby further determined and declared to be necessary in the interests of the general welfare of the citizens and inhabitants of the City and its environs that the Board undertake at this time the current refunding of the 2007 Note and the 1999 Bonds maturing after December 1, 2009, all pursuant to the Act.

The acquisition, construction and installation of the facilities originally financed and refinanced by the 2007 Note and the 1999 Bonds were undertaken by the Board for public and municipal purposes, and the same shall constitute and be a part of the Board's combined and consolidated municipal electric and water system (the "System"), as expanded and improved from time to time; and so long as any of the Bonds hereinafter authorized, or bonds issued on a parity therewith, shall remain outstanding and unpaid as to principal or interest, the System shall continue to be municipally owned, controlled, operated and maintained by the Board pursuant to the Act for the security and source of payment of the Bonds and such parity bonds.

Section 2. Authorization of Bonds. For the purposes set out in the preamble hereof, and pursuant to the laws of the Commonwealth of Kentucky, particularly the Act, there are hereby authorized to be issued \$10,180,000 aggregate principal amount of Electric and Water Plant Board of the City of Frankfort, Kentucky, Electric and Water Refunding Revenue Bonds, Series 2009 (the "Bonds"), which aggregate amount, together with corresponding amounts of annual maturities as set out in Section 3 hereof, may be increased or decreased by as much as \$1,000,000 pursuant to official action of the Chairman, Vice Chairman or Secretary-Treasurer of the Board upon the sale of the Bonds as hereinafter provided in Section 21, and each of which Bonds shall be designated an "Electric and Water Plant Board of the City of Frankfort, Kentucky, Electric and Water Refunding Revenue Bond, Series 2009."

Section 3. Description of Bonds.

(A) **Payment of Principal and Interest; Other Provisions.** The Bonds shall be dated the date of issuance and shall bear interest payable on June 1, 2010, and on each June 1 and December 1 thereafter to maturity or redemption and payment of the Bonds. Interest on each Bond not registered in Book-Entry Form to a Securities Depository (as described in Section 3(B) hereof) shall be paid by check or draft drawn upon the Paying Agent and Bond Registrar or one of its affiliates, hereinafter designated, and mailed to each person in whose name a Bond is registered as hereinafter provided (a "Registered Holder") at the address of such Registered Holder as it appears on the registration books of the Paying Agent and Bond Registrar. Farmers Bank & Capital Trust Co. is hereby designated and appointed as the Paying Agent and Bond Registrar. The principal of the Bonds not registered in Book-Entry Form to a Securities Depository (as described in Section 3(B) hereof) shall be payable to the respective Registered Holders without exchange or collection charges, in lawful money of the United States of America, upon their presentation and surrender as they respectively become due and payable at the principal office of the Paying Agent and Bond Registrar in Frankfort, Kentucky. The Bonds shall be issued and reissued by the Paying Agent and Bond Registrar from time to time only as fully registered bonds without coupons in the denominations of \$5,000 and any integral multiple thereof, as hereinafter provided. Unless the Board shall otherwise direct, the Bonds shall be numbered separately from 1 upward.

Principal of and interest on Bonds registered in Book-Entry Form in the name of the Securities Depository or the Securities Depository Nominee (all as described in Section 3(B) hereof) shall be payable by wire transfer from the Paying Agent and Bond Registrar to the Securities Depository or its nominee.

The Bonds shall bear interest at a rate or rates to be established by official action of the Chairman, Vice Chairman or Secretary-Treasurer of the Board on the basis of competition after the Bonds are offered for sale at an advertised, public, competitive sale as hereinafter provided. The fifteenth (15th) day of the month prior to a June 1 or December 1 interest payment date shall be the record date for the Bonds (the "Record Date") for the purpose of determining the Registered Holder to whom interest shall be payable on the next succeeding interest payment date, and the Paying Agent and Bond Registrar may treat for such purpose the person in whose name any Bond is registered on the Record Date as the Registered Holder thereof. Interest shall be computed on the basis of a year of 360 days consisting of twelve 30-day months.

The Bonds shall mature and be payable as to principal as follows:

<u>Maturity Date</u>	<u>Principal Amount*</u>	<u>Maturity Date</u>	<u>Principal Amount*</u>
Dec. 1, 2010	\$860,000	Dec. 1, 2015	\$1,025,000
Dec. 1, 2011	890,000	Dec. 1, 2016	1,070,000
Dec. 1, 2012	920,000	Dec. 1, 2017	1,110,000
Dec. 1, 2013	950,000	Dec. 1, 2018	1,160,000
Dec. 1, 2014 . . .	990,000	Dec. 1, 2019	1,205,000

*Subject to increase or reduction as provided in Section 2 and Section 21 hereof.

provided, however, certain Bonds may become Term Bonds subject to mandatory sinking fund redemption as described in Section 4 hereof and in Section 21 hereof.

All of the Bonds, together with the interest thereon and any additional bonds ranking on a parity therewith as may be issued and outstanding from time to time under the conditions and restrictions hereinafter set forth, shall be payable only out of and secured by a pledge of the special fund of the Board designated the "Electric and Water Revenue Bonds Sinking Fund of 2009" (the "Sinking Fund") as hereinafter created and more specifically provided in Section 13 and shall be a valid claim of the Registered Holder thereof only against the Sinking Fund and the portion or amount of the income and revenues of the System pledged to the Sinking Fund. The Sinking Fund and all income and revenues of the System and other moneys which are or should in accordance with the terms hereof be paid into the Sinking Fund are hereby pledged for the purpose of equally securing the payments when due of principal of and interest on the Bonds and any such parity bonds.

(B) Bonds Issued in Book-Entry Form. As used in this Resolution, the following terms shall have the indicated meanings:

"Book-Entry Form" means, with respect to the Bonds, a form or system, as applicable, under which (i) the ownership of beneficial interests in Bonds and principal and interest payments thereon may be transferred only through a book entry and (ii) physical Bond certificates in fully registered form are registered only in the name of a Securities Depository or its nominee as Registered Holder, with the physical Bond certificates held in the custody of a Securities Depository.

"Participant" means a member of, or a participant in, the Securities Depository.

"Securities Depository" means any securities depository that is a "clearing corporation" within the meaning of the New York Uniform Commercial Code and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act, operating and maintaining, with its Participants or otherwise, a Book-Entry System to record ownership of beneficial interests in bonds and bond service charges, and to effect transfers of bonds in Book-Entry Form, and means, initially, The Depository Trust Company (a limited purpose trust company), New York, New York.

“Securities Depository Nominee” means any nominee of a Securities Depository and shall initially mean Cede & Co., New York, New York, as nominee of The Depository Trust Company.

The Bonds shall initially be issued in Book-Entry Form and registered in the name of the Securities Depository or the Securities Depository Nominee as provided in this Section 3(B). Except when the Bonds are no longer issued in Book-Entry Form as provided below in this Section 3(B), the Bonds shall be registered in the name of the Securities Depository or the Securities Depository Nominee, and ownership thereof shall be maintained in Book-Entry Form by the Securities Depository for the account of the Participants thereof. Initially, the Bonds shall be registered in the name of Cede & Co., as the nominee of The Depository Trust Company, which shall be the initial Securities Depository. Each of the Chairman, Vice Chairman and Secretary-Treasurer is authorized to approve and execute on behalf of the Board a letter of representations or other appropriate instrument with The Depository Trust Company (to which the Paying Agent and Bond Registrar may also be a party) relating to the issuance and administration of the Bonds in Book-Entry Form.

Except when the Bonds are no longer issued in Book-Entry Form as provided below in this Section 3(B), the Bonds may be transferred, in whole but not in part, only to the Securities Depository or the Securities Depository Nominee, or to a successor Securities Depository selected or approved by the Board or to a nominee of such successor Securities Depository.

As to any Bond, the person in whose name the Bond shall be registered shall be the Registered Holder and the absolute owner thereof for all purposes, and payment of or on account of the principal of and interest on any such Bond shall be made only to or on the order of the Registered Holder thereof or his legal representative.

Neither the Board nor the Paying Agent and Bond Registrar shall have any responsibility or obligation with respect to:

- (i) the accuracy of the records of the Securities Depository or any Participant with respect to any beneficial ownership interest in the Bonds;**
- (ii) the delivery to any Participant, any beneficial owner of the Bonds or any other person, other than the Securities Depository, of any notice with respect to the Bonds; or**
- (iii) the payment to any Participant, any beneficial owner of the Bonds or any other person, other than the Securities Depository, of any amount with respect to the principal or interest on the Bonds.**

So long as any Bonds are registered in Book-Entry Form, the Board and the Paying Agent and Bond Registrar may treat the Securities Depository as, and deem the Securities Depository to be, the absolute owner and the Registered Holder of such Bonds for all purposes whatsoever, including without limitation:

- (i) the payment of principal and interest on the Bonds;**
- (ii) giving notices of redemption and other matters with respect to the Bonds;**

- (iii) registering transfers with respect to the Bonds;
- (iv) selection of Bonds for redemption; and
- (v) for purposes of obtaining any consents under this Resolution.

As used herein, the terms "holder of Bonds" or "Bondholder" shall be deemed to refer to the Registered Holder of the Bonds.

If at any time the Securities Depository notifies the Board that it is unwilling or unable to continue as Securities Depository with respect to the Bonds, or if at any time the Securities Depository shall no longer be registered or in good standing under the Securities Exchange Act or other applicable statute or regulation and a successor Securities Depository is not appointed by the Board within ninety (90) days after the Board receives notice or becomes aware of such condition, as the case may be, then this Section 3(B) shall no longer be applicable and the Board shall execute and the Paying Agent and Bond Registrar shall authenticate and deliver certificates representing the Bonds to the Registered Holders.

Payment of principal and interest on any Bonds not registered in Book-Entry Form shall be made as provided in Section 3(A) hereof.

Section 4. Redemption of Bonds.

(A) Mandatory Sinking Fund Redemption.

If the successful bidder and original purchaser of the Bonds so elects in accordance with the provisions of Section 21 hereof and as may be provided by official action of the Chairman, Vice Chairman or Secretary-Treasurer in awarding the Bonds to such original purchaser, the Bonds stated to mature on the maturity dates set out in the successful bid of such original purchaser shall be combined to comprise the maturities of Term Bonds as set out in said successful bid and in said official action; and such Term Bonds shall be subject to mandatory redemption in part, at the selection of the Paying Agent and Bond Registrar on a *pro rata* basis in such manner as the Paying Agent and Bond Registrar may determine, from moneys in the Sinking Fund on each applicable December 1 at par plus accrued interest to the redemption date, according to the mandatory sinking fund redemption schedule or schedules set out in said official action and in principal amounts corresponding to the above maturity schedule set out in Section 3 hereof, as may be adjusted as provided in Section 21 hereof.

(B) No Optional Redemption.

The Bonds are not subject to optional redemption prior to maturity.

(C) Other Redemption Provisions.*

The Paying Agent and Bond Registrar shall, upon being satisfactorily indemnified as to expenses, cause notice of the call for any redemption, identifying the Bonds or portions thereof (\$5,000 or any integral multiples thereof) to be redeemed, to be sent by first class mail at least thirty (30) but no more than sixty (60) days prior to the date fixed for redemption to the Registered Holder of each Bond to be redeemed at the address shown on the registration books. Failure to give such notice by mailing or any defect therein in respect of any Bond shall not affect the validity of any proceedings for the redemption of any other Bond. Any notice mailed as provided in this Section shall be conclusively presumed to have been duly given, irrespective of whether the Registered Holder receives the notice. Such notice shall set forth in detail the redemption provisions.

Prior to the date fixed for redemption of Bonds, funds shall be deposited by the Board with the Paying Agent and Bond Registrar to pay, and the Paying Agent and Bond Registrar is hereby authorized and directed to deposit such funds into the Sinking Fund hereinafter identified and to apply such funds to the payment of, the Bonds or portions thereof called for redemption, together with accrued interest thereon to the redemption date. Upon the giving of notice and the deposit of adequate funds in the Sinking Fund for redemption of Bonds, interest on the Bonds or portions thereof so called for redemption shall cease to accrue after the date fixed for redemption. No payment of principal or interest shall be made by the Paying Agent and Bond Registrar upon any Bond or portion thereof called for redemption until such Bond or portion thereof shall have been delivered to the Paying Agent and Bond Registrar for payment or cancellation, or the Paying Agent and Bond Registrar shall have received the items required by Section 7 hereof with respect to any mutilated, lost, stolen or destroyed Bond.

A portion of any Bond may be redeemed, but Bonds shall be redeemed only in the principal amount of \$5,000 each or any integral multiples thereof. Upon surrender of any Bond for redemption in part only, the Board shall execute and the Paying Agent and Bond Registrar shall register, authenticate and deliver to the holder thereof, within a period of three days from surrender of such Bond to the Paying Agent and Bond Registrar, at the expense of the Board, a new Bond or Bonds of the same maturity, of authorized denominations and in aggregate principal amount equal to the unredeemed portion of the Bond surrendered.

Section 5. Execution of Bonds; Limited Obligation. The Bonds shall be executed on behalf of the Board by the manual or reproduced facsimile signature of the Chairman or the Vice Chairman and shall have impressed or imprinted thereon either a true impression or a reproduced facsimile of the official seal of the Board and shall be attested with the manual or reproduced facsimile signature of the Secretary-Treasurer. An authorized facsimile signature shall have the same force and effect as a manual signature. In case any officer of the Board whose signature or a facsimile of whose signature shall appear on the Bonds shall cease to be such officer before the delivery of such Bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes, the same as if he had remained in office until delivery.

*Section 4(C) is applicable only if the original purchaser elects to stipulate Term Bonds as provided in Section 4(A) and Section 21.

The Bonds are not general obligations of the Board but are special and limited obligations payable solely from the Sinking Fund as hereinafter provided, and the Sinking Fund and the income and revenues of the System herein provided to be paid into the Sinking Fund are hereby specifically pledged to the holders of the Bonds for the payment of the Bonds and interest thereon in the manner and to the extent provided herein. The Bonds and the interest thereon do not constitute a debt, indebtedness or a pledge of the faith and credit of the City within the meaning of any provision or limitation of the Constitution or statutes of the Commonwealth of Kentucky and shall not constitute a charge against its general credit. The Board shall not be obligated to pay the principal of the Bonds or the interest thereon or other costs incident thereto except from the net revenues and amounts pledged therefor, and the faith and credit of the Board are not pledged to the payment of the principal of the Bonds or the interest thereon or other costs incident thereto.

Section 6. Form of Bonds. The Bonds shall be issued only in the form of bonds registered as to payment of both principal and interest in substantially the following form, with necessary and appropriate variations, omissions and insertions as permitted or required by this Resolution, as follows:

(FORM OF FACE OF BOND)

REGISTERED HOLDER: _____

PRINCIPAL AMOUNT: _____

KNOW ALL MEN BY THESE PRESENTS: That the Electric and Water Plant Board of the City of Frankfort, Kentucky (the "Board"), a statutory body politic and corporate created, organized and existing pursuant to Sections 96.171 through 96.188 of the Kentucky Revised Statutes, and a political subdivision of the Commonwealth of Kentucky, for value received, hereby promises to pay to the registered holder identified above, or registered assigns, solely and only from the special fund pledged for that purpose as hereinafter referred to and not otherwise, the principal amount set out above, on the maturity date set out above, and to pay interest from the same source on the unpaid balance of said amount at the interest rate per annum set out above, payable on the first days of June and December in each year, beginning June 1, 2010, until payment of the principal amount or until

the date fixed for redemption if this Bond is called for prior redemption and payment on such redemption date is duly provided for. Each such interest payment shall represent interest accruing on this Bond from the later of the Bond date set out above, or the most recent interest payment date (June 1 or December 1), to which interest has been paid or duly provided for.

Interest accruing on this Bond shall be payable as aforesaid by check drawn upon Farmers Bank & Capital Trust Co., Frankfort, Kentucky, as the Paying Agent and Bond Registrar (the "Paying Agent and Bond Registrar"), and mailed to the person who is the registered holder hereof as of the close of business on the Record Date for such interest installment, which Record Date shall be the fifteenth (15th) day of the month (whether or not a business day) next preceding an interest payment date, at the address of such registered holder as it appears on the books of the Paying Agent and Bond Registrar. Principal shall be paid when due upon delivery of this Bond for payment at the principal corporate trust office of the Paying Agent and Bond Registrar.

REFERENCE IS HEREBY MADE TO THE FURTHER PROVISIONS OF THIS BOND SET FORTH ON THE REVERSE HEREOF, WHICH FURTHER PROVISIONS SHALL FOR ALL PURPOSES HAVE THE SAME EFFECT AS IF SET FORTH AT THIS PLACE.

This Bond is exempt from *ad valorem* taxation by the Commonwealth of Kentucky and by all of the political subdivisions thereof.

This Bond shall not be valid or become obligatory for any purpose until the authentication certificate hereon shall have been executed by the Paying Agent and Bond Registrar.

IN WITNESS WHEREOF, the Electric and Water Plant Board of the City of Frankfort, Kentucky, has caused this Bond to be executed with the manual or reproduced facsimile of the official signature of its Chairman or Vice Chairman, to be sealed by an impression or a reproduced facsimile of an impression of the official seal of the Board and to be attested by the manual or reproduced facsimile signature of its Secretary-Treasurer, in each case as its duly authorized officer, all as of the date of this Bond as set out above.

(END OF FACE OF BOND)

(BEGIN REVERSE OF BOND)

This Bond is one of a duly authorized issue of Bonds of the Board designated "Electric and Water Plant Board of the City of Frankfort, Kentucky Electric and Water Refunding Revenue Bonds, Series 2009" (the "Bonds"), issued in the original principal amount of \$ _____, authorized and issued by the Board pursuant to a Resolution duly adopted by the Board (the "Bond Resolution") for the purpose (among others) of refinancing major additions and improvements to the Board's combined and consolidated municipal electric and water system (the "System") by refunding certain bonds and a note of the Board, and this Bond has been issued under and in full compliance with the Constitution and statutes of the Commonwealth of Kentucky, including among others Sections 96.171 through 96.188 of the Kentucky Revised Statutes (the "Act").

Reference is made to the Bond Resolution for provisions with respect to the nature and extent of the security, rights, duties and obligations of the holders of the Bonds, the Board and the Paying Agent and Bond Registrar, the terms upon which the Bonds are issued and the terms and conditions upon which the Bonds will be deemed to be paid at or prior to their scheduled maturity or redemption upon the making of provision for the payment thereof in the manner set forth in the Bond Resolution.

*The Bonds maturing on December 1 _____, are subject to mandatory sinking fund redemption in part, at the selection of the Paying Agent and Bond Registrar by lot, from moneys in the special fund identified hereinafter on each December 1, beginning December 1, _____, at the principal amount thereof plus accrued interest to the redemption date, according to following schedule of mandatory sinking fund installments:

December 1

Amount

\$

*At least thirty (30) but no more than sixty (60) days prior to the redemption date of any Bonds, the Paying Agent and Bond Registrar shall cause a notice of redemption to be mailed postage prepaid by first class mail to all registered holders of Bonds to be redeemed in whole or in part at their registered addresses. Failure to mail any notice or any defect therein in respect of any such Bond shall not affect the validity of the redemption of any other Bond. Such redemption notice shall set forth in detail the redemption provisions.

*The preceding two paragraphs are to be inserted, and may be repeated, with respect to any Term Bonds as described in Section 3 hereof.

This Bond and the series of which it forms a part, together with additional bonds ranking on a parity therewith as may be hereafter issued and outstanding from time to time under the conditions and restrictions set forth in the Bond Resolution, are payable from and secured by a pledge of a fixed portion of the revenues to be derived from the operation of the System after paying operation and maintenance expenses of the System, which fixed portion shall be sufficient to pay the principal of and interest on this Bond and the series of which it forms a part and any such additional parity bonds as and when the same become due and payable and which shall be set aside as a special fund for that purpose and identified as the "Electric and Water Revenue Bonds Sinking Fund of 2009."

This Bond and the series of which it forms a part do not constitute an indebtedness of the Board or the City of Frankfort, Kentucky, within the meaning of any constitutional or statutory provisions or limitations. The Board covenants that the System will be continuously operated as a revenue-producing undertaking and that it will fix and charge such rates for the services and facilities of the System so that the revenues therefrom will be sufficient to pay the interest on and principal of this series of Bonds and all other bonds ranking on a parity therewith as may be outstanding from time to time and also to pay the costs of operation and maintenance of the System.

This Bond is issued under and pursuant to the statutory laws of the Commonwealth of Kentucky, including the Act, and its construction will be governed thereby.

This Bond shall be transferable only upon the presentation and surrender hereof at the principal office of the Paying Agent and Bond Registrar duly endorsed for transfer or accompanied by an assignment duly executed by the registered holder or his authorized representative. The Paying Agent and Bond Registrar shall not be required to transfer or exchange this Bond (a) during any period beginning five days prior to the selection by the Paying Agent and Bond Registrar of Bonds to be redeemed prior to maturity and ending on the date of mailing of notice of any such redemption or (b) if this Bond has been selected or called for redemption in whole or in part.

Bonds shall be exchangeable upon the presentation and surrender thereof at the principal office of the Paying Agent and Bond Registrar for a Bond or Bonds of the same maturity, and in the denomination of \$5,000 or any integral multiple thereof, in an aggregate principal amount or amounts equal to the unpaid principal amount of the Bond or Bonds presented for exchange. The Paying Agent and Bond Registrar shall authenticate and deliver Bonds delivered in exchange in accordance herewith.

It is hereby certified, recited and declared that all acts, conditions and things required to exist, happen and be performed precedent to and in the execution and delivery of this Bond have existed, have happened and have been performed in due time, form and manner as required by law; that the issuance of this Bond and the series of which it forms a part, together with all other obligations of the Board, does not exceed or violate any constitutional or statutory limitation; and that a sufficient portion of the revenues of the System, after allowance for operation and maintenance expenses as aforesaid, has been pledged to and will be set aside into said special fund by the Board for the prompt payment of the principal of and interest on this series of Bonds and all other bonds which by their terms and by the provisions of the Bond Resolution are payable from said special fund.

(END OF REVERSE OF BOND)

Section 7. Mutilated, Lost, Stolen or Destroyed Bonds. In the event any Bond is mutilated, lost, stolen or destroyed, the Board may execute and the Paying Agent and Bond Registrar may authenticate and deliver a new Bond of like series, date, maturity and denomination as that mutilated, lost, stolen or destroyed; provided that, in the case of any mutilated Bond, such Bond shall first be surrendered to the Paying Agent and Bond Registrar, and in the case of any lost, stolen or destroyed Bond, there shall be first furnished to the Board and the Paying Agent and Bond Registrar evidence of such loss, theft or destruction satisfactory to them and such indemnity as the Board and the Paying Agent and Bond Registrar may require. In the event any such Bond shall have matured, in lieu of issuing a duplicate Bond, the Board may pay the same without surrender thereof. The Board and the Paying Agent and Bond Registrar may charge the holder or owner of such Bond their reasonable fees and expenses in this connection.

Section 8. Registration, Authentication, Transfer and Exchange of Bonds. So long as any Bonds remain outstanding, the Paying Agent and Bond Registrar shall keep and maintain at its principal office in Frankfort, Kentucky, complete registration books for the Bonds and shall provide for the registration and transfer of the Bonds in accordance with the terms of this Resolution. Each Bond shall be authenticated by the Paying Agent and Bond Registrar and shall be transferable only upon the presentation and surrender thereof at the principal office of the Paying Agent and Bond Registrar, duly endorsed for transfer or accompanied by an assignment duly executed by the Registered Holder or his authorized representative. Upon receipt of any such Bond, duly endorsed for transfer or accompanied by any assignment for transfer, the Paying Agent and Bond Registrar shall transfer such Bond within a period of three days by reissuing such Bond, duly executed by the Board and authenticated by the Paying Agent and Bond Registrar, and delivering the same to the new Registered Holder thereof forthwith.

The Paying Agent and Bond Registrar shall not be required to transfer or exchange any Bond (a) during any period beginning five (5) days prior to the selection by the Paying Agent and Bond Registrar of Bonds to be redeemed prior to maturity and ending on the date of mailing of notice of any such redemption or (b) if such Bond has been selected or called for redemption in whole or in part.

Except as may be otherwise provided in **Section 3(B)** hereof for Bonds registered in Book-Entry Form in the name of the Securities Depository or the Securities Depository Nominee, each Bond shall be exchangeable upon the presentation and surrender thereof at the principal office of the Paying Agent and Bond Registrar for a Bond or Bonds of the same maturity, in the denomination of \$5,000 or an integral multiple thereof, in an aggregate principal amount or amounts equal to the unpaid principal amount of the Bond or Bonds presented for exchange. The Paying Agent and Bond Registrar shall and is hereby authorized to authenticate and deliver Bonds delivered in exchange in accordance herewith. Each Bond delivered in exchange for a surrendered Bond shall constitute an original contractual obligation of the Board and shall be entitled to the benefits and security of this Resolution to the same extent as the Bond or Bonds in lieu of which any Bond is delivered in exchange. Any Bonds surrendered for exchange shall be canceled by the Paying Agent and Bond Registrar and the Paying Agent and Bond Registrar shall maintain a complete record of all exchanges, transfers and cancellations of Bonds and shall make a report thereof to the Board on not less than an annual basis.

Except as may be otherwise provided in Section 3(B) hereof for Bonds registered in Book-Entry Form in the name of the Securities Depository or the Securities Depository Nominee, no service charge or other transfer fee shall be charged to any Bondholder in connection with any transfer or exchange of a Bond. However, the Registered Holder of any Bond may be required to pay an amount equal to any tax or other governmental charge, if any, that may be imposed in connection with the transfer or exchange of any Bond.

Section 9. Destruction of Bonds. Whenever any outstanding Bond shall be delivered to the Paying Agent and Bond Registrar for cancellation thereof pursuant to this Resolution, upon payment of the principal amount or interest represented thereby or for replacement or exchange, such Bonds, following such replacement or exchange, shall be promptly canceled and destroyed by the Paying Agent and Bond Registrar and counterparts of a certificate of destruction evidencing such destruction shall be furnished by the Paying Agent and Bond Registrar to the Board.

All Bonds which have been redeemed shall not be reissued but shall be canceled and destroyed by Paying Agent and Bond Registrar in accordance with this Section.

Section 10. Appointment and Duties of Paying Agent and Bond Registrar. The Board has appointed Farmers Bank & Capital Trust Co., Frankfort, Kentucky, as Paying Agent and Bond Registrar in respect of the Bonds. The Paying Agent and Bond Registrar shall maintain a complete and current record of each Bond issued, the name and address of each owner (Registered Holder) of any Bonds and such additional information as may be required for compliance with applicable laws and regulations. The Paying Agent and Bond Registrar will also make all payments of interest on the Bonds and pay principal of the Bonds as herein provided.

The recitals of fact herein and in the Bonds contained shall be taken as the statements of the Board and the Paying Agent and Bond Registrar assumes no responsibility for the correctness of the same. The Paying Agent and Bond Registrar makes no representations as to the validity or sufficiency of this Resolution or of any Bonds issued thereunder or in respect of the security afforded by this Resolution, and the Paying Agent and Bond Registrar shall not incur any responsibility in respect thereof. The Board shall, however, be responsible for its representations contained in the Bonds. The Paying Agent and Bond Registrar shall not be under any responsibility or duty with respect to the issuance of the Bonds for value or the application of the proceeds thereof or the application of any moneys paid to the Board. The Paying Agent and Bond Registrar shall be under no obligation or duty to perform any act which would involve it in expense or liability or to institute or defend any suit in respect hereof, or to advance any of its own moneys, unless properly indemnified. The Paying Agent and Bond Registrar shall be protected in acting upon any notice, resolution, request, consent, order, certificate, report, opinion, bond or other paper or document believed by it to be genuine, and to have been signed or presented by the proper party or parties. The Paying Agent and Bond Registrar may consult with counsel, who may or may not be of counsel to the Board, and the opinion of such counsel shall be full and complete authorization and protection in respect of any action taken or suffered by it hereunder in good faith and in accordance therewith. Whenever the Paying Agent and Bond Registrar shall deem it necessary or desirable that a matter be proved or established prior to taking or suffering any action hereunder, including payment of moneys out of any fund, such matter (unless other evidence in respect thereof be herein specifically

prescribed) may be deemed to be conclusively proved and established by a certificate signed by an authorized officer of the Board and such certificate shall be full warrant for any action taken or suffered in good faith under the provisions of this Resolution upon the faith thereof, but in its discretion the Paying Agent and Bond Registrar may in lieu thereof accept other evidence of such fact or matter or may require such further or additional evidences as to it may seem reasonable. Except as otherwise expressly provided herein, any request, order, notice or other direction required or permitted to be furnished pursuant to any provision hereof by the Board to the Paying Agent and Bond Registrar shall be sufficiently executed if executed in the name of the Board by its Chairman or Secretary-Treasurer. The Paying Agent and Bond Registrar may execute any of its trusts or powers and perform any of its duties under this Resolution by or through attorneys, agents or employees.

The Board shall pay to the Paying Agent and Bond Registrar reasonable compensation for all services rendered under this Resolution, and also all reasonable expenses, charges, counsel fees and other disbursements, including those of its attorneys, agents and employees, incurred in and about the performance of their powers and duties under this Resolution. The Board further agrees to indemnify and hold the Paying Agent and Bond Registrar harmless against any liabilities which it may incur in the exercise and performance of its powers and duties hereunder, and which are not due to its negligence or default. This indemnification shall survive the termination of this Resolution.

The Paying Agent and Bond Registrar may become the owner of any Bonds, with the same rights it would have if it were not the Paying Agent and Bond Registrar. The Paying Agent and Bond Registrar and any other fiduciary may act as depository for, or permit any of its officers or directors to act as a member of, or in any other capacity with respect to, any committee formed to protect the rights of Bondholders or to effect or aid in any reorganization growing out of the enforcement of the Bonds or this Resolution, whether or not any such committee shall represent the holders of a majority in principal amount of the Bonds then outstanding.

Any corporation, association or other entity into which the Paying Agent and Bond Registrar may be converted or merged, or with which it may be consolidated, or to which it may sell or otherwise transfer all or substantially all of its corporate trust assets and businesses or any corporation, association or other entity resulting from any such conversion, sale, merger consolidation or other transfer to which it is a party, *ipso facto*, shall be and become successor Paying Agent and Bond Registrar hereunder, as applicable, vested with all other matters as was its predecessor, without the execution or filing of any instrument or any further act on the part of the parties hereto, notwithstanding anything herein to the contrary.

Section 11. Disposition of Bond Proceeds. The Bond proceeds shall be applied as follows:

(A) The expenses incident to the authorization, sale and issuance of the Bonds, including without limitation the contractual fee of the Board's Financial Advisor, the fees and expenses of the Paying Agent and Bond Registrar, all counsel fees and expenses, rating service fees, printing and publishing expenses and any other necessary or desirable fees and expenses related to the issuance of the Bonds and the refunding and redemption of the 1999 Bonds, shall, upon written direction of the Chairman, Vice Chairman or Secretary-Treasurer, be paid from the proceeds of the Bonds. For this purpose, the Board may cause the establishment of a special account to be applied by or at the

written direction of the Chairman, Vice Chairman or Secretary-Treasurer for payment of such expenses within sixty (60) days from the date of issuance of the Bonds; provided any balance in the special account not needed to pay expenses shall be transferred to the Sinking Fund.

(B) A portion of the Bond proceeds in an amount sufficient to pay and discharge the 2007 Note shall, by or on the written direction of the Chairman, Vice Chairman or Secretary-Treasurer, be paid to the holder thereof.

(C) A portion of Bond proceeds in an amount sufficient to refund and redeem on the earliest practicable redemption date, at 101% of par, the 1999 Bonds maturing after December 1, 2009, and to pay interest thereon to that date, shall, by or on the written direction of the Chairman, Vice Chairman or Secretary-Treasurer, be deposited in the Board's Electric and Water Revenue Bonds Sinking Fund (the "1999 Bond Fund") created under the Board's Resolution adopted on November 30, 1999, authorizing the 1999 Bonds (the "1999 Resolution"), to be used by the Paying Agent and Bond Registrar for the 1999 Bonds to redeem on December 1, 2009, at 101% of par, and pay interest on the 1999 Bonds maturing after that date.

(D) A portion of the Bond proceeds which, together with other available funds held pursuant to the 1999 Resolution and transferred to the Debt Service Reserve Account identified in Section 13(B) hereof, shall, but only if necessary to fund the Debt Service Reserve Account to the Reserve Amount (defined in Section 13(B) hereof), by or on the written direction of the Chairman, Vice Chairman or Secretary-Treasurer, be deposited in the Debt Service Reserve Account.

(E) Any remaining balance of the Bond proceeds shall be deposited in the Sinking Fund hereinafter identified in Section 13(B).

Section 12. Redemption and Defeasance of 1999 Bonds.

(A) Redemption of 1999 Bonds. The Chairman, Vice Chairman and Secretary-Treasurer, and each of them, are authorized and directed to act on behalf of the Board in causing the call for redemption and the redemption on the earliest practicable redemption date of the 1999 Bonds maturing after December 1, 2009, applying the amounts on deposit in the 1999 Bond Fund as set out in Section 11(C) above, all pursuant to the terms of the 1999 Resolution.

(B) Defeasance of 1999 Bonds. The Board hereby determines and declares that when the deposits set out in Section 11(C) above and subsection (A) above are made (upon delivery and receipt of the proceeds of the Bonds) and other actions are provided to be taken pursuant to the 1999 Resolution as conditions precedent to the redemption of the 1999 Bonds, then the pledges and commitments securing the 1999 Bonds pursuant to the 1999 Resolution shall be deemed to have been defeased, released and discharged, and the payment of the 1999 Bonds shall be deemed to have been satisfied, provided that the provisions of the 1999 Resolution with respect to redemption and payment of the 1999 Bonds shall continue in effect until the 1999 Bonds are fully paid on December 1, 2009.

Section 13. Operation and Revenues of System; Funds and Accounts. From and after the delivery of the Bonds and any parity bonds issued under the provisions of this Resolution and so long

as any of such bonds remain outstanding, the System shall be continuously operated by the Board as a revenue-producing and self-liquidating undertaking and the income and revenues from the System, together with all extensions, improvements or betterments thereto that may be made, shall be set aside, and are hereby pledged daily as collected, into a special and separate fund hereby created and designated the "Electric and Water Plant Board Electric and Water Revenue Fund" (the "Revenue Fund") to be used and apportioned, as follows:

(A) On or before the 20th day of each month there shall be withdrawn from the Revenue Fund and credited to a separate and special fund hereby created and designated the "Operation and Maintenance Fund" a sum sufficient to pay the reasonably necessary costs of operating and maintaining the System during such month, including without limitation salaries, wages, cost of materials and supplies, power at wholesale and insurance for such month, and any deficit for the same arising in the preceding month.

(B) There shall be and there is hereby created a separate and special fund to be known as the "Electric and Water Plant Board Electric and Water Revenue Bonds Sinking Fund of 2009" (the "Sinking Fund"). The Sinking Fund shall comprise three accounts, the Interest Account, the Principal Account and the Debt Service Reserve Account, which are hereby irrevocably pledged and shall be used and applied for the following purposes. Money in the Interest Account shall be used solely for the payment of interest falling due on the Bonds and any additional parity bonds. Money in the Principal Account shall be used solely for the purpose of paying the principal of the Bonds and any additional parity bonds when due at maturity or pursuant to any call for redemption. The Debt Service Reserve Account shall be held for the benefit of the holders of all of the Bonds and any additional parity bonds and shall be used solely for the purpose of paying principal of or interest on the Bonds and any parity bonds as to which there would otherwise be a default.

There shall be set aside into the Sinking Fund in equal monthly installments on or before the 20th day of each month, out of the Revenue Fund (subject to the priorities of the foregoing subsection (A) of this Section 13) sufficient funds to pay when due the interest on and principal of any outstanding bonds (including the Bonds) which by their terms are payable from the Sinking Fund. Such monthly payments into the Sinking Fund shall be made in the minimum amounts each month as follows:

1. An amount which together with other funds available for such purpose will be equal to at least one-sixth (1/6th) of the interest falling due on the Bonds on the next succeeding interest payment date shall be deposited in the Interest Account.
2. An amount which together with other funds available for such purpose will be equal to at least one-twelfth (1/12th) of the principal amount of the Bonds coming due on the next December 1 shall be deposited in the Principal Account.

Upon issuance of the Bonds, the Debt Service Reserve Account shall be initially funded in the Reserve Amount from proceeds of the Bonds, if necessary, and transfers from other available funds held pursuant to the 1999 Resolution as provided in Section 11(D) hereof. Whenever any amount in the Debt Service Reserve Account is less than the Reserve Amount, such deficiency shall be made up (in any event within three (3) years from the date such deficiency occurs) from the first

moneys thereafter available in the Revenue Fund (after the requirements of subparagraphs 1 and 2 above have been satisfied) or in the Depreciation Fund hereinafter identified. The term "Reserve Amount" as used in this Resolution is defined as an amount of money equal to the least of (i) the highest amount required to be paid into the Interest Account and the Principal Account for account of the Bonds and any additional parity bonds in any 12-month period ending December 1, (ii) an amount equal to 125% of the average amount required to be paid into the Interest Account and the Principal Account for account of the Bonds and any additional parity bonds in each 12-month period ending December 1, and (iii) an amount equal to 10% of the proceeds of the Bonds and any additional parity bonds within the meaning of Section 148(d) of the United States Internal Revenue Code of 1986, as amended.

As and when additional parity bonds are issued provision shall be made for additional payments into the Sinking Fund so as to pay the interest on and principal of such additional parity bonds as and when the same become due and for increasing the amount in the Debt Service Reserve Account on the date of issuance of the additional parity bonds to the then required Reserve Amount.

No further payments need be made into the Sinking Fund after and so long as the amount then held in the Sinking Fund, including the Debt Service Reserve Account, is equal to the entire amount required for retiring all bonds then outstanding which are payable from the Sinking Fund and paying all interest that will accrue at the time of such retirement.

If for any reason there should be a failure to pay into the Sinking Fund the full amount above stipulated, then an amount equivalent to such deficiency shall be set apart and paid into the Sinking Fund from the first available income and revenues of the System or from the Depreciation Fund hereinafter created.

All moneys held in the Sinking Fund, including the Debt Service Reserve Account, shall be deposited in a bank or banks which are members of the Federal Deposit Insurance Corporation ("FDIC") and all such deposits which cause the aggregate deposits of the Board in any one bank to be in excess of the amount insured by the FDIC or one of its agencies shall be continuously secured by a valid pledge of direct obligations of, or obligations the payment of principal of and interest on which is guaranteed by, the United States of America having an equivalent market value. All or any part of the Sinking Fund may, provided that the Debt Service Reserve Account therein shall, be invested in Investment Obligations, as defined in Section 14 hereof, maturing or being subject to retirement at the option of the holder on such dates as the same may be needed for meeting interest and/or principal payments, and all such investments shall be carried to the credit of the particular account in the Sinking Fund which supplied the funds for such investments, but the income from such investments shall be credited to the Interest Account; provided, however, if the amount in the Debt Service Reserve Account is less than the Reserve Amount, income from investments in the Debt Service Reserve Account shall be credited to the Debt Service Reserve Account until the Reserve Amount is accumulated therein. Investment Obligations in the Debt Service Reserve Account shall be valued at the fair market value thereof or, for a plain par investment within the meaning of Treas. Reg. §1.148-5(d) or any successor provision, at the outstanding stated principal amount thereof plus any accrued unpaid interest.

The Sinking Fund shall be used solely and only and is hereby pledged for the purpose of paying principal of and interest and premium, if any, on the Bonds and any additional bonds ranking on a parity therewith that may be outstanding from time to time in accordance with the terms and provisions of this Resolution.

Notwithstanding the foregoing provisions of this Section 13(B) relating to the Debt Service Reserve Account, in lieu of the deposit of funds in the Debt Service Reserve Account, the Board may obtain a Debt Service Reserve Guaranty. Any Debt Service Reserve Guaranty shall be considered a deposit of funds in the Debt Service Reserve Account equal to the Debt Service Reserve Guaranty Coverage provided by the Debt Service Reserve Guaranty Agreement. As conditions precedent to delivery of a Debt Service Reserve Guaranty, the Board shall obtain (i) the Debt Service Reserve Guaranty, (ii) an opinion of counsel addressed to the Board stating that the delivery of such Debt Service Reserve Guaranty to the Board is authorized under this Resolution and complies with the terms hereof, and (iii) written evidence from a Rating Agency, if the Bonds and any additional parity bonds are then rated by such Rating Agency, that the Rating Agency has reviewed the proposed Debt Service Reserve Guaranty and that (a) the issuance of the Debt Service Reserve Guaranty to the Board and, (b) if a Debt Service Reserve Guaranty is then in effect with respect to the Debt Service Reserve Account, the substitution of the proposed Debt Service Reserve Guaranty for the Debt Service Reserve Guaranty then in effect, will not, by itself, result in a reduction or withdrawal of its rating on the Bonds and any additional parity bonds. If the Bonds and any additional parity bonds are insured by a bond insurer, the references to a Rating Agency in the preceding sentence shall be read to mean such bond insurer and the substitution of the proposed Debt Service Reserve Guaranty shall not result in the cancellation of the bond insurance provided by such bond insurer.

The capitalized terms used in the preceding paragraph shall have the following meanings:

“Debt Service Reserve Guarantor” means the issuer of a Debt Service Reserve Guaranty.

“Debt Service Reserve Guaranty” means a letter of credit, insurance policy, surety bond or similar arrangement representing the irrevocable obligation of the Debt Service Reserve Guarantor to pay to or for the account of the Board upon request made by the Board or its designee up to an amount stated therein for application as provided in this Section 13(B).

“Debt Service Reserve Guaranty Agreement” means the reimbursement agreement, bond insurance agreement, loan agreement or similar agreement between the Board and a Debt Service Reserve Guarantor with respect to repayment of amounts advanced under the Debt Service Reserve Guaranty.

“Debt Service Reserve Guaranty Coverage” means the amount available at any particular time to be paid to or for the account of the Board under the terms of the Debt Service Reserve Guaranty.

“Debt Service Reserve Guaranty Limit” means the maximum aggregate amount available to be paid to or for the account of the Board under the terms of a Debt Service Reserve Guaranty.

"Rating Agency" means either Moody's Investors Service, Inc. or Standard & Poor's Rating's Services, and their successors and assigns.

(C) In order to provide moneys which will be available for improvements and major repairs to and replacements and extensions of the System, the special fund currently maintained by the Board, separate and apart from all other accounts and funds of the Board, designated the "Depreciation Fund," is hereby continued and shall be maintained in accordance with the Act. Balances at any time on deposit in the Depreciation Fund may be expended for costs indicated in this paragraph. Monthly transfers and deposits from the Revenue Fund to the Depreciation Fund shall be made (after meeting the requirements of the foregoing subsections (A) and (B) of this Section 13) until such time as a balance equal to six percent (6%) of the undepreciated book value of the System (based on the most recent audited financial statements of the System) shall have been accumulated therein, represented either by cash or the market value of investments, as hereinafter permitted. Upon the accumulation of a balance in such amount, the monthly transfers from the Revenue Fund may be suspended. To the extent amounts in the Depreciation Fund from time to time may exceed the foreseeable need for making disbursements therefrom, they may be invested and reinvested by the Board in Investment Obligations, as defined in Section 14 hereof, which shall have a maturity date or be redeemable at the option of the holder within five years from the date of investment therein, and all income therefrom shall be credited to the Depreciation Fund (or to the Revenue Fund at the election of the Board if the aforesaid minimum balance is on deposit in the Depreciation Fund) and any expenses or loss in connection therewith shall be charged to the Depreciation Fund. In the event there would otherwise be a default in the payment of interest on or principal of any bond or bonds outstanding under authority of this Resolution, amounts in the Depreciation Fund shall be withdrawn and applied to such extent as may be necessary in order to prevent such default, and any investments held for the account of the Depreciation Fund shall be converted into cash if and to the extent required for such purpose; but such withdrawal shall be deemed to be advances from the Depreciation Fund and the amount thereof shall be restored as soon as moneys are available.

(D) The remaining moneys in the Revenue Fund shall be used and applied to the extent necessary (1) to maintain a cash working fund equal to one-twelfth (1/12) of the gross income and revenues of the System during the preceding fiscal year; (2) to pay all other obligations authorized and incurred by the Board in the operation and maintenance of the System and furnishing of services and facilities thereby; (3) to pay such taxes, if any, as the Board may elect to pay to the City under the provisions of Section 96.179 of the Act; and (4) for any other lawful corporate purpose as permitted and provided by Section 96.182 of the Act.

The Board reserves the right from time to time to purchase bonds herein authorized or permitted to be issued in advance of maturity and to redeem such bonds pursuant to the pertinent redemption terms through the use and application of surplus income and revenues from the System and from excess funds in the Sinking Fund, provided no such purchase shall be made from the Sinking Fund at a price exceeding the redemption terms on the next succeeding redemption date; and all bonds so purchased or redeemed shall be canceled.

Section 14. Investments. As used in this Resolution, the term "Investment Obligations" shall mean any of the following, if and to the extent the following are legal investments for the moneys held in the funds and accounts established pursuant to this Resolution:

(A) Obligations of the United States and of its agencies and instrumentalities, including obligations subject to repurchase agreements, if delivery of these obligations subject to repurchase agreements is taken either directly or through an authorized custodian, which investments may be accomplished through repurchase agreements reached with sources including, but not limited to, national or state banks chartered in Kentucky;

(B) Obligations and contracts for future delivery or purchase of obligations backed by the full faith and credit of the United States or a United States government agency, including but not limited to: (i) United States Treasury; (ii) Export-Import Bank of the United States; (iii) Government National Mortgage Corporation; and (iv) Merchant Marine;

(C) Obligations of any corporation of the United States government, including but not limited to: (i) Federal Home Loan Mortgage Corporation; (ii) Federal Farm Credit Banks; (iii) Bank for Cooperatives; (iv) Federal Intermediate Credit Banks; (v) Federal Land Banks; (vi) Federal Home Loan Banks; (vii) Federal National Mortgage Association; and (viii) Tennessee Valley Authority;

(D) Certificates of deposit issued by or other interest bearing accounts of any bank or savings and loan institution, including the Paying Agent and Bond Registrar or any of its affiliates, which are insured by FDIC or similar entity or which are collateralized, to the extent uninsured, by any obligations, including surety bonds, permitted by Section 41.240(4) of the Kentucky Revised Statutes;

(E) Uncollateralized certificates of deposit issued by any bank or savings and loan institution, including the Paying Agent and Bond Registrar or any of its affiliates, rated in one of the three highest categories by a nationally recognized rating agency;

(F) Bankers' acceptances for banks, including the Paying Agent and Bond Registrar or any of its affiliates, rated in one of the three highest categories by a nationally recognized rating agency;

(G) Commercial paper rated in the highest category by a nationally recognized rating agency, including commercial paper issued by the Paying Agent and Bond Registrar or any of its affiliates;

(H) Bonds or certificates of indebtedness of the Commonwealth of Kentucky and of its agencies and instrumentalities;

(I) Securities issued by a state or local government, or any instrumentality or agency thereof, in the United States, and rated in one of the three highest categories by a nationally recognized rating agency; and

(J) Shares of mutual funds, each of which shall have the following characteristics:

(i) The mutual fund shall be an open-end diversified investment company registered under the Federal Investment Company Act of 1940, as amended;

(ii) The management company of the investment company shall have been in operation for at least five years;

(iii) All of the securities in the mutual fund shall be investments in any one or more of the investments described in (A) through (I) above;

(iv) The mutual funds may include, without limitation, any mutual fund for which the Paying Agent and Bond Registrar or any of its affiliates serves as investment manager, administrator, shareholder servicing agent, and/or custodian or subcustodian, notwithstanding that (1) the Paying Agent and Bond Registrar or any of its affiliates receives fees from such funds for services rendered, (2) the Paying Agent and Bond Registrar or any of its affiliates charges and collects fees for services rendered pursuant to this Resolution, which fees are separate from the fees received from such funds, and (3) services performed for such funds and pursuant to this Resolution may at times duplicate those provided to such funds by the Paying Agent and Bond Registrar or its affiliates; and

(K) Investment agreements with any financial institution the long-term debt, claims paying ability or financial program strength of which is rated not lower than the second highest category (without regard to gradations within such category) by at least one of the nationally recognized rating agencies; provided that if the investment agreement is guaranteed by a third-party, then the above rating requirement will apply to the guarantor only.

Section 15. Rebate Fund. The following terms when used hereinafter shall have the indicated meanings:

“Computation Period” means, with respect to the Bonds, the period of time over which Excess Earnings are required to be computed under Section 148(f) of the United States Internal Revenue Code of 1986, as amended (the “Code”), and applicable regulations thereunder.

“Cumulative Excess Earnings” means the amount of all Excess Earnings earned from the date of original delivery of the Bonds through the end of the relevant computation date, less the amount of any Excess Earnings paid to the United States pursuant to this Section.

“Excess Earnings” means an amount equal to the sum of (i) plus (ii) where:

(i) is the excess of

(a) the aggregate amount earned on all nonpurpose investments in which gross proceeds of the Bonds are invested (other than investments attributable to an excess described in this clause (i)), over

(b) the amount which would have been earned if such nonpurpose investments (other than amounts attributable to an excess described in this clause (i)) were invested at a rate equal to the yield on the Bonds; and

(ii) is any income attributable to the excess described in clause (i).

The sum of (i) plus (ii) shall be determined in accordance with Section 148(f) of the Code. As used herein, the terms "gross proceeds," "nonpurpose investments" and "yield" have the meanings assigned to them for purposes of Section 148(f) of the Code.

The Board's Electric and Water Refunding Revenue Bonds, Series 2009 Rebate Fund (the "Rebate Fund") is hereby created. Amounts from time to time held in the Rebate Fund, if any, shall be invested in Investment Obligations (to the extent practicable), shall not be subject to the pledge of this Resolution, shall not constitute a part of the funds held for the benefit of the holders of the Bonds and shall be dedicated to the United States of America to the extent of any obligation on the part of the Board to rebate to the United States Cumulative Excess Earnings.

Within ten (10) days after the end of each Computation Period and within ten (10) days after the payment in full of all outstanding Bonds, the Board shall calculate the amount of Cumulative Excess Earnings as of the end of that Computation Period or the date of such payment, and shall also determine the amount then on deposit in the Rebate Fund. If the amount then on deposit in the Rebate Fund is in excess of the Cumulative Excess Earnings, the Board shall forthwith deposit that excess amount in the Sinking Fund. If the amount then on deposit in the Rebate Fund is less than the Cumulative Excess Earnings, the Board shall within ten (10) days deposit in the Rebate Fund an amount sufficient to cause the Rebate Fund to contain an amount equal to the Cumulative Excess Earnings. Within thirty (30) days after the end of the fifth anniversary date of the issuance of the Bonds and every such fifth anniversary date thereafter, the Board shall pay to the United States in accordance with Section 148(f) of the Code from the moneys then on deposit in the Rebate Fund an amount equal to 90% (or such greater percentage not in excess of 100% as the Board may direct) of the Cumulative Excess Earnings as of the end of such fifth anniversary date. Within sixty (60) days after the payment in full of all outstanding Bonds, the Board shall pay to the United States in accordance with Section 148(f) of the Code from the moneys then on deposit in the Rebate Fund an amount equal to 100% of the Cumulative Excess Earnings as of the date of such payment and any moneys remaining in the Rebate Fund following such payment shall be paid to the Sinking Fund.

Section 16. Covenants to Bondholders.

(A) Rates and Charges. While the Bonds or any parity bonds remain outstanding and unpaid, the rates and charges for all services rendered by the System shall be reasonable and just, taking into account and consideration the cost and value of the System and the cost of maintaining and operating the same, and the amounts necessary for the retirement of all bonds and the accruing interest on all such bonds as may be issued or permitted to be issued under the provisions of this Resolution and the payments provided to be made into the Depreciation Fund. Such rates will be fixed, maintained and, if necessary, adjusted from time to time so as to produce after costs of normal maintenance and operation, net revenues (as defined in Section 17 hereof) sufficient (1) to provide for the payment of the principal and interest maturing in the next fiscal year of the System on the

Bonds and parity bonds, if any are issued under the restrictions and conditions set forth in Section 17 hereof, and to accumulate and maintain the Reserve Amount in the Debt Service Reserve Account as provided in Section 13 hereof; (2) to accumulate in the Depreciation Fund for account of the System up to an amount equal to six percent (6%) of the undepreciated book value of the System; (3) to maintain a cash working fund equal to one-twelfth (1/12) of the gross income and revenues of the System during the preceding fiscal year; (4) to pay all other obligations authorized and incurred by the Board in the operation and maintenance of the System and the furnishing of services and facilities thereby; (5) to pay such taxes, if any, as the Board may elect to pay to the City under the provisions of Section 96.179 of the Kentucky Revised Statutes; and (6) to satisfy any other obligations or commitments authorized or incurred by the Board for any lawful corporate purpose as permitted and provided by Section 96.182 of the Act. The rates prevailing at any time will not be reduced except upon the basis of a written statement of a consulting engineer or firm of consulting engineers of national reputation, after necessary investigation, expressing the opinion that the net earnings of the System will not thereby be reduced below the level prescribed in the preceding sentence; and there shall be charged against all users of electric and water services rendered by or through the System, including the City, such rates and amounts for such services as shall be adequate to meet the requirements of this Section 16. Compensation for services rendered to the City shall be charged against the City and payment for the same from the corporate funds shall be made and shall be apportioned as other income and revenues.

(B) Performance. The Board hereby covenants and agrees with the holder or holders of the Bonds and any parity bonds permitted to be issued hereunder, or any of them, that it will faithfully and punctually perform all duties with reference to the System and the operation and maintenance thereof as required by the Constitution and laws of the Commonwealth of Kentucky.

(C) Disposal of Facilities. The Board hereby further covenants, binds and obligates itself and the City not to sell, lease, mortgage or in any manner dispose of any integral part of the System, including any and all extensions, additions and appurtenances thereto that may be made or constructed, until all the Bonds and any parity bonds permitted to be issued hereunder shall have been paid in full, both principal and interest; provided, however, that this covenant shall not be construed to prevent disposal of property by exchange for other property on the basis of a finding by the Board, after necessary investigation, that the property to be obtained through such exchange is of equal or greater value and utility than the property so disposed of and such exchange will not adversely affect the operations of the System or the income and revenues to be derived therefrom; nor shall be construed to prevent the sale, lease or other disposal of properties of the System which are found by the Board to be no longer necessary or useful in the operations of the System, provided that the proceeds, if any, received from the lease, sale or other disposition of any such property shall be paid either into the Depreciation Fund or into the Sinking Fund, but such payments shall not operate to reduce the amounts otherwise required to be paid into said funds.

Section 17. No Priority among Bonds; Issuance of Additional Bonds. The Bonds, together with any additional parity bonds issued under the restrictions and conditions hereinafter set forth, shall not be entitled to priority one over the other in the application of the income and revenues of the System regardless of the time or times of their issuance, it being the intention that there shall be

no priority among such bonds, regardless of the fact that they may be actually issued and delivered at different times.

The Board hereby reserves the right and privilege of issuing additional bonds from time to time payable from the income and revenues of the System ranking on a parity with the Bonds (herein sometimes referred to as "additional parity bonds") in order to pay the costs of extensions, additions and improvements to the System and related costs, including without limitation providing funds for deposit in the Debt Service Reserve Account, provided that (a) either of the conditions set forth in (i) or (ii) below is met and (b), if the KIA Loan, other subordinate KIA loans or similar subordinate obligations payable from the revenues of the System are in effect, the requirements, if any, for the issuance of additional parity bonds (on a parity with the Bonds) contained in the 2008 Assistance Agreement, in any other assistance agreements with KIA or in other similar agreements with respect to similar subordinate loan obligations are met.

(i) The net revenues of the System for the fiscal year preceding the year in which such parity bonds are to be issued were at least 120% of the maximum annual debt service requirements (for any year ending December 1) with respect to all Bonds and parity bonds which are then outstanding and the additional parity bonds then proposed to be issued. The term "net revenues" as herein used is defined as gross income and revenues of the System, which shall mean electric and water service sales and all operating revenues and non-operating income of the System as identified in the Board's financial statements prepared in accordance with generally accepted accounting principles ("GAAP"), less operating expenses of the System, which shall include salaries, wages, costs of maintenance and operation, materials and supplies, costs of electricity generation and purchases and costs of water treatment and purchases, pumping costs and insurance, as well as all other items that are normally and regularly so included under GAAP, but exclusive of capital costs, allowances for depreciation and amortization and payments into the Sinking Fund. Such showing of net revenues for such preceding fiscal year may be based on the report of the auditors.

(ii) A statement is filed with the Secretary-Treasurer by (a) an independent certified public accountant or firm of certified public accountants not in the regular employ of the Board on a monthly salary basis or (b) an independent professional engineer or firm or firms of professional engineers not in the employ of the Board on a monthly salary basis, and of recognized expertise and good reputation in the fields of electric and water engineering and licensed in Kentucky, reciting the opinion or determination based upon necessary investigation that the net revenues of the System as defined in (i) above for twelve (12) consecutive months out of the eighteen (18) months preceding the issuance of said additional parity bonds (with adjustments as hereinafter provided, if necessary) were equal to at least 120% of the maximum annual debt service (for any year ending December 1) on the Bonds and any parity bonds then outstanding and the proposed additional parity bonds. The net revenues may be adjusted for the purpose of the foregoing computations to reflect any revision in the schedule of rates or charges being imposed at the time of the issuance of any such additional parity bonds, and also to reflect any increase in such net revenues by reason of the extensions, additions and improvements to the System the cost of which (in whole or in part) is to be paid through the issuance of such additional parity bonds and by reason of the

investment of any proceeds of such additional parity bonds that are deposited in the Debt Service Reserve Account; but such adjustments to reflect an increase in net revenues by reason of extensions, additions and improvements to the System shall only be made if contracts for the immediate construction or acquisition of such extensions, additions and improvements have been or will be entered into prior to the issuance of such additional parity bonds. All such adjustments to reflect any revision of rates and charges or an increase in net revenues by reason of extensions, additions and improvements to the System shall be based upon written certification by (a) a professional engineer not in the employ of the Board on a monthly salary basis, or a firm or firms of professional engineers of recognized expertise and good reputation in the fields of electric and water engineering and licensed in Kentucky or (b) a certified public accountant or firm of certified public accountants.

The Board hereby further reserves the right and privilege of issuing additional parity bonds for the purpose of refunding the Bonds or any parity bonds, or any portion thereof, as may be outstanding, provided that before any additional parity bonds are issued for such purpose, there shall have been procured and filed with the Secretary-Treasurer a statement by an independent certified public accountant or firm of independent certified public accountants reciting the opinion or determination based upon necessary investigation that after the issuance of such additional parity bonds the net revenues, as adjusted and defined above, of the System for the fiscal year preceding the date of issuance of such additional parity bonds or for twelve (12) consecutive months out of eighteen (18) months preceding the issuance of such additional parity bonds, after taking into account the revised Reserve Amount resulting from the issuance of such additional parity bonds and from the elimination of the bonds being refunded thereby, are equal to not less than 120% of the maximum annual debt service (for any year ending December 1) on the Bonds and any parity bonds then outstanding and the proposed additional parity bonds and calculated in the manner specified above.

The interest payment dates for all such additional parity bonds shall be semiannually on June 1 and December 1 of each year, and the principal maturities thereof shall be on December 1 of the year in which any such principal is scheduled to become due.

The additional parity bonds, the issuance of which is restricted and conditioned by this Section, shall be understood to mean bonds payable from the income and revenues of the System on a parity with the Bonds, and shall not be deemed to include nor prohibit the issuance of other obligations, the security and source of payment of which is subordinate and subject to the priority of the payments into the Sinking Fund for account of the Bonds and any parity bonds.

Section 18. Additional Covenants of Board.

(A) Insurance. The Board covenants and agrees that so long as the Bonds or any parity bonds are outstanding it will keep its operations and all buildings and all machinery and equipment therein, constituting a part of the System, insured to the extent insurable under a policy or policies of a responsible insurance company or companies authorized and qualified under the laws of Kentucky to assume such risks and in amounts and of the character customarily carried by municipal utilities in similar operations. The proceeds of all such insurance shall be available for the repair, replacement and reconstruction of damaged or destroyed property. The Board further covenants and agrees in

like manner to carry public liability and property damage insurance covering such risks and for such amounts as the Board determines from time to time to be necessary or advisable by reason of the character and extent of its operations. If the insurance proceeds are in excess of the amount required for making good the loss or damage in respect of which such proceeds are received by repairing, replacing and reconstructing the property damaged or destroyed, any balance remaining shall be paid into the Sinking Fund or the Depreciation Fund, and if for any reason the insurance proceeds are insufficient for the repair, replacement and reconstruction of the damaged or destroyed property, any deficiency may be supplied from any moneys legally available to the Board for such purposes.

(B) Financial Records. The Board covenants and agrees that it will keep and maintain proper books and accounts adapted to the System, which books and accounts will show the several items of receipts and disbursements and the same shall be audited annually by a recognized independent firm of certified public accountants; and in each annual audit report such accountants shall be instructed to comment on the performances of the Board during the audit period as compared with the requirements set forth in this Resolution. The balance sheet and the profit and loss statement of the System as certified by such accountants shall be generally available to the holder or holders of any Bonds upon their written request.

Section 19. Tax Covenants and Representations. The Board certifies, covenants and agrees to and for the benefit of the Bondholders that so long as any of the Bonds remain outstanding, moneys on deposit in any fund or account in connection with the Bonds, whether or not such moneys were derived from the proceeds of the sale of the Bonds or from any other sources, will not be invested or used in a manner which will cause the Bonds to be "arbitrage bonds" within the meaning of Sections 103(b)(2) and 148 of the United States Internal Revenue Code of 1986, as amended (the "Code"), and any lawful income tax regulations issued or proposed thereunder, as the same presently exist, or may from time to time hereafter be amended, supplemented or revised. The Chairman, Vice Chairman and/or Secretary-Treasurer as the officers of the Board charged with the responsibility for issuing the Bonds are authorized and directed, for and on behalf of the Board, to execute all certificates and other documents that may be required for evidencing compliance with federal tax rules, and any representations, certifications and covenants contained in such certificates and other documents so executed shall be deemed to constitute representations, certifications and covenants of the Board.

The Board further represents, warrants, agrees, covenants and certifies as follows:

(A) Within the meaning of Section 141 of the Code and the Income Tax Regulations issued thereunder, over the term of the Bonds (i) less than 10% of the proceeds of the Bonds, if any, will be applied for any private business use, and the payment of principal of or interest on less than 10% of the amount of the Bonds, if any, will be secured directly or indirectly by any interest in property used for a private business use, or payments in respect of such property, or will be derived directly or indirectly from payments (whether or not to the Board) in respect of such property; (ii) at least 90% of the proceeds applied for a governmental use of the Board; (iii) any private business use of the System will be related to such governmental use of the Board and will not be unrelated or disproportionate; and (iv) none of the proceeds of the Bonds will be used, directly or indirectly, to make or finance loans to private persons. It is reasonably expected that over the term of the Bonds

(a) the System will be available for general public use, in that it will be reasonably available for use by natural persons not engaged in a trade or business on the same basis as any other person or entity, (b) no nongovernmental person will have any special legal entitlement to use the System, and (c) there will be no direct or indirect payments made with respect to the System or the security of the Bonds by any persons or entities other than payments by the general public as described in clause (a) above.

(B) The Board will take all action necessary to comply with the arbitrage rebate requirements of Section 148(f) of the Code in respect of the Bonds.

(C) It is reasonably expected that during the term of the Bonds the facilities refinanced by the Bonds will not be disposed of; provided, however, should there be any disposition of any personal property constituting facilities refinanced by the Bonds because it is no longer suitable for its governmental purpose, it is reasonably expected that the fair market value of such personal property will not exceed 25% of its cost.

(D) The weighted average maturity of the Bonds does not exceed 120% of the weighted average useful life of the facilities financed or refinanced by the Bonds.

(E) The Bonds are not federally guaranteed within the meaning of Section 149(b) of the Code.

(F) The Board will comply with the information reporting requirements of Section 149(e) of the Code.

(G) The Board will not use or permit the use of any of the funds provided by the Bonds in such manner as to, or take or omit to take any action which would, impair the exclusion from gross income for federal income tax purposes of interest on the Bonds. The Board shall at all times do and perform all acts and things permitted by law and necessary or desirable in order to assure that interest paid by the Board on the Bonds shall, for the purposes of federal income taxation, be excludable from gross income.

(H) Within the meaning of Section 265(b) of the Code, the Bonds are "qualified tax-exempt obligations" and are hereby so designated (or deemed designated) by the Board for purposes of Section 265(b)(3) of the Code, and in this connection the Board states that the reasonably anticipated amount of qualified tax-exempt obligations (other than private activity bonds and current refunding bonds not exceeding the amount of the refunded obligations) which will be issued by the Board during calendar year 2009 does not exceed \$30,000,000.

Section 20. Defeasance. If the Board shall pay or cause to be paid, or there shall otherwise be paid, to the holders of all Bonds the total principal and interest due or to become due thereon at the times and in the manner stipulated therein and in this Resolution, then the pledge of this Resolution, and all covenants, agreements and other obligations of the Board to the Bondholders, shall thereon cease, terminate and become void and be discharged and satisfied.

Whenever there shall be held irrevocably in the Sinking Fund or an escrow fund established for such purpose either (a) moneys in an amount which shall be sufficient or (b) direct obligations of or obligations fully guaranteed by the United States of America, including such obligations issued or held in book-entry form, the principal of and interest on which when due (without consideration of reinvestment income) will provide moneys which, together with other moneys, if any, then on deposit in the Sinking Fund or such escrow fund, shall be sufficient to pay when due the principal of and interest on the Bonds or any part thereof to and including the date on which the Bonds or any of them will be redeemed in accordance with this Resolution, or the maturity date or dates thereof, as the case may be, then and in any of such events all such Bonds shall be deemed to have been paid within the meaning and with the effect expressed above in this Section; and the Paying Agent and Bond Registrar shall be and is instructed to send in accordance with this Resolution irrevocable notice of redemption to the holders of any such Bonds that are to be redeemed. Thereafter the holders of such Bonds shall be entitled only to payment out of the cash and obligations deposited as aforesaid.

The provisions of the immediately foregoing paragraph are subject to the limitation that no discharge and release of the pledge of this Resolution shall be accomplished through the use of any funds or investments which would adversely affect the exclusion of interest on any such Bonds from gross income for federal income tax purposes.

Section 21. Sale of Bonds. Each of the Chairman, Vice Chairman and Secretary-Treasurer is authorized to execute and to cause to be published pursuant to KRS Chapter 424 an appropriate form of Notice of Bond Sale soliciting competitive bids for the purchase of the Bonds, such bids to be received until a fixed time and day, as the Chairman, Vice Chairman or Secretary-Treasurer may determine, after which fixed time the competitive bids theretofore received shall be tabulated by the Board's Financial Advisor, Morgan Keegan & Company, Inc. (the "Financial Advisor"). The Notice of Bond Sale shall be in such form as may be prepared by the Board's Bond Counsel, Stoll Keenon Ogden PLLC ("Bond Counsel"), and recommended by the Financial Advisor in connection with the issuance of the Bonds.

The public offering of the Bonds shall be on the following terms and conditions and such other terms and conditions as may be set out in the sale materials hereinafter referred to and as the Chairman, Vice Chairman and Secretary-Treasurer may determine:

(A) Bids shall be for the entire series and may be required to be submitted upon or in a form containing the essential elements of the Official Bid Form hereinafter approved in order to provide for uniformity in submission of bids and ready determination of the best bid. The Financial Advisor may submit a bid for the Bonds.

(B) Bidders shall be required to bid not less than 98% of par; provided that upon the recommendation of the Financial Advisor, each of the Chairman, Vice Chairman or Secretary-Treasurer is authorized to approve a change in the required minimum bid price, and also to change the date and hour of the sale.

(C) The successful bidder shall be required to wire a 2% good faith deposit to the Paying Agent and Bond Registrar, for the account of the Board, by the end of the day following the sale.

(D) Bidders must stipulate an interest rate or rates in a multiple of 1/8 or 1/20 of 1%. There is no limit on the number of different interest rates which may be specified by any bidder, provided that all Bonds of the same maturity shall bear the same and a single interest rate from the date thereof to maturity.

(E) The right to reject bids for any reason deemed advisable by the Board, and the right to waive any possible informalities or irregularities in any bid which in the judgment of the Board shall be minor or immaterial, are expressly reserved.

(F) CUSIP identification numbers may be printed on the Bonds at the expense of the Board. Neither the failure to print a CUSIP number on any Bonds nor any error with respect thereto shall constitute cause for a failure or refusal by the purchaser thereof to accept delivery of and pay for the Bonds in accordance with the terms of the purchase agreement.

(G) Bidders have the option of specifying that all of the principal amount of the Bonds maturing on any two or more consecutive dates given in the schedule in Section 3 hereof may, in lieu of maturing on each of such dates, be considered to comprise one maturity of the Bonds ("Term Bonds") scheduled to mature on the latest of such dates and be subject to mandatory sinking fund redemption at par in the manner described in Section 4(A) hereof on each of the dates and in the principal amounts as given in said schedule (subject to adjustment as herein provided), except for the principal amount of such Bonds scheduled to mature on the date of maturity of the Term Bonds, which shall mature in such year. Bidders may specify one or more of such Term Bonds.

(H) The determination of the best bid will be made on a true interest cost basis as approved by the Board and as set out in the Official Terms and Conditions of Bond Sale described below and on the basis of all bids submitted for the total amount of Bonds offered for sale under the terms and conditions herein specified. The Board will accept a bid or reject such bids by official action of the Chairman, Vice Chairman or Secretary-Treasurer; provided, however, the Board reserves the right to increase or decrease by an amount not exceeding \$1,000,000 (in \$5,000 denominations) the total amount of Bonds sold to such best bidder by increasing or decreasing any of the stipulated principal maturities. In the event of any such adjustment, which shall be by official action of the Chairman, Vice Chairman or Secretary-Treasurer, no rebidding or recalculation of the bid submitted will be required or permitted. The price at which such adjusted amount of Bonds will be sold will be at the same price per \$1,000 of the advertised amount of Bonds as the price bid per \$1,000 for the advertised amount of Bonds.

Further, upon determination of the best bid for the Bonds, the Board shall have the right within its sole discretion, without increasing or decreasing the aggregate principal amount of Bonds, to increase or decrease (in increments of \$5,000) the amount of any annual principal maturities in order to achieve desired debt service levels. In the event of any such adjustments, which shall be made by official action of the Chairman, Vice Chairman or Secretary-Treasurer, no rebidding or recalculation of a submitted bid will be required or permitted.

(I) If the successful bidder for the Bonds desires to purchase a municipal bond insurance policy insuring payment of all or a portion of the debt service payable on the Bonds, the successful bidder may do so at its own risk and expense and the obligation of the successful bidder to pay for

the Bonds shall not be conditioned on the issuance of a municipal bond insurance policy. The Board will cooperate with the successful bidder in obtaining such insurance but the Board will not enter into any additional agreements with a bond insurer. Without limiting the generality of the foregoing, the successful bidder will be responsible for all costs, expenses and charges associated with the issuance of such insurance, including but not limited to the premium for the insurance policy and any taxes related thereto, provided that the Board will pay the fee of Standard & Poor's Ratings Services for rating the Bonds.

* * *

Each of the Chairman, Vice Chairman and Secretary-Treasurer is authorized in connection with the Bond sale to sign and cause to be furnished to any interested party upon request an Official Terms and Conditions of Bond Sale containing the above conditions, together with additional requirements and information relating to the sale and delivery of the Bonds, and giving a description of the Bonds, all calculated to bring about uniformity in bidding.

Suggested forms of the Notice of Bond Sale and the Official Terms and Conditions of Bond Sale, including the Official Bid Form, having been prepared and submitted according to the recommendation of the Financial Advisor by Bond Counsel, and the same having been examined by the Board and found to be in order, the same are hereby approved for use in connection with the Bond sale.

In addition to the foregoing, on the recommendation of the Financial Advisor bids may be taken or submitted electronically (provided all electronic proposals shall be deemed to incorporate in substance the provisions of the Official Bid Form). Any bid transmitted electronically shall be submitted through BIDCOMP/PARITY[®] and no other provider of electronic bidding services will be accepted. Bidders submitting an electronic proposal must fulfill any requirements of the bidding service provider over and above the requirements of the Board set forth in the Official Terms and Conditions of Bond Sale. Electronic bidding for the Bonds shall be made available to bidders solely as a courtesy by the Board. The Board shall assume no responsibility or liability for bids submitted through the electronic bidding service provider. Without limiting the generality of the foregoing disclaimers, the Board does not assume responsibility for any communications or negotiations between bidders and the electronic bidding service provider, or for any failure of the provider to accurately or timely submit any electronic proposal. Any electronic proposal shall be deemed to incorporate all of the provisions of the Official Bid Form and the Official Terms and Conditions of Bond Sale. Each bidder shall be solely responsible for making necessary arrangements to access the electronic bidding service provider for purposes of submitting such bidder's bid in a timely manner and in compliance with the requirements of the Board. The Board shall have no duty or obligation to provide or assure such access to any bidder. The Board shall not be responsible for proper operation of, or have any liability for, any delays or interruptions of, or any damages caused by, the provider's service. The Board shall use the provider's service solely as a communication mechanism, and not as the Board's agent, to conduct the electronic bidding for the Bonds. If any provision in the Official Terms and Conditions of Bond Sale (herein approved) conflicts with information provided by the electronic bidding service provider, the Official Terms and Conditions of Bond Sale shall control.

In addition, in connection with the Bond sale the Board has caused to be prepared its Preliminary Official Statement (the "Preliminary Official Statement") setting forth relevant information concerning the issuance of the Bonds, including, *inter alia*, financial data relating to the System. The Preliminary Official Statement and the use thereof by the Board in offering and selling the Bonds is hereby expressly approved, the Board, through certain of its officials and employees, having reviewed the Preliminary Official Statement and having found the factual statements and the data therein to be accurate, and each of the Chairman, Vice Chairman and Secretary-Treasurer is authorized to approve the same on behalf of the Board, with such modifications as may be necessary or desirable and approved by the Chairman, Vice Chairman or Secretary-Treasurer. The Preliminary Official Statement shall be supplemented following sale of the Bonds, and either the Chairman or the Vice Chairman is authorized to approve and sign such supplemented or final Official Statement on behalf of the Board, which is authorized for distribution in connection with the sale of the Bonds. The Preliminary Official Statement is in a form "deemed final" by the Board for purposes of SEC Rule 15c2-12(b)(1) but, as aforesaid, is subject to supplementation and completion following sale of the Bonds. The Chairman, Vice Chairman or Secretary-Treasurer of the Board is also hereby authorized and directed, on the recommendation of the Board's Financial Advisor, to cause the Official Terms and Conditions of Bond Sale (including the Official Bid Form) and the Preliminary Official Statement and/or the final Official Statement to be posted on the Internet through one or more nationally recognized municipal market information or electronic bidding service providers. The electronic or physical distribution of the and Official Terms and Conditions of Bond Sale (including the Official Bid Form) and the Preliminary Official Statement as herein provided is hereby ratified, confirmed, authorized and approved. If any provision of the Notice and Official Terms and Conditions of Bond Sale and the Preliminary Official Statement, herein approved, conflicts with information provided by any electronic information service provider, the Notice and Official Terms and Conditions of Bond Sale and Preliminary Official Statement as herein approved shall control.

The Chairman, Vice Chairman and Secretary-Treasurer and other officials of the Board, including the Finance Director, and each of them, are further authorized to enter into and to execute on behalf of the Board any and all certificates, opinions, instruments and documents necessary or desirable, upon the advice of counsel or the Financial Advisor, to effectuate the issuance of the Bonds, including without limitation any modifications of this Resolution which are deemed to be insubstantial.

On the date and at the hour set forth for the opening of purchase bids, as provided in the instruments hereinabove approved, the bids theretofore received by the Board shall be publicly examined by one of the Chairman, Vice Chairman or Secretary-Treasurer and shall then be referred to the Board's Financial Advisor for assistance in determining the best bid. After examination and recommendation by the Finance Advisor, each of the Chairman, Vice Chairman and Secretary-Treasurer of the Board is hereby authorized to, and one of them shall, establish the rates of interest on, the principal maturities of, the mandatory sinking fund installments, if any, of and necessary or appropriate details of the Bonds by completion and execution of the acceptance on the Official Bid Form of the successful bidder, if submitted, or other certificate or document establishing those terms and details, a copy of which document shall be filed in the official records of the Board, provided that the net average interest rate on the Bonds shall not exceed 5.0% per annum.

Section 22. Bondholders' Rights and Remedies. As provided in Section 96.184 of the Act, any holder or holders of Bonds shall have the right, in addition to all other rights:

(A) By action in court, to enforce his or their rights against the Board, and any other proper officer, agent or employee of the Board, including without limitation the right to require the Board, and any proper officer, agent or employee of the Board, to fix and collect rates and charges adequate to carry out any agreement as to, or pledge of, revenues from the System, and to require the Board, and any officer, agent or employee of the Board, to carry out any other covenants or agreements and to perform its and their duties under the Act.

(B) By action in equity, to enjoin any act or thing which may be unlawful or a violation of the rights of the holder of Bonds.

If there is a default in the payment of the principal or interest of any Bonds, any court having jurisdiction may, upon the petition of the holders of not less than twenty-five percent (25%) of the outstanding Bonds, appoint a receiver to administer the System on behalf of the Board, with power to charge and collect rates sufficient to provide for the payment of any bonds or obligations outstanding against the System and for the payment of the operating expenses and to apply the income and revenues in conformity with the Act.

Section 23. Resolution as Contract. The provisions of this Resolution shall constitute a contract between the Board and the holders of the Bonds and any additional parity bonds, and after the issuance of any of said bonds no material change, variation or alteration of any kind in the provisions of this Resolution shall be made in any manner without the consent of such holders and except as otherwise herein provided, until such time as all of the bonds issued hereunder and interest thereon have been paid or provided for in full by defeasance as provided in Section 20 hereof or as otherwise provided herein.

The Board may specifically make any amendment or change herein (a) to evidence the succession of an institution as Paying Agent and Bond Registrar, (b) to cure any ambiguity or to cure, correct or supplement any defective or inconsistent provisions contained herein or in any resolution or other proceedings pertaining hereto, (c) to grant to or confer on the Paying Agent and Bond Registrar for the benefit of the holders of the Bonds any additional rights, remedies, powers, authority or security which may lawfully be granted or conferred and which are not contrary to or inconsistent with this Resolution as theretofore in effect, (d) to permit the Paying Agent and Bond Registrar to comply with any obligations imposed on it by law, (e) to achieve compliance of this Resolution with any federal tax law, regulation or ruling, (f) to maintain or improve any rating on the Bonds or (g) for any other purpose not inconsistent with the terms of this Resolution which shall not impair the security of the Bondholders or otherwise materially adversely affect the rights of the Bondholders.

Additionally, and not in limitation of the foregoing, the holders of eighty percent (80%) in principal amount of the Bonds shall have the right to consent to and approve the adoption of resolutions or other proceedings modifying or amending any of the terms or provisions contained in this Resolution, subject to the condition that this Resolution shall not be so modified in any manner that may adversely affect the rights of any holders without similarly affecting the rights of all holders

of the Bonds or to reduce the percentage of the number of holders whose consent is required to effect a further modification.

Section 24. Continuing Disclosure. Prior to the issuance of the Bonds, the Board shall execute a Continuing Disclosure Certificate dated the date of issuance and delivery of the Bonds, which document, as originally executed and as it may be amended from time to time in accordance with the terms thereof, is hereinafter referred to as the "Continuing Disclosure Certificate." The Board hereby covenants and agrees that it will comply with and carry out all of the provisions of the Continuing Disclosure Certificate. Notwithstanding any other provision of this Resolution, failure of the Board to comply with the Continuing Disclosure Certificate shall not be considered an event of default under this Resolution; however, any holder of a Bond may take such action as may be necessary to obtain specific performance by court order to cause the Board to comply with its obligations under this Section.

Section 25. Holidays. If the date for making any payment or the last date for performance of any act or the exercising of any right, as provided in this Resolution, is not a business day for the Paying Agent and Bond Registrar, such payment may be made or act performed or right exercised on the next succeeding business day with the same force and effect as if done on the nominal date provided in this Resolution, and no interest shall accrue for the period after such nominal date.

Section 26. Severability. If any section, paragraph, clause or provision of this Resolution shall be held to be invalid or ineffective for any reason, the remainder of this Resolution shall remain in full force and effect, it being expressly hereby found and declared that the remainder of this Resolution would have been adopted despite the invalidity of such section, paragraph, clause or provision.

Section 27. Miscellaneous Provisions. (A) All resolutions or parts thereof in conflict herewith are, to the extent of such conflict, hereby repealed.

(B) This Resolution shall take effect immediately upon its adoption as provided by law.

(C) The captions or headings in this Resolution, and in the Table of Contents preceding this Resolution, are for convenience only and in no way define, limit or describe the scope or intent of any provisions or sections of this Resolution.

ADOPTED BY THE ELECTRIC AND WATER PLANT BOARD OF THE CITY OF FRANKFORT, KENTUCKY, at a meeting held on the 27th day of October, 2009, signed by the Chairman or Vice Chairman, attested by the Secretary-Treasurer, and declared to be in full force and effect.

Chairman

Attest:

Secretary-Treasurer

Certification

The undersigned, Secretary-Treasurer of the Electric and Water Plant Board of the City of Frankfort, Kentucky (the "Board"), hereby certifies that the foregoing is a true, complete and correct copy of a Resolution duly adopted by the Board at a properly convened meeting of the Board held on the 27th day of October, 2009, as shown by the official records of the Board in my custody and under my control, and that said Resolution is in full force and effect.

WITNESS my hand this 21 day of Dec., 2009.

Secretary-Treasurer

BOND AUTHORIZING RESOLUTION

A RESOLUTION OF THE ELECTRIC AND WATER PLANT BOARD OF THE CITY OF FRANKFORT, KENTUCKY, AUTHORIZING THE SALE AND ISSUANCE OF THE BOARD'S ELECTRIC AND WATER REVENUE BONDS, SERIES 2013 TO REFUND THE BOARD'S ELECTRIC AND WATER SYSTEM REVENUE BOND ANTICIPATION NOTE, SERIES 2012; SETTING FORTH THE TERMS AND CONDITIONS UPON WHICH THE 2013 BONDS AND ADDITIONAL BONDS RANKING ON A PARITY THEREWITH ARE TO BE AND MAY BE ISSUED AND OUTSTANDING; PROVIDING FOR THE SECURITY OF THE SERIES 2013 BONDS AND THE PAYMENT THEREOF FROM THE REVENUES OF THE BOARD'S COMBINED ELECTRIC AND WATER SYSTEM, THE COLLECTION, SEGREGATION AND APPLICATION OF SUCH REVENUES AND THE OPERATION AND MAINTENANCE OF THE SYSTEM; PROVIDING FOR THE RIGHTS OF THE HOLDERS OF THE SERIES 2013 BONDS AND THE ENFORCEMENT THEREOF; AND PROVIDING FOR AN ADVERTISED, PUBLIC, COMPETITIVE SALE OF THE 2013 BONDS

Adopted August 20, 2013

Section 22. Resolution as Contract	34
Section 23. Continuing Disclosure	34
Section 24. Holidays	34
Section 25. Severability	35
Section 26. Miscellaneous Provisions.....	35

Assistance Agreement”) and being payable by the Board from the revenues of the System on a subordinate basis and subject to the pledge and lien securing the 2009 Bonds; and

- (3) \$3,500,000 outstanding principal amount of Electric and Water System Revenue Bond Anticipation Note, Series 2012 (the “2012 Note”), authorized by a Resolution of the Board adopted on August 21, 2012 (the “2012 Resolution”) and being payable by the Board from the revenues of the System on a subordinate basis and subject to the pledges and liens securing the 2009 Bonds and the KIA Loan; and

WHEREAS, the 2009 Bonds, the KIA Loan and the 2012 Note are current as to the payment of principal and interest and for their security certain funds and reserves are being maintained in the amounts and manner prescribed by the 2009 Resolution, the KIA Assistance Agreement and the 2012 Resolution; and

WHEREAS, it is provided in the 2009 Resolution that the Board may issue additional bonds ranking on a basis of parity and equality with the 2009 Bonds for the purpose of paying the costs of extensions, additions and improvements to the System and refunding existing parity bonds upon a showing of compliance with the parity bond coverage test set forth in the 2009 Resolution, and it has been determined by the Board that it may meet such coverage test so that additional parity bonds, on a parity with the 2009 Bonds, may, upon the enactment and implementation of water service rate increases, if necessary, be issued in an amount sufficient to satisfy the purposes set forth below; and the Board has determined to make a commitment to enact and to implement such a rate increase, if necessary, in order to issue such additional parity bonds; and

WHEREAS, the Board desires and intends to authorize, sell and issue \$4,050,000 principal amount (subject to adjustment as hereinafter provided) of its Electric and Water Revenue Bonds, Series 2013 (the “2013 Bonds”), pursuant to the Act for the following purposes:

- (1) to currently refund, pay and discharge the 2012 Note;
- (2) to fund a debt service reserve for the 2013 Bonds, if necessary; and
- (3) to pay costs of issuance of the 2013 Bonds, including underwriter’s discount; and

WHEREAS, the 2013 Bonds, when issued, will be payable on a first pledge basis from the revenues of the System on a parity with the 2009 Bonds and the KIA Loan shall be payable from the revenues of the System on a subordinate basis and subject to the pledge and lien securing the 2009 Bonds and the 2013 Bonds; and

WHEREAS, it is now appropriate for the Board to provide for borrowing of the sum of \$4,050,000 (subject to adjustment as hereinafter provided) by means of the issuance and sale of the Bonds according to authority of the Act; and the Bonds shall be payable as to both principal and interest solely from the Board’s income and revenues derived from the operation of the

Bonds shall be issued and reissued by the Paying Agent and Bond Registrar from time to time only as fully registered bonds without coupons in the denominations of \$5,000 and any integral multiple thereof, as hereinafter provided. Unless the Board shall otherwise direct, the 2013 Bonds shall be numbered separately from 1 upward.

Principal of and interest on 2013 Bonds registered in Book-Entry Form in the name of the Securities Depository or the Securities Depository Nominee (all as described in Section 3(b) hereof) shall be payable by wire transfer from the Paying Agent and Bond Registrar to the Securities Depository or its nominee.

The 2013 Bonds shall bear interest at a rate or rates to be established by official action of the Chairman, Vice Chairman or Secretary-Treasurer of the Board on the basis of competition after the 2013 Bonds are offered for sale at an advertised, public, competitive sale as hereinafter provided. The fifteenth (15th) day of the month before a June 1 or December 1 interest payment date shall be the record date for the 2013 Bonds (the "Record Date") for the purpose of determining the Registered Holder to whom interest shall be payable on the next succeeding interest payment date, and the Paying Agent and Bond Registrar may treat for such purpose the person in whose name any 2013 Bond is registered on the Record Date as the Registered Holder thereof. Interest shall be computed on the basis of a year of 360 days consisting of twelve 30-day months.

The 2013 Bonds shall mature and be payable as to principal as follows:

<u>Maturity Date</u>	<u>Principal Amount</u> *	<u>Maturity Date</u>	<u>Principal Amount</u> *
December 1, 2014	\$370,000	December 1, 2019	\$405,000
December 1, 2015	370,000	December 1, 2020	415,000
December 1, 2016	380,000	December 1, 2021	425,000
December 1, 2017	385,000	December 1, 2022	445,000
December 1, 2018	395,000	December 1, 2023	460,000

*Subject to increase or reduction as provided in Section 2 and Section 20 hereof.

provided, however, certain 2013 Bonds may become Term Bonds subject to mandatory sinking fund redemption as described in Section 4 hereof and in Section 20 hereof.

All of the 2013 Bonds, together with the 2009 Bonds, and the interest thereon and any parity bonds permitted to be issued hereunder, shall be payable only out of and secured by a pledge of the Sinking Fund (as defined by Section 12(b) hereof) created by the 2009 Resolution and shall be a valid claim of the Registered Holder thereof only against the Sinking Fund and the portion or amount of the income and revenues of the System pledged to the Sinking Fund. The Sinking Fund and all income and revenues of the System and other moneys which are or should be in accordance with the terms hereof be paid into the Sinking Fund are hereby pledged for the purpose of equally securing the payments when due of principal of and interest on the 2009 Bonds, the 2013 Bonds and any parity bonds permitted to be issued hereunder.

Neither the Board nor the Paying Agent and Bond Registrar shall have any responsibility or obligation with respect to:

- (i) the accuracy of the records of the Securities Depository or any Participant with respect to any beneficial ownership interest in the 2013 Bonds;
- (ii) the delivery to any Participant, any beneficial owner of the 2013 Bonds or any other person, other than the Securities Depository, of any notice with respect to the 2013 Bonds; or
- (iii) the payment to any Participant, any beneficial owner of the 2013 Bonds or any other person, other than the Securities Depository, of any amount with respect to the principal or interest on the 2013 Bonds.

So long as any 2013 Bonds are registered in Book-Entry Form, the Board and the Paying Agent and Bond Registrar may treat the Securities Depository as, and deem the Securities Depository to be, the absolute owner and the Registered Holder of such 2013 Bonds for all purposes whatsoever, including without limitation:

- (i) the payment of principal and interest on the 2013 Bonds;
- (ii) giving notices of redemption and other matters with respect to the 2013 Bonds;
- (iii) registering transfers with respect to the 2013 Bonds;
- (iv) selection of 2013 Bonds for redemption; and
- (v) for purposes of obtaining any consents under this Resolution.

As used herein, the terms “holder of 2013 Bonds” or “Bondholder” shall be deemed to refer to the Registered Holder of the 2013 Bonds.

If at any time the Securities Depository notifies the Board that it is unwilling or unable to continue as Securities Depository with respect to the 2013 Bonds, or if at any time the Securities Depository shall no longer be registered or in good standing under the Securities Exchange Act or other applicable statute or regulation and a successor Securities Depository is not appointed by the Board within ninety (90) days after the Board receives notice or becomes aware of such condition, as the case may be, then this Section 3(b) shall no longer be applicable and the Board shall execute and the Paying Agent and Bond Registrar shall authenticate and deliver certificates representing the 2013 Bonds to the Registered Holders.

Payment of principal and interest on any 2013 Bonds not registered in Book-Entry Form shall be made as provided in Section 3(a) hereof.

A portion of any 2013 Bond may be redeemed, but 2013 Bonds shall be redeemed only in the principal amount of \$5,000 each or any integral multiples thereof. Upon surrender of any 2013 Bond for redemption in part only, the Board shall execute and the Paying Agent and Bond Registrar shall register, authenticate and deliver to the holder thereof, within a period of three (3) days from surrender of such 2013 Bond to the Paying Agent and Bond Registrar, at the expense of the Board, a new 2013 Bond or 2013 Bonds of the same maturity, of authorized denominations and in aggregate principal amount equal to the unredeemed portion of the 2013 Bond surrendered.

Section 5. Execution of Bonds; Limited Obligation. The 2013 Bonds shall be executed on behalf of the Board by the manual or reproduced facsimile signature of the Chairman or the Vice Chairman and shall have impressed or imprinted thereon either a true impression or a reproduced facsimile of the official seal of the Board and shall be attested with the manual or reproduced facsimile signature of the Secretary-Treasurer. An authorized facsimile signature shall have the same force and effect as a manual signature. In case any officer of the Board whose signature or a facsimile of whose signature shall appear on the 2013 Bonds shall cease to be such officer before the delivery of such 2013 Bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes, the same as if he had remained in office until delivery.

The 2013 Bonds are not general obligations of the Board but are special and limited obligations payable solely from the Sinking Fund as hereinafter provided, and the Sinking Fund and the income and revenues of the System herein provided to be paid into the Sinking Fund are hereby specifically pledged to the holders of the 2013 Bonds for the payment of the 2013 Bonds and interest thereon in the manner and to the extent provided herein. The 2013 Bonds and the interest thereon do not constitute a debt, indebtedness or a pledge of the faith and credit of the City or the Board within the meaning of any provision or limitation of the Constitution or statutes of the Commonwealth of Kentucky and shall not constitute a charge against their general credit. The Board shall not be obligated to pay the principal of the 2013 Bonds or the interest thereon or other costs incident thereto except from the net revenues and amounts pledged therefor, and the faith and credit of the Board are not pledged to the payment of the principal of the 2013 Bonds or the interest thereon or other costs incident thereto.

Section 6. Form of 2013 Bonds. The 2013 Bonds shall be issued only in the form of bonds registered as to payment of both principal and interest in substantially the following form, with necessary and appropriate variations, omissions and insertions as permitted or required by this Resolution, as follows:

(FORM OF 2013 BOND)

for the purpose (among others) of refinancing major additions and improvements to the Board's combined and consolidated municipal electric and water system (the "System") by refunding a certain note of the Board, and this Bond has been issued under and in full compliance with the Constitution and statutes of the Commonwealth of Kentucky, including among others Sections 96.171 through 96.188 of the Kentucky Revised Statutes (the "Act").

Reference is made to the Bond Resolution for provisions with respect to the nature and extent of the security, rights, duties and obligations of the holders of the Bonds, the Board and the Paying Agent and Bond Registrar, the terms upon which the Bonds are issued and the terms and conditions upon which the Bonds will be deemed to be paid at or before their scheduled maturity or redemption upon the making of provision for the payment thereof in the manner set forth in the Bond Resolution.

*The Bonds maturing on December 1, 20__, are subject to mandatory sinking fund redemption in part, at the selection of the Paying Agent and Bond Registrar by lot, from moneys in the special fund identified hereinafter on each December 1, beginning December 1, 20__, at the principal amount thereof plus accrued interest to the redemption date, according to following schedule of mandatory sinking fund installments:

<u>December 1</u>	<u>Amount</u>
20__	\$ ____
20__ (maturity)	\$ ____

* At least thirty (30) but no more than sixty (60) days before the redemption date of any Bonds, the Paying Agent and Bond Registrar shall cause a notice of redemption to be mailed postage prepaid by first class mail to all registered holders of Bonds to be redeemed in whole or in part at their registered addresses. Failure to mail any notice or any defect therein in respect of any such Bond shall not affect the validity of the redemption of any other Bond. Such redemption notice shall set forth in detail the redemption provisions.

* The preceding two paragraphs are to be inserted, and may be repeated, with respect to any Term Bonds as described in Section 4(a) hereof.

This Bond and the series of which it forms a part, together with additional bonds ranking on a parity therewith as may be hereafter issued and outstanding from time to time under the conditions and restrictions set forth in the Bond Resolution, are payable from and secured by a pledge of a fixed portion of the revenues to be derived from the operation of the System after paying operation and maintenance expenses of the System, which fixed portion shall be sufficient to pay the principal of and interest on this Bond and the series of which it forms a part and any such additional parity bonds as and when the same become due and payable and which shall be set aside as a special fund for that purpose and identified as the "Electric and Water Revenue Bonds Sinking Fund of 2009."

This Bond and the series of which it forms a part do not constitute an indebtedness of the Board or the City of Frankfort, Kentucky, within the meaning of any constitutional or statutory provisions or limitations. The Board covenants that the System will be continuously operated as a revenue producing undertaking and that it will fix and charge such rates for the services and

manual or reproduced facsimile signature of its Secretary-Treasurer, in each case as its duly authorized officer, all as of the date of this Bond as set out above.

ASSIGNMENT

FOR VALUE RECEIVED, the undersigned sells,
assigns and transfers unto

(Name, Address and Social Security (or other Identifying) Number of Assignee)

the within Bond and does hereby irrevocably constitute and appoint

attorney to transfer the said Bond on the books kept for registration thereof with full power of
substitution in the premises.

Except as may be otherwise provided in Section 3(b) hereof for 2013 Bonds registered in Book-Entry Form in the name of the Securities Depository or the Securities Depository Nominee, each 2013 Bond shall be exchangeable upon the presentation and surrender thereof at the principal office of the Paying Agent and Bond Registrar for a 2013 Bond or 2013 Bonds of the same maturity, in the denomination of \$5,000 or an integral multiple thereof, in an aggregate principal amount or amounts equal to the unpaid principal amount of the 2013 Bond or 2013 Bonds presented for exchange. The Paying Agent and Bond Registrar shall and is hereby authorized to authenticate and deliver 2013 Bonds delivered in exchange in accordance herewith. Each 2013 Bond delivered in exchange for a surrendered 2013 Bond shall constitute an original contractual obligation of the Board and shall be entitled to the benefits and security of this Resolution to the same extent as the 2013 Bond or 2013 Bonds in lieu of which any 2013 Bond is delivered in exchange. Any 2013 Bonds surrendered for exchange shall be canceled by the Paying Agent and Bond Registrar and the Paying Agent and Bond Registrar shall maintain a complete record of all exchanges, transfers and cancellations of 2013 Bonds and shall make a report thereof to the Board on not less than an annual basis.

Except as may be otherwise provided in Section 3(b) hereof for 2013 Bonds registered in Book-Entry Form in the name of the Securities Depository or the Securities Depository Nominee, no service charge or other transfer fee shall be charged to any Bondholder in connection with any transfer or exchange of a 2013 Bond. However, the Registered Holder of any 2013 Bond may be required to pay an amount equal to any tax or other governmental charge, if any, that may be imposed in connection with the transfer or exchange of any 2013 Bond.

Section 9. Destruction of 2013 Bonds. Whenever any outstanding 2013 Bond shall be delivered to the Paying Agent and Bond Registrar for cancellation thereof pursuant to this Resolution, upon payment of the principal amount or interest represented thereby or for replacement or exchange, such 2013 Bonds, following such replacement or exchange, shall be promptly canceled and destroyed by the Paying Agent and Bond Registrar and counterparts of a certificate of destruction evidencing such destruction shall be furnished by the Paying Agent and Bond Registrar to the Board.

All 2013 Bonds which have been redeemed shall not be reissued but shall be canceled and destroyed by the Paying Agent and Bond Registrar in accordance with this Section 9.

Section 10. Appointment and Duties of Paying Agent and Bond Registrar. The Board has appointed The Bank of New York Mellon Trust Company, N.A., Louisville, Kentucky, as Paying Agent and Bond Registrar in respect of the 2013 Bonds. The Paying Agent and Bond Registrar shall maintain a complete and current record of each 2013 Bond issued, the name and address of each owner (Registered Holder) of any 2013 Bonds and such additional information as may be required for compliance with applicable laws and regulations. The Paying Agent and Bond Registrar will also make all payments of interest on the 2013 Bonds and pay principal of the 2013 Bonds as herein provided.

The recitals of fact herein and in the 2013 Bonds contained shall be taken as the statements of the Board and the Paying Agent and Bond Registrar assumes no responsibility for the correctness of the same. The Paying Agent and Bond Registrar makes no representations as to the validity or sufficiency of this Resolution or of any 2013 Bonds issued thereunder or in

Any corporation, association or other entity into which the Paying Agent and Bond Registrar may be converted or merged, or with which it may be consolidated, or to which it may sell or otherwise transfer all or substantially all of its corporate trust assets and businesses or any corporation, association or other entity resulting from any such conversion, sale, merger consolidation or other transfer to which it is a party, *ipso facto*, shall be and become successor Paying Agent and Bond Registrar hereunder, as applicable, vested with all other matters as was its predecessor, without the execution or filing of any instrument or any further act on the part of the parties hereto, notwithstanding anything herein to the contrary.

Section 11. Disposition of 2013 Bond Proceeds. The 2013 Bond proceeds shall be applied as follows:

(a) The expenses incident to the authorization, sale and issuance of the 2013 Bonds, including without limitation the contractual fee of the Board's Financial Advisor, the fees and expenses of the Paying Agent and Bond Registrar, all counsel fees and expenses, rating service fees, printing and publishing expenses and any other necessary or desirable fees and expenses related to the issuance of the 2013 Bonds and the payment of the 2012 Note, shall, upon written direction of the Chairman, Vice Chairman or Secretary-Treasurer, be paid from the proceeds of the 2013 Bonds. For this purpose, the Board may cause the establishment of a special account to be applied by or at the written direction of the Chairman, Vice Chairman or Secretary-Treasurer for payment of such expenses within sixty (60) days from the date of issuance of the 2013 Bonds; provided any balance in the special account not needed to pay expenses shall be transferred to the Sinking Fund.

(b) A portion of the 2013 Bond proceeds in an amount sufficient to pay and discharge the 2012 Note shall, by or on the written direction of the Chairman, Vice Chairman or Secretary-Treasurer, be paid to the holder thereof.

(c) A portion of the 2013 Bond proceeds which, together with other available funds held pursuant to the Board's Resolution adopted on November 30, 1999 (the "1999 Resolution") and transferred to the Debt Service Reserve Account identified in Section 12(b) hereof, shall, but only if necessary to fund the Debt Service Reserve Account to the Reserve Amount (defined in Section 12(b) hereof), by or on the written direction of the Chairman, Vice Chairman or Secretary-Treasurer, be deposited in the Debt Service Reserve Account.

(d) Any remaining balance of the Bond proceeds shall be deposited in the Sinking Fund hereinafter identified in Section 12(b).

Section 12. Operation and Revenues of System; Funds and Accounts. A special and separate fund of the Board, distinct from all other funds and accounts of the Board, was created in and by the 2009 Resolution and designated and identified as the "Electric and Water Plant Board Electric and Water Revenue Fund" (the "Revenue Fund"). The Revenue Fund shall continue to be maintained so long as any of the 2009 Bonds, the 2013 Bonds or any parity bonds permitted to be issued hereunder are outstanding and unpaid. From and after the delivery of the 2013 Bonds, and for so long as any of the 2009 Bonds, the 2013 Bonds or any parity bonds permitted to be issued hereunder are outstanding and unpaid, the Board shall operate the System as a revenue-producing and self-liquidating undertaking and shall set aside into the Revenue

- (ii) An amount which together with other funds available for such purpose will be equal to at least one twelfth (1/12th) of the principal amount of the 2009 Bonds, the 2013 Bonds and any parity bonds permitted to be issued hereunder coming due on the next December 1 shall be deposited in the Principal Account.

Upon issuance of the 2013 Bonds, the Debt Service Reserve Account shall be initially funded in the Reserve Amount from proceeds of the 2013 Bonds, if necessary, and transfers from other available funds held pursuant to the 1999 Resolution as provided in Section 11(d) hereof. Whenever any amount in the Debt Service Reserve Account is less than the Reserve Amount, such deficiency shall be made up (in any event within three (3) years from the date such deficiency occurs) from the first moneys thereafter available in the Revenue Fund (after the requirements of subparagraphs (i) and (ii) above have been satisfied) or in the Depreciation Fund hereinafter identified. The term "Reserve Amount" as used in this Resolution is defined as an amount of money (calculated separately for each issue of parity bonds outstanding) equal to the least of (i) the highest amount required to be paid into the Interest Account and the Principal Account for account of the 2009 Bonds, the 2013 Bonds and any additional parity bonds permitted to be issued hereunder in any 12-month period ending December 1, (ii) an amount equal to 125% of the average amount required to be paid into the Interest Account and the Principal Account for account of the 2009 Bonds, the 2013 Bonds and any additional parity bonds permitted to be issued hereunder in each 12-month period ending December 1, and (iii) an amount equal to 10% of the proceeds of the 2009 Bonds, the 2013 Bonds and any additional parity bonds permitted to be issued hereunder within the meaning of Section 148(d) of the United States Internal Revenue Code of 1986, as amended (the "Code").

As and when additional parity bonds are issued provision shall be made for additional payments into the Sinking Fund so as to pay the interest on and principal of such additional parity bonds as and when the same become due and for increasing the amount in the Debt Service Reserve Account on the date of issuance of the additional parity bonds to the then required Reserve Amount.

No further payments need be made into the Sinking Fund after and so long as the amount then held in the Sinking Fund, including the Debt Service Reserve Account, is equal to the entire amount required for retiring all bonds then outstanding which are payable from the Sinking Fund and paying all interest that will accrue at the time of such retirement.

If for any reason there should be a failure to pay into the Sinking Fund the full amount above stipulated, then an amount equivalent to such deficiency shall be set apart and paid into the Sinking Fund from the first available income and revenues of the System or from the Depreciation Fund hereinafter created.

All moneys held in the Sinking Fund, including the Debt Service Reserve Account, shall be deposited in a bank or banks which are members of the Federal Deposit Insurance Corporation ("FDIC") and all such deposits which cause the aggregate deposits of the Board in any one bank to be in excess of the amount insured by the FDIC or one of its agencies shall be continuously secured by a valid pledge of direct obligations of, or obligations the payment of principal of and interest on which is guaranteed by, the United States of America having an

“Debt Service Reserve Guaranty Agreement” means the reimbursement agreement, bond insurance agreement, loan agreement or similar agreement between the Board and a Debt Service Reserve Guarantor with respect to repayment of amounts advanced under the Debt Service Reserve Guaranty.

“Debt Service Reserve Guaranty Coverage” means the amount available at any particular time to be paid to or for the account of the Board under the terms of the Debt Service Reserve Guaranty.

“Debt Service Reserve Guaranty Limit” means the maximum aggregate amount available to be paid to or for the account of the Board under the terms of a Debt Service Reserve Guaranty.

“Rating Agency” means either Moody’s Investors Service, Inc. or Standard & Poor’s Rating’s Services, and their successors and assigns.

(c) In order to provide moneys which will be available for improvements and major repairs to and replacements and extensions of the System, the special fund currently maintained by the Board, separate and apart from all other accounts and funds of the Board, designated the “Depreciation Fund,” is hereby continued and shall be maintained in accordance with the Act. Balances at any time on deposit in the Depreciation Fund may be expended for costs indicated in this paragraph. Monthly transfers and deposits from the Revenue Fund to the Depreciation Fund shall be made (after meeting the requirements of the foregoing subsections (a) and (b) of this Section 12) until such time as a balance equal to six percent (6%) of the undepreciated book value of the System (based on the most recent audited financial statements of the System) shall have been accumulated therein, represented either by cash or the market value of investments, as hereinafter permitted. Upon the accumulation of a balance in such amount, the monthly transfers from the Revenue Fund may be suspended. To the extent amounts in the Depreciation Fund from time to time may exceed the foreseeable need for making disbursements therefrom, they may be invested and reinvested by the Board in Investment Obligations, as defined in Section 13 hereof, which shall have a maturity date or be redeemable at the option of the holder within five (5) years from the date of investment therein, and all income therefrom shall be credited to the Depreciation Fund (or to the Revenue Fund at the election of the Board if the aforesaid minimum balance is on deposit in the Depreciation Fund) and any expenses or loss in connection therewith shall be charged to the Depreciation Fund. In the event there would otherwise be a default in the payment of interest on or principal of any bond or bonds outstanding under authority of this Resolution, amounts in the Depreciation Fund shall be withdrawn and applied to such extent as may be necessary in order to prevent such default, and any investments held for the account of the Depreciation Fund shall be converted into cash if and to the extent required for such purpose; but such withdrawal shall be deemed to be advances from the Depreciation Fund and the amount thereof shall be restored as soon as moneys are available.

(d) The remaining moneys in the Revenue Fund shall be used and applied to the extent necessary (i) to maintain a cash working fund equal to one-twelfth (1/12) of the gross income and revenues of the System during the preceding fiscal year; (ii) to pay all other obligations authorized and incurred by the Board in the operation and maintenance of the System and furnishing of services and facilities thereby; (iii) to pay such taxes, if any, as the Board may

(g) Commercial paper rated in the highest category by a nationally recognized rating agency, including commercial paper issued by the Paying Agent and Bond Registrar or any of its affiliates;

(h) Bonds or certificates of indebtedness of the Commonwealth of Kentucky and of its agencies and instrumentalities;

(i) Securities issued by a state or local government, or any instrumentality or agency thereof, in the United States, and rated in one of the three highest categories by a nationally recognized rating agency; and

(j) Shares of mutual funds, each of which shall have the following characteristics:

(i) The mutual fund shall be an open-end diversified investment company registered under the Federal Investment Company Act of 1940, as amended;

(ii) The management company of the investment company shall have been in operation for at least five (5) years;

(iii) All of the securities in the mutual fund shall be investments in any one or more of the investments described in (a) through (i) above;

(iv) The mutual funds may include, without limitation, any mutual fund for which the Paying Agent and Bond Registrar or any of its affiliates serves as investment manager, administrator, shareholder servicing agent, and/or custodian or subcustodian, notwithstanding that (1) the Paying Agent and Bond Registrar or any of its affiliates receives fees from such funds for services rendered, (2) the Paying Agent and Bond Registrar or any of its affiliates charges and collects fees for services rendered pursuant to this Resolution, which fees are separate from the fees received from such funds, and (3) services performed for such funds and pursuant to this Resolution may at times duplicate those provided to such funds by the Paying Agent and Bond Registrar or its affiliates; and

(k) Investment agreements with any financial institution the long-term debt, claims paying ability or financial program strength of which is rated not lower than the second highest category (without regard to gradations within such category) by at least one of the nationally recognized rating agencies; provided that if the investment agreement is guaranteed by a third-party, then the above rating requirement will apply to the guarantor only.

Section 14. Rebate Fund. The following terms when used hereinafter shall have the indicated meanings:

“Computation Period” means, with respect to the 2013 Bonds, the period of time over which Excess Earnings are required to be computed under Section 148(f) of the Code and applicable regulations thereunder.

100% of the Cumulative Excess Earnings as of the date of such payment and any moneys remaining in the Rebate Fund following such payment shall be paid to the Sinking Fund.

Section 15. Covenants to Bondholders.

(a) Rates and Charges. While the 2009 Bonds, the 2013 Bonds and any parity bonds permitted to be issued hereunder remain outstanding and unpaid, the rates and charges for all services rendered by the System shall be reasonable and just, taking into account and consideration the cost and value of the System and the cost of maintaining and operating the same, and the amounts necessary for the retirement of all bonds and the accruing interest on all such bonds as may be issued or permitted to be issued under the provisions of this Resolution and the payments provided to be made into the Depreciation Fund. Such rates will be fixed, maintained and, if necessary, adjusted from time to time so as to produce after costs of normal maintenance and operation, net revenues (as defined in Section 16 hereof) sufficient (i) to provide for the payment of the principal and interest maturing in the next fiscal year of the System on the 2009 Bonds, the 2013 Bonds and parity bonds, if any are issued under the restrictions and conditions set forth in Section 16 hereof, and to accumulate and maintain the Reserve Amount in the Debt Service Reserve Account as provided in Section 12 hereof; (ii) to accumulate in the Depreciation Fund for account of the System up to an amount equal to six percent (6%) of the undepreciated book value of the System; (iii) to maintain a cash working fund equal to one-twelfth (1/12) of the gross income and revenues of the System during the preceding fiscal year; (iv) to pay all other obligations authorized and incurred by the Board in the operation and maintenance of the System and the furnishing of services and facilities thereby; (v) to pay such taxes, if any, as the Board may elect to pay to the City under the provisions of Section 96.179 of the Kentucky Revised Statutes; and (vi) to satisfy any other obligations or commitments authorized or incurred by the Board for any lawful corporate purpose as permitted and provided by Section 96.182 of the Act. The rates prevailing at any time will not be reduced except upon the basis of a written statement of a consulting engineer or firm of consulting engineers of national reputation, after necessary investigation, expressing the opinion that the net earnings of the System will not thereby be reduced below the level prescribed in the preceding sentence; and there shall be charged against all users of electric and water services rendered by or through the System, including the City, such rates and amounts for such services as shall be adequate to meet the requirements of this Section 15. Compensation for services rendered to the City shall be charged against the City and payment for the same from the corporate funds shall be made and shall be apportioned as other income and revenues.

(b) Performance. The Board hereby covenants and agrees with the holder or holders of the 2009 Bonds, the 2013 Bonds and any parity bonds permitted to be issued hereunder, or any of them, that it will faithfully and punctually perform all duties with reference to the System and the operation and maintenance thereof as required by the Constitution and laws of the Commonwealth of Kentucky.

(c) Disposal of Facilities. The Board hereby further covenants, binds and obligates itself and the City not to sell, lease, mortgage or in any manner dispose of any integral part of the System, including any and all extensions, additions and appurtenances thereto that may be made or constructed, until all the 2009 Bonds, the 2013 Bonds and any parity bonds permitted to be issued hereunder shall have been paid in full, both principal and interest;

Sinking Fund. Such showing of net revenues for such preceding fiscal year may be based on the report of the auditors.

- (ii) A statement is filed with the Secretary-Treasurer by (i) an independent certified public accountant or firm of certified public accountants not in the regular employ of the Board on a monthly salary basis or (ii) an independent professional engineer or firm or firms of professional engineers not in the employ of the Board on a monthly salary basis, and of recognized expertise and good reputation in the fields of electric and water engineering and licensed in the Commonwealth of Kentucky, reciting the opinion or determination based upon necessary investigation that the net revenues of the System as defined in (i) above for twelve (12) consecutive months out of the eighteen (18) months preceding the issuance of said additional parity bonds (with adjustments as hereinafter provided, if necessary) were equal to at least 120% of the maximum annual debt service (for any year ending December 1) on the 2009 Bonds, the 2013 Bonds and any parity bonds then outstanding and the proposed additional parity bonds. The net revenues may be adjusted for the purpose of the foregoing computations to reflect any revision in the schedule of rates or charges being imposed at the time of the issuance of any such additional parity bonds, and also to reflect any increase in such net revenues by reason of the extensions, additions and improvements to the System the cost of which (in whole or in part) is to be paid through the issuance of such additional parity bonds and by reason of the investment of any proceeds of such additional parity bonds that are deposited in the Debt Service Reserve Account; but such adjustments to reflect an increase in net revenues by reason of extensions, additions and improvements to the System shall only be made if contracts for the immediate construction or acquisition of such extensions, additions and improvements have been or will be entered into before the issuance of such additional parity bonds. All such adjustments to reflect any revision of rates and charges or an increase in net revenues by reason of extensions, additions and improvements to the System shall be based upon written certification by (1) a professional engineer not in the employ of the Board on a monthly salary basis, or a firm or firms of professional engineers of recognized expertise and good reputation in the fields of electric and water engineering and licensed in the Commonwealth of Kentucky or (2) a certified public accountant or firm of certified public accountants.

The Board hereby further reserves the right and privilege of issuing additional parity bonds for the purpose of refunding the 2009 Bonds, the 2013 Bonds or any parity bonds, or any portion thereof, as may be outstanding, provided that before any additional parity bonds are issued for such purpose, there shall have been procured and filed with the Secretary-Treasurer a statement by an independent certified public accountant or firm of independent certified public accountants reciting the opinion or determination based upon necessary investigation that after the issuance of such additional parity bonds the net revenues, as adjusted and defined above, of the System for the fiscal year preceding the date of issuance of such additional parity bonds or

Section 18. Tax Covenants and Representations. The Board certifies, covenants and agrees to and for the benefit of the Bondholders that so long as any of the 2013 Bonds remain outstanding, moneys on deposit in any fund or account in connection with the 2013 Bonds, whether or not such moneys were derived from the proceeds of the sale of the 2013 Bonds or from any other sources, will not be invested or used in a manner which will cause the 2013 Bonds to be "arbitrage bonds" within the meaning of Sections 103(b)(2) and 148 of the Code, and any lawful income tax regulations issued or proposed thereunder, as the same presently exist, or may from time to time hereafter be amended, supplemented or revised. The Chairman, Vice Chairman and/or Secretary-Treasurer as the officers of the Board charged with the responsibility for issuing the 2013 Bonds are authorized and directed, for and on behalf of the Board, to execute all certificates and other documents that may be required for evidencing compliance with federal tax rules, and any representations, certifications and covenants contained in such certificates and other documents so executed shall be deemed to constitute representations, certifications and covenants of the Board.

The Board further represents, warrants, agrees, covenants and certifies as follows:

(a) Within the meaning of Section 141 of the Code and the Income Tax Regulations issued thereunder, over the term of the 2013 Bonds (i) less than 10% of the proceeds of the 2013 Bonds, if any, will be applied for any private business use, and the payment of principal of or interest on less than 10% of the amount of the 2013 Bonds, if any, will be secured directly or indirectly by any interest in property used for a private business use, or payments in respect of such property, or will be derived directly or indirectly from payments (whether or not to the Board) in respect of such property; (ii) at least 90% of the proceeds applied for a governmental use of the Board; (iii) any private business use of the System will be related to such governmental use of the Board and will not be unrelated or disproportionate; and (iv) none of the proceeds of the 2013 Bonds will be used, directly or indirectly, to make or finance loans to private persons. It is reasonably expected that over the term of the 2013 Bonds (a) the System will be available for general public use, in that it will be reasonably available for use by natural persons not engaged in a trade or business on the same basis as any other person or entity, (b) no nongovernmental person will have any special legal entitlement to use the System, and (c) there will be no direct or indirect payments made with respect to the System or the security of the 2013 Bonds by any persons or entities other than payments by the general public as described in clause (i) above.

(b) The Board will take all action necessary to comply with the arbitrage rebate requirements of Section 148(f) of the Code in respect of the 2013 Bonds.

(c) It is reasonably expected that during the term of the 2013 Bonds the facilities refinanced by the 2013 Bonds will not be disposed of; provided, however, should there be any disposition of any personal property constituting facilities refinanced by the 2013 Bonds because it is no longer suitable for its governmental purpose, it is reasonably expected that the fair market value of such personal property will not exceed 25% of its cost.

(d) The weighted average maturity of the Bonds does not exceed 120% of the weighted average useful life of the facilities financed or refinanced by the 2013 Bonds.

Section 20. Sale of Bonds. Each of the Chairman, Vice Chairman and Secretary-Treasurer is authorized to execute and to cause to be published pursuant to KRS Chapter 424 an appropriate form of Notice of Bond Sale soliciting competitive bids for the purchase of the 2013 Bonds, such bids to be received until a fixed time and day, as the Chairman, Vice Chairman or Secretary-Treasurer may determine, after which fixed time the competitive bids theretofore received shall be tabulated by the Board's Financial Advisor, Raymond James & Associates, Inc. (the "Financial Advisor"). The Notice of Bond Sale shall be in such form as may be prepared by the Board's Bond Counsel, Stoll Keenon Ogden PLLC ("Bond Counsel"), and recommended by the Financial Advisor in connection with the issuance of the 2013 Bonds.

The public offering of the 2013 Bonds shall be on the following terms and conditions and such other terms and conditions as may be set out in the sale materials hereinafter referred to and as the Chairman, Vice Chairman and Secretary-Treasurer may determine:

(a) Bids shall be for the entire series and may be required to be submitted upon or in a form containing the essential elements of the Official Bid Form hereinafter approved in order to provide for uniformity in submission of bids and ready determination of the best bid. The Financial Advisor may submit a bid for the 2013 Bonds.

(b) Bidders shall be required to bid not less than 98.0% of par; provided that upon the recommendation of the Financial Advisor, each of the Chairman, Vice Chairman or Secretary-Treasurer is authorized to approve a change in the required minimum bid price, and also to change the date and hour of the sale.

(c) The successful bidder shall be required to wire a 2.0% good faith deposit to the Paying Agent and Bond Registrar, for the account of the Board, by the end of the day following the sale.

(d) Bidders must stipulate an interest rate or rates in a multiple of 1/8 or 1/20 of 1.0%. There is no limit on the number of different interest rates which may be specified by any bidder, provided that all 2013 Bonds of the same maturity shall bear the same and a single interest rate from the date thereof to maturity.

(e) The right to reject bids for any reason deemed advisable by the Board, and the right to waive any possible informalities or irregularities in any bid which in the judgment of the Board shall be minor or immaterial, are expressly reserved.

(f) CUSIP identification numbers may be printed on the 2013 Bonds at the expense of the Board. Neither the failure to print a CUSIP number on any 2013 Bonds nor any error with respect thereto shall constitute cause for a failure or refusal by the purchaser thereof to accept delivery of and pay for the 2013 Bonds in accordance with the terms of the purchase agreement.

(g) Bidders have the option of specifying that all of the principal amount of the 2013 Bonds maturing on any two or more consecutive dates given in the schedule in Section 3 hereof may, in lieu of maturing on each of such dates, be considered to comprise one maturity of the 2013 Bonds ("Term Bonds") scheduled to mature on the latest of such dates and be subject to mandatory sinking fund redemption at par in the manner described in Section 4(a) hereof on

Suggested forms of the Notice of Bond Sale and the Official Terms and Conditions of Bond Sale, including the Official Bid Form, having been prepared and submitted according to the recommendation of the Financial Advisor by Bond Counsel, and the same having been examined by the Board and found to be in order, the same are hereby approved for use in connection with the Bond sale.

In addition to the foregoing, on the recommendation of the Financial Advisor bids may be taken or submitted electronically (provided all electronic proposals shall be deemed to incorporate in substance the provisions of the Official Bid Form). Any bid transmitted electronically shall be submitted through BIDCOMP/PARITY® and no other provider of electronic bidding services will be accepted. Bidders submitting an electronic proposal must fulfill any requirements of the bidding service provider over and above the requirements of the Board set forth in the Official Terms and Conditions of Bond Sale. Electronic bidding for the 2013 Bonds shall be made available to bidders solely as a courtesy by the Board. The Board shall assume no responsibility or liability for bids submitted through the electronic bidding service provider. Without limiting the generality of the foregoing disclaimers, the Board does not assume responsibility for any communications or negotiations between bidders and the electronic bidding service provider, or for any failure of the provider to accurately or timely submit any electronic proposal. Any electronic proposal shall be deemed to incorporate all of the provisions of the Official Bid Form and the Official Terms and Conditions of Bond Sale. Each bidder shall be solely responsible for making necessary arrangements to access the electronic bidding service provider for purposes of submitting such bidder's bid in a timely manner and in compliance with the requirements of the Board. The Board shall have no duty or obligation to provide or assure such access to any bidder. The Board shall not be responsible for proper operation of, or have any liability for, any delays or interruptions of, or any damages caused by, the provider's service. The Board shall use the provider's service solely as a communication mechanism, and not as the Board's agent, to conduct the electronic bidding for the 2013 Bonds. If any provision in the Official Terms and Conditions of Bond Sale (herein approved) conflicts with information provided by the electronic bidding service provider, the Official Terms and Conditions of Bond Sale shall control.

In addition, in connection with the Bond sale the Board has caused to be prepared its Preliminary Official Statement (the "Preliminary Official Statement") setting forth relevant information concerning the issuance of the 2013 Bonds, including, *inter alia*, financial data relating to the System. The Preliminary Official Statement and the use thereof by the Board in offering and selling the 2013 Bonds is hereby expressly approved, the Board, through certain of its officials and employees, having reviewed the Preliminary Official Statement and having found the factual statements and the data therein to be accurate, and each of the Chairman, Vice Chairman and Secretary-Treasurer is authorized to approve the same on behalf of the Board, with such modifications as may be necessary or desirable and approved by the Chairman, Vice Chairman or Secretary-Treasurer. The Preliminary Official Statement shall be supplemented following sale of the 2013 Bonds, and either the Chairman or the Vice Chairman is authorized to approve and sign such supplemented or final Official Statement on behalf of the Board, which is authorized for distribution in connection with the sale of the 2013 Bonds. The Preliminary Official Statement is in a form "deemed final" by the Board for purposes of SEC Rule 15c2-12(b)(1) but, as aforesaid, is subject to supplementation and completion following sale of the 2013 Bonds. The Chairman, Vice Chairman or Secretary-Treasurer of the Board is also hereby

percent (25%) of the outstanding 2013 Bonds, appoint a receiver to administer the System on behalf of the Board, with power to charge and collect rates sufficient to provide for the payment of any bonds or obligations outstanding against the System and for the payment of the operating expenses and to apply the income and revenues in conformity with the Act.

Section 22. Resolution as Contract. The provisions of this Resolution shall constitute a contract between the Board and the holders of the 2013 Bonds and any additional parity bonds, and after the issuance of any of said bonds no material change, variation or alteration of any kind in the provisions of this Resolution shall be made in any manner without the consent of such holders and except as otherwise herein provided, until such time as all of the bonds issued hereunder and interest thereon have been paid or provided for in full by defeasance as provided in Section 19 hereof or as otherwise provided herein.

The Board may specifically make any amendment or change herein (a) to evidence the succession of an institution as Paying Agent and Bond Registrar, (b) to cure any ambiguity or to cure, correct or supplement any defective or inconsistent provisions contained herein or in any resolution or other proceedings pertaining hereto, (c) to grant to or confer on the Paying Agent and Bond Registrar for the benefit of the holders of the 2013 Bonds any additional rights, remedies, powers, authority or security which may lawfully be granted or conferred and which are not contrary to or inconsistent with this Resolution as theretofore in effect, (d) to permit the Paying Agent and Bond Registrar to comply with any obligations imposed on it by law, (e) to achieve compliance of this Resolution with any federal tax law, regulation or ruling, (f) to maintain or improve any rating on the 2013 Bonds or (g) for any other purpose not inconsistent with the terms of this Resolution which shall not impair the security of the Bondholders or otherwise materially adversely affect the rights of the Bondholders.

Additionally, and not in limitation of the foregoing, the holders of eighty percent (80%) in principal amount of the 2013 Bonds shall have the right to consent to and approve the adoption of resolutions or other proceedings modifying or amending any of the terms or provisions contained in this Resolution, subject to the condition that this Resolution shall not be so modified in any manner that may adversely affect the rights of any holders without similarly affecting the rights of all holders of the 2013 Bonds or to reduce the percentage of the number of holders whose consent is required to effect a further modification.

Section 23. Continuing Disclosure. Before the issuance of the 2013 Bonds, the Board shall execute a Continuing Disclosure Certificate dated the date of issuance and delivery of the 2013 Bonds, which document, as originally executed and as it may be amended from time to time in accordance with the terms thereof, is hereinafter referred to as the “Continuing Disclosure Certificate.” The Board hereby covenants and agrees that it will comply with and carry out all of the provisions of the Continuing Disclosure Certificate. Notwithstanding any other provision of this Resolution, failure of the Board to comply with the Continuing Disclosure Certificate shall not be considered an event of default under this Resolution; however, any holder of a 2013 Bond may take such action as may be necessary to obtain specific performance by court order to cause the Board to comply with its obligations under this Section 23.

Section 24. Holidays. If the date for making any payment or the last date for performance of any act or the exercising of any right, as provided in this Resolution, is not a

ADOPTED BY THE ELECTRIC AND WATER PLANT BOARD OF THE CITY OF FRANKFORT, KENTUCKY, at a meeting held on the 20th day of August, 2013, signed by the Chairman or Vice Chairman, attested by the Secretary-Treasurer, and declared to be in full force and effect.

Chairman

Attest:

Secretary-Treasurer

CERTIFICATION

The undersigned, Secretary-Treasurer of the Electric and Water Plant Board of the City of Frankfort, Kentucky (the "Board"), hereby certifies that the foregoing is a true, complete and correct copy of a Resolution duly adopted by the Board at a properly convened meeting of the Board held on the 20th day of August, 2013, as shown by the official records of the Board in my custody and under my control, and that said Resolution is in full force and effect.

WITNESS my hand this 20th day of August, 2013.

Secretary-Treasurer

A RESOLUTION OF THE ELECTRIC AND WATER PLANT BOARD OF THE CITY OF FRANKFORT, KENTUCKY, PROVIDING FOR THE INTERIM FINANCING OF THE COSTS OF CONSTRUCTION, ACQUISITION AND INSTALLATION OF MAJOR WATER SERVICE ADDITIONS AND IMPROVEMENTS TO THE BOARD'S COMBINED MUNICIPAL ELECTRIC AND WATER SYSTEM; AUTHORIZING THE SALE AND ISSUANCE OF THE BOARD'S ELECTRIC AND WATER SYSTEM REVENUE BOND ANTICIPATION NOTE, SERIES 2010, IN A PRINCIPAL AMOUNT UP TO \$2,000,000 TO FINANCE THE COSTS THEREOF; SETTING FORTH THE TERMS AND CONDITIONS UPON WHICH THE NOTE IS TO BE ISSUED AND PROVIDING FOR THE SECURITY AND PAYMENT OF THE NOTE AND THE INTEREST THEREON, INCLUDING A COVENANT TO ISSUE ELECTRIC AND WATER SYSTEM REVENUE BONDS FOR SUCH PAYMENT; AND PROVIDING FOR RELATED MATTERS

A RESOLUTION OF THE ELECTRIC AND WATER PLANT BOARD OF THE CITY OF FRANKFORT, KENTUCKY, PROVIDING FOR THE INTERIM FINANCING OF THE COSTS OF CONSTRUCTION, ACQUISITION AND INSTALLATION OF MAJOR WATER SERVICE ADDITIONS AND IMPROVEMENTS TO THE BOARD'S COMBINED MUNICIPAL ELECTRIC AND WATER SYSTEM; AUTHORIZING THE SALE AND ISSUANCE OF THE BOARD'S ELECTRIC AND WATER SYSTEM REVENUE BOND ANTICIPATION NOTE, SERIES 2010, IN A PRINCIPAL AMOUNT UP TO \$2,000,000 TO FINANCE THE COSTS THEREOF; SETTING FORTH THE TERMS AND CONDITIONS UPON WHICH THE NOTE IS TO BE ISSUED AND PROVIDING FOR THE SECURITY AND PAYMENT OF THE NOTE AND THE INTEREST THEREON, INCLUDING A COVENANT TO ISSUE ELECTRIC AND WATER SYSTEM REVENUE BONDS FOR SUCH PAYMENT; AND PROVIDING FOR RELATED MATTERS

WHEREAS, the Electric and Water Plant Board of the City of Frankfort, Kentucky (the "Board"), has for many years owned and operated its combined municipal water and electric system (the "System") for the public benefit, welfare and convenience, and the Board currently has outstanding, payable from the revenues of the System, \$10,265,000 outstanding principal amount of Electric and Water Refunding Revenue Bonds, Series 2009 (the "2009 Bonds"), authorized by Resolution of the Board adopted on October 27, 2009 (the "2009 Resolution"); and

WHEREAS, it is provided in the 2009 Resolution that the Board may issue additional bonds ranking on a basis of parity and equality with the 2009 Bonds for the purpose of paying the costs of extensions, additions and improvements to the System upon a showing of compliance with the parity bond coverage test set forth in the 2009 Resolution, and it has been determined by the Board that it may meet such coverage test so that additional parity bonds (the "New Bonds," as hereinafter identified), on a parity with the 2009 Bonds, may, upon the enactment and implementation of water service rate increases, if necessary, be issued in an amount sufficient to finance the costs of constructing, acquiring and installing certain major additions and improvements to the System, consisting of water treatment plant and water distribution system improvements, upgrades and additions (the "Project"); and the Board has determined to make a commitment to enact and to implement such a rate increase, if necessary, in order to issue the New Bonds; and

WHEREAS, the Board has previously undertaken to construct and install the Project, the financing of which was given preliminary approval by the Board by Resolution adopted on September 21, 2010; and

WHEREAS, the Board has determined upon the basis of estimates and other data that the costs of the Project to be financed will be approximately \$2,000,000, and to provide such funds on an interim basis, pending issuance of the New Bonds, it is now appropriate and

necessary for the Board to sell and issue its Electric and Water System Revenue Bond Anticipation Note, Series 2010 (the "Note"), under authority of KRS 58.150 and 56.513, which Note shall be payable as to both principal and interest solely from (a) the proceeds of the New Bonds, when sold and issued, and (b) the income and revenues to be derived from the operation of the System, as extended and improved from time to time, but on a basis subordinate and subject in all respects to the prior and superior pledges, liens, rights and contractual commitments securing the 2009 Bonds; and the Note shall not constitute an indebtedness of the Board within the meaning of debt-limiting provisions of the Constitution of Kentucky; and

WHEREAS, in accordance with KRS 58.150 and 56.513, the Board has solicited proposals from at least three responsible lenders with respect to the interim loan to be evidenced by the Note, has determined that the best proposal is that of Fifth Third Bank (the "Bank"), and has determined to sell and issue the Note to the Bank;

NOW, THEREFORE, BE IT RESOLVED BY THE ELECTRIC AND WATER PLANT BOARD OF THE CITY OF FRANKFORT, KENTUCKY, AS FOLLOWS:

Section 1. Affirmation of Preamble Recitals; Authorization of Project; Project and System to Be Municipally Owned and Operated. All statements and recitals set forth in the preamble of this Resolution, including the terms defined therein, are hereby affirmed and adopted as a part of this Resolution.

The Project is a public project undertaken by the Board for public purposes and shall constitute and be a part of the System, and so long as the Note or the New Bonds hereinafter authorized shall remain outstanding and unpaid as to principal or interest, the System shall continue to be municipally owned, controlled, operated and maintained by the Board for the security of the Note and the New Bonds. The Project and the System are to be operated pursuant to the provisions of KRS Chapter 58, now in full force and effect.

Section 2. Note Authorized. For the purpose of providing funds to finance the costs of the Project on an interim basis and to pay costs of issuance of the Note, there is hereby authorized to be issued the Board's Electric and Water System Revenue Bond Anticipation Note, Series 2010, in an aggregate principal amount up to \$2,000,000 (the "Note"), all in anticipation of the issuance by December 1, 2012, of the New Bonds hereinafter identified.

Section 3. Description of Note; Payment Terms; Note Form. The Note shall be dated the date of delivery thereof to the Bank, as purchaser, and shall mature by December 1, 2012. The Note shall bear interest from the date of each advance of proceeds of the Note, as set out hereinafter, payable on each June 1 and December 1, beginning June 1, 2011, to maturity or prepayment at the rate of 1.46% per annum based on a 365/360 interest accrual method. The Note may be prepaid by the Board at any time in whole or from time to time in part. If a scheduled payment of interest on or principal of the Note is received by the Bank more than ten (10) days after it is due, the Board shall pay a late charge of 5.0% of the overdue payment, which shall be paid promptly but only once on each late payment.

In the event of (i) the issuance by the Internal Revenue Service of a statutory notice of deficiency, (ii) a final and nonappealable determination by a court of competent jurisdiction or (iii) an opinion of counsel having a national reputation in the field of tax-exempt finance to the effect that interest on the Note is not excludable by the Bank from gross income for federal income tax purposes (a "Determination of Taxability"), the interest rate on the Note shall be increased to an interest rate which would result in the Bank's receiving the same after federal tax equivalent yield as if a Determination of Taxability had not occurred (the "Taxable Rate"). Such Taxable Rate shall be effective as of the date interest on the Note is determined to be includable in the Bank's gross income for federal income tax purposes, and all additional interest payable as a result of this subparagraph shall be due within thirty (30) days of written demand by the Bank therefor. The Board shall also pay the Bank any additional penalties, taxes or interest thereon for which the Bank becomes liable as a result of a Determination of Taxability. The Board shall pay such penalty, taxes or interest within thirty (30) days after receiving a written demand by the Bank therefor. The Board's obligation to make the above payment under this paragraph shall be required regardless of whether the Board is contesting or is offering or has offered in good faith, either directly or through the Bank, to contest any Determination of Taxability. However, if the Board shall so contest the Determination of Taxability and shall be successful (after final appeal), then all payments made by the Board in excess of the payments which would have been made under this paragraph shall be refunded to the Board with interest thereon at the rate then borne by the Note.

Anything to the contrary herein notwithstanding, in the event that there is a determination by the Internal Revenue Service or an opinion of counsel having a national reputation in the field of tax-exempt finance that the designation of the Note as a "qualified tax-exempt obligation" as defined in Section 265(b)(3) of the Code is ineffective or inapplicable, then the Bank shall employ such computations(s) or formula(e) reasonably required to ascertain the interest rate to be applicable to the Note that would, as determined by the Bank, allow the Bank to achieve a yield comparable to the yield in effect prior to the occurrence of the event described above in this paragraph.

On each interest payment date, the Board shall pay interest due on the Note to the Bank by check, wire transfer or other means according to payment instructions given to the Board by the Bank. On the date of maturity of the Note, the Board shall pay to the Bank by check, wire transfer or other means according to the payment instructions of the Bank the outstanding principal amount of the Note plus interest then due. Upon receipt of payment in full for the Note, the Bank shall immediately cancel the Note and return it to the Board.

The principal of and interest on the Note shall be payable to the Bank, without exchange or collection charges, in lawful money of the United States of America. The Note shall be issued only as a single fully registered note without coupons in the denomination of \$2,000,000 and, unless the Board shall otherwise direct, shall be numbered R-1.

The Note shall be issued (and shall be executed by the indicated officials) in substantially the following form, with such necessary or appropriate variations, omissions and insertions as may be permitted or required by this Resolution, required by the Bank or advised by the Board's Bond Counsel, as follows:

(FORM OF NOTE)

No. R-1

\$2,000,000

UNITED STATES OF AMERICA
COMMONWEALTH OF KENTUCKY
ELECTRIC AND WATER PLANT BOARD
OF THE CITY OF FRANKFORT, KENTUCKY
ELECTRIC AND WATER SYSTEM REVENUE BOND ANTICIPATION NOTE
SERIES 2010

KNOW ALL MEN BY THESE PRESENTS: That the Electric and Water Plant Board of the City of Frankfort, Kentucky (the "Board"), for value received, hereby promises to pay to Fifth Third Bank (the "Holder"), or its assigns, solely and only from the limited sources hereinafter described and not otherwise, (i) the principal amount of \$2,000,000 or the outstanding principal amount shown on Schedule A attached hereto, whichever is less, on December 1, 2012, and (ii) interest from the date of each advance of proceeds of this Note, as set out below, payable on each June 1 and December 1, beginning June 1, 2011, to maturity or prepayment at the rate of 1.46% per annum based on a 365/360 interest accrual method. If a scheduled payment of interest or principal is received by the Holder more than ten (10) days after it is due, the Board shall pay a late charge of 5.0% of the overdue payment, which shall be paid promptly but only once on each late payment.

In the event of (i) the issuance by the Internal Revenue Service of a statutory notice of deficiency, (ii) a final and nonappealable determination by a court of competent jurisdiction or (iii) an opinion of counsel having a national reputation in the field of tax-exempt finance to the effect that interest on the Note is not excludable by the Bank from gross income for federal income tax purposes (a "Determination of Taxability"), the interest rate on the Note shall be increased to an interest rate which would result in the Bank's receiving the same after federal tax equivalent yield as if a Determination of Taxability had not occurred (the "Taxable Rate"). Such Taxable Rate shall be effective as of the date interest on the Note is determined to be includable in the Bank's gross income for federal income tax purposes, and all additional interest payable as a result of this subparagraph shall be due within thirty (30) days of written demand by the Bank therefor. The Board shall also pay the Bank any additional penalties, taxes or interest thereon for which the Bank becomes liable as a result of a Determination of Taxability. The Board shall pay such penalty, taxes or interest within thirty (30) days after receiving a written demand by the Bank therefor. The Board's obligation to make the above payment under this paragraph shall be required regardless of whether the Board is contesting or is offering or has offered in good faith, either directly or through the Bank, to contest any Determination of Taxability. However, if the Board shall so contest the Determination of Taxability and shall be successful (after final appeal), then all payments made by the Board in excess of the payments which would have been made under this paragraph shall be refunded to the Board with interest thereon at the rate then borne by the Note.

Anything to the contrary herein notwithstanding, in the event that there is a determination by the Internal Revenue Service or an opinion of counsel having a national reputation in the field of tax-exempt finance that the designation of the Note as a "qualified tax-exempt obligation" as defined in Section 265(b)(3) of the Code is ineffective or inapplicable, then the Bank shall employ such computations(s) or formula(e) reasonably required to ascertain the interest rate to be applicable to the Note that would, as determined by the Bank, allow the Bank to achieve a yield comparable to the yield in effect prior to the occurrence of the event described above in this paragraph.

Principal of and interest on this Note shall be payable to the Holder by the Board by check, wire transfer or other means according to payment instructions given to the Board by the Holder. This Note shall be prepayable in whole at any time and in part from time to time by the Board at its option.

The Holder shall endorse on Schedule A attached to this Note from time to time the amount of each advance of proceeds of this Note to the Board and the outstanding principal amount of this Note, and each such endorsement shall be conclusive evidence of such amounts in the absence of manifest error; provided, however, that the Board's obligations shall not be affected by any failure to endorse Schedule A to this Note correctly or at all. As provided in the Resolution of the Board authorizing this Note (the "Resolution"), each advance of proceeds of this Note by the Holder to the Board shall be in an amount of at least \$50,000 (except for the last advance) upon at least three (3) days' prior written notice by the Board.

This Note represents a duly authorized note issue of the Board designated "Electric and Water Plant Board of the City of Frankfort, Kentucky, Electric and Water System Revenue Bond Anticipation Note, Series 2010" (the "Note"), limited to the principal amount of \$2,000,000, authorized and issued by the Board in anticipation of the issuance of the Board's Electric and Water System Revenue Bonds, Series 201_ (the "Bonds"), pursuant to the Resolution, for the purpose of providing interim financing of the costs of certain water system facilities and improvements constituting a part of the Board's combined municipal electric and water system (the "System"), and this Note has been issued under and in full compliance with the Constitution and statutes of the Commonwealth of Kentucky, including among others Sections 58.150 and 56.513 of the Kentucky Revised Statutes.

Reference is made to the Resolution for provisions with respect to the nature and extent of the security, rights, duties and obligations of the Holder and the Board and the terms upon which this Note is issued.

The Board pledges as the sources of payment of the principal of and interest on the Note (a) the proceeds of the Bonds, when sold and issued, and (b) the income and revenues of the System, but on a basis subordinate and subject in all respects to the prior and superior pledges, liens, rights and contractual commitments securing the Board's outstanding Electric and Water Refunding Revenue Bonds, Series 2009, payable from the income and revenues of the System.

The Board covenants with the Holder that prior to the maturity date of this Note, the Board will take all proper and necessary action in accordance with law to authorize, sell and issue the Bonds in an amount sufficient to provide for the payment when due of the principal of and interest on, and the retirement of, this Note, and the Note shall constitute a first charge upon said proceeds of the Bonds.

The Board further covenants that the System will be continuously operated as a revenue-producing undertaking and that it will fix and charge such rates for the services and facilities of the System so that the revenues therefrom will be sufficient to cause and permit the Board to meet applicable conditions and requirements for the timely issuance of the Bonds.

This Note is a special, limited obligation of the Board and does not constitute an indebtedness of the Board within the meaning of any constitutional or statutory limitations or provisions, and the Board shall not be obligated to pay this Note or the interest hereon except from the sources herein specified or from the proceeds of renewal notes, if any.

It is hereby certified, recited and declared that all acts, conditions and things required to exist, to happen and to be performed precedent to and in the issuance and delivery of this Note do exist, have happened and have been performed according to law; and that proper provision has been made and shall be made for the payment of the principal hereof and interest hereon as hereinabove set out.

This Note is exempt from *ad valorem* taxation by the Commonwealth of Kentucky and by its political subdivisions.

IN WITNESS WHEREOF, the Electric and Water Plant Board of the City of Frankfort, Kentucky, has caused this Note to be executed with the manual signature of its Chairperson, to be sealed by an impression of the official seal of the Board and to be attested by the manual signature of its Secretary-Treasurer, in each case as a duly authorized official of the Board, all as of the date of this Note, which is _____, 2010.

Schedule A to Note

RECORD OF ADVANCES

<u>Date</u>	<u>Amount of Advance</u>	<u>Outstanding Principal Amount</u>	<u>Notation by</u>

Section 4. Security for Note; Covenant to Issue Bonds. As the security for the payment of the principal of and interest on the Note, and to provide for the payment of such principal and interest, the Board hereby pledges:

(a) the proceeds of the New Bonds hereinafter identified, when sold and issued;
and

(b) the income and revenues of the System, but on a basis subordinate and subject in all respects to the prior and superior pledges, liens, rights and contractual commitments securing the outstanding 2009 Bonds of the Board payable from the revenues of the System.

For the purpose of providing permanent financing for the Project by making available sufficient funds for the payment and retirement of the Note (including any interest due thereon) at or prior to the maturity of the Note, there are hereby authorized to be issued up to \$2,000,000 principal amount (or such larger amount as may be necessary) of the Board's Electric and Water System Revenue Bonds, Series 200_ (the "New Bonds"), to be issued pursuant to a Resolution to be adopted by the Board at the appropriate time. The definitive terms of the New Bonds, including principal amount, maturities, redemption provisions, date of issuance and other terms and details shall be established and set out in such future Resolution.

The Board hereby agrees and covenants that it will, prior to the maturity date of the Note, take all proper and necessary action in accordance with law (a) to authorize, sell and issue

the New Bonds in an amount sufficient to provide for the payment when due of the principal of and interest on, and the retirement of, the Note and (b) to adjust, if necessary, its electric and water service rates and charges so that the New Bonds may be issued.

The proceeds of the New Bonds, which shall be in an amount at least sufficient to pay and retire the outstanding principal of and accrued interest on the Note, shall be applied for such purpose, and the Holder shall have a first and prior charge and claim on the proceeds of the New Bonds.

Section 5. Payment of Note Proceeds and Application Thereof. The proceeds of the Note shall be advanced and paid by the Bank, as purchaser of the Note, to the Board for payment (or reimbursement to the Board for the prior payment) of the costs of constructing, acquiring and installing the Project, including without limitation costs of issuing the Note and interest costs during construction and acquisition of the Project (collectively, "Project Costs"), all as set out hereinafter. The Bank shall endorse Schedule A to the Note to indicate the amount of each such advance, and such endorsements shall be conclusive evidence of such advances in the absence of manifest error; provided, however, that the Board's obligations shall not be affected by any failure to endorse Schedule A to the Note correctly or at all. The Bank shall keep and maintain adequate records pertaining to such advances, including records of all requisitions made pursuant to this Resolution, and after the Project has been completed the Bank shall, upon request of the Board, file an accounting thereof with the Board.

The procedures for requesting advances of Note proceeds from the Bank, and for making such advances, shall be as follows:

(a) The Bank shall make each such advance by paying the amount thereof in immediately available funds to the Board, provided that the Bank's obligation to make each such advance shall be subject to the fulfillment (or waiver by the Bank) of the following conditions:

(i) at least three (3) days before making an advance, the Bank shall have received a written requisition from the Board, signed by its Chairperson, Vice Chairperson, Secretary-Treasurer, General Manager or Finance Director, requesting that the Bank make such advance in the amount specified therein (which must be at least \$50,000, except for the last advance), describing the Project Costs for which such advance is requested and stating that, to the best knowledge of the officer signing such requisition, the statements set forth in clauses (ii) and (iii) below are true and correct on and as of such date; provided that the first advance shall be made to the Board, pursuant to written requisition but without three (3) days' prior written notice, on the date of original issuance and delivery of the Note to the Bank;

(ii) with respect to advances for costs of construction and installation of the Project, such written requisition shall confirm that all appropriate governmental, regulatory and other consents, approvals, licenses, authorizations, exemptions and environmental and construction permits required for the construction and installation of the Project that are required to be obtained as of the date of such advance shall have been obtained (and the Board shall have no reason to believe that all others required to be obtained in the future will not be obtained in a timely fashion) and shall be in full force and effect; and

(iii) such written requisition shall confirm that no Project Cost to be paid or reimbursed from such advance has been the subject of a prior advance of Note proceeds.

(b) The Bank shall make each advance on the date and in the amount specified in the requisition delivered pursuant to subparagraph (a) above.

(c) The completion of the Project shall be evidenced to the Bank by a certificate signed by an officer of the Board stating that (i) construction, acquisition and installation of the Project have been completed and all Project Costs for labor, services, materials and supplies used in such construction, acquisition, installation and undertaking have been paid, and (ii) all Project Costs related to the issuance of the Note have been paid. Notwithstanding the foregoing, such a certificate shall state that it is given without prejudice to any rights against third parties which exist at the date of such certificate or which may subsequently come into being. Promptly upon completion of the acquisition, construction and installation of the Project as described above, the Board agrees to cause such certificate to be furnished to the Bank. Any unadvanced amount of the Note then remaining shall be applied to reduce the stated face amount of the Note.

Amounts advanced to the Board by the Bank under the foregoing procedures, to the extent not applied immediately in paying Project Costs, shall be deposited by the Board in a special account of the Board at a bank (the "Depository Bank"), hereby established and designated the "Electric and Water Plant Board of the City of Frankfort, Kentucky, 2010 Electric and Water System Construction Account" (the "Construction Account"), until disbursed to pay Project Costs upon order of the Chairperson, Vice Chairperson, Secretary-Treasurer, General Manager or Finance Director of the Board. All moneys held in the Construction Account shall be kept apart from any and all other Board funds; and if such deposits in the Construction Account cause the aggregate of all deposits of the Board in the Depository Bank to be in excess of the amount insured by the Bank Insurance Fund of the Federal Deposit Insurance Corporation, the amount of such excess shall (unless invested in Investment Obligations as hereinafter defined) be secured by a surety bond or bonds or by a pledge of direct obligations of or by obligations guaranteed by the United States Government having a market value equivalent to such excess deposit. The term "Investment Obligations," as used in this Resolution, means (i) direct general obligations of, or obligations the payment of principal of and interest on which are unconditionally guaranteed by, the United States of America, any certificate or other evidence of an ownership interest in any such securities or in specified portions thereof consisting of the principal thereof or the interest thereon or any combination thereof; (ii) interest-bearing bank time deposits, bank certificates of deposit or repurchase agreements (all including those of the Bank) fully collateralized and secured (to the extent not insured by the Federal Deposit Insurance Corporation) by Investment Obligations described in (i) immediately above; (iii) money market funds composed of Investment Obligations described in (i) immediately above; or (iv) bonds or notes of the Commonwealth of Kentucky and of its agencies and instrumentalities.

All income from the investment of moneys in the Construction Account shall accrue to the Construction Account and constitute a part thereof.

Section 6. Renewal Notes Permitted. The Board reserves the right to issue renewal notes as provided by law as the Board may determine; and the proceeds of the sale of such renewal notes shall be applied to the payment and retirement of the Note and are hereby pledged therefor.

Section 7. Sale of Note. Proposals to make the loan evidenced by the Note have been solicited on a limited basis from at least three institutions having knowledge and experience in financial and business matters who are capable of evaluating the merits and risks of the Note, who would not be purchasing the Note for more than one account and who do not intend to resell the Note. In connection with such solicitation, the Board has made available to such qualified purchasers, upon request, material financial and other information regarding the System, the Board and the Note in the Board's possession. The Bank, as purchaser of the Note, will be required to sign an "investment letter" or similar document evidencing its non-distributive intent.

The officers of the Board, and each of them, are hereby authorized and directed to sell and to cause the issuance of the Note, the Board having complied with the procedures contained in KRS 58.150 and KRS 56.513 by soliciting proposals for the loan to be evidenced by the Note from at least three responsible lenders. The Board shall enter into a Loan and Note Purchase Agreement with the Bank, as purchaser of the Note (the "Agreement"), in such form as the officer executing the same may approve, upon the advice of counsel, which Agreement is hereby approved and authorized and shall be executed by an officer of the Board. The Chairperson, Vice Chairperson and Secretary-Treasurer of the Board, and the General Manager and the Finance Director of the Board, and each of them, are further authorized to enter into and to execute on behalf of the Board any and all certificates, opinions, instruments and documents necessary or desirable to effectuate the sale and issuance of the Note and to approve any supplemental terms and provisions deemed to be necessary or desirable to carry out the intent and purposes of this Resolution.

Section 8. Execution of Note; Limited Obligation. The Note shall be executed on behalf of the Board by the manual signature of the Chairperson and shall have impressed thereon a true impression of the official seal of the Board and shall be attested with the manual signature of its Secretary-Treasurer. In case any official of the Board whose signature shall appear on the Note shall cease to be such official before the delivery of the Note, such signature shall nevertheless be valid and sufficient for all purposes, the same as if he/she had remained in office until delivery.

The Note is a special and limited obligation payable solely as provided in Section 4 hereof. The Note and the interest thereon do not constitute a debt, indebtedness or a pledge of the faith and credit of the Board or the City within the meaning of any provision or limitation of the Constitution or statutes of the Commonwealth of Kentucky. The Board shall not be obligated to pay the principal of the Note or the interest thereon or other costs incident thereto except from the sources set out in Section 4 hereof.

Section 9. Enforcement of Noteholder's Rights. The holder of the Note may either at law or in equity, by suit, action, mandamus or other proceedings, enforce and compel performance by the Board and its officers and agents of all duties and obligations imposed or required by law or this Resolution in connection with the operation and financing of the System, including the making and collecting of sufficient rates and the sale and issuance of the New Bonds.

Section 10. Tax Covenants and Representations. The Board certifies, covenants and agrees that so long as the Note remains outstanding, moneys on deposit in any fund or account in connection with the Note, whether or not such moneys were derived from the proceeds of the sale of the Note or from any other sources, will not be invested or used in a manner which will cause the Note to be an "arbitrage bond" within the meaning of Sections 103(b)(2) and 148 of the United States Internal Revenue Code of 1986, as amended (the "Code"), and any lawful regulations promulgated or proposed thereunder, as the same presently exist, or may from time to time hereafter be amended, supplemented or revised. The Chairperson, Vice Chairperson, and/or Secretary-Treasurer, as the officers of the Board charged with the responsibility for issuing the Note, are authorized and directed, for and on behalf of the Board, to execute all certificates and other documents that may be required for evidencing compliance with federal tax rules, and any representations, certifications and covenants contained in such certificates and other documents so executed shall be deemed to constitute representations, certifications and covenants of the Board.

For the benefit of the holder of the Note and reliance by the Board's Bond Counsel, the Board further represents, warrants, agrees, covenants and certifies as follows:

(A) Within the meaning of Section 141 of the Code and the Income Tax Regulations issued thereunder, over the term of the Note (i) less than 10% of the proceeds of the Note, if any, will be applied for any private business use, and the payment of the principal of or interest on less than 10% of the amount of the Note, if any, will be secured directly or indirectly by any interest in property used for a private business use, or payments in respect of such property, or will be derived directly or indirectly from payment (whether or not to the Board) in respect of such property; (ii) at least 90% of the proceeds of the Note will be applied for a governmental use of the Board; (iii) any private business use of the Project will be related to such governmental use of the Board and will not be unrelated or disproportionate; and (iv) none of the proceeds of the Note will be used, directly or indirectly, to make or finance loans to private persons. It is reasonably expected that over the term of the Note (a) the Project will be available for general public use, in that it will be reasonably available for use by natural persons not engaged in a trade or business on the same basis as any other person or entity, (b) no nongovernmental person will have any special legal entitlement to use the Project and (c) there will be no direct or indirect payment made with respect to the Project or the security of the Note by any persons or entities other than payment by the general public as described in clause (a) above.

(B) Within the meaning of Section 148(f)(4)(B) of the Code, it is reasonably expected at least 75% of the net proceeds (including investment proceeds, if any) of the Note will be used for construction expenditures with respect to property which is owned by a governmental

unit, at least 10% of such proceeds will be spent for the governmental purposes of the issue within six months from the date the Note is issued, at least 45% of such proceeds will be spent for such purposes within one year from such date, at least 75% of such proceeds will be spent for such purposes within eighteen months from such date, and at least 100% of such proceed will be spent within two years from such date. The Board will take all action necessary to comply with the applicable arbitrage rebate requirements of Section 148(f) of the Code in respect of the Note.

(C) The Note is not federally guaranteed within the meaning of Section 149(b) of the Code.

(D) The Board will comply with the information reporting requirements of Section 149(e) of the Code with respect to the Note.

(E) It is reasonably expected that during the term of the Note the Project will not be disposed of provided; however, should there be any disposition of any personal property constituting a part of the Project because it is no longer suitable for its governmental purpose, it is reasonably expected that the fair market value of such personal property will not exceed 25% of its costs.

(F) The weighted average maturity of the Note does not exceed 120% of the weighted average useful life of the facilities comprising the Project.

(G) The Board has not expended any sums on the Project which will be reimbursed from the proceeds of the Note, other than (a) certain preliminary expenditures such as engineering and planning costs not exceeding 20% of the cash proceeds of the Note, (b) expenditures made within 60 days prior to the date of adoption of this Resolution, and (c) expenditures prior to which the Board had adopted an official intent resolution regarding reimbursement from tax-exempt bond proceeds. A reimbursement of a prior expenditure from proceeds of the Note shall be made only if such reimbursement occurs (a) before the later of eighteen months after (i) the date the expenditure was paid or (ii) the date the facility for which the expenditure was paid was placed in service and (b) within three years after the date the expenditure was paid.

(H) There are no other obligations of the Board which are sold or issued at substantially the same time as the Note is sold pursuant to a common plan of financing together with the Note, or are payable out of substantially the same source of funds (or will have substantially the same claim to be paid out of substantially the same source of funds) as the Note.

(I) The Board will not use or permit the use of any of the funds provided by the Note in such a manner as to, or take or omit to take any action which would, impair the exclusion from gross income for federal income tax purposes of interest on the Note. The Board shall at all times do and perform all acts and things permitted by law and necessary or desirable in order to assure that interest paid by the Board on the Note shall, for the purposes of federal income taxation, be excludable from gross income.

(J) Within the meaning of Section 265(b) of the Code, the Note is a "qualified tax-exempt obligation" and is deemed designated by the Board for purposes of Section 265(b)(3) of the Code, and in this connection the Board states that the reasonably anticipated amount of qualified tax-exempt obligations (other than private activity bonds which are not qualified 501(c)(3) bonds and the current refunding Note which does not exceed the amount of the refunded obligation) which have been and will be issued by the Board during the calendar year 2010 does not exceed \$30,000,000.

Section 11. Captions. The captions and headings appearing in this Resolution, as well as the Table of Contents, are for convenience of reference only and in no way define, limit or describe the scope or intent of any sections or provisions of this Resolution.

Section 12. Resolution Constitutes Contract. The provisions of this Resolution shall constitute a contract between the Board and the holder of the Note; and after the issuance of the Note, no change in the provisions of this Resolution shall be made except (i) as herein authorized, (ii) for the purpose of curing any ambiguity or defective or inconsistent provisions contained herein, or (iii) as authorized in writing by the holder of the Note.

Section 13. When Resolution Effective. This Resolution shall be in full force and effect upon its adoption by the Board and approval and execution by the Secretary-Treasurer.

ADOPTED at a duly convened meeting of the Board held on the 16th day of November, 2010, and declared to be in full force and effect.

RESOLUTION OF THE ELECTRIC AND WATER PLANT BOARD OF THE CITY OF FRANKFORT, KENTUCKY, PROVIDING FOR THE REFINANCING OF THE BOARD'S ELECTRIC AND WATER SYSTEM REVENUE BOND ANTICIPATION NOTE, SERIES 2010, IN THE PRINCIPAL AMOUNT OF \$2,000,000, AND FURTHER PROVIDING FOR THE INTERIM FINANCING OF THE COSTS OF CONSTRUCTION, ACQUISITION AND INSTALLATION OF MAJOR WATER SERVICE ADDITIONS AND IMPROVEMENTS TO THE BOARD'S COMBINED MUNICIPAL ELECTRIC AND WATER SYSTEM IN AN AMOUNT UP TO \$1,500,000; AUTHORIZING THE SALE AND ISSUANCE OF THE BOARD'S ELECTRIC AND WATER SYSTEM REVENUE BOND ANTICIPATION NOTE, SERIES 2012, IN A PRINCIPAL AMOUNT UP TO \$3,500,000 FOR THE PURPOSES PROVIDED HEREIN; SETTING FORTH THE TERMS AND CONDITIONS UPON WHICH THE NOTE IS TO BE ISSUED AND PROVIDING FOR THE SECURITY AND PAYMENT OF THE NOTE AND THE INTEREST THEREON, INCLUDING A COVENANT TO ISSUE ELECTRIC AND WATER SYSTEM REVENUE BONDS FOR SUCH PAYMENT; AND PROVIDING FOR RELATED MATTERS

WHEREAS, the Electric and Water Plant Board of the City of Frankfort, Kentucky (the "Board"), has for many years owned and operated its combined municipal water and electric system (the "System") for the public benefit, welfare and convenience, and the Board currently has outstanding, payable from the revenues of the System, \$8,420,000 outstanding principal amount of Electric and Water Refunding Revenue Bonds, Series 2009 (the "2009 Bonds"), authorized by Resolution of the Board adopted on October 27, 2009 (the "2009 Resolution"), and an Electric and Water System Revenue Bond Anticipation Note, Series 2010, in the outstanding principal amount of \$2,000,000 (the "2010 Bond Anticipation Note"), authorized by Resolution of the Board adopted on November 16, 2010 (the "2010 Resolution"); and

WHEREAS, the proceeds of the 2010 Bond Anticipation Note were used by the Board to finance the costs of constructing, acquiring and installing certain major additions and improvements to the System, consisting of water treatment plant and water distribution system improvements, upgrades and additions (the "2010 Project"), and to pay costs of issuance of the 2010 Bond Anticipation Note;

WHEREAS, the Board now desires to refund the 2010 Bond Anticipation Note; and

WHEREAS, it is provided in the 2009 Resolution that the Board may issue additional bonds ranking on a basis of parity and equality with the 2009 Bonds for the purpose of paying the costs of extensions, additions and improvements to the System upon a showing of compliance with the parity bond coverage test set forth in the 2009 Resolution, and it has been determined by the Board that it may meet such coverage test so that additional parity bonds (the "New Bonds," as hereinafter identified), on a parity with the 2009 Bonds, may, upon the enactment and implementation of water service rate increases, if necessary, be issued in an amount sufficient to finance the costs of constructing, acquiring and installing certain major additions and improvements to the System, consisting of water treatment plant and water distribution system improvements, upgrades and additions (the "Project"); and the Board has

determined to make a commitment to enact and to implement such a rate increase, if necessary, in order to issue the New Bonds; and

WHEREAS, the Board has previously undertaken to receive bids for the construction of the Project and the best bid has been determined; and

WHEREAS, the Board has determined upon the basis of construction bids, estimates and other data that the costs of the Project to be financed will be approximately \$1,500,000, and to provide such funds on an interim basis, and to refund the 2010 Bond Anticipation Note, in each case pending issuance of the New Bonds; it is now appropriate and necessary for the Board to sell and issue its Electric and Water System Revenue Bond Anticipation Note, Series 2012 (the "Note"), under authority of KRS 58.150 and 56.513, which Note shall be payable as to both principal and interest solely from (a) the proceeds of the New Bonds, when sold and issued, and (b) the income and revenues to be derived from the operation of the System, as extended and improved from time to time, but on a basis subordinate and subject in all respects to (i) the prior and superior pledges, liens, rights and contractual commitments securing the 2009 Bonds, and (ii) the Board's obligations under an Assistance Agreement with the Kentucky Infrastructure Authority dated as of October 1, 2008, in the outstanding principal amount of \$6,590,601; and the Note shall not constitute an indebtedness of the Board within the meaning of debt-limiting provisions of the Constitution of Kentucky; and

WHEREAS, in accordance with KRS 58.150 and 56.513, the Board has solicited proposals from at least three responsible lenders with respect to the interim loan to be evidenced by the Note, has determined that the best proposal is that of MainSource Bank (the "Bank"), and has determined to sell and issue the Note to the Bank;

NOW, THEREFORE, BE IT RESOLVED BY THE ELECTRIC AND WATER PLANT BOARD OF THE CITY OF FRANKFORT, KENTUCKY, AS FOLLOWS:

Section 1. Affirmation of Preamble Recitals; Authorization of Project; Project and System to Be Municipally Owned and Operated. All statements and recitals set forth in the preamble of this Resolution, including the terms defined therein, are hereby affirmed and adopted as a part of this Resolution.

The Project is a public project undertaken by the Board for public purposes and shall constitute and be a part of the System, and so long as the Note or the New Bonds hereinafter authorized shall remain outstanding and unpaid as to principal or interest, the System shall continue to be municipally owned, controlled, operated and maintained by the Board for the security of the Note and the New Bonds. The Project and the System are to be operated pursuant to the provisions of KRS 96.172 to 96.188, now in full force and effect.

Section 2. Note Authorized. For the purpose of providing funds to refund the 2010 Bond Anticipation Note, to finance the costs of the Project on an interim basis, and to pay costs of issuance of the Note, there is hereby authorized to be issued the Board's Electric and Water System Revenue Bond Anticipation Note, Series 2012, in an aggregate principal amount up to \$3,500,000 (the "Note"), all in anticipation of the issuance by August 1, 2014, of the New Bonds hereinafter identified.

Section 3. Description of Note; Payment Terms; Note Form. The Note shall be dated the date of delivery thereof to the Bank, as purchaser, and shall mature by September 1, 2014. The Note shall bear interest from the date of each advance of proceeds of the Note, as set out hereinafter, payable on each March 1 and September 1, beginning March 1, 2013, to maturity or prepayment, at the rate of 1.45% per annum based on a 365/365 interest accrual method. The Note may be prepaid by the Board at any time in whole or from time to time in part. If a scheduled payment of interest on or principal of the Note is received by the Bank more than ten (10) days after it is due, the Board shall pay a late charge of 5.0% of the overdue payment, which shall be paid promptly but only once on each late payment.

In the event of (i) the issuance by the Internal Revenue Service of a statutory notice of deficiency, (ii) a final and nonappealable determination by a court of competent jurisdiction or (iii) an opinion of counsel having a national reputation in the field of tax-exempt finance to the effect that interest on the Note is not excludable by the Bank from gross income for federal income tax purposes (a "Determination of Taxability"), the interest rate on the Note shall be increased to an interest rate which would result in the Bank's receiving the same after federal tax equivalent yield as if a Determination of Taxability had not occurred (the "Taxable Rate"). Such Taxable Rate shall be effective as of the date interest on the Note is determined to be includable in the Bank's gross income for federal income tax purposes, and all additional interest payable as a result of this subparagraph shall be due within thirty (30) days of written demand by the Bank therefor. The Board shall also pay the Bank any additional penalties, taxes or interest thereon for which the Bank becomes liable as a result of a Determination of Taxability. The Board shall pay such penalty, taxes or interest within thirty (30) days after receiving a written demand by the Bank therefor. The Board's obligation to make the above payment under this paragraph shall be required regardless of whether the Board is contesting or is offering or has offered in good faith, either directly or through the Bank, to contest any Determination of Taxability. However, if the Board shall so contest the Determination of Taxability and shall be successful (after final appeal), then all payments made by the Board in excess of the payments which would have been made under this paragraph shall be refunded to the Board with interest thereon at the rate then borne by the Note.

Anything to the contrary herein notwithstanding, in the event that there is a determination by the Internal Revenue Service or an opinion of counsel having a national reputation in the field of tax-exempt finance that the designation of the Note as a "qualified tax-exempt obligation" as defined in Section 265(b)(3) of the Code is ineffective or inapplicable, then the Bank shall employ such computations(s) or formula(e) reasonably required to ascertain the interest rate to be applicable to the Note that would, as determined by the Bank, allow the Bank to achieve a yield comparable to the yield in effect prior to the occurrence of the event described above in this paragraph.

On each interest payment date, the Board shall pay interest due on the Note to the Bank in immediately available funds by certified check, wire transfer or other means according to payment instructions given to the Board by the Bank. On the date of maturity of the Note, the Board shall pay to the Bank in immediately available funds by certified check, wire transfer or other means according to the payment instructions of the Bank the outstanding principal amount of the Note plus interest then due. Upon receipt of payment in full for the Note and all other obligations due under this Resolution and the Loan and Note Purchase Agreement dated as of

August 28, 2012 (or other acceptable date), between the Board and the Bank (the "Purchase Agreement"), the Bank shall immediately cancel the Note and return it to the Board.

The principal of and interest on the Note shall be payable to the Bank, without exchange or collection charges, in lawful money of the United States of America. The Note shall be issued only as a single fully registered note without coupons in the denomination of \$3,500,000 and, unless the Board shall otherwise direct, shall be numbered R-1.

The Note shall be issued (and shall be executed by the indicated officials) in substantially the following form, with such necessary or appropriate variations, omissions and insertions as may be permitted or required by this Resolution, required by the Bank or advised by the Board's Bond Counsel, as follows:

(FORM OF NOTE)

No. R-1

\$3,500,000

UNITED STATES OF AMERICA
COMMONWEALTH OF KENTUCKY
ELECTRIC AND WATER PLANT BOARD
OF THE CITY OF FRANKFORT, KENTUCKY
ELECTRIC AND WATER SYSTEM REVENUE BOND ANTICIPATION NOTE
SERIES 2012

KNOW ALL MEN BY THESE PRESENTS: That the Electric and Water Plant Board of the City of Frankfort, Kentucky (the "Board"), for value received, hereby promises to pay to MainSource Bank (the "Holder"), or its assigns, solely and only from the limited sources hereinafter described and not otherwise, (i) the principal amount of \$3,500,000 or the outstanding principal amount shown on Schedule A attached hereto, whichever is less, on September 1, 2014, and (ii) interest from the date of each advance of proceeds of this Note, as set out below, payable on each March 1 and September 1, beginning March 1, 2013, to maturity or prepayment, at the rate of 1.45% per annum based on a 365/365 interest accrual method. If a scheduled payment of interest or principal is received by the Holder more than ten (10) days after it is due, the Board shall pay a late charge of 5.0% of the overdue payment, which shall be paid promptly but only once on each late payment.

In the event of (i) the issuance by the Internal Revenue Service of a statutory notice of deficiency, (ii) a final and nonappealable determination by a court of competent jurisdiction or (iii) an opinion of counsel having a national reputation in the field of tax-exempt finance to the effect that interest on the Note is not excludable by the Bank from gross income for federal income tax purposes (a "Determination of Taxability"), the interest rate on the Note shall be increased to an interest rate which would result in the Bank's receiving the same after federal tax equivalent yield as if a Determination of Taxability had not occurred (the "Taxable Rate"). Such Taxable Rate shall be effective as of the date interest on the Note is determined to be includable in the Bank's gross income for federal income tax purposes, and all additional interest payable as a result of this subparagraph shall be due within thirty (30) days of written demand by the Bank therefor. The Board shall also pay the Bank any additional penalties, taxes or interest thereon for

which the Bank becomes liable as a result of a Determination of Taxability. The Board shall pay such penalty, taxes or interest within thirty (30) days after receiving a written demand by the Bank therefor. The Board's obligation to make the above payment under this paragraph shall be required regardless of whether the Board is contesting or is offering or has offered in good faith, either directly or through the Bank, to contest any Determination of Taxability. However, if the Board shall so contest the Determination of Taxability and shall be successful (after final appeal), then all payments made by the Board in excess of the payments which would have been made under this paragraph shall be refunded to the Board with interest thereon at the rate then borne by the Note.

Anything to the contrary herein notwithstanding, in the event that there is a determination by the Internal Revenue Service or an opinion of counsel having a national reputation in the field of tax-exempt finance that the designation of the Note as a "qualified tax-exempt obligation" as defined in Section 265(b)(3) of the Code is ineffective or inapplicable, then the Bank shall employ such computations(s) or formula(e) reasonably required to ascertain the interest rate to be applicable to the Note that would, as determined by the Bank, allow the Bank to achieve a yield comparable to the yield in effect prior to the occurrence of the event described above in this paragraph.

Principal of and interest on this Note shall be payable to the Holder by the Board in immediately available funds by certified check, wire transfer or other means according to payment instructions given to the Board by the Holder. This Note shall be prepayable in whole at any time and in part from time to time by the Board at its option. Payments received by the Holder shall be applied in the following order: (i) repayment of any amounts owed to Holder for charges, fees and expenses (including reasonable attorneys' fees), (ii) accrued interest on this Note, and (iii) the unpaid principal of this Note.

The Holder shall endorse on Schedule A attached to this Note from time to time the amount of each advance of proceeds of this Note to the Board and the outstanding principal amount of this Note, and each such endorsement shall be conclusive evidence of such amounts in the absence of manifest error; provided, however, that the Board's obligations shall not be affected by any failure to endorse Schedule A to this Note correctly or at all. As provided in the Resolution of the Board authorizing this Note (the "Resolution"), each advance of proceeds of this Note by the Holder to the Board shall be in an amount of at least \$50,000 (except for the last advance) upon at least three (3) days' prior written notice by the Board. All advances of the proceeds of this Note shall be governed by Section 5 of the Resolution, the terms of which are incorporated herein by reference.

This Note represents a duly authorized note issue of the Board designated "Electric and Water Plant Board of the City of Frankfort, Kentucky, Electric and Water System Revenue Bond Anticipation Note, Series 2012" (the "Note"), limited to the principal amount of \$3,500,000, authorized and issued by the Board in anticipation of the issuance of the Board's Electric and Water System Revenue Bonds, Series 201_ (the "Bonds"), pursuant to the Resolution, for the purpose of refunding the Board's Electric and Water System Revenue Bond Anticipation Note, Series 2010, in the outstanding principal amount of \$2,000,000, and for the purpose of providing interim financing of the costs of certain water system facilities and improvements constituting a part of the Board's combined municipal electric and water system (the "System"), and this Note

has been issued under and in full compliance with the Constitution and statutes of the Commonwealth of Kentucky, including among others Sections 58.150 and 56.513 of the Kentucky Revised Statutes.

Reference is made to the Resolution for provisions with respect to the nature and extent of the security, rights, duties and obligations of the Holder and the Board and the terms upon which this Note is issued. This Note is also issued in connection with the Loan and Note Purchase Agreement dated as of August 28, 2012 (or other acceptable date), between the Board and the Holder, the terms of which are incorporated herein by reference.

The Board pledges as the sources of payment of the principal of and interest on the Note (a) the proceeds of the Bonds, when sold and issued, and (b) the income and revenues of the System, but on a basis subordinate and subject in all respects to (i) the prior and superior pledges, liens, rights and contractual commitments securing the Board's outstanding Electric and Water Refunding Revenue Bonds, Series 2009, payable from the revenues of the System, and (ii) the Board's obligations under an Assistance Agreement with the Kentucky Infrastructure Authority dated as of October 1, 2008, in the outstanding principal amount of \$6,590,601, payable from the revenues of the System, none of which obligations or the agreements, documents and instruments executed by the Board in connection with such obligations shall be amended, modified, renewed or extended without the prior written consent of the Holder.

The Board covenants with the Holder that prior to the maturity date of this Note, the Board will take all proper and necessary action in accordance with law to authorize, sell and issue the Bonds in an amount sufficient to provide for the payment when due of the principal of and interest on, and the retirement of, this Note, and the Note shall constitute a first charge upon said proceeds of the Bonds.

The Board further covenants that the System will be continuously operated as a revenue-producing undertaking and that it will fix and charge such rates for the services and facilities of the System so that the revenues therefrom will be sufficient to cause and permit the Board to meet applicable conditions and requirements for the timely issuance of the Bonds.

The Board acknowledges and agrees that, in the event the Board fails to comply with any of the covenants of the Board set forth in this Note and such failure is not cured to the reasonable satisfaction of the Holder within fifteen (15) days after the Holder has provided written notice to the Board of the Board's failure to comply with the particular covenant(s), the Holder may increase the interest rate payable on this Note by an additional two percent (2%) per annum until the Board complies with the particular covenant(s) as determined by the Holder in its good faith, reasonable judgment.

This Note is a special, limited obligation of the Board and does not constitute an indebtedness of the Board within the meaning of any constitutional or statutory limitations or provisions, and the Board shall not be obligated to pay this Note or the interest hereon except from the sources herein specified or from the proceeds of renewal notes, if any.

It is hereby certified, recited and declared that all acts, conditions and things required to exist, to happen and to be performed precedent to and in the issuance and delivery of this Note

do exist, have happened and have been performed according to law; and that proper provision has been made and shall be made for the payment of the principal hereof and interest hereon as hereinabove set out.

This Note is exempt from ad valorem taxation by the Commonwealth of Kentucky and by its political subdivisions. This Note shall be governed by the laws of the Commonwealth of Kentucky.

So long as this Note remains outstanding and unpaid in whole or in part, the Board covenants and agrees to provide to the Holder the following financial information:

(a) as soon as available but in any event within 180 days of the end of the Fiscal Year of the Board, audited financial statements of the Board prepared by a certified public accountant in accordance with generally accepted accounting principles applicable to governmental bodies including, without limitation, a balance sheet and profit and loss statement on a comparative basis with the prior Fiscal Year; and

(b) as soon as available but in any event within 45 days of the end of each March 31, June 30, September 30 and December 31 (each, a "Quarterly Reporting Period"), interim financial statements prepared by the Board for the applicable Quarterly Reporting Period including, without limitation, a balance sheet and profit and loss statement.

THE PARTIES HERETO EACH WAIVES ANY RIGHT TO TRIAL BY JURY IN ANY ACTION OR PROCEEDING RELATING TO THIS NOTE, ANY DOCUMENTS EXECUTED IN CONNECTION WITH THIS NOTE, OR ANY TRANSACTION CONTEMPLATED IN ANY OF SUCH DOCUMENTS. THE PARTIES HERETO EACH ACKNOWLEDGES THAT THE FOREGOING WAIVER IS KNOWING AND VOLUNTARY.

The Board acknowledges that the Board has read and understood all of the provisions of this Note including the waiver of jury trial, and has been advised by counsel as necessary or appropriate.

IN WITNESS WHEREOF, the Electric and Water Plant Board of the City of Frankfort, Kentucky, has caused this Note to be executed with the manual signature of its Chairperson, to be sealed by an impression of the official seal of the Board and to be attested by the manual signature of its Secretary-Treasurer, in each case as a duly authorized official of the Board, all as of the date of this Note, which is August __, 2012.

Schedule A to Note

RECORD OF ADVANCES

<u>Date</u>	<u>Amount of Advance</u>	<u>Outstanding Principal Amount</u>	<u>Notation by</u>

Section 4. Security for Note; Covenant to Issue Bonds. As the security for the payment of the principal of and interest on the Note, and to provide for the payment of such principal and interest, the Board hereby pledges:

(a) the proceeds of the New Bonds hereinafter identified, when sold and issued; and

(b) the income and revenues of the System, but on a basis subordinate and subject in all respects to (i) the prior and superior pledges, liens, rights and contractual commitments securing the outstanding 2009 Bonds of the Board payable from the revenues of the System, and (ii) the Board's obligations under an Assistance Agreement with the Kentucky Infrastructure Authority dated as of October 1, 2008, in the outstanding principal amount of \$6,590,601, payable from the revenues of the System, none of which obligations or the agreements, documents and instruments executed by the Board in connection with such obligations shall be amended, modified, renewed or extended without the prior written consent of the Holder.

For the purpose of providing permanent financing for the Project by making available sufficient funds for the payment and retirement of the Note (including any interest due thereon) at or prior to the maturity of the Note, there are hereby authorized to be issued up to \$3,500,000

principal amount (or such larger amount as may be necessary) of the Board's Electric and Water System Revenue Bonds, Series 201_ (the "New Bonds"), to be issued pursuant to a Resolution to be adopted by the Board at the appropriate time. The Board shall deliver written notice to the Bank before the foregoing Resolution is adopted by the Board and before the new Bonds are issued. The definitive terms of the New Bonds, including principal amount, maturities, redemption provisions, date of issuance and other terms and details shall be established and set out in such future Resolution.

The Board hereby agrees and covenants that it will, prior to the maturity date of the Note, take all proper and necessary action in accordance with law (a) to authorize, sell and issue the New Bonds in an amount sufficient to provide for the payment when due of the principal of and interest on, and the retirement of, the Note and (b) to adjust, if necessary, its electric and water service rates and charges so that the New Bonds may be issued.

The proceeds of the New Bonds, which shall be in an amount at least sufficient to pay and retire the outstanding principal of and accrued interest on the Note and all outstanding fees and charges due to the Bank (including reasonable attorneys' fees), shall be applied for such purpose, and the Holder shall have a first and prior charge and claim on the proceeds of the New Bonds.

Section 5. Payment of Note Proceeds and Application Thereof. The proceeds of the Note shall be advanced and paid by the Bank, as purchaser of the Note, (a) to the Board to repay the unpaid principal of the 2010 Bond Anticipation Note, and (b) for the payment (or reimbursement to the Board for the prior payment) of the costs of constructing, acquiring and installing the Project, including without limitation costs of issuing the Note and interest costs during construction and acquisition of the Project (collectively, "Project Costs"), all as set out hereinafter. The Bank shall endorse Schedule A to the Note to indicate the amount of each such advance, and such endorsements shall be conclusive evidence of such advances in the absence of manifest error; provided, however, that the Board's obligations shall not be affected by any failure to endorse Schedule A to the Note correctly or at all. The Bank shall keep and maintain adequate records pertaining to such advances, including records of all requisitions made pursuant to this Resolution, and after the Project has been completed the Bank shall, upon request of the Board, file an accounting thereof with the Board.

The Bank shall make an initial advance of the proceeds of the Note to the Board in the amount of \$2,000,000 on the date of original issuance and delivery of the Note to the Bank to enable the Board to pay the unpaid principal of the 2010 Bond Anticipation Note in the amount of \$2,000,000, with all accrued and unpaid interest thereon to be paid by the Board. The procedures for requesting other advances of proceeds of the Note up to \$1,500,000 from the Bank, and for making such advances, shall be as follows:

(a) The Bank shall make each such advance by paying the amount thereof in immediately available funds to the Board, provided that the Bank's obligation to make each such advance shall be subject to the fulfillment (or waiver by the Bank) of the following conditions:

(i) at least three (3) days before making an advance, the Bank shall have received a written requisition from the Board, signed by its Chairperson, Vice Chairperson, Secretary-Treasurer, General Manager or Finance Director, requesting that the Bank make such advance in the amount specified therein (which must be at least \$50,000, except for the last advance), describing the Project Costs for which such advance is requested and stating that, to the best knowledge of the officer signing such requisition, the statements set forth in clauses (ii) and (iii) below are true and correct on and as of such date; provided that the first advance to pay Project Costs shall be made to the Board, pursuant to written requisition but without three (3) days' prior written notice, on the date of original issuance and delivery of the Note to the Bank;

(ii) with respect to advances for costs of construction and installation of the Project, such written requisition shall confirm that all appropriate governmental, regulatory and other consents, approvals, licenses, authorizations, exemptions and environmental and construction permits required for the construction and installation of the Project that are required to be obtained as of the date of such advance shall have been obtained (and the Board shall have no reason to believe that all others required to be obtained in the future will not be obtained in a timely fashion) and shall be in full force and effect;

(iii) such written requisition shall confirm that no Project Cost to be paid or reimbursed from such advance has been the subject of a prior advance of Note proceeds; and

(iv) upon written request by the Bank, the Board shall provide to the Bank copies of all invoices and other documentation supporting the advance request including, without limitation, all documents delivered to the Board by MAC Construction & Excavating, Inc., as the general contractor on the Project (the "General Contractor"), or any other contractor, subcontractor, materialman or supplier requesting payment for work done on the Project or for materials that were supplied to the Project.

(b) The Bank shall make each advance on the date and in the amount specified in the requisition delivered pursuant to subparagraph (a) above.

(c) The completion of the Project shall be evidenced to the Bank by a certificate signed by an officer of the Board stating that (i) construction, acquisition and installation of the Project have been completed and all Project Costs for labor, services, materials and supplies used in such construction, acquisition, installation and undertaking have been paid, and (ii) all Project Costs related to the issuance of the Note have been paid. Notwithstanding the foregoing, such a certificate shall state that it is given without prejudice to any rights against third parties which exist at the date of such certificate or which may subsequently come into being. Promptly upon completion of the acquisition, construction and installation of the Project as described above, the Board agrees to cause such certificate to be furnished to the Bank. Any unadvanced amount of the Note then remaining shall be applied to reduce the stated face amount of the Note.

Amounts advanced to the Board by the Bank under the foregoing procedures to pay Project Costs, to the extent not applied immediately in paying Project Costs, shall be deposited by the Board in a special account of the Board at the Bank hereby established and designated the "Electric and Water Plant Board of the City of Frankfort, Kentucky, 2012 Electric and Water System Construction Account" (the "Construction Account"), until disbursed to pay Project Costs upon order of the Chairperson, Vice Chairperson, Secretary-Treasurer, General Manager or Finance Director of the Board. All moneys held in the Construction Account shall be kept apart from any and all other Board funds; and if such deposits in the Construction Account cause the aggregate of all deposits of the Board in the Bank to be in excess of the amount insured by the Bank Insurance Fund of the Federal Deposit Insurance Corporation, the amount of such excess shall (unless invested in Investment Obligations as hereinafter defined) be secured by a surety bond or bonds or by a pledge of direct obligations of or by obligations guaranteed by the United States Government having a market value equivalent to such excess deposit. The term "Investment Obligations," as used in this Resolution, means (i) direct general obligations of, or obligations the payment of principal of and interest on which are unconditionally guaranteed by, the United States of America, any certificate or other evidence of an ownership interest in any such securities or in specified portions thereof consisting of the principal thereof or the interest thereon or any combination thereof; (ii) interest-bearing bank time deposits, bank certificates of deposit or repurchase agreements (all including those of the Bank) fully collateralized and secured (to the extent not insured by the Federal Deposit Insurance Corporation) by Investment Obligations described in (i) immediately above; (iii) money market funds composed of Investment Obligations described in (i) immediately above; or (iv) bonds or notes of the Commonwealth of Kentucky and of its agencies and instrumentalities.

All income from the investment of moneys in the Construction Account shall accrue to the Construction Account and constitute a part thereof.

Section 6. Renewal Notes Permitted. The Board reserves the right to issue renewal notes as provided by law as the Board may determine; and the proceeds of the sale of such renewal notes shall be applied to the payment and retirement of the Note and are hereby pledged therefor.

Section 7. Sale of Note. Proposals to make the loan evidenced by the Note have been solicited on a limited basis from at least three institutions having knowledge and experience in financial and business matters who are capable of evaluating the merits and risks of the Note, who would not be purchasing the Note for more than one account and who do not intend to resell the Note. In connection with such solicitation, the Board has made available to such qualified purchasers, upon request, material financial and other information regarding the System, the Board and the Note in the Board's possession. The Bank, as purchaser of the Note, will be a party to the Purchase Agreement which includes the confirmation by the Bank of its non-distributive intent.

The officers of the Board, and each of them, are hereby authorized and directed to sell and to cause the issuance of the Note, the Board having complied with the procedures contained in KRS 58.150 and KRS 56.513 by soliciting proposals for the loan to be evidenced by the Note from at least three responsible lenders. The Board shall enter into the Purchase Agreement with the Bank, as purchaser of the Note, in such form as the officer executing the same may approve,

upon the advice of counsel, which Purchase Agreement is hereby approved and authorized and shall be executed by an officer of the Board. The Chairperson, Vice Chairperson and Secretary-Treasurer of the Board, and the General Manager and the Finance Director of the Board, and each of them, are further authorized to enter into and to execute on behalf of the Board any and all certificates, opinions, instruments and documents necessary or desirable to effectuate the sale and issuance of the Note and to approve any supplemental terms and provisions deemed to be necessary or desirable to carry out the intent and purposes of this Resolution.

Section 8. Execution of Note; Limited Obligation. The Note shall be executed on behalf of the Board by the manual signature of the Chairperson and shall have impressed thereon a true impression of the official seal of the Board and shall be attested with the manual signature of its Secretary-Treasurer. In case any official of the Board whose signature shall appear on the Note shall cease to be such official before the delivery of the Note, such signature shall nevertheless be valid and sufficient for all purposes, the same as if he/she had remained in office until delivery.

The Note is a special and limited obligation payable solely as provided in Section 4 hereof. The Note and the interest thereon do not constitute a debt, indebtedness or a pledge of the faith and credit of the Board or the City within the meaning of any provision or limitation of the Constitution or statutes of the Commonwealth of Kentucky. The Board shall not be obligated to pay the principal of the Note or the interest thereon or other costs incident thereto except from the sources set out in Section 4 hereof.

Section 9. Enforcement of Noteholder's Rights. The holder of the Note may either at law or in equity, by suit, action, mandamus or other proceedings, enforce and compel performance by the Board and its officers and agents of all duties and obligations imposed or required by law or this Resolution in connection with the operation and financing of the System, including the making and collecting of sufficient rates and the sale and issuance of the New Bonds.

Section 10. Tax Covenants and Representations. The Board certifies, covenants and agrees that so long as the Note remains outstanding, moneys on deposit in any fund or account in connection with the Note, whether or not such moneys were derived from the proceeds of the sale of the Note or from any other sources, will not be invested or used in a manner which will cause the Note to be an "arbitrage bond" within the meaning of Sections 103(b)(2) and 148 of the United States Internal Revenue Code of 1986, as amended (the "Code"), and any lawful regulations promulgated or proposed thereunder, as the same presently exist, or may from time to time hereafter be amended, supplemented or revised. The Chairperson, Vice Chairperson, and/or Secretary-Treasurer, as the officers of the Board charged with the responsibility for issuing the Note, are authorized and directed, for and on behalf of the Board, to execute all certificates and other documents that may be required for evidencing compliance with federal tax rules, and any representations, certifications and covenants contained in such certificates and other documents so executed shall be deemed to constitute representations, certifications and covenants of the Board.

For the benefit of the holder of the Note and reliance by the Board's Bond Counsel, the Board further represents, warrants, agrees, covenants and certifies as follows:

(a) Within the meaning of Section 141 of the Code and the Income Tax Regulations issued thereunder, over the term of the Note (i) less than 10% of the proceeds of the Note, if any, will be applied for any private business use, and the payment of the principal of or interest on less than 10% of the amount of the Note, if any, will be secured directly or indirectly by any interest in property used for a private business use, or payments in respect of such property, or will be derived directly or indirectly from payment (whether or not to the Board) in respect of such property; (ii) at least 90% of the proceeds of the Note will be applied for a governmental use of the Board; (iii) any private business use of the Project and the 2010 Project will be related to such governmental use of the Board and will not be unrelated or disproportionate; and (iv) none of the proceeds of the Note will be used, directly or indirectly, to make or finance loans to private persons. It is reasonably expected that over the term of the Note (a) the Project and the 2010 Project will be available for general public use, in that it will be reasonably available for use by natural persons not engaged in a trade or business on the same basis as any other person or entity, (b) no nongovernmental person will have any special legal entitlement to use the Project and the 2010 Project and (c) there will be no direct or indirect payment made with respect to the Project and the 2010 Project or the security of the Note by any persons or entities other than payment by the general public as described in clause (a) above.

(b) Within the meaning of Section 1.150-1(d) of the Income Tax Regulations, \$2,000,000 of the proceeds of the Note will be used by the Board on the date of delivery of the Note to currently refund the 2010 Bond Anticipation Note, which was issued by the Board under the authority of and for the purposes set out in the 2010 Resolution. The Board reaffirms its tax representations and covenants with respect to the 2010 Bond Anticipation Note contained in Section 10(g) of the Board's 2010 Resolution authorizing the sale of the 2010 Bond Anticipation Note.

(c) Within the meaning of Section 148(f)(4)(B) of the Code, it is reasonably expected at least 75% of the net proceeds (including investment proceeds, if any) of the Note that are not used to currently refund the 2010 Bond Anticipation Note will be used for construction expenditures with respect to property which is owned by a governmental unit, at least 10% of such proceeds will be spent for the governmental purposes of the issue within six months from the date the Note is issued, at least 45% of such proceeds will be spent for such purposes within one year from such date, at least 75% of such proceeds will be spent for such purposes within eighteen months from such date, and at least 100% of such proceeds will be spent within two years from such date. The Board will take all action necessary to comply with the applicable arbitrage rebate requirements of Section 148(f) of the Code in respect of the Note.

(d) The Note is not federally guaranteed within the meaning of Section 149(b) of the Code.

(e) The Board will comply with the information reporting requirements of Section 149(e) of the Code with respect to the Note.

(f) It is reasonably expected that during the term of the Note the Project and the 2010 Project will not be disposed of provided; however, should there be any disposition of any personal property constituting a part of the Project and the 2010 Project because it is no longer suitable for its governmental purpose, it is reasonably expected that the fair market value of such personal property will not exceed 25% of its costs.

(g) The weighted average maturity of the Note does not exceed 120% of the weighted average useful life of the facilities comprising the Project and the 2010 Project.

(h) The Board has not expended any sums on the Project which will be reimbursed from the proceeds of the Note, other than (a) certain preliminary expenditures such as engineering and planning costs not exceeding 20% of the cash proceeds of the Note, (b) expenditures made within 60 days prior to the date of adoption of this Resolution, and (c) expenditures prior to which the Board had adopted an official intent resolution regarding reimbursement from tax-exempt bond proceeds. A reimbursement of a prior expenditure from proceeds of the Note shall be made only if such reimbursement occurs (a) before the later of eighteen months after (i) the date the expenditure was paid or (ii) the date the facility for which the expenditure was paid was placed in service and (b) within three years after the date the expenditure was paid.

(i) There are no other obligations of the Board which are sold or issued at substantially the same time as the Note is sold pursuant to a common plan of financing together with the Note, or are payable out of substantially the same source of funds (or will have substantially the same claim to be paid out of substantially the same source of funds) as the Note.

(j) The Board will not use or permit the use of any of the funds provided by the Note in such a manner as to, or take or omit to take any action which would, impair the exclusion from gross income for federal income tax purposes of interest on the Note. The Board shall at all times do and perform all acts and things permitted by law and necessary or desirable in order to assure that interest paid by the Board on the Note shall, for the purposes of federal income taxation, be excludable from gross income.

(k) Within the meaning of Section 265(b) of the Code, the Note is a "qualified tax-exempt obligation" and the \$1,500,000 new money portion of the Note is designated by the Board for purposes of Section 265(b)(3) of the Code, and in this connection the Board states that the reasonably anticipated amount of qualified tax-exempt obligations (other than private activity bonds which are not qualified 501(c) (3) bonds and the \$2,000,000 portion of the proceeds of the Note which will currently refund the unpaid principal of the 2010 Bond Anticipation Note (which portion of the Note is deemed designated by the Board for purposes of Section 265(b)(3)(D) of the Code), which have been and will be issued by the Board during the calendar year 2012 does not exceed \$10,000,000.

Section 11. Captions. The captions and headings appearing in this Resolution, as well as the Table of Contents, are for convenience of reference only and in no way define, limit or describe the scope or intent of any sections or provisions of this Resolution.

Section 12. Resolution Constitutes Contract. The provisions of this Resolution shall constitute a contract between the Board and the holder of the Note; and after the issuance of the Note, no change in the provisions of this Resolution shall be made except (i) as herein authorized, (ii) for the purpose of curing any ambiguity or defective or inconsistent provisions contained herein, or (iii) as authorized in writing by the holder of the Note.

Section 13. When Resolution Effective. This Resolution shall be in full force and effect upon its adoption by the Board and approval and execution by the Secretary-Treasurer.

ADOPTED at a duly convened meeting of the Board held on the 21st day of August, 2012, and declared to be in full force and effect.

Sheila Burton
Chairperson

Attest:

Ralph Ludwig
Secretary-Treasurer

Certification

I, the undersigned, do hereby certify that I am the duly qualified and acting Secretary-Treasurer of the Electric and Water Plant Board of the City of Frankfort, Kentucky (the "Board"), and as such Secretary-Treasurer I further certify that the foregoing is a true, correct and complete copy of a Resolution duly adopted by the Board at a duly convened regular meeting held on August 21, 2012, signed by the Chairperson and now in full force and effect, all as appears from the official records of the Board in my possession and under my control.

IN WITNESS WHEREOF, I have hereunto set my hand this August 28, 2012.

Ralph Ludwig
Secretary-Treasurer
Electric and Water Plant Board
of the City of Frankfort, Kentucky

RESPONSE TO PSC

PSC CASE NO. 2014-00254

ITEM 6

Frankfort Electric and Water Plant Board
Response to Order Dated: July 23, 2014
Case No. 2014-00254

ITEM 6: List all persons on Frankfort's payroll during the proposed test period. For each employee, state his or her job duties, total wages paid during the fiscal year, current salary or wage rate, and the percentage of work hours spent performing duties for each department during the fiscal year. If Frankfort's records do not permit the allocation of an employee's work hours among departments, provide an estimate for each employee and explain how Frankfort derived the estimate.

Response: Ex. 1 – Salary records and statement of job duties

Allocation method for salaries:

All employees, except those in support departments, such as, Customer Service, Human Resources, Finance/Accounting, Safety, IT, Support Services/Fleet Management, Board of Directors, General Manager, and Assistant General Managers spend 100% of their time working in their assigned department. That is, water department employees spend 100% of their time working for the water department and do not perform work for other departments. Employee salaries are allocated using several different methods. Employee salaries in electric, water and cable departments are allocated using Method 1 and 100% of the salary is charged to the department. Method 1 is used for the majority of FEWPB's employees. Employee salaries not 100% allocable to the electric, water and cable departments are allocated using methods 3, 5, 7, or 8.

See Item 7 for a detailed explanation of FPB's allocations.

EMPLOYEE NUMBER	JOB TITLE	JOB DESCRIPTION	CURRENT HOURLY SALARY	TOTAL PAID IN FISCAL YEAR ENDED 6/30/13
2147	Meter Technician IV	Performs skilled maintenance, repair, and construction work on the potable water distribution system.	\$21.73	\$39,652.98
1988	Lead LineWorker - Elec	Performs duties in the construction and maintenance of overhead lines, underground lines, transmission lines, and services.	\$27.11	\$67,006.63
237	Service Truck Crew Leader	Performs duties in the construction and maintenance of overhead lines, underground lines, transmission lines, and services.	\$25.61	\$60,880.71
1871	Mechanic III	Repairs and/or performs preventive maintenance service on vehicles and equipment.	\$23.89	\$50,236.48
241	Superintendent	Supervises, assigns, reviews, and participates in the work responsible for the daily operation and maintenance of the water distribution system.	\$49.31	\$98,381.94
322	Community TV Coordinator	Responsible for program development, production schedule, video production assignment of staff and part-time employees.	\$25.40	\$50,683.93
2166	Administrative Assistant	Performs a wide variety of office support and administrative duties and activities of a general nature in support of the water department.	\$17.57	\$34,612.72
254	Lead LineWorker - Elec	Performs duties in the construction and maintenance of overhead lines, underground lines, transmission lines, and services.	\$0.00	\$73,109.60
2153	Installer Technician II	Responsible for the installation, removal, and maintenance of wiring and connections and equipment for the delivery of cable tv, broadband, telephone and advanced digital.	\$19.45	\$42,823.27
391	Construct Supervisor -CTV	Supervises and assists in the construction and maintenance of the Cable/Telecommunications outside plant network.	\$28.84	\$59,557.16
255	Construction Crewleader	Provides technical support and functional supervision over personnel. Performs skilled maintenance, repair, and construction work on the potable water distribution system.	\$27.92	\$58,604.08
170	General Manager	Responsible for the management and day to day operation of the utility. Responsible for planning, leading, controlling, and organizing all departments.	\$69.71	\$140,630.51
60	Telephone Order Rep	Performs clerical and administrative duties, with reference to initiating business telephone service orders; with reference to residential and business customers	\$24.69	\$50,124.61
1939	Service Worker IV WD	Performs skilled maintenance, repair, and construction work on the potable water distribution system.	\$23.81	\$45,018.43
16	Asst Meter Read Supervisor	Assists in organizing and supervising the monthly reading of all metered water and electric services; assumes responsibility for the Division in the absence of the	\$27.23	\$54,133.41
1969	Customer Serv Rep III	Performs administrative work including troubleshooting and assisting customers with utility, cable, and other telecommunication services.	\$18.47	\$39,810.92

2060	Chief Water Engineer	Plans, directs, manages and oversees the activities of the Water Engineering Department for the provision of safe drinking water to customers.	\$49.54	\$98,483.50
2244	Temporary- Skilled	Assist with mowing Frankfort Plant Board grounds and other maintenance duties as needed.	\$8.50	\$640.00
2168	System Maintenance Wkr 3	Performs skilled maintenance, repair, and construction work on the potable water distribution system.	\$18.21	\$32,040.12
246	Service Supervisor - WD	Supervises, assigns, reviews, and participates in the work responsible for the daily operation and maintenance of the water distribution system.	\$29.65	\$62,747.05
2234	Stock Clerk II	Maintains inventory of materials, spare parts, tools and supplies for the Frankfort Plant Board.	\$14.97	\$24,448.63
1957	Meter Technician IV	Performs skilled maintenance, repair, and construction work on the potable water distribution system.	\$24.05	\$46,921.32
238	Assistant Superintendent	Assists the Superintendent in planning, organizing, directing, coordinating and evaluating all activities and programs of the department.	\$41.26	\$75,002.88
1913	Installer Technician II	Responsible for the installation, removal, and maintenance of wiring and connections and equipment for the delivery of cable tv, broadband, telephone and advanced digital.	\$20.95	\$44,371.35
2080	Headend Tech	Performs advanced Headend maintenance and troubleshooting to ensure minimal system outages, and uses knowledge of advanced IT networking.	\$29.52	\$59,544.17
2123	Human Resources Asst II	Assists with all activities and programs of the department with a primary focus on employee benefits.	\$20.59	\$40,895.38
1989	Sr. Mechanic	Repairs and/or performs preventive maintenance service on vehicles and equipment.	\$26.01	\$53,626.70
2136	Meter Relay Tech III	Performs duties in the construction and maintenance of electrical metering equipment, system analysis and monitoring and maintenance of all substations.	\$18.98	\$35,769.21
2002	Installer Technician II	Responsible for the installation, removal, and maintenance of wiring and connections and equipment for the delivery of cable tv, broadband, telephone and advanced digital.	\$20.58	\$47,496.20
2029	Service Order Representat	Performs administrative and technical work in assisting with customer accounts with Cable-Telecommunications products and services.	\$17.79	\$39,505.96
72	Board Member	Oversees overall company policy and strategy.	\$0.00	\$268.80
245	Const Crew Leader	Performs skilled maintenance, repair, and construction work on the potable water distribution system.	\$23.77	\$53,920.77
2196	GroundWorker	Performs duties in the construction and maintenance of overhead lines, underground lines, transmission lines, and services.	\$17.03	\$33,923.46
1927	Installer Technician II	Responsible for the installation, removal, and maintenance of wiring and connections and equipment for the delivery of cable tv, broadband, telephone and advanced digital.	\$20.37	\$50,900.81

173	Electric Engineer II	Performs professional engineering functions with respect to the electric distribution and substation departments.	\$43.11	\$81,929.49
2043	Installer Technician II	Responsible for the installation, removal, and maintenance of wiring and connections and equipment for the delivery of cable tv, broadband, telephone and advanced digital. Performs administrative work including troubleshooting and assisting customers with utility, cable, and other telecommunication services.	\$19.45	\$45,314.67
2051	Customer Serv Rep III	Performs duties in the construction and maintenance of electrical metering equipment, system analysis and monitoring and maintenance of all substations.	\$18.53	\$37,704.56
2089	Substation Tech I	Performs skilled maintenance, repair, and construction work on the potable water distribution system.	\$24.33	\$45,253.25
263	Operator IV WD	Collects water samples, including routine and new-line bacteriological samples. Responds to all water quality complaints and analyzes problem.	\$25.59	\$55,242.00
2215	Water Analyst III	Performs clerical and administrative duties, with reference to initiating business telephone service orders; with reference to residential and business customers	\$18.15	\$29,040.47
63	Telephone Order Rep	Performs administrative work including troubleshooting and assisting customers with utility, cable, and other telecommunication services.	\$18.87	\$37,294.48
2133	Customer Serv Rep II	Assists the Safety Officer with planning, organizing, directing, coordinating and evaluating the activities and programs of the department	\$17.17	\$35,590.91
398	Safety (Field) Assistant I	Performs a variety of para-professional engineering drafting work in the office and in the field; Involving drafting, surveying, mapping and related engineering activities.	\$23.74	\$47,318.43
171	Engineering Tech II	Assists customers with service questions, disconnects, etc.; receives, transmits, and relays information concerning services and activities to, from and between Plant Board. Evaluates client needs and requirements, writes scripts, operates video equipment for commercial/industrial/local origination production.	\$29.65	\$58,626.73
1916	Dispatcher	Plans, organizes, directs, coordinates and evaluates all activities and programs of the Department; participates in all activities of the Customer Service Department.	\$17.52	\$35,729.94
2163	Video Producer/ Director	Performs duties in the construction and maintenance of overhead lines, underground lines, transmission lines, and services.	\$17.33	\$42,510.53
1951	Customer Service Director	Performs duties in the construction and maintenance of overhead lines, underground lines, transmission lines, and services.	\$0.00	\$78,166.50
2211	LineWorker III- Electric	Assisted in engineering projects.	\$0.00	\$38,325.79
121	Lead LineWorker - Elec	Performs duties in the construction and maintenance of overhead lines, underground lines, transmission lines, and services.	\$29.41	\$63,513.29
2164	Temporary-Skilled	Assisted in engineering projects.	\$0.00	\$6,041.00
86	Equipment Oper I	Performs duties in the construction and maintenance of overhead lines, underground lines, transmission lines, and services.	\$24.51	\$51,402.29
2132	Broadband Net Adm	Provides support and maintenance within the organization's desktop computing environment.	\$21.81	\$54,872.03

2126	Marketing Vid Con. Coord	Organizes and directs marketing functions, develops new product development strategies, and manages all video content for Frankfort Plant Board Cable-Telecom.	\$24.50	\$44,536.98
2203	Video Prod Specialist	Videotapes community programs for playback on local origination channel.	\$25.00	\$4,537.50
2173	Meter Reader II	Serves as meter reader for the Plant Board; connects, disconnects and reconnects meters.	\$13.37	\$34,165.01
158	Const Support Supv -E	Supervises service trucks and contracted right away crews (tree trimmers).	\$35.39	\$73,136.61
2214	Operator I WD	Performs skilled maintenance, repair, and construction work on the potable water distribution system.	\$13.50	\$27,960.59
2154	Senior Accountant	Assists in the preparation of the budget and financial reports, assists in maintaining the central accounting system and the general and subsidiary ledgers.	\$25.64	\$43,124.77
2052	Switch and Trmkg Tech II	Performs the operation and maintenance, test, repair, and analyzes defects in the telephone switching circuits.	\$29.66	\$67,523.61
177	GIS Landbase Administrator	Maintains current GIS landbase maps; instructs and trains users in operation of the GIS.	\$32.18	\$65,343.63
2230	Finance Director	Plans, organizes, directs, coordinates and evaluates all activities and programs of the Finance Department.	\$42.55	\$77,233.89
2130	Water Engineer II	Performs professional engineering functions with respect to the water distribution and water treatment departments; provides technical assistance to the public.	\$37.77	\$74,658.48
2222	Construction Lineworker I	Constructs, maintains, and upgrades the Cable / Telecommunications outside plant network.	\$16.71	\$29,304.49
2190	Customer Serv Rep II	Performs administrative work including troubleshooting and assisting customers with utility, cable, and other telecommunication services.	\$15.58	\$29,557.47
2055	Installer Technician II	Responsible for the installation, removal, and maintenance of wiring and connections and equipment for the delivery of cable tv, broadband, telephone and advanced digital.	\$19.94	\$44,913.99
2020	Service Order Representat	Performs administrative and technical work in assisting with customer accounts with Cable-Telecommunications products and services.	\$17.90	\$43,645.25
1944	Broadband Technician	Performs cable-telecommunications infrastructure improvements, preventive maintenance and repairs.	\$22.65	\$50,150.02
44	Customer Services Supv	Supervises office employees while assisting in performing required duties.	\$26.19	\$53,547.54
2239	Cashier	Performs administrative work in the receipt of all types of utility payments, serves as Receptionist for the downtown office.	\$0.00	\$5,336.00
2182	Construction Lineworkr II	Constructs, maintains, and upgrades the Cable / Telecommunications outside plant network.	\$18.41	\$34,175.79

1860	System Maintenance Wkr II	Performs skilled maintenance, repair, and construction work on the potable water distribution system.	\$0.00	\$35,294.89
2022	Security Supervisor	Supervises and assists in the installation and maintenance FPB Security Services including FPB internal security, card access, CCTV and fire alarm systems.	\$24.84	\$60,805.38
242	Operator II WD	Performs skilled maintenance, repair, and construction work on the potable water distribution system.	\$21.83	\$44,914.73
2094	Installer Technician II	Responsible for the installation, removal, and maintenance of wiring and connections and equipment for the delivery of cable tv, broadband, telephone and advanced digital.	\$19.87	\$45,741.26
1867	Assistant G M /Operations	Assists Department Heads with planning, organizing, directing, coordinating and evaluating all activities and programs for Operations.	\$60.54	\$115,452.78
2175	Cashier	Performs administrative work in the receipt of all types of utility payments, serves as Receptionist for the downtown office.	\$14.72	\$29,341.58
1899	Service Truck Crew Leader	Performs duties in the construction and maintenance of overhead lines, underground lines, transmission lines, and services.	\$30.09	\$59,034.66
2242	Custodian	Performs routine janitorial work to maintain clean, sanitary and safe work environment;	\$12.67	\$1,534.74
2205	Video Prod Specialist	Videotapes community programs for playback on local origination channel.	\$25.00	\$5,300.00
116	Storeroom Supervisor	Supervises and schedules daily storeroom activities; assists Supports service Director with daily activities	\$30.03	\$62,164.36
2225	Video Prod Specialist	Videotapes community programs for playback on local origination channel.	\$25.00	\$2,150.00
2149	Construction Lineworkr II	Performs duties in the construction and maintenance of overhead lines, underground lines, transmission lines, and services.	\$18.44	\$37,553.57
1874	Account Executive	Administers the sales function for Cable Advertising accounts. Manages account status and makes collections when necessary.	\$13.59	\$64,444.04
381	Install. & Processing Mgr	Manages the installation, removal, and maintenance of wiring and connections and equipment for the delivery of cable tv, broadband, telephone and advanced digital.	\$40.53	\$80,912.84
385	Optical Cable Network Tch	Performs and assists with Fiber optic network installation, maintenance, and troubleshooting.	\$27.04	\$60,847.36
291	Lineworker I - Electric	Performs duties in the construction and maintenance of overhead lines, underground lines, transmission lines, and services.	\$24.72	\$50,599.75
2204	Board Member	Oversees overall company policy and strategy.	\$1.15	\$998.40
1875	Media Services Manager	Oversees the operation of FPB's local origination channel, leased access channel, photo classified channel, real estate channel, and the Cable Advertising.	\$41.26	\$81,818.14

2241	Appr Constr. LineWorker	Constructs, maintains, and upgrades the Cable / Telecommunications outside plant network.	\$13.99	\$3,228.42
2210	GroundWorker	Performs duties in the construction and maintenance of electrical metering equipment, system analysis and monitoring and maintenance of all substations.	\$0.00	\$27,212.42
114	Mechanic III	Repairs and/or performs preventive maintenance service on vehicles and equipment.	\$0.00	\$39,516.62
1902	Installer Technician II	Responsible for the installation, removal, and maintenance of wiring and connections and equipment for the delivery of cable tv, broadband, telephone and advanced digital.	\$0.00	\$54,080.20
2124	Customer Service Dispatch	Performs administrative work including dispatching trouble calls to various departments, assisting customers with all FPB inquiries.	\$15.60	\$34,203.36
1901	System Maintenance Wkr 4	Performs skilled maintenance, repair, and construction work on the potable water distribution system.	\$25.35	\$54,469.37
142	Lead Substation Technicn	Performs duties in the construction and maintenance of electrical metering equipment, system analysis and monitoring and maintenance of all substations.	\$33.23	\$73,039.81
351	Meter Relay Tech I	Performs duties in the construction and maintenance of electrical metering equipment, system analysis and monitoring and maintenance of all substations.	\$22.72	\$46,591.58
133	Assistant Superintendent	Assist Superintendent in planning, organizing, directing coordinating and evaluating all activities and programs of the department.	\$40.89	\$82,355.39
257	Overhead Supv- Elec	Supervises assigned departmental employees and assists in the construction and maintenance of overhead lines, underground lines, transmission lines.	\$32.46	\$72,720.46
1992	Engineering Tech II	Performs a variety of para-professional engineering functions in the field and office	\$21.71	\$42,249.23
1946	Stock Clerk III	Maintains inventory of materials, spare parts, tools and supplies for the Frankfort Plant Board.	\$20.26	\$41,867.31
2090	Water Plant Operator IV	In responsible charge of plant process operation, including minor preventive maintenance.	\$22.15	\$44,984.41
1859	Human Resrcs Coordinator	Assists the Director with all activities and programs of the department with a primary focus on recruiting.	\$23.34	\$46,124.65
311	Security & Bband Tech MGR	Develops, coordinates, guides and maintains critical systems and operational plans.	\$41.35	\$82,208.03
2085	Installer Technician II	Responsible for the installation, removal, and maintenance of wiring and connections and equipment for the delivery of cable tv, broadband, telephone and advanced digital.	\$19.75	\$49,753.06
2033	Customer Serv Rep III	Performs administrative work including troubleshooting and assisting customers with utility, cable, and other telecommunication services.	\$19.90	\$42,116.45
1993	System Technician I	Performs duties in the construction and maintenance of electrical metering equipment, system analysis and monitoring and maintenance of all substations.	\$28.76	\$59,657.51

2170	Telephone Manager	Manages the division related to local and long distance telephone services and the SONET Network.	\$32.94	\$65,375.75
2235	Computer Programmer II	Designs, writes, tests, documents and maintains software, analyzes / delivers data reports to meet the business needs of the user management, staff, and customers.	\$32.36	\$44,858.16
2183	Installer Technician II	Responsible for the installation, removal, and maintenance of wiring and connections and equipment for the delivery of cable tv, broadband, telephone and advanced digital.	\$19.45	\$35,901.50
306	Superintendent	Assists Managers with planning, organizing, directing, coordinating and evaluating all activities and programs for the Cable-Telecommunications Department.	\$60.54	\$98,275.42
1982	Customer Service/Dispatch	Performs administrative work including dispatching trouble calls to various departments, assisting customers with all FPB inquiries.	\$17.61	\$38,559.35
2125	Construction Lineworkr II	Constructs, maintains, and upgrades the Cable / Telecommunications outside plant network.	\$18.81	\$37,495.26
1915	Sr. Engineering Tech	Performs a variety of para-professional engineering functions in the field and office. Provides guidance and instructions in to subordinate technicians.	\$25.95	\$48,606.27
1983	Customer Service/Dispatch	Performs administrative work including dispatching trouble calls to various departments, assisting customers with all FPB inquiries.	\$20.13	\$47,774.95
1953	Engineering Tech II	Performs a variety of para-professional engineering drafting work in the office and in the field;	\$25.85	\$52,347.62
112	Equipment Oper I	Performs duties in the construction and maintenance of electrical metering equipment, system analysis and monitoring and maintenance of all substations.	\$26.76	\$56,890.23
2184	Video Producer/ Director	Evaluates client needs and requirements, writes scripts, operates video equipment for commercial/industrial/local origination production.	\$17.20	\$32,207.57
134	Superintendent	Plans, organizes, directs, coordinates, and evaluates all activities and programs of the department. Directs and supervises the department.	\$48.58	\$96,369.69
2179	Installer Technician II	Responsible for the installation, removal, and maintenance of wiring and connections and equipment for the delivery of cable tv, broadband, telephone and advanced digital.	\$0.00	\$25,949.80
353	Installation Supervisor	Manages the installation, removal, and maintenance of wiring and connections and equipment for the delivery of cable tv, broadband, telephone and advanced digital.	\$28.67	\$63,631.61
1963	Information Tech Asst Dir	Directs the planning and implementation of enterprise IT systems, networks, and supervises and direct the work of assigned employees.	\$44.27	\$87,228.32
2155	Meter Reader I	Serves as meter reader for the Plant Board; connects, disconnects and reconnects meters.	\$0.00	\$28,715.37
2198	Video Prod Specialist	Videotapes community programs for playback on local origination channel.	\$25.00	\$7,800.00
1961	Telephone Order Rep	Performs clerical and administrative duties, with reference to initiating business telephone service orders; with reference to residential and business customers	\$21.68	\$43,201.23

15	Sr. Meter Reader/ Tech	Serves as meter reader for the Plant Board; connects, disconnects and reconnects meters.	\$26.09	\$55,600.51
2099	Payroll Accountant	Compiles and posts employee data for all divisions to prepare bi-weekly payroll, maintains payroll timekeeping.	\$20.18	\$47,731.61
290	Water Plant Operator IV	Responsible charge of plant process operation, including minor preventive maintenance. May supervise operators of lower classification.	\$27.48	\$58,800.34
2206	Board Member	Oversees overall company policy and strategy.	\$1.15	\$1,164.38
2220	Board Member	Oversees overall company policy and strategy.	\$1.15	\$998.40
2063	Customer Serv Rep II	Performs administrative work including troubleshooting and assisting customers with utility, cable, and other telecommunication services.	\$16.59	\$39,054.55
1952	Service Worker IV WD	Performs skilled maintenance, repair, and construction work on the potable water distribution system.	\$23.58	\$50,859.97
1924	Customer Serv Rep II	Performs administrative work including troubleshooting and assisting customers with utility, cable, and other telecommunication services.	\$16.37	\$33,001.13
1990	LineWorker I- Electric	Performs duties in the construction and maintenance of overhead lines, underground lines, transmission lines, and services.	\$23.87	\$54,659.00
2240	GroundWorker	Performs duties in the construction and maintenance of overhead lines, underground lines, transmission lines, and services.	\$17.33	\$3,876.26
2128	LineWorker I- Electric	Performs duties in the construction and maintenance of overhead lines, underground lines, transmission lines, and services.	\$22.52	\$42,904.09
115	Technical Suppt Supervisor	Performs duties in the construction and maintenance of electrical metering equipment, system analysis and monitoring and maintenance of all substations.	\$32.05	\$74,681.25
2142	Customer Serv Rep II	Performs administrative work including troubleshooting and assisting customers with utility, cable, and other telecommunication services.	\$17.23	\$36,370.61
2030	Switch and Trmkg Tech II	Performs the operation and maintenance, test, repair, and analyzes defects in the telephone switching circuits.	\$29.40	\$56,645.91
2181	Electric Engineer II	Performs professional engineering functions with respect to the electric distribution and substation departments.	\$34.01	\$53,865.56
281	Assist. Supt. WTP	Assists the Superintendent in planning, organizing, directing, coordinating and evaluating all activities and programs of the department.	\$39.04	\$77,325.56
2172	Computer Programmer II	Designs, writes, tests, documents and maintains software, analyzes / delivers data reports to meet the business needs of the user management, staff and customers.	\$33.25	\$61,275.24
1956	Administrative Assistant	Performs a wide variety of office support and administrative duties and activities of a general nature in support of the Electric department.	\$19.64	\$39,340.54

375	Chief Field Tech- CATV	Supervises, performs and assists with RF Broadband and Fiber Optic maintenance. Implementing preventive maintenance standards, providing emergency repair. Performs administrative work including troubleshooting and assisting customers with utility, cable, and other telecommunication services.	\$29.07	\$69,607.47
1909	Customer Serv Rep III		\$18.52	\$38,484.76
2219	Board Member	Oversees overall company policy and strategy.	\$1.15	\$998.40
1985	Customer Service Dispatch	Performs administrative work including dispatching trouble calls to various departments, assisting customers with all FPB inquiries.	\$0.00	\$3,937.58
2208	Facilities Locator III	Locates underground facilities using underground locating equipment.	\$19.44	\$35,151.22
2097	Switch and Tmkg Tech II	Performs the operation and maintenance, test, repair, and analyzes defects in the telephone switching circuits.	\$29.21	\$67,719.20
2112	LineWorker I- Electric	Performs duties in the construction and maintenance of overhead lines, underground lines, transmission lines, and services.	\$23.26	\$53,576.31
2226	Water Plant Operator IV	Responsible charge of plant process operation, including minor preventive maintenance. May supervise operators of lower classification.	\$0.00	\$8,751.82
1981	Security Specialist II	Responsible for the Sales, Design, Installation, removal, and maintenance of Residential/Commercial Fire Detection, and Notification Systems.	\$19.26	\$42,020.68
2054	Traffic, Billing, & PPV	Serves as Traffic/ Billing Coordinator performing tasks associated with cable advertising sales. Creates daily schedule for Photo Classified and Real Estate.	\$17.29	\$34,194.62
2150	Installer Technician II	Responsible for the Installation, removal, and maintenance of wiring and connections and equipment for the delivery of cable tv, broadband, telephone and advanced digital.	\$19.45	\$43,922.94
2027	System Maintenance Wkr 2	Performs skilled maintenance, repair, and construction work on the potable water distribution system.	\$16.20	\$32,821.82
289	Temporary Skilled	Temporary duties in Water Treatment Plant	\$0.00	
2021	Service Worker IV WD	Performs skilled maintenance, repair, and construction work on the potable water distribution system.	\$23.35	\$46,183.44
2238	Video Prod Specialist	Videotapes community programs for playback on local origination channel.	\$25.00	\$2,012.50
148	LineWorker I- Electric	Performs duties in the construction and maintenance of overhead lines, underground lines, transmission lines, and services.	\$26.85	\$55,849.73
2243	Custodian	Performs routine janitorial work to maintain clean, sanitary and safe work environment;	\$12.80	\$974.47
2201	Video Prod Specialist	Videotapes community programs for playback on local origination channel.	\$25.00	\$1,606.25

2151	Meter Reader II	Serves as meter reader for the Plant Board; connects, disconnects and reconnects meters.	\$15.06	\$34,083.70
2189	Computer Programmer II	Designs, writes, tests, documents and maintains software, analyzes / delivers data reports to meet the business needs of the user management, staff and customers.	\$33.11	\$64,112.74
2187	GroundWorker	Performs duties in the construction and maintenance of overhead lines, underground lines, transmission lines, and services.	\$17.35	\$25,270.93
167	Overhead Supv- Elec	Supervises assigned departmental employees and assists in the construction and maintenance of overhead lines, underground lines, transmission lines.	\$33.29	\$72,847.38
1998	Engineering Tech II	Performs a variety of para-professional engineering functions in the field and office.	\$21.70	\$41,924.88
26	Safety Officer	Responsible for the continuous development of Safety Policies and Programs as well as effective implementation of these programs.	\$37.42	\$71,411.77
1943	Purchasing Agent	Serves as Purchasing Agent for the Plant Board; assists all departments with developing specifications, issuing invitations to bid, and accepting bids.	\$21.63	\$43,795.04
310	Production Asst. Video	Utilizes digital camera systems to record community programs and events for playback on FPB local origination channel.	\$16.60	\$36,452.66
97	Information Tech Director	Primary responsibility is to oversee the streamlined operation of the IT department and to ensure it aligns with the business objectives of the organization.	\$49.75	\$98,217.11
2224	Executive Asst	Provides administrative support for General Manager, and Staff Attorney/Assistant General Manager of Administration.	\$24.22	\$47,709.71
2236	Board Member	Oversees overall company policy and strategy.	\$1.15	\$1,084.62
2233	Customer Service Dispatch	Performs administrative work including dispatching trouble calls to various departments, assisting customers with all FPB inquiries.	\$16.31	\$31,579.25
1911	Water Plant Operator IV	In responsible charge of plant process operation, including minor preventive maintenance.	\$23.16	\$50,981.14
2088	Asst G M / Administration/Attorney	Reviews, negotiates, drafts, revises and/or recommends to the Board acceptance of contracts, and easements. Advises and represents on legal matters.	\$60.54	\$108,993.18
2202	Video Prod Specialist	Videotapes community programs for playback on local origination channel.	\$25.00	\$2,350.00
1904	Work Order Coord/ Acct	Tracks work-orders; completes and processes billings including state/federal projects and contracts on work-orders.	\$18.24	\$35,962.21
2212	Custodian	Performs routine janitorial work to maintain clean, sanitary and safe work environment;	\$12.30	\$19,464.31
2109	LineWorker I- Electric	Performs duties in the construction and maintenance of overhead lines, underground lines, transmission lines, and services.	\$22.50	\$54,940.41

2101	Operator IV WD	Performs skilled maintenance, repair, and construction work on the potable water distribution system.	\$21.82	\$44,902.42
2014	Customer Serv Rep III	Performs administrative work including troubleshooting and assisting customers with utility, cable, and other telecommunication services.	\$19.63	\$38,747.29
98	Support Services Director	Responsible for all activities and programs within the Support Services Department.	\$35.12	\$68,833.38
2084	Accountant I	Performs accounts payable and accounts receivable duties for operations and maintenance funds	\$19.38	\$39,333.79
369	Stock Clerk III	Maintains inventory of materials, spare parts, tools and supplies for the Frankfort Plant Board.	\$18.77	\$38,663.91
2035	LineWorker I- Electric	Performs duties in the construction and maintenance of overhead lines, underground lines, transmission lines, and services.	\$22.72	\$54,695.14
38	Senior Accountant	Assists in the preparation of the budget and financial reports, assists in maintaining the central accounting system and the general and subsidiary ledgers	\$30.34	\$70,291.53
2034	Bldg/ Grounds Maint Workr	Performs duties in maintaining buildings and grounds.	\$14.05	\$28,615.28
280	Superintendent	Responsible for the overall operation and maintenance of the water plant; responsible for monitoring special projects related to plant.	\$49.83	\$99,853.40
2213	Service Worker I WD	Performs skilled maintenance, repair, and construction work on the potable water distribution system.	\$13.52	\$28,195.19
1945	Sonet Technician	Performs and assists with the installation, programming, and maintenance of the SONET Network.	\$31.59	\$69,972.59
2011	Engineering Tech II	Performs a variety of para-professional engineering drafting work in the office and in the field; involving drafting, surveying, and mapping.	\$21.78	\$41,482.71
2049	Mechanic III	Repairs and/or performs preventive maintenance service on vehicles and equipment.	\$21.94	\$45,562.82
104	Garage Supervisor	Supervises subordinates in repairing and/or performing preventive maintenance service on vehicles and equipment.	\$28.89	\$57,895.09
2177	Maintenance Supv- WTP	Supervises and directs installation, repairs involving maintaining services for plant production and control equipment.	\$24.50	\$49,271.21
2221	Video Prod Specialist	Videotapes community programs for playback on local origination channel.	\$25.00	\$2,506.25
182	Engineering Tech II	Performs a variety of para-professional engineering drafting work in the office and in the field; involving drafting, surveying, and mapping.	\$27.29	\$53,791.27
1918	Human Resources Director	Plans, organizes, directs, coordinates and evaluates all activities and programs of the department;	\$46.40	\$85,226.32

2178	Cashier	Performs administrative work in the receipt of all types of utility payments, serves as Receptionist for the downtown office.	\$14.68	\$29,246.40
294	Water Plant Operator IV	Responsible charge of plant process operation, including minor preventive maintenance. May supervise operators of lower classification.	\$26.63	\$63,254.14
131	Service Truck Crew Leader	Performs duties in the construction and maintenance of overhead lines, underground lines, transmission lines, and services.	\$0.00	\$56,351.70
1948	Cashier	Performs administrative work in the receipt of all types of utility payments, serves as Receptionist for the downtown office.	\$16.80	\$33,649.01
228	System Maintenance Super	Supervises, assigns, reviews, and participates in the work responsible for the daily operation and maintenance of the water distribution system.	\$30.44	\$65,870.18
2195	General Manager	Responsible for the management and day to day operation of the utility. Responsible for planning, leading, controlling, and organizing all departments.	\$0.00	\$25,636.00
137	Equipment Oper I	Performs duties in the construction and maintenance of overhead lines, underground lines, transmission lines, and services.	\$29.29	\$62,805.70
1930	Broadband Net Adm	Provides support and maintenance within the organization's desktop computing environment.	\$22.41	\$60,558.35
262	Meter Reader II	Serves as meter reader for the Plant Board; connects, disconnects and reconnects meters.	\$18.83	\$37,182.30
1947	Senior Video Producer/Dir	Supervises assigned personnel while evaluating client needs and requirements; producing, writing, shooting, and editing commercials for advertising clients.	\$25.23	\$53,036.05
108	Meter Reader II	Serves as meter reader for the Plant Board; connects, disconnects and reconnects meters.	\$21.62	\$46,062.00
2122	Media Specialist	Conceptualizes and develops strategies for customer acquisition and retention for all departments. Designs, develops and implements marketing materials.	\$18.57	\$36,765.20
14	Meter Reader Supervisor	Supervises personnel assigned to Division; detects and corrects meter reading errors posted in computer; updates meter changes and billing.	\$32.69	\$64,448.85
2134	Security Specialist II	Responsible for the Sales, Design, installation, removal, and maintenance of Residential/Commercial Fire Detection, and Notification Systems.	\$19.56	\$46,428.11
2087	Customer Serv Rep III	Performs administrative work including troubleshooting and assisting customers with utility, cable, and other telecommunication services.	\$19.40	\$40,433.02
243	Const Crew Leader	Performs skilled maintenance, repair, and construction work on the potable water distribution system.	\$28.76	\$56,243.44
2081	Temporary Professional	Assisted In Accounting Department.	\$50.00	\$7,587.50
166	Underground Supervisor	Supervises assigned departmental employees and assists in the construction and maintenance of overhead lines, underground lines, transmission lines.	\$31.92	\$71,119.43

2200	Video Prod Specialist	Videotapes community programs for playback on local origination channel.	\$25.00	\$1,206.25
2095	Video Prod Specialist	Videotapes community programs for playback on local origination channel.	\$25.00	\$175.00
2218	Video Prod Specialist	Videotapes community programs for playback on local origination channel.	\$25.00	\$3,562.50
2082	Installer Technician II	Responsible for the installation, removal, and maintenance of wiring and connections and equipment for the delivery of cable tv, broadband, telephone and advanced digital. Configures all new implementations, and developing processes and procedures for upgrades, migrations, and ongoing management of the server environment.	\$19.81	\$43,248.57
2086	Network Administrator II		\$30.10	\$59,644.83
2218	Video Prod Specialist	Videotapes community programs for playback on local origination channel.	\$25.00	\$3,133.38
1907	Lead LineWorker - Elec	Performs duties in the construction and maintenance of overhead lines, underground lines, transmission lines, and services.	\$29.99	\$63,244.58
1979	Constr Crewleader Cable	Supervises a crew and constructs and/or maintains the Cable/Telecommunications outside plant network	\$21.57	\$44,052.08
366	Broadband Technician	Performs cable-telecommunications infrastructure improvements, preventive maintenance and repairs.	\$23.42	\$52,744.10
2078	BusPro/PIC	Plans and implements internal and external communications and public information programs to promote an understanding of FPB activities and accomplishments.	\$24.62	\$48,905.50
101	Executive Asst	Provides administrative support for Assistant General Manager of Operations.	\$25.93	\$53,532.33
106	Building/Grounds Supv	Supervises subordinates in maintenance of buildings and grounds while assisting in performance of duties.	\$24.82	\$53,453.86
2028	Cust. Premise EQ Technich	Provides enhanced customer support with post installation requirements and service installation / cut-over of end-user equipment from other telecommunications companies.	\$25.86	\$56,524.74
380	Broadband Technician	Performs cable-telecommunications infrastructure improvements, preventive maintenance and repairs.	\$24.94	\$55,032.23
2167	Custodian	Performs routine janitorial work to maintain clean, sanitary and safe work environment;	\$0.00	\$11,056.48
2228	Video Prod Specialist	Videotapes community programs for playback on local origination channel.	\$25.00	\$2,345.63
1873	System Maintenance Wkr 4	Performs skilled maintenance, repair, and construction work on the potable water distribution system.	\$24.34	\$52,431.00
256	Meter Technician IV	Performs skilled maintenance, repair, and construction work on the potable water distribution system.	\$23.84	\$51,256.87

1875	Account Executive	Administers the sales function for Cable Advertising accounts. Manages account status and makes collections when necessary.	\$10.58	\$64,590.55
2231	Plant Main Operator II	Responsible charge of plant process operation, including minor preventive maintenance. May supervise operators of lower classification.	\$19.45	\$28,337.46
321	Cable Office Coordinator	Coordinates the daily work of the Order Reps to ensure the Cable-Telecom services, customer premise equipment and applicable charges are completed.	\$23.56	\$52,041.40
2152	Service Order Representat	Performs administrative and technical work in assisting with customer accounts with Cable-Telecommunications products and services.	\$16.54	\$41,924.74
2080	Custodian	Performs routine janitorial work to maintain clean, sanitary and safe work environment;	\$13.50	\$29,316.45
2237	Customer Service Dispatch	Performs administrative work including dispatching trouble calls to various departments, assisting customers with all FPB inquiries.	\$0.00	\$18,538.86
2079	Operator IV WD	Performs skilled maintenance, repair, and construction work on the potable water distribution system.	\$22.35	\$47,514.65
251	Construction Supervisor- WD	Performs skilled maintenance, repair, and construction work on the potable water distribution system.	\$29.59	\$62,589.58
2227	Temporary- Skilled	Assisted in grounds maintenance.	\$8.50	\$3,558.20
348	Constr Crewleader Cable	Supervises a crew and constructs and/or maintains the Cable/Telecommunications outside plant network	\$21.34	\$43,276.20
1949	Security Specialist II	Responsible for the Sales, Design, installation, removal, and maintenance of Residential/Commercial Fire Detection, and Notification Systems.	\$20.50	\$48,341.16
2003	Laboratory Supervisor	Supervises and performs laboratory analysis of water samples; supervises and/or prepares and maintains accurate and up-to-date reports.	\$24.60	\$48,561.15

RESPONSE TO PSC

PSC CASE NO. 2014-00254

ITEM 7

Frankfort Electric and Water Plant Board
Response to Order Dated: July 23, 2014
Case No. 2014-00254

ITEM 7: For each employee listed in Item 6, describe how Frankfort allocated his or her payroll and payroll overhead charges to each department for the proposed test period. This response shall include a detailed explanation of all allocation procedures. Payroll overhead charges include payroll taxes, health-insurance premiums, pension costs, and any other employee benefit costs.

Response: All employees, except those in support departments, such as, Customer Service, Human Resources, Finance/Accounting, Safety, IT, Support Services/Fleet Management, Board of Directors, General Manager, and Assistant General Managers spend 100% of their time working in their assigned department. That is, water department employees spend 100% of their time working for the water department and do not perform work for other departments. Employee salaries are allocated using several different methods. Employee salaries in electric, water and cable departments are allocated using Method 1 and 100% of the salary is charged to the department. Method 1 is used for the majority of FEWPB's employees. Employee salaries not 100% allocable to the electric, water and cable departments are allocated using methods 3, 5, 7, or 8.

RESPONSE TO PSC

PSC CASE NO. 2014-00254

ITEM 8

Frankfort Electric and Water Plant Board
Response to Order Dated: July 23, 2014
Case No. 2014-00254

ITEM 8: Joint or shared costs, allocation procedures and internal memorandums regarding the same.

Response: 8(a): Total expense amounts and the amount allocated per division are found in the general ledger. (Item 4.) The basis for the allocations is explained in the Response to Item 6 and Item 7.

8(b): The procedures used to allocate joint and shared costs are explained in the Response to Item 7.

8(c): No internal memorandums, etc. regarding allocation procedures, other than that response and exhibit for Item 7.

RESPONSE TO PSC

PSC CASE NO. 2014-00254

ITEM 10

Frankfort Electric and Water Plant Board
Response to Order Dated: July 23, 2014
Case No. 2014-00254

ITEM : 10

Provide an adjusted trial balance and audit adjustments for the proposed test period and the most recently completed fiscal year. The trial balance shall be traced and referenced directly to the general ledgers requested in Item 4.

Response:

Ex. 1 – Test Period Trial Balance (2013)

Ex. 2 – Fiscal Year 2014 Trial Balance

Ex. 3 – Test Period Audit Adjustments

Date: Thursday, July 31, 2014
 Time: 12:17PM

RESPONSE TO PSC

PSC CASE NO. 2014-00254

ITEM 11

Frankfort Electric and Water Plant Board
Response to Order Dated: July 23, 2014
Case No. 2014-00254

ITEM : 11 Provide the "Uniform Financial Information Report" that Frankfort submitted to the Kentucky Department of Local Government for the fiscal years ending June 30, 2012, June 30, 2013, and June 30, 2014.

Response: FPB has not filed any such report

RESPONSE TO PSC

PSC CASE NO. 2014-00254

ITEM 12

Frankfort Electric and Water Plant Board
Response to Order Dated: July 23, 2014
Case No. 2014-00254

ITEM : 12

- (a) Identify all persons or entities to which Frankfort provides wholesale water service.
- (b) For each customer listed above, provide its monthly water usage and the amount that Frankfort charged it for service for each of the previous 24 months.

Response:

- (a) FEWPB provides wholesale water service to South Anderson Water District, U.S. 60 Water District, North Shelby Water Company, Elkhorn Water District, Peaks Mill Water District, Farmdale Water District and Northeast Woodford Water District. To date, FPB has made no water sales to Northeast Woodford Water District.
- (b) Ex. 1- Usage and charge spreadsheet for previous 24 months.

RESPONSE TO PSC

PSC CASE NO. 2014-00254

ITEM 13

Frankfort Electric and Water Plant Board
Response to Order Dated: July 23, 2014
Case No. 2014-00254

ITEM : 13 Total miles of line used by Frankfort to serve its wholesale water customers and payment for water mains to deliver water to wholesale customers.

Response: 13(a): Complete the table below:

Water Main Size	Total Feet of Line	Total Miles of Line	Miles of Lines Used by the Plant Board to Serve its wholesale Customers
48"	2941.35	0.56	0.55
42"	1723.85	0.33	0.10
36"	5368.12	1.02	1.05
30"	3365.55	0.64	0.64
24"	40914.82	7.75	7.74
20"	48044.78	9.10	9.03
18"	137.56	0.03	0.03
16"	55725.64	10.55	7.37
14"	15317.87	2.90	2.84
12"	215102.94	40.74	33.86
10"	4498.64	0.85	0.91
8"	326156.03	61.77	40.89
6"	750141.12	142.07	61.76
4"	139005.09	26.33	1.85

13(b): In some cases, the wholesale customers shared in the cost to extend a water main from FEWPB's existing system to the customer's master meter pursuant to the terms of the various agreements. However, the majority of the costs for water mains running from FEWPB's water treatment plant that serve wholesale customers were paid for by FEWPB.

RESPONSE TO PSC

PSC CASE NO. 2014-00254

ITEM 14

Frankfort Electric and Water Plant Board
Response to Order Dated: July 23, 2014
Case No. 2014-00254

ITEM 14: Maximum capacity of water treatment plant, amount of treatment plant capacity reserved for wholesale customers, minimum and maximum purchase limits and changes in treatment capacity reserved.

Response: 14(a): 18 MGD is the maximum treatment capacity at the plant.

14(b)(1): FEWPB has no agreement to reserve plant capacity for any wholesale customer.

14(b)(2): Minimum and Maximum Limits.
The minimum and maximum quantity of water that customers may purchase are contained in the following Agreements:
South Anderson Water District (2000 Agreement ¶7, Item 29, Ex. 1.) Min/Max. respectively 50,000 gallons per day/100,000 gallons per day.
U.S. 60 Water District (1992 Agreement ¶ 4, ¶ 11, Item 29, Ex. 2.) Yearly minimum of fifty percent (50%) of the average amount of water purchased by the Company from the Board during the preceding three calendar years. No maximum, except that upon notification to Company its maximum limit is that purchased by Company during the previous calendar year.
North Shelby Water District (1992 Agreement ¶4, ¶11, Item 29, Ex. 3.) Same min/max as U.S. 60.
Elkhorn Water District (1992 Agreement, Item 29, Ex. 4) No min/max specified.
Peaks Mill Water District (1995 Agreement, Item 29, Ex. 5.) No min/max specified.
Farmdale Water District (1967 Agreement ¶ 1 and 1974 Amendment, Item 29, Ex. 6.) No Minimum. 1967 Agreement notes a maximum of 1,000,000 gallons per month. 1974 Amendment eliminates the limitation on the maximum gallonage for supply of water to the extension.

Northeast Woodford Water District (2011 Agreement ¶2, Item 29, Ex. 7.) Minimum of 3,000,000 gallons per month.

14(c): FEWPB has no agreement to reserve plant capacity and does not plan to maintain a reserve for any wholesale customer.

PSC CASE NO. 2014-00254

ITEM 15

Frankfort Electric and Water Plant Board
Response to Order Dated: July 23, 2014
Case No. 2014-00254

ITEM : 15 How many master meters serve the wholesale customers and who owns and maintains them?

Response: 15(a): FEWPB owns the master meters.

15(b): There are thirteen (13) master meters.

District	Number of Meters
Elkhorn	1
Farmdale	5
N. Shelby	1
Peaks Mill	2
S. Anderson	1
U.S. 60	2
Northeast Woodford	1

15(c): FEWPB maintains the master meters.

Excellence Delivered As Promised

April 7, 2014

Frankfort Plant Board
317 West Second Street
Frankfort, KY 40602

Attention David Billings
Chief Water Engineer

Ladies and Gentlemen:

Pursuant to your request, we have conducted a cost of service allocation study based on pro forma revenue requirements estimated for the test year ended June 30, 2013, and have prepared proposed rate schedules designed to produce the pro forma revenue requirements.

The attached report presents the results of the study, as well as supporting schedules which set forth the detailed cost allocation calculations. Schedule A on page 6 presents a comparison of the cost of service by customer classification with the pro forma revenues produced by each classification under present and proposed rates.

Respectfully submitted,

GANNETT FLEMING VALUATION
AND RATE CONSULTANTS, LLC

COST OF SERVICE ALLOCATION STUDY
AS OF JUNE 30, 2013
AND PROPOSED CUSTOMER RATES

PART I. INTRODUCTION

PLAN OF REPORT

The report sets forth the results of the cost of service allocation study as of June 30, 2013, prepared for The Electric and Water Plant Board of the City of Frankfort, Kentucky (The Frankfort Plant Board), Water Division. Part I, Introduction, contains statements with respect to the basis of the study, the procedures employed, and a summary of the results of the study. Part II, Cost of Service by Customer Classification, presents detailed schedules of the allocation of costs to customer classifications, as well as the bases for the allocations. Part III, Proposed Customer Rates, sets forth the proposed rate structure.

BASIS OF THE STUDY

The purpose of the study was to allocate costs to several customer classifications based on considerations of quantity of water consumed, variability of rate of flow, and costs associated with metering, billing and customer accounting. The allocation study was based on recognized procedures for allocating the several categories of costs to customer classifications in proportion to each classification's use of the facilities, commodities and services which entail the total cost of providing water service.

ALLOCATION PROCEDURES

The allocation study was based on the Base-Extra Capacity Method for allocating costs to customer classifications. The method is described in the 2012 and prior editions of the Water Rates Manual, published by the American Water Works Association. The four basic categories of cost responsibility are base, extra capacity, customer and fire protection costs. The following discussions present a brief description of these costs and the manner in which they were allocated.

Base Costs are costs that tend to vary with the quantity of water used, plus costs associated with supplying, treating, pumping and distributing water to customers under average load conditions, without the elements necessary to meet peak demands. Base costs were allocated to customer classifications on the basis of average daily usage.

Extra Capacity Costs are costs associated with meeting usage requirements in excess of the average. They include operating and capital costs for additional plant and system capacity beyond that required for average use. The extra capacity costs in this study are subdivided into costs necessary to meet maximum day extra demand and costs to meet maximum hour extra demand. The extra capacity costs were allocated to customer classifications on the bases of each classification's maximum day and hour usage in excess of average usage. (Extra capacity costs related to fire protection are allocated directly to the fire protection classifications.)

Customer Costs are costs associated with serving customers regardless of their usage or demand characteristics. Customer costs include the operating and capital costs related to meters and services, meter reading costs, and billing and collecting costs. The customer costs were allocated on the bases of the relative cost of meters and services, the number of meter readings and the number of bills.

Fire Protection Costs are costs associated with providing the facilities to meet the potential peak demand of fire protection service. Fire protection costs are subdivided

into costs to meet Public Fire Protection and Private Fire Protection demands. Operating and capital costs for hydrants were assigned directly to Public Fire Protection. The extra capacity costs assigned to fire protection service were allocated to Public and Private Fire Protection on the basis of the total relative demands of the hydrants and fire service lines.

RESULTS OF STUDY

The data summarized in Schedule A, "Comparison of Cost of Service with Revenues Under Present and Proposed Rates for the Test Year Ended June 30, 2013," constitute the principal results of the allocation study.

The cost of service by customer classification, shown in column 2 of Schedule A, is developed in Schedule B, "Cost of Service for the Twelve Months Ended June 30, 2013, Allocated to Customer Classifications". The allocation of the total cost of service to the several customer classifications was performed by applying the allocation factors referenced in column 3 to the cost of service by account in column 4. The bases of the allocation factors are presented in Schedule C.

DESIGN OF PROPOSED RATES

The results of the cost of service allocation study were discussed with the Frankfort Plant Board management in order that it be afforded the opportunity of performing its role in the oversight of designing rates that are consistent with the cost of providing service to each customer class. Using class cost of service as the guideline, the proposed rate design continues moving the Non-Water Producer class toward its relative cost of service. The proposed rates produce \$2,066,483 in revenue, \$186,981 less than the cost of service for the class of \$2,233,855.

The proposed rate structure, as presented in Part III, Proposed Customer Rates, Schedule E, consists of customer charges and volumetric rates. The revenues

resulting from the proposed rate structure are shown in columns 6 and 7 of Schedule A, and the increase and percentage increase in columns 8 and 9.

FRANKFORT ELECTRIC AND WATER PLANT BOARD

FACTORS FOR ALLOCATING COST OF SERVICE TO CUSTOMER CLASSIFICATIONS

FACTOR 1. ALLOCATION OF COSTS WHICH VARY WITH THE AMOUNT OF WATER CONSUMED.

Factors are based on the pro forma test year average daily consumption for each customer classification.

Customer Classification (1)	Average Daily Consumption, Thousand Gallons (2)	Allocation Factor (3)
Residential	1,694	0.2602
Commercial/Public	2,201	0.3381
Sales for Resale - Non Water Prod.	1,927	0.2960
Sales for Resale - Water Prod.	645	0.0992
Private Fire Protection	11	0.0016
Public Fire Protection	32	0.0049
Total	<u>6,510</u>	<u>1.0000</u>

FACTOR 2. ALLOCATION OF COSTS ASSOCIATED WITH FACILITIES SERVING BASE AND MAXIMUM DAY EXTRA CAPACITY FUNCTIONS.

Factors are based on the weighting of the factors for average daily consumption (Factor 1) and the factors derived from maximum day extra capacity demand for each customer classification; as follows:

Customer Classification (1)	Average Daily Consumption		Maximum Day Extra Capacity		Allocation Factor (6)=(3)+(5)
	Allocation Factor 1 (2)	Weighted Factor (3)=(2)x 0.5556	Allocation Factor (4)	Weighted Factor (5)=(4)x 0.4444	
Residential	0.2602	0.1446	0.2694	0.1197	0.2643
Commercial/Public	0.3381	0.1878	0.2801	0.1245	0.3123
Sales for Resale - Non Water Prod.	0.2960	0.1645	0.2452	0.1090	0.2735
Sales for Resale - Water Prod.	0.0992	0.0551	0.2053	0.0912	0.1463
Private Fire Protection	0.0016	0.0009			0.0009
Public Fire Protection	0.0049	0.0027			0.0027
Total	<u>1.0000</u>	<u>0.5556</u>	<u>1.0000</u>	<u>0.4444</u>	<u>1.0000</u>

The derivation of the maximum day extra capacity factors in column 4 and the basis for the column 3 and 5 weightings are presented on the following page.

FRANKFORT ELECTRIC AND WATER PLANT BOARD

FACTORS FOR ALLOCATING COST OF SERVICE TO CUSTOMER CLASSIFICATIONS, cont.

FACTOR 2. ALLOCATION OF COSTS ASSOCIATED WITH FACILITIES SERVING BASE AND MAXIMUM DAY EXTRA CAPACITY FUNCTIONS, cont.

Customer Classification	Average Daily Consumption, Thousand Gal.	Factor*	Maximum Day Extra Capacity	
			Rate of Flow, Thousand Gal. Per Day	Allocation Factor
(1)	(2)	(3)	(4)=(2)x(3)	(5)
Residential	1,694	1.0	1,694	0.2694
Commercial/Public	2,201	0.8	1,761	0.2801
Sales for Resale - Non Water Prod.	1,927	0.8	1,542	0.2452
Sales for Resale - Water Prod.	645	2.0	1,291	0.2053
Total	6,468		6,288	1.0000

* Ratio of Maximum Day To Average Day Minus 1.0.

The weighting of the factors is based on the maximum day ratio of 1.80, based on a review of maximum day ratios experienced during the period 1999 through 2012

	Maximum Day Ratio	Weight
Average Day	1.00	0.5556
Maximum Day Extra Capacity	0.80	0.4444
Total	1.80	1.0000

* Ratio of maximum day to average day minus 1.0.

FRANKFORT ELECTRIC AND WATER PLANT BOARD

FACTORS FOR ALLOCATING COST OF SERVICE TO CUSTOMER CLASSIFICATIONS, cont.

FACTOR 3. ALLOCATION OF COSTS ASSOCIATED WITH FACILITIES SERVING BASE, MAXIMUM DAY EXTRA CAPACITY AND FIRE PROTECTION FUNCTIONS.

Factors are based on the weighting of the average daily consumption, the maximum day extra capacity demand, and the fire protection demand for each customer classification.

Customer Classification	Average Daily Consumption		Maximum Day Extra Capacity		Fire Protection		Allocation Factor
	Allocation Factor	Weighted Factor	Allocation Factor	Weighted Factor	Allocation Factor	Weighted Factor	
(1)	(2)	(3)=(2) X 0.5151	(4)	(5)=(4) X 0.4121	(6)	(7)=(6) X 0.0728	(8)=(3)+(5)+(7)
Residential	0.2602	0.1340	0.2694	0.1111			0.2451
Commercial/Public	0.3381	0.1742	0.2801	0.1154			0.2896
Sales for Resale - Non Water Prod.	0.2960	0.1525	0.2452	0.1010			0.2535
Sales for Resale - Water Prod.	0.0992	0.0511	0.2053	0.0846			0.1357
Private Fire Protection	0.0016	0.0008			0.2504	0.0182	0.0190
Public Fire Protection	0.0049	0.0025			0.7496	0.0546	0.0571
Total	1.0000	0.5151	1.0000	0.4121	1.0000	0.0728	1.0000

FRANKFORT ELECTRIC AND WATER PLANT BOARD

FACTORS FOR ALLOCATING COST OF SERVICE TO CUSTOMER CLASSIFICATIONS, cont.

FACTOR 3. ALLOCATION OF COSTS ASSOCIATED WITH FACILITIES SERVING BASE, MAXIMUM DAY EXTRA CAPACITY AND FIRE PROTECTION FUNCTIONS, cont.

The weighting of the factors is based on the potential demand of general and fire protection service. The bases for the potential demand of general service are the maximum day ratio of 1.8 and the average daily system sendout for 2012/2013 of 8.5 MGD. The system demand for fire protection is 5,000 Gallons per minute for 4 hours.

	<u>Ratio</u>	<u>Rate of Flow, (GPD)</u>	<u>Weight</u>
Average Day	1.00	8,493,000	0.5151
Maximum Day			
Extra Capacity	<u>0.80</u>	<u>6,794,400</u>	<u>0.4121</u>
Subtotal	<u>1.80</u>	15,287,400	0.9272
Fire Protection		<u>1,200,000</u>	<u>0.0728</u>
Total		<u>16,487,400</u>	<u>1.0000</u>

The public and private fire protection allocation factors in column 6 on the previous page are based on the relative potential demands (see Schedule D).

FRANKFORT ELECTRIC AND WATER PLANT BOARD

FACTORS FOR ALLOCATING COST OF SERVICE TO CUSTOMER CLASSIFICATIONS, cont.

FACTOR 4. ALLOCATION OF COSTS ASSOCIATED WITH FACILITIES SERVING BASE AND MAXIMUM HOUR EXTRA CAPACITY FUNCTIONS.

Factors are based on the weighting of the average daily consumption, the maximum day extra capacity demand, and the fire protection demand for each customer classification.

Customer Classification	Average Hourly Consumption.			Maximum Hour Extra Capacity		Fire Protection		Allocation Factor
	Thousand Gallons	Allocation Factor	Weighted Factor	Allocation Factor	Weighted Factor	Allocation Factor	Weighted Factor	
(1)	(2)	(3)	(4)=(3) X 0.2988	(5)	(6)=(5) X 0.4481	(7)	(8)=(7) X 0.2531	(9)=(4)+(6)+(8)
Residential	70.6	0.2603	0.0779	0.2809	0.1258			0.2037
Commercial/Public	91.7	0.3381	0.1010	0.2921	0.1309			0.2319
Sales for Resale - Non Water Prod.	80.3	0.2961	0.0885	0.2740	0.1228			0.2113
Sales for Resale - Water Prod.	26.9	0.0992	0.0296	0.1530	0.0686			0.0982
Private Fire Protection	0.4	0.0015	0.0004			0.2504	0.0634	0.0638
Public Fire Protection	1.3	0.0048	0.0014			0.7496	0.1897	0.1911
Total	271.2	1.0000	0.2988	1.0000	0.4481	1.0000	0.2531	1.0000

The maximum hour extra capacity factors in column 5 are determined on the next page.

FRANKFORT ELECTRIC AND WATER PLANT BOARD

FACTORS FOR ALLOCATING COST OF SERVICE TO CUSTOMER CLASSIFICATIONS, cont.

FACTOR 4. ALLOCATION OF COSTS ASSOCIATED WITH FACILITIES SERVING BASE AND MAXIMUM HOUR EXTRA CAPACITY FUNCTIONS, cont.

The weighting of the factors is based on the potential demand of general and fire protection service. The bases for the potential demand of general service are the maximum hour ratio of 2.5 and the average daily system sendout for 2012/2013 of 8.5 MGD. The system demand for fire protection is 5,000 gallons per minute.

	Ratio	Rate of Flow, (GPM)	Weight
Average Hour	1.00	5,898	0.2988
Maximum Hour Extra Capacity	1.50	8,847	0.4481
Subtotal	2.50	14,745	0.7469
Fire Protection		5,000	0.2531
Total		19,745	1.0000

The maximum hour extra capacity factors in column 5 of the previous page are determined as follows:

Customer Classification	Average Hourly Consumption Thousand Gal.	Maximum Hour Extra Capacity		
		Factor*	1,000 Gallons Per Hour	Allocation Factor
(1)	(2)	(3)	(4)=(2)x(3)	(5)
Residential	70.6	3.5	247.1	0.2809
Commercial/Public	91.7	2.8	256.8	0.2921
Sales for Resale - Non Water Prod.	80.3	3.0	240.9	0.2740
Sales for Resale - Water Prod.	26.9	5.0	134.5	0.1530
Total	269.5		879.3	1.0000

* Ratio of Maximum Hour To Average Hour Minus 1.0.

The public and private fire protection allocation factors in column 7 on the previous page are based on the relative potential demands (see Schedule D).

FRANKFORT ELECTRIC AND WATER PLANT BOARD

FACTORS FOR ALLOCATING COST OF SERVICE TO CUSTOMER CLASSIFICATIONS, cont.

FACTOR 5. ALLOCATION OF COSTS ASSOCIATED WITH STORAGE FACILITIES.

Factors are based on the weighting of the average hourly consumption, the maximum hour extra capacity demand, and the fire protection demand for each customer classification.

Customer Classification	Average Hourly Consumption			Maximum Hour Extra Capacity		Fire Protection		Allocation Factor
	Thousand Gallons	Allocation Factor	Weighted Factor	Allocation Factor	Weighted Factor	Allocation Factor	Weighted Factor	
(1)	(2)	(3)	(4)=(3) X 0.3701	(5)	(6)=(5) X 0.5552	(7)	(8)=(7) X 0.0747	(9)=(4)+(6)+(8)
Residential	70.6	0.2603	0.0963	0.2809	0.1560			0.2523
Commercial/Public	91.7	0.3381	0.1251	0.2921	0.1622			0.2873
Sales for Resale - Non Water Prod.	80.3	0.2961	0.1096	0.2740	0.1521			0.2617
Sales for Resale - Water Prod.	26.9	0.0992	0.0367	0.1530	0.0849			0.1216
Private Fire Protection	0.4	0.0015	0.0006			0.2504	0.0187	0.0193
Public Fire Protection	1.3	0.0048	0.0018			0.7496	0.0560	0.0578
Total	271.2	1.0000	0.3701	1.0000	0.5552	1.0000	0.0747	1.0000

The weighting of the factors is based on the ratio of the capacity required for a 4 hour demand of fire flow, as related to total storage capacity. The calculation is shown on the following page.

The public and private fire protection allocation factors in column 7 are based on the relative potential demands (see Schedule D).

FRANKFORT ELECTRIC AND WATER PLANT BOARD

FACTORS FOR ALLOCATING COST OF SERVICE TO CUSTOMER CLASSIFICATIONS, cont.

FACTOR 5. ALLOCATION OF COSTS ASSOCIATED WITH STORAGE FACILITIES, cont.

The weighting of the factors is based on the ratio of the capacity required for a 4 hour demand of fire flow, as related to total storage capacity.

$$\text{Fire Protection Weight} = \frac{5,000 \text{ GPM} \times 60 \text{ Min.} \times 4 \text{ Hrs.}}{16,067,000 \text{ Gallons}} = 0.0747$$

$$\text{General Service Weight} = 1.0000 - 0.0747 = 0.9253$$

The weighting of the average hourly consumption and maximum hour extra demand for general service is based on the maximum hour ratio, as follows:

	Maximum Hour Ratio	Percent	Weight
Average Hour	1.00	40.00	0.3701
Extra Capacity Maximum Hour	<u>1.50</u>	<u>60.00</u>	<u>0.5552</u>
Total	<u><u>2.50</u></u>	<u><u>100.00</u></u>	<u><u>0.9253</u></u>

FRANKFORT ELECTRIC AND WATER PLANT BOARD

FACTORS FOR ALLOCATING COST OF SERVICE TO CUSTOMER CLASSIFICATIONS, cont.

FACTOR 6. ALLOCATION OF COSTS ASSOCIATED WITH TRANSMISSION AND DISTRIBUTION MAINS.

Factors are based on the weighting of the maximum daily consumption with fire, Factor 3, and the maximum hour consumption, Factor 4, for each customer classification, as follows:

Customer Classification	Maximum Daily Consumption w/ Fire		Maximum Hourly Consumption		Allocation Factor
	Allocation Factor 3	Weighted Factor	Allocation Factor 4	Weighted Factor	
(1)	(2)	(3)=(2)X 0.2148	(4)	(5)=(4)X 0.7852	(6)=(3)+(5)
Residential	0.2451	0.0526	0.2037	0.1599	0.2125
Commercial/Public	0.2896	0.0622	0.2319	0.1821	0.2443
Sales for Resale - Non Water Prod.	0.2535	0.0545	0.2113	0.1659	0.2204
Sales for Resale - Water Prod.	0.1357	0.0291	0.0982	0.0771	0.1062
Private Fire Protection	0.0180	0.0041	0.0638	0.0501	0.0542
Public Fire Protection	0.0571	0.0123	0.1911	0.1501	0.1624
Total	1.0000	0.2148	1.0000	0.7852	1.0000

The weighting of the factors is based on the total footage of mains, designated as either transmission mains or distribution mains, as follows:

	Total Footage of Mains	Weight
Transmission Mains (greater than 10")	388,642	0.2148
Distribution Mains (10" and smaller)	1,420,375	0.7852
Total	1,809,017	1.0000

FRANKFORT ELECTRIC AND WATER PLANT BOARD

FACTORS FOR ALLOCATING COST OF SERVICE TO CUSTOMER CLASSIFICATIONS, cont.

FACTOR 7. ALLOCATION OF COSTS ASSOCIATED WITH FIRE HYDRANTS.

Costs are allocated to Private and Public Fire Protection, based on the number of hydrants.

Customer Classification (1)	Number of Hydrants (2)	Allocation Factor (3)
Private Fire Protection	218	0.1234
Public Fire Protection	1,548	0.8766
Total	1,766	1.0000

FACTOR 8. ALLOCATION OF COSTS ASSOCIATED WITH METERS.

Factors are based on the relative cost of meters by size and customer classification, as developed on the following page and summarized below.

Customer Classification (1)	5/8" Equivalents (2)	Allocation Factor (3)
Residential	14,356	0.7161
Commercial	5,283	0.2635
Sales for Resale - Non Water Prod.	295	0.0147
Sales for Resale - Water Prod.	115	0.0057
Private Fire	0	0.0000
Total	20,049	1.0000

RESPONSE TO PSC

PSC CASE NO. 2014-00254

ITEM 23

Frankfort Electric and Water Plant Board
Response to Order Dated: July 23, 2014
Case No. 2014-00254

ITEM 23: Who prepared cost study, preparer's CV, list of cases before the Commission and list of all utilities, including type, water or sewer, for which the preparer has prepared a study.

Response: 23(a): Paul Herbert of Gannet Fleming prepared the study.

23(b): CV attached – Ex. 1

23(c): Mr. Herbert has provided testimony before the Ky. PSC for Kentucky American Water Company in Case Nos. 2000-120, 2007-00143, 2010-00036, and 2012-00520; FEWPB in Case Nos. 2008-00250, and 2010-00485; and Northern Kentucky Water District in Case Nos. 2010-0094, and 2012-00072.

23(d): A complete list of cases for which Mr. Herbert has prepared a study is included in his direct testimony.

TECHNICAL SPECIALTIES

- Public Utility Revenue Requirements
- Public Utility Cost of Service Allocation
- Public Utility Rate Design

PERSONAL INFORMATION

- B.S., Finance, The Pennsylvania State University, 1975
- Member: AWWA, PMAA, NAWC

EXPERIENCE

Mr. Herbert joined the firm in 1977 and is President of Gannett Fleming Valuation and Rate Consultants, LLC. He is responsible for the direct supervision of rate study assignments including the development of revenue requirements, allocation of cost of service to customer classifications and the design of customer rate schedules. His assignments include analyzing operating and accounting data, preparing pro forma statements of income, developing allocation factors, allocating costs to various classes of service, designing customer rates using customer bill analyses and preparing written reports. Mr. Herbert also has presented expert testimony before the Kentucky, Pennsylvania, Ohio, West Virginia, New Jersey, and eleven other state regulatory commissions. Several representative assignments include:

- **Kentucky American Water Company:** The study allocated cost of service to cost functions and customer classifications using the base-extra capacity method. Cost allocation factors were developed based on each classification's use of the water system. The development of a common rate structure included the design of a computer rate model which was used to test alternative rate structures. Testimony was presented to the Kentucky PSC.
- **Frankfort Electric and Water Plant Board:** The Plant Board requested cost of service studies in order to file for a rate increase for their regulated wholesale customers as well as to determine the level of rates for non-regulated customers. The rates were designed to move the proposed level of revenues toward the indicated cost of service for each classification. The study was summarized in an exhibit. Testimony was presented to the Kentucky PSC regarding the rates charged to the wholesale customers.
- **Northern Kentucky Water District:** The study allocated cost of service to cost functions and customer classifications using the base-extra capacity method. Cost allocation factors were developed based on each classification's use of the water system. Testimony was presented to the Kentucky PSC.

- **City of Bethlehem - Bureau of Water:** Mr. Herbert was responsible for the revenue requirement and rate structure sections of the City's 1994, 1995, 1997 and 1998 rate filings with the Pennsylvania Public Utility Commission. The assignments included the preparation of direct testimony and numerous exhibits in response to the Commission's rate filing requirements. Revenue requirements were projected for the future test year using pro forma adjustments to revenues, expenses and rate base. Pro forma statements of income were prepared under present and proposed rates. The cost of service allocation study included the allocation of pro forma costs of service to the customer classifications located inside and outside the City. A computer rate model was used to design a uniform rate structure to recover the total cost of service incorporating the results of the cost allocation study.
- **Chester Water Authority:** The study involved evaluating the utility management's projections of revenue and cost of service, testing the adequacy of projected revenue during a future test period based on cash and budget requirements, allocating the cost of service by service areas and by customer classifications, and restructured rates which would provide revenues more commensurate with the allocated costs of service. The project incorporated projected annual revenue requirements for the four years subsequent to the study date and reflected the impact of anticipated bond issues necessary for planned major plant improvements.
- **New Jersey-American Water Company:** The study allocated cost of service to cost functions and customer classifications using the base-extra capacity method. A single cost of service analysis was performed for the Company's three service areas combined. Cost allocation factors were developed based on each classification's use of the water system. The development of a common rate structure included the design of a computer rate model which was used to test alternative rate structures.
- **The York Water Company:** The study included the allocation of cost of service to customer classifications within the gravity and repumped service areas. Allocation factors were prepared, as well as the customer bill analysis. Several proposed rate design alternatives using a computer rate model were developed for Company management which involved restructuring the minimum charges and rate blocks.
- **Aqua Pennsylvania, Inc.:** Mr. Herbert was responsible for the original study which included cost allocation to the several customer classifications based on considerations of quantity of water consumed, variability of rate of flow, and costs associated with metering, billing, and accounting; and modifying the existing rate structure to provide revenues from the several customer classifications more reasonably commensurate with the costs associated with service those classifications. The base-extra capacity method was used to allocate the costs. The primary customer classifications were residential, commercial, industrial, other utilities, public fire protection, and private fire protection. The rate design study included preparing proof of revenue statements by applying the present and proposed rates to the detailed bill analysis, using a computer rate model.

PAUL R. HERBERT

Mr. Herbert's continuing education has included several instructional programs related to cost analysis including the National Association of Regulatory Utility Commissioner's Seminar on Water Regulation hosted by the University of South Florida, "Financial Planning for Wastewater Treatment Systems" sponsored by the University of Wisconsin, "Concepts of Service Cost Studies" sponsored by the United States Telephone Association, and AGA Advanced Regulatory Seminar sponsored by the American Gas Association and the University of Maryland.

From 1975 to 1977, Mr. Herbert worked for Herbert Associates, Inc., Consulting Engineers, as a Field Office Manager for a large sewer collection system construction project; and from 1972 to 1974, he worked part time for the United Telephone System, Eastern Group, in the plant accounting department.

RESPONSE TO PSC

PSC CASE NO. 2014-00254

ITEM 24

Frankfort Electric and Water Plant Board
Response to Order Dated: July 23, 2014
Case No. 2014-00254

ITEM: 24

If the proposed rate is not based upon a cost-of-service study, describe how Frankfort determined the proposed wholesale rate and state who participated in the determination.

Response:

N/A

RESPONSE TO PSC

PSC CASE NO. 2014-00254

ITEM 25

Frankfort Electric and Water Plant Board
Response to Order Dated: July 23, 2014
Case No. 2014-00254

ITEM: 25

(a) State whether the proposed rate increase includes an adjustment for rate case expenses incurred in this proceeding.

(b) If the rate increase does not include an adjustment for rate case expenses, state whether Frankfort will seek an adjustment to recover expenses incurred in litigating this proceeding.

(c) If Frankfort will seek an adjustment to recover expenses incurred in litigating this proceeding, provide all actual and estimated rate-case expenses.

Response:

(a) Yes, the proposed rate increase includes an adjustment for rate case expenses. On page 9 of the study, it notes \$45,000 for rate case expenses allocated only to the wholesale customers (non-water producers).

(b) See 25(a).

(c) Frankfort will supplement this response as this case progresses and provide actual rate case expenses with invoices as they are received. Frankfort will seek all rate case expenses and other relief as the Commission deems appropriate.

RESPONSE TO PSC

PSC CASE NO. 2014-00254

ITEM 26

Frankfort Electric and Water Plant Board
Response to Order Dated: July 23, 2014
Case No. 2014-00254

ITEM: 26 Identify the section(s) of KRS Chapter 96 under which Frankfort was formed and currently operates.

Response: Frankfort is organized and operates pursuant to KRS 96.171 to 96.188.

RESPONSE TO PSC

PSC CASE NO. 2014-00254

ITEM 27

Frankfort Electric and Water Plant Board
Response to Order Dated: July 23, 2014
Case No. 2014-00254

ITEM: 27 Provide the minutes of each meeting of Frankfort since January 1, 2013, in which a proposed rate adjustment to Frankfort's wholesale customers was discussed.

Response: Attached minutes since January 1, 2013, in which a proposed rate adjustment to Frankfort's wholesale customers was discussed.

January 15, 2013

A Special Board meeting of the Electric and Water Plant Board of the City of Frankfort, Kentucky, was held at the FPB Clubhouse, located at 98 Tanglewood Drive, on Tuesday, January 15, 2013 at 3:00 p.m.

ATTENDANCE:

Ralph Ludwig, Board Chair
Dr. Scott Green, Board Vice Chair
Rick Pogrosky, Board Secretary/Treasurer
Patricia B. Lynch, Board Member
Arthur McKee, Board Member
James Liebman, Board Attorney
Jim Allen, Water Dist. Supt.
Herbbie Bannister, General Manager
David Billings, Chief Water Engineer
Russ Colwell, Customer Service Director
David Denton, Finance Director
Vent Foster, Chief Electric Engineer/Asst. GM Operations
John Higginbotham, Cable/Telecom Supt.
Scott Hudson, Electric Supt.
Karl Pitzer, IT Director
Kathy Poe, Executive Assistant
Hance Price, Staff Attorney/Asst. GM Administration
Mark Redmon, Support Services Director
Chris Riddle, WTP Supt.
Dianne Schneider, Human Resource Director
Kim Watson, Safety Director
Glenn Waldrop, Public Information Coordinator
David Columbia, Cable 10 Videographer
Kevin Wheatley, State Journal Reporter

AGENDA

The Agenda for the Board Meeting was received and entered into the Minute Book as follows:

JANUARY 15, 2013 SPECIAL BOARD MEETING AGENDA

1. **Action Item:** Consider Approving FY 12-13 Budget and 5 year plan.
2. **Action Item:** Consider Approving Minutes of December 18, 2012 Board Meeting.
3. **Action Item:** Accept Electric, Water and Cable Financial & Statistical Data for December 2012.
4. **Informational Item:** Departmental Reports:
 - Cable Dept.
 - Customer Service
 - Electric Dept.
 - SEPA
 - Safety
 - Water Distribution
 - Water Treatment Plant
5. **Action Item:** Consider Executing contract with Gannett Fleming, Inc. to conduct a Water Cost of Service and Rate Design Study, for a cost not to exceed \$27,000.
6. **Action Item:** Consider Award of Bid Invitation #1540, Hahn Pump Station Arc Flash Remediation Project, to Art's Electric, Inc., for \$42,890.

Water Treatment Plant: Mr. Riddle reviewed the Water Treatment Plant reports. He stated that the water treatment plant produced greater than 229 million gallons of potable water in December which equates to approximately 7.9 million gallons per day. He noted that production numbers were up compared to last year.

5. **Action Item:** Consider Executing contract with Gannett Fleming, Inc. to conduct a Water Cost of Service and Rate Design Study, for a cost not to exceed \$27,000

The last Water Cost of Service (COS) study was performed by Gannett Fleming in 2010. At that time, staff intended to conduct subsequent COS studies every two years to ensure revenue requirements were being properly addressed however, a COS study (or subsequent rate increase) was not performed in 2012. As a result, water's revenue requirements are falling short and a COS study in 2013 is necessary.

As a matter of course, Gannett Fleming has provided a proposal for a COS study not to exceed \$27,000. The proposal and the contract are included in the detail and have been forwarded to the Staff Attorney for his review.

The water department budgeted \$30,000 in the FY12-13 budget for the work. Staff recommends the Board approve the contract with Gannett Fleming for a cost not to exceed \$27,000, subject to approval by the Staff Attorney.

Mr. Billings stated that the most recent cost of service study for the water department was performed in 2010 and was calculated by using revenue and expense numbers from the 2008-2009 fiscal year. He further noted that revenues and reserves in the water department are currently declining and FPB is past due for a water cost of service and rate design study.

Mr. Billings advised that the cost for the study will not exceed \$27,000 and will include a study for the cost of billing sewer services.

In response to Ms. Lynch, Mr. Billings stated that the study should be complete in time to implement a July 1, 2013 water increase to the retail class. In response to Mr. Ludwig, Mr. Billings stated FPB should have the cost of service study in hand when wholesale rate increases are discussed with that rate class. Mr. Bannister stated that the PSC requires a cost of service study which is in conformance with the AWWA methodology. Gannett Fleming has experience with this methodology. Mr. Price advised that this methodology would appropriately allocate costs to each rate class and Gannett Fleming will also be available to testify before the PSC if necessary for rate increases to the wholesale rate class.

Ms. Lynch moved to approve the contract with Gannett Fleming, Inc. to perform the water cost of service and rate design study. Mr. McKee seconded. Ms. Poe polled the Board members and the motion passed unanimously.

6. **Action Item:** Consider Award of Bid Invitation #1540, Hahn Pump Station Arc Flash Remediation Project, to Art's Electric, Inc., for \$42,890.

The Frankfort Plant Board was required to perform a companywide arc flash study in accordance with NFPA 70E. The study, performed by Power Source LLC, made several recommendations, one of which was to install a new breaker at the Hahn pump station.

As a matter of course, a bid package was prepared to install the breaker as well as to provide a generator transfer switch in conjunction with the work.

Bid invitations were sent to seven vendors and publicly advertised. The following bids were received on December 19, 2012:

April 16, 2013

A Board meeting of the Electric and Water Plant Board of the City of Frankfort, Kentucky, was held at the FPB Clubhouse, located at 98 Tanglewood Drive, on Tuesday, April 16, 2013 at 5:00 p.m.

ATTENDANCE:

Ralph Ludwig, Board Chair
Dr. Scott Green, Board Vice Chair
Rick Pogrosky, Board Secretary/Treasurer
Patricia B. Lynch, Board Member
Arthur McKee, Board Member
Jim Allen, Water Dist. Supt.
Herb Bannister, General Manager
David Billings, Chief Water Engineer
Russ Colwell, Customer Service Director
David Denton, Finance Director
Vent Foster, Chief Electric Engineer/Asst. GM Operations
John Higginbotham, Cable/Telecom Supt.
Scott Hudson, Electric Supt.
Karl Pitzer, IT Director
Kathy Poe, Executive Assistant

Kim Watson, Safety Director
Gary Grider, Cable 10 Media Services
David Columbia, Cable 10 Videographer
Ryan Quinn, State Journal Reporter
Paul Combs, Paul Combs and Associates
Sandy Williams, Kentucky Infrastructure Authority

AGENDA

The Agenda for the Board Meeting was received and entered into the Minute Book as follows:

APRIL 16, 2013 BOARD MEETING AGENDA

1. **Action Item:** Consider Approving Minutes for the March 19, 2013 Board Meeting.
2. **Action Item:** Accept Electric, Water and Cable Financial & Statistical Data for March 2013.
3. **Informational Item:** Departmental Reports:
 - Cable Dept.
 - Customer Service
 - Electric Dept.
 - SEPA
 - Safety
 - Water Distribution
 - Water Treatment Plant
4. **Action Item:** Consider Request for a Waiver of Utility Deposit (SouthEast Property Management, \$3,225.00).
5. **Action Item:** Consider Acceptance of the Conditional Commitment Letter from KIA dated March 13, 2013.

Recognition is deserving of all Media Services staff involved in the project, with special recognition to David Columbia for his work as the Producer/Director of the entire project, and those part-time employees who were also vital to the success of this project.

Mr. Grider discussed the video production project covering the 2013 NAIA Women's Basketball National Championship. He stated that FPB coordinated onsite video production of the games and produced 31 basketball games for a total of 66 hours of video time. He stated that FPB media services produced live video feeds which were streamed over the internet via a subscription service, DVDs of the games for NAIA officials and for sale to general public, and provided CBS Sports Network highlight footage to be aired during the championship game. He acknowledged that FPB media services received the Chuck Clark Meritorious Service Award at half time of the championship game for their efforts.

12. **Informational Item: General Manager's Comments.**

Mr. Bannister discussed conversations with Senator Mitch McConnell's staff and their willingness to follow up with the Army Corps of Engineers regarding the reclassification of the repairs at Wolf Creek and Center Hill Dams. Mr. Bannister advised that if the reclassification is successful, SEPA rate increases will be approximately 7% instead of the expected 30% to 40% increase under the current classification of dam maintenance.

Mr. Bannister discussed House Bill 1 and stated that FPB is working with the Department of Local Government regarding compliance. He also discussed an amendment to House Bill 1 which delays the effective date of compliance until January 2014.

Mr. Bannister discussed the status of the 2013-2014 fiscal year budget and advised that preparation is on schedule for approval in June 2013. Mr. Bannister and Mr. Ludwig mentioned changes in the Kentucky Retirement System that were passed during the legislature's general session.

Mr. Ludwig discussed the wholesale water rate contract. Mr. Bannister stated that the water and electric cost of service studies would be presented to the Board at the May 2013 meeting.

13. **Request Permission to have Chair call for a Closed Session** pursuant to KRS 61.810 (1)(c) for the discussion of proposed or pending litigation against or on behalf of FPB.

Ms. Lynch moved to go into closed session. Dr. Green seconded. The motion passed unanimously and the Board moved into closed session.

14. **Closed Door Session:**

Dr. Green moved to come out of closed session. Mr. Pogrosky seconded. The motion passed unanimously. With no further business to discuss the meeting adjourned.

ATTEST:

May 21, 2013

A Board meeting of the Electric and Water Plant Board of the City of Frankfort, Kentucky, was held at the FPB Clubhouse, located at 98 Tanglewood Drive, on Tuesday, May 21, 2013 at 5:00 p.m.

AGENDA

The Agenda for the Board Meeting was received and entered into the Minute Book as follows:

May 21, 2013 BOARD MEETING AGENDA

1. **Action Item:** Consider Accepting Electric Cost of Service Study and Approving a Request for Public Hearing Regarding a Retail Electric Rate Increase.
2. **Action Item:** Consider Accepting Water Cost of Service Study and Proposed Rate Design.
3. **Action Item:** Consider Calling for a Public Hearing to Increase the Kentucky River Authority's (KRA's) Water Withdrawal Fee.
4. **Action Item:** Consider Approving Minutes for the April 16, 2013 Board Meeting.
5. **Action Item:** Accept Electric, Water and Cable Financial & Statistical Data for April 2013.

6. **Informational Item:** Departmental Reports:

- Cable Dept.
- Customer Service
- Electric Dept.
 - SEPA
- Safety
- Water Distribution
- Water Treatment Plant

7. **Action Item:** Consider Increasing Compensation for Board Members.

8. **Action Item:** Consider Determining the Employee Merit and Cost of Living Pay Adjustments for Budgeting.

9. **Action Item:** Consider Award of Bid Invitation #1544 for Distribution Reclosers to G&W Electric Company.

10. **Action Item:** Consider Retaining Mountjoy Chilton Medley, LLC to Conduct 2013 Financial Statement Audit of the Frankfort Plant Board.

11. **Action Item:** Consider Release of Easement for 30 Woodstock, Two Creeks Subdivision, Frankfort, KY.

12. **Action Item:** Consider Renewal of the Price Contract for Ductile Iron Pipe, Ductile Iron Fittings, Valves, Fire Hydrants, and Tapping Sleeves.

13. **Action Item:** Consider Award of Bid Invitation #1546 – Water Department Service Truck to O.G. Hughes & Sons, Inc. in the Amount of \$93,566.

14. **Action Item:** Consider Award of Bid Invitation #1547 – Annual Price Contract for the Purchase of Wood Poles to Brown Wood Preserving Company.

15. **Action Item:** Consider Award of Bid Invitation #1548 - Annual Price Contract for Distribution Transformers to Cape Electrical Supply.

16. **Action Item:** Consider Approval of Frank Shelton's Proposal for Downtown Office Staircase Repair Project in the Amount of \$16,481.

17. **Action Item:** Consider Ratifying the Declaration of Emergency.

18. **Action Item:** Consider Executing Agreement between GRW, Inc. and FEWPB to Perform Engineering Services Related to the Power Generation Facility at the Water Treatment Plant for \$439,000.

19. **Action Item:** Consider Approval of Change Order No. 1 and 2 on the Interim Reservoir Repairs Project with Crom Engineering and Construction Services for \$15,261.17.

20. **Informational Item:** Discuss Maximum IP Address Policy.

21. **Action Item:** Consider Accepting Professional Service Agreement with MWH for Representation of KU Municipals Group by Brown Thornton.

22. **Action Item:** Renewal of American Society of Composers, Authors and Publishers (ASCAP) Cable TV System Operator Blank License Agreement.

23. **Old & New Business:**

24. **Informational Item:** General Manager's Comments.

In discussion, Mr. Foster and Mr. Cochran discussed municipal rates, fuel adjustment charges and the decrease in the number of large power customers in the community. Mr. Foster further noted that the rate increases which FPB receives from Kentucky Utilities are due largely to compliance costs for continually changing environmental regulations placed on Kentucky Utilities in connection with their coal fired generation plants. He stated that Staff anticipates additional rate increases from Kentucky Utilities over the next few years.

Mr. McKee moved to accept the Electric Cost of Service Study as presented. Dr. Green seconded. The motion passed unanimously.

Mr. Pogrosky moved to hold a public hearing to discuss electric rate increases on Tuesday, June 4, 2013 at 5:00 p.m. at FPB's Clubhouse. Mr. McKee seconded. The motion passed unanimously.

2. **Action Item: Consider Accepting Water Cost of Service Study and Proposed Rate Design.**

Gannett Fleming has completed the cost of service (COS) study for audited expenses as of 6/30/12. The COS study was conducted in accordance with American Water Works Association (AWWA) prescribed methods.

The current budget predicted a necessary water rate increase. The completed COS study confirms that a water rate increase is necessary to recover a \$1,889,361 in revenue shortfall. The primary drivers of the revenue shortfall include reduced sales, increasing costs, and increased debt service.

Using cost of service for each customer class as the guideline, the proposed rate design continues to move each class, with exception of the Non-Water Producers, towards its relative cost of service. Also included in the proposed rate design is a needed move away from our existing minimum bill, which includes the first 2,000 gallons of consumption. The proposed rate design consists of customer service charges, which varies with the meter size, and volumetric rates.

Overview of proposed rate design

- Implements a customer charge based on meter size. Customer charge does not include consumption.
- Moves City rates closer to County water rates.
 - o Increases average City residential bill from \$20.24 to \$25.00 (\$4.76 increase)
 - o Increases average County residential bill from \$28.52 to \$31.96 (\$3.44 increase) *typical 4000 gallons per month usage, 5/8" meter
- Sales for Resale (Wholesale) – No change allowed until April 2014
- Increases Resale – Water Producer (Georgetown's) rates from \$2.466 per thousand gallons to \$3.329 per thousand gallons

Staff recommends accepting the COS study and proposed rate design by Gannett Fleming and approving a public hearing for a proposed rate increase for all customer classes, except Sales for Resale, for water used from July 1, 2013.

Mr. Billings introduced Connie Hepenstall of Gannett Fleming which performed the cost of service study for the water division. Ms. Hepenstall stated that Gannett Fleming has worked with FPB since 2006 in connection with its cost of service studies and representation of FPB in Public Service Commission cases for water districts.

Ms. Hepenstall explained the separate customer classes and discussed rate increases and changes for each customer class. She noted an increase in

operation and maintenance expenses as well as a decrease in water usage since 2010. Ms. Heppenstall explained the suggested rate design changes, specifically the implementation of a customer charge which does not include consumption in lieu of the current minimum usage charge. She stated that standard industry practice is to utilize a customer charge which will allow the company to recover the cost of billing.

Ms. Heppenstall further recommended that both city and county residential water rates be equalized over time. Ms. Heppenstall stated that if the proposed increases are approved and implemented the average city water customer using 4,000 gallons per month would see an increase of \$4.76 per month while the average county customer using 4,000 gallons per month would see an increase of \$3.44 per month. She also noted a 35% increase for Georgetown and no increase at this time for non-water producers due to an existing PSC agreement.

Ms. Heppenstall discussed the comparison of water rates with surrounding community water producer rates. Ms. Heppenstall explained that the cost of service indicated that a \$1.89 million increase in revenue is necessary to meet operational revenue requirements in the water division.

In response to Mr. Ludwig, Mr. Billings stated that a typical water customer uses a 5/8 inch water meter. In response to Dr. Green, Mr. Bannister stated that the trend in previous years was to adjust rates to better equalize City and County customer rates.

Ms. Heppenstall stated that the new rate structure would decrease cost for customers with low water usage.

Ms. Lynch moved to accept the Water Cost of Service Study and scheduling of public hearing. Dr. Green seconded. The motion passed unanimously.

Mr. Ludwig proposed to consolidate the public hearings on Tuesday, June 4, 2013 at 5:00 p.m. or as soon thereafter as it can be heard. The proposal passed unanimously.

3. **Action Item** Consider Calling for a Public Hearing to Increase the Kentucky River Authority's (KRA's) Water Withdrawal Fee.

FPB draws water from the Kentucky River for treatment and sale to its customers. The Kentucky River Authority ("KRA") was created approximately 20 years ago by the General Assembly. The General Assembly authorized the KRA to assume responsibility from the U.S. Army Corps of Engineers for the locks and dams that make it possible to use the river as a source of clean water. Part of the KRA's authority includes the ability to collect water use fees from all facilities using water from the Kentucky River basin.

The KRA charges 2 fees: a Tier 1 fee and a Tier 2 fee. Tier 1 fees are used for general operating expenses. Tier 2 fees are reserved for dam maintenance. The KRA, at its March 6, 2013 meeting, passed a resolution to increase the Tier 2 fee to 13 cents per 1,000 gallons. The KY Public Service Commission permits recovery of these fees using a separate rate to recover costs related to water withdrawal fees.

In addition, FPB must adjust this fee to recover its costs. FPB is charged for every gallon of water that it draws from the Kentucky River. However, some of this water is used in operations to produce the potable water that is ultimately sold to our customers. That is, the amount of water sold is less than the amount drawn from the river. Consequently, the rate must be adjusted to recover the full cost related to the withdrawal fee.

FPB has calculated that it must increase its adjustment to recover the full cost of the KRA fee from 2.59 cents per 1,000 gallons to 4.8 cents per 1,000 gallons.

January 21, 2014

A Board meeting of the Electric and Water Plant Board of the City of Frankfort, Kentucky, was held at the FPB Clubhouse, located at 98 Tanglewood Drive, on Tuesday, January 21, 2014 at 5:00 p.m.

ATTENDANCE:

Ralph Ludwig, Board Chair
Dr. Scott Green, Board Vice Chair
Rick Pogrosky, Board Secretary/Treasurer
Arthur McKee, Board Member
Patricia B. Lynch, Board Member
James Liebman, Board Attorney
Herb Bannister, General Manager
David Billings, Chief Water Engineer
David Denton, Finance Director
Vent Foster, Chief Electric Engineer/Asst. GM of Operations
John Higginbotham, Cable/Telecom Supt.
Harvey Couch, Marketing and Video Coordinator
Kathy Poe, Executive Assistant
Hance Price, Staff Attorney/Asst. GM Administration
Mark Redmon, Support Services Director
Leigh Ann Phillips, Purchasing Agent
David Pike, Cable 10 Videographer
Ryan Quinn, State Journal Reporter

AGENDA

The Agenda for the Board Meeting was received and entered into the Minute Book as follows:

JANUARY 21, 2014 BOARD MEETING AGENDA

1. **Action Item:** Consider Approving Minutes of December 17, 2013 Board Meeting.
2. **Action Item:** Accept Electric, Water and Cable Financial & Statistical Data for December 2013.
3. **Informational Item:** Departmental Reports:
 - Cable Dept.
 - Customer Service
 - Electric Dept.
 - SEPA
 - Safety
 - Water Distribution
 - Water Treatment Plant
4. **Action Item:** Consider Renewal of MLB Network to Classic Cable tier; Renewal of Game Show Network (GSN) and Reelz to Preferred Cable tier.
5. **Action Item:** Consider the addition of National Geographic Wild to the Preferred Tier.
6. **Action Item:** Consider Award of Bid Invitation # 1569 for HDPE Conduit in the amount of \$45,702 to Brownstown Electric.

7. **Action Item:** Consider Executing contract with Gannett Fleming, Inc. to conduct a Water Cost of Service and Rate Design Study, for a cost not to exceed \$25,000 and amend the project budget from \$30,000 to \$65,000.
8. **Action Item:** Consider Revising FPB's Uniform Policy to Change the Replacement Schedule for Office Employee Uniforms from 24 months to 12 months.
9. **Action Item:** Consider Award of Bid Invitation #1567 for Office Employees' Uniforms to Proforma Capital Promotions in the Amount of \$30,276.32 +/-.
10. **Informational Item:** Kentucky Employers' Mutual Insurance (KEMI) has selected FPB as a 2013 recipient of the Destiny Award.
11. **Request Permission to have Chair call for a Closed Session** pursuant to KRS 61.810 (1)(c) for the discussion of proposed or pending litigation against or on behalf of FPB; and KRS 61.810 (1)(f) for discussions which might lead to the appointment, discipline, or dismissal of an individual employee.
12. **Closed Door Session:**

BOARD ACTION

Mr. Ludwig called the meeting to order at 5:00 p.m. Ms. Poe called the roll. She noted five (5) Board Members in attendance.

1. **Action Item:** Consider Approving Minutes of December 17, 2013 Board Meeting.

Ms. Lynch moved to approved the minutes of the December 17, 2013 Board meeting as presented. Dr. Green seconded. Mr. Ludwig called for the vote and the motion passed.

2. **Action Item:** Electric, Water and Cable Financial & Statistical Data for November 2013.

Mr. Denton reviewed overall revenues and expenses as well as financial data for each division separately. He further noted that all funds not utilized to service immediate operating expenses are utilized to pay down debt, invest in infrastructure and maintain reserve balances.

Mr. Ludwig moved to accept the financial and statistical data as presented. Mr. Pogrosky seconded. Mr. Ludwig called for the vote and the motion passed.

3. **Informational Item:** Departmental Reports:

Due to weather conditions, the departmental report information was limited.

Cable: Mr. Higginbotham reviewed Reveal report data regarding the most watch shows and the most watched channels for the last quarter of 2013 as well as the 2013 calendar year.

Customer Service: Mr. Price briefly reviewed call numbers for the month of December 2013. He further discussed the status of employing a new Customer Service Director.

Electric: Mr. Foster discussed the peak in the SAIDI graph due to the East Main Substation fire. He further noted that all services relating to the East Main Substation were back to normal.

that this channel will be launched in standard definition, high definition and on TV everywhere.

Dr. Green moved to add National Geographic Wild to the Preferred tier. Mr. Ludwig seconded. Mr. Ludwig called for the vote and the motion passed.

6. **Action Item: Consider Award of Bid Invitation # 1569 for HDPE Conduit in the amount of \$45,702 to Brownstown Electric. -**

Staff prepared an invitation to purchase continuous roll conduit for installation of cable and electric conductors in the KSU Campus area. The bid invitation was sent to seven vendors with four responses received. After reviewing the bids, staff recommends awarding to Brownstown Electric in the amount of \$45,702. Brownstown is the low bidder meeting specifications. This conduit will be used as part of a State funded pedestrian bridge and intersection relocation and will be fully reimbursed by the Kentucky Transportation Cabinet.

Mr. Foster explained specifics of the bid invitation. He further advised that this bid is part of the state funded project at Kentucky State University as previously discussed, and all funds expended would be reimbursed by the State at the completion of the project.

Ms. Lynch moved to approve Bid Invitation #1569 for HDPE conduit in the amount of \$45,702 to Brownstown Electric. Mr. Pogrosky seconded. Mr. Ludwig called for the vote and the motion passed.

7. **Action Item: Consider Executing contract with Gannett Fleming, Inc. to conduct a Water Cost of Service and Rate Design Study, for a cost not to exceed \$25,000 and amend the project budget from \$30,000 to \$65,000.**

The last Water Cost of Service (COS) study utilized to adjust the wholesale water rates was performed by Gannett Fleming in 2010. At the time, it was proposed the wholesale rates be increased from \$1.704 to \$2.000 per 1000 gallons.

In an effort to prevent a rate case at the Kentucky Public Service Commission (PSC), an agreement was negotiated and filed at the PSC that limited annual increases to \$0.10 per 1000 gallons per year. The terms of the agreement set the following rates:

Year 1 (April 1, 2011 – March 31, 2012) - \$1.81 per 1000 gallons
Year 2 (April 1, 2012 – March 31, 2013) - \$1.91 per 1000 gallons
Year 3 (April 1, 2013 – March 31, 2014) - \$2.01 per 1000 gallons

As a result of that agreement, the rates charged to the districts could not be altered when we implemented rate increases to other customer classes in 2013. As such, a new COS study will be required in order to file a revised tariff for the wholesale customers at the PSC.

As a matter of course, Gannett Fleming has provided a proposal for a COS study and rate design not to exceed \$25,000. It should be noted the proposal does not include post filing services (data filings, responses to data request, testimonies, etc.) which are estimated to be an additional \$15K-\$25K.

Proposed project budget:

\$25,000	COS study (Gannett Fleming)
\$25,000	Estimate post filing services (Gannett Fleming)
<u>\$15,000</u>	Estimated legal services (Jack Hughes)
\$65,000	Proposed amended project budget

Staff recommends the Board approve the contract with Gannett Fleming for a cost not to exceed \$25,000 and amend the project budget from \$30,000 to \$65,000.

The water department budgeted \$30,000 in this year's budget for the study. Should the post filing expenses occur in the current budget, it is anticipated the additional funding will come from reserves. However, post filing expenses will most likely occur next year and will be budgeted accordingly.

Mr. Billings explained the necessity of increasing water rates for the wholesale water districts based on last year's cost of service study. He further noted that rates could not be increased last year due to a previous settlement agreement with the wholesale water districts which expires this year. He explained that the \$25,000 estimated in the agreement under consideration does not include costs for post filing services, document production or other outside legal services needed once the new Tariff is filed with the PSC.

In response to Dr. Green, Mr. Billings stated that FPB anticipates rate increases to the wholesale water district class. In response to Ms. Lynch, Mr. Billings stated that the post filing and legal expenses are not anticipated to be realized until the next budget year.

In response to Mr. McKee, Mr. Billings and Mr. Bannister explained that Staff is requesting a budget amendment in the event the post filing and legal expenses are incurred prior to the next fiscal year. Mr. Bannister further noted that Staff does not expect these expenses to be incurred until the next fiscal year and that Staff will budget those accordingly. Mr. Foster stated that if these expenses are incurred in the current fiscal year, Staff will utilize funds from the Water Department reserves to pay those expenses.

In response to Mr. Ludwig, Mr. Price explained specifics of post filing and legal expenses and further noted that some of those expenses are recoverable within the rate increases as allowed by the PSC.

Mr. Ludwig moved to approve executing the contract with Gannett Fleming, Inc. to conduct a Water Cost of Service and Rate Design Study, for a cost not to exceed \$25,000 and to amend the FY 13-14 project budget from \$30,000 to \$65,000. Mr. Pogrosky seconded. Ms. Poe polled the Board and the motion passed.

8. **Action Item:** Consider Revising FPB's Uniform Policy to Change the Replacement Schedule for Office Employee Uniforms from 24 months to 12 months.

Staff recommends the 24-month uniform replacement policy be modified to a 12-month replacement policy. If approved, the policy would be effective July 1, 2014 and annual replacements would occur at the beginning of each FY.

The Uniform Policy adopted by the Board effective May 1, 2012, set forth the goals, eligibility and responsibilities mandating employee uniforms. For the first time, office employees were provided with clothing based on job functions. In the two-years since the policy took effect, many items of clothing have been replaced due to excessive wear, tears, picks and fading. In addition, Staff seeks to provide more clothing options to employees. For these reasons, annual uniform replacements are requested.

The initial two-year investment for office uniforms in 2012 was \$24,055. An additional \$5,200 has been spent since then on replacements. If the 12-month replacement policy was approved, the additional cost in FY15 and successive annual budgets would be budgeted at the department level. The additional expenditure, per FY, would be approximately \$30,000 companywide for 90 employees.

Mr. Higginbotham explained that Staff wants to allow office employees more choices in uniform apparel and reduce replacement time from 24 months to 12 months. He further explained that the current office employee uniforms were not holding up as long as Staff had initially hoped. Therefore, the replacement time for

April 15, 2014

A Board meeting of the Electric and Water Plant Board of the City of Frankfort, Kentucky, was held at the FPB Clubhouse, located at 98 Tanglewood Drive, on Tuesday, April 15, 2014 at 5:00 p.m.

AGENDA

The Agenda for the Board Meeting was received and entered into the Minute Book as follows:

APRIL 15, 2014 BOARD MEETING AGENDA

1. **Action Item:** Consider Approving Minutes March 18, 2014 Board Meeting.
2. **Action Item:** Accept Electric, Water and Cable Financial & Statistical Data for March 2014.
3. **Informational Item:** Departmental Reports:
 - Cable Dept.
 - Customer Service
 - Electric Dept.
 - SEPA

- Safety
 - Water Distribution
 - Water Treatment Plant
4. Action Item: Consider Accepting Water Cost of Service Study and Approving a Request for Public Hearing Regarding a Wholesale Water Rate Increase.
 5. Action Item: Consider Accepting the Programming Report for the Frankfort Plant Board Administration Building.
 6. Action Item: Consider Approving the Amendment to the Architectural Agreement with GRW for the Design Phase of the New Administration Building in the amount of \$890,496.
 7. Action Item: Consider Adopting New Job Classification and Pay Compensation System – effective July 1, 2014.
 8. Action Item: Consider Changes to the FPB Employee Guidelines, Sections on Compensation and Classification - effective July 1, 2014.
 9. Action Item: Consider 3% Cost of Living Increase – effective July 1, 2014 for Budget Planning Purposes.
 10. Action Item: Consider 2% Merit Pay Increase – effective July 1, 2014 for Budget Planning Purposes.
 11. Action Item: Consider Approval of the Grant Assistance Agreement for the KIA Loan for the Back-Up Generator at the Water Treatment Plant.
 12. Action Item: Consider Approval of Agreement with Fourth Wall Media, Inc.
 13. Action Item: Consider Appointing Three FPB Staff Members and One Board Member to Retirement Committee in Accordance with FPB Pre-KRS Retirement Plan Documents.
 14. Action Item: Consider Approval of Updated FPB Retirement Fund Investment Authority/Investment Objective Form and Trustee Asset Reallocation Recommendations for Pre-KRS FPB Retirement Trust Fund.
 15. Action Item: Consider Updating FPB Equipment Cost-Per-Hour Rates and Approving a Request for a Public Hearing Regarding Equipment Rate Increases.
 16. Old & New Business:
Action Item: Consideration of Alternate Power Supply.
 17. Informational Item: General Manager's Comments.
 18. Request Permission to have Chair call for a Closed Session pursuant to KRS 61.810 (1)(c) for the discussion of proposed or pending litigation against or on behalf of FPB; and KRS 61.810 (1)(f) for discussions which might lead to the appointment, discipline, or dismissal of an individual employee.
 19. Closed Door Session:

BOARD ACTION

Mr. Ludwig called the meeting to order at 5:01 p.m. Ms. Poe called the roll. She noted five (5) board members in attendance.

1. **Action Item: Consider Approving Minutes of March 18, 2014 Board Meeting.**

Ms. Lynch moved to approve the minutes of the March 18, 2014 Board Meeting.
Dr. Green seconded. Mr. Ludwig called for the vote and the motion passed.

2. **Action Item: Accept Electric, Water and Cable Financial & Statistical Data for March 2014.**

Mr. Denton reviewed and explained assets, liabilities, revenues and expenditures for the month ending March 31, 2014. At the request of Mr. McKee, Mr. Denton further explained the estimate for bad debts.

Dr. Green moved to accept the financial and statistical data as presented. Mr. Pogrotsky seconded. Mr. Ludwig called for the vote and the motion passed.

3. **Informational Item: Departmental Reports:**

Due to the length of the meeting Agenda, the Departmental Report discussions were abbreviated.

Water Distribution: Mr. Briscoe explained photos of the ongoing repairs to the 48" water main. He explained the manner in which the pipes are sealed and protected from corrosion. He further discussed demolition of the old concrete pipe for removal.

At the request of Mr. Ludwig, Mr. Billings explained the relocation and replacement of the 48" pre-stressed concrete pipe with 48" ductile iron pipe and stated that an estimated completion date to be June. In discussion, Mr. Billings stated that the pipe is located in Capital View Park could be considered the main artery out of the water treatment plant. He advised that repairs are proceeding as hoped.

Mr. Ludwig noted that the next subjects and items to be discussed have been reviewed for months and that Staff has consistently kept the Board informed through these processes for months prior to the meeting tonight.

4. **Action Item: Consider Accepting Water Cost of Service Study and Approving a Request for Public Hearing Regarding a Wholesale Water Rate Increase.**

The last Water Cost of Service (COS) study utilized to adjust the wholesale water rates was conducted in 2010. At that time, it was proposed the wholesale rates be increased from \$1.704 to \$2.000 per 1000 gallons.

In an effort to prevent a rate case at the Kentucky Public Service Commission (PSC), an agreement was negotiated and filed at the PSC that limited annual increases to \$0.10 per 1000 gallons per year. The terms of the agreement set the following rates:

Year 1 (April 1, 2011 – March 31, 2012) - \$1.81 per 1000 gallons
Year 2 (April 1, 2012 – March 31, 2013) - \$1.91 per 1000 gallons
Year 3 (April 1, 2013 – March 31, 2014) - \$2.01 per 1000 gallons

As a result of that agreement, the rates charged to the districts could not be altered when we implemented rate increases to the retail customer classes in 2013. As such, a new COS study was required in order to file a revised tariff for the wholesale customers at the PSC.

As a matter of course, Gannett Fleming has completed the COS study for the test year ending June 30, 2013 and is in attendance to present their findings.

Staff recommends the Board accept the Water COS study and approve a request for public hearing regarding a rate increase to the Wholesale Customer (Non Water Producers) Class.

Ms. Heppenstall reviewed the cost of service study results which defines FPB's actual cost of providing water to its customers. She explained that the study breaks down rates by customer class and is based on financial numbers from 2013. Ms. Heppenstall stated that the projection was a 44% rate increase to the non-water producers and stated that these rates are regulated by the Public Service Commission. She further explained the causes driving the need for the rate increase and reviewed the history of FPB's rate increases for non-water producers since 2008. Ms. Heppenstall explained the specifics of the phased in rate increases pursuant to the agreement from 2010 to present for the non-water producers.

Ms. Heppenstall compared the rates of FPB with those of other water producers and stated that FPB will still be very competitive with a 44% rate increase to the non-water producers.

In response to Mr. Ludwig, Ms. Heppenstall stated that the methodology used in this cost of service study is fair, approved by AWWA and the PSC, and is recognized as a valued tool for rate setting.

Mr. Billings clarified that the action item is to accept the cost of service study and request a public hearing regarding the wholesale rate increase.

Mr. Ludwig moved that the Board accept the water cost of service study as presented and prepared by Gannett Flemming. Mr. McKee seconded. Ms. Poe polled the Board members and the motion passed.

Mr. Billings suggested that the public hearing be held at the May 20, 2014 regular board meeting and Board members suggested meeting time at 5:00 pm.

Mr. Ludwig moved to hold a public hearing on the proposed wholesale rate increase at the regular May 20, 2014 Board meeting at 5:00 p.m. Dr. Green seconded. Mr. Ludwig called for the vote and the motion passed.

Mr. Bannister added that the Gannett Flemming representatives have planned to stay an additional day to meet with FPB's wholesale water customers and review the cost of service study and address any questions they may have regarding the study.

5. **Action Item: Consider Accepting the Programming Report for the Frankfort Plant Board Administration Building.**

GRW Engineers has completed the final programming report for the proposed Administration Building. The programming study consisted of determining space requirements, preliminary schematic site and floor plans, and a LEED report and analysis.

Aaron Nickerson with GRW will present a summary of the report. Handouts are included in the board package for your review.

Staff recommends the Board accept the final programming report.

Ms. Dutta stated that this was the final version of the programming study report with only minor revisions to schematics, sites and programs.

Mr. Nickerson presented the Board with a copy of the final programming report. He explained the scope of the design and specifics of each level of the proposed Administration building. Mr. Nickerson stated that the building would be roughly 41,650 square feet and would allow for an additional 11,480 square feet for future construction. He advised that the building would be 3 levels consisting of one level below grade and 2 levels above grade. He further explained how each level would be utilized by Staff.

May 20, 2014

A Board meeting of the Electric and Water Plant Board of the City of Frankfort, Kentucky, was held at the FPB Clubhouse, located at 98 Tanglewood Drive, on Tuesday, May 20, 2014 at 5:00 p.m.

ATTENDANCE:

AGENDA

The Agenda for the Board Meeting was received and entered into the Minute Book as follows:

MAY 20, 2014 BOARD MEETING AGENDA

1. **Conduct Public Hearing Regarding:** Increasing Cable rates for Classic Cable Tier and Bulk I and Bulk II Cable. The new cable rates are proposed to be effective July 1, 2014.
2. **Conduct Public Hearing Regarding:** Increasing water rates for the wholesale water class. The new water rates are proposed to be effective upon the approval of the Kentucky Public Service Commission.
3. **Conduct Public Hearing Regarding:** Increasing Equipment rates. The new equipment rates are proposed to be effective July 1, 2014.
4. **Action Item:** Consider Approving Minutes April 9, 2014 Special Board Meeting.

5. **Action Item:** Consider Approving Minutes April 15, 2014 Board Meeting.
6. **Action Item:** Accept Electric, Water and Cable Financial & Statistical Data for April 2014.
7. **Informational Item:** Departmental Reports:
 - Cable Dept.
 - Customer Service
 - Electric Dept.
 - SEPA
 - Safety
 - Water Distribution
 - Water Treatment Plant
8. **Action Item:** Consider Executing Contract with Silva Consultants to Provide Security Consulting Services for the new Administration Building for a Cost Not to Exceed \$15,000.
9. **Action Item:** Consider Notice of Public Hearing for the establishment of fees for: (1) Cable Sports Tier; (2) Ultimate TV package; and (3) Additional Security-Broadband services.
10. **Action Item:** Consider Award of Bid Invitation #1571, Water Treatment Plant Main Switchgear and MCC Replacements, to Art's Electric for \$159,838.
11. **Action Item:** Consider executing Contract with KY Transportation Cabinet for relocation of facilities at KSU and Douglas Avenue Intersection.
12. **Action Item:** Consider executing Contract with KY Transportation Cabinet for relocation of facilities at KSU and Douglas Avenue Intersection.
13. **Old & New Business:**
14. **Informational Item:** General Manager's Comments.
15. **Request Permission to have Chair call for a Closed Session** pursuant to KRS 61.810 (1)(c) for the discussion of proposed or pending litigation against or on behalf of FPB; and KRS 61.810 (1)(f) for discussions which might lead to the appointment, discipline, or dismissal of an individual employee.
16. **Closed Door Session:**

BOARD ACTION

Mr. Ludwig called the meeting to order at 5:00 p.m. Ms. Poe called the roll. She noted five (5) board members in attendance.

1. **Conduct Public Hearing Regarding:** Increasing Cable rates for Classic Cable Tier and Bulk I and Bulk II Cable. The new cable rates are proposed to be effective July 1, 2014.

Dr. Green convened the public hearing regarding proposed cable rate increases.

This Hearing will now come to order. My name is Dr. Scott Green. I have been requested by the Board to conduct this Hearing. With me today are the Board

Members and Staff of the Frankfort Electric and Water Plant Board. We are here to receive comments regarding the following items: (1) Increasing rate for Classic Cable tier service; and (2) Increasing rate for Bulk Cable 1 and Bulk Cable II. This Public Hearing was advertised in accordance with the Regulations for Public Notification and appeared on Monday, May 12, 2014 in The State Journal newspaper.

We have asked that you register if you request to speak. If you have not already done so, please register with the Secretary so that we will have a record of those in attendance and wishing to speak today.

A brief statement about the conduct of this Public Hearing is in order. This Hearing will be conducted informally. This Hearing is being conducted voluntarily by the Frankfort Electric & Water Plant Board in order to accept comments on the above items. Formal rules of evidence will not apply. Both oral and written comments will be accepted. Any and all persons present who wish to make a statement will be afforded an opportunity to do so. If you have a written statement to accompany your oral presentation, a copy of the written statement should be provided to me prior to your presentation. If you have a lengthy statement, I ask that you summarize your comments. Oral presentations should be limited to no more than 3 minutes. If necessary, I will interrupt and request the presentation to be completed due to this time limit. I may ask questions of any person presenting oral comments where it is necessary to clarify the nature or substance of the comments.

The reasons for conducting the Hearing by these rules are so that we can collect information, especially information that the Board has not previously considered, and take it under review.

The Board may not answer questions because we do not want to make hasty judgments on specific issues that are brought out if technical in nature. This is especially true since different points of view may come up during the course of the day from different speakers. It is the job of the Board to fairly consider these points of view and information as part of the setting. We do want public input and involvement and I hope you do not find our standard procedures restrictive.

The oral comment period for this Hearing will end at the close of business on May 20, 2014. Written comments received on or before May 20, 2014, will be accepted and considered.

Before we open the floor for comments, John Higginbotham will provide a summary of the proposed rate increases.

Mr. Higginbotham reiterated the specifics of the proposed rate increases and explained that the rate increase was necessary to capture increased programming fees charged by Viacom.

With no members of the public in attendance to speak on the cable rate increases, Dr. Green adjourned the hearing.

2. **Conduct Public Hearing Regarding:** Increasing water rates for the wholesale water class. The new water rates are proposed to be effective upon the approval of the Kentucky Public Service Commission.

Dr. Green convened the public hearing regarding proposed wholesale water rate increases.

This Hearing will now come to order. My name is Dr. Scott Green. I have been requested by the Board to conduct this Hearing. With me today are the Board Members and Staff of the Frankfort Electric and Water Plant Board. We are here to receive comments regarding the following items: Increasing the rate for the wholesale water customer class. This Public Hearing was advertised in accordance with the Regulations for Public Notification and appeared on Monday, May 12, 2014 in The State Journal newspaper.

We have asked that you register if you request to speak. If you have not already done so, please register with the Secretary so that we will have a record of those in attendance and wishing to speak today.

A brief statement about the conduct of this Public Hearing is in order. This Hearing will be conducted informally. The oral comment period for this Hearing will end at the close of business on May 20, 2014. Written comments received on or before May 20, 2014, will be accepted and considered.

Before we open the floor for comments, David Billings will provide a summary of the proposed wholesale water rate increase.

Mr. Billings reiterated specifics of the cost of service study report from Gannett Fleming and explained the proposed wholesale water rate increase.

Five (5) customers registered to address the Board: Don Prather, Jerry Ruble, Ken Taylor, Craig Blanton, and William Eggen.

Mr. Prather, attorney representing the U.S. 60 and North Shelby Water Districts, stated that they will see FPB in front of the Public Service Commission.

Jerry Ruble, representing North Shelby Water Districts, requested the reason for a rate increase only to the wholesale water customers. Mr. Billings advised that the 2013 cost of service study indicated that retail and wholesale customers required a rate increase. He explained that the retail rate increases were implemented in 2013 but that wholesale rate increases could not be implemented due to the Agreement in place at that time. He further explained that the most recent cost of

service study indicated the need for an increase to the wholesale customers but not to the retail water customers.

Ken Taylor, representing South Anderson Water District, stated that they recently paid for facilities to increase water purchases from FPB because FPB water was less expensive than Lawrenceburg's. He further noted that with this proposed increase, FPB would be charging more for its water than Lawrenceburg and that South Anderson would need to engage in discussions with FPB regarding its water purchase contract to address that issue.

Craig Blanton, representing Farmdale Water District, expressed his concern with such a large increase at one time. He stated that maybe FPB could consider spreading out the increase over a number of years.

William Eggen, representing the U.S. 60 Water District, stated that they expect and anticipate increases but are very surprised at the amount of this proposed increase and advised that it will be tough to pass through and explain to the customers.

Dr. Green asked if any other attendees wanted to speak. With no other members of the public to speak on the proposed wholesale water rate increases, Dr. Green adjourned the public hearing.

3. **Conduct Public Hearing Regarding:** Increasing Equipment rates. The new equipment rates are proposed to be effective July 1, 2014.

Dr. Green convened the public hearing regarding proposed equipment rate increases.

This Hearing will now come to order. My name is Dr. Scott Green. I have been requested by the Board to conduct this Hearing. With me today are the Board Members and Staff of the Frankfort Electric and Water Plant Board. We are here to receive comments regarding the following items: Increasing equipment rates for utility construction. This Public Hearing was advertised in accordance with the Regulations for Public Notification and appeared on Monday, May 20, 2014 in The State Journal newspaper.

We have asked that you register if you request to speak. If you have not already done so, please register with the Secretary so that we will have a record of those in attendance and wishing to speak today.

A brief statement about the conduct of this Public Hearing is in order. This Hearing will be conducted informally. This Hearing is being conducted voluntarily by the Frankfort Electric & Water Plant Board in order to accept comments on the above items. Formal rules of evidence will not apply. Both oral and written comments will be accepted. Any and all persons present who wish to make a statement will be afforded an opportunity to do so. If you have a written statement to accompany your oral presentation, a copy of the written statement should be provided to me prior to your presentation. If you have a lengthy statement, I ask that you summarize your comments. Oral presentations should be limited to no more than 3 minutes. If necessary, I will interrupt and request the presentation to be completed due to this time limit. I may ask questions of any person presenting oral comments where it is necessary to clarify the nature or substance of the comments.

The reasons for conducting the Hearing by these rules are so that we can collect information, especially information that the Board has not previously considered, and take it under review.

June 17, 2014

A Board meeting of the Electric and Water Plant Board of the City of Frankfort, Kentucky, was held at the FPB Clubhouse, located at 98 Tanglewood Drive, on Tuesday, June 17, 2014 at 5:00 p.m.

ATTENDANCE:

Ralph Ludwig, Board Chair
Dr. Scott Green, Board Vice Chair
Rick Pogrosky, Board Secretary/Treasurer
Patricia B. Lynch, Board Member
Arthur McKee, Board Member
James Liebman, Board Attorney
Jimmy Allen, Water Dist. Supt.

Mark Redmon, Support Services Director
Chris Riddle, WTP Supt.
Dianne Schneider, HR Director
Kim Phillips, Safety Director
Zach Hubbard, Cable 10 Videographer
Seth Littrell, State Journal Reporter
Aaron Nickerson, GRW Engineers
Alan Tucker, GRW Engineers

AGENDA

The Agenda for the Board Meeting was received and entered into the Minute Book as follows:

JUNE 17, 2014 BOARD MEETING AGENDA

1. **Action Item:** Consider Approving Minutes of the May 20, 2014 Board Meeting.
2. **Action Item:** Accept Electric, Water and Cable Financial & Statistical Data for May 2014.
3. **Informational Item:** Departmental Reports:
 - Cable Dept.
 - Customer Service
 - Electric Dept.
 - SEPA
 - Safety
 - Water Distribution

- Water Treatment Plant
- Administration Building

4. **Informational Item:** Geothermal Presentation by GRW Engineers.
5. **Action Item:** Consider the Award of Bid Invitation #1575 – Annual Price Contract for Distribution Transformers to Cape Electrical Supply.
6. **Action Item:** Consider the Award of Bid Invitation #1574 – Annual Price Contract for the Purchase of Wood Poles to Nation Wide Utility Poles, Inc.
7. **Action Item:** Consider the Award of Bid Invitation #1573 – Annual Price Contract for Water Treatment Chemicals.
8. **Action Item:** Consider the Award of Bid Invitation #SM-67, Annual Price Contract for the Sale of Scrap Transformer Sales, to Solomon Corporation.
9. **Action Item:** Consider Asplundh Tree Expert Company's Contract Renewal Offer for Tree Trimming Services with a 2% Labor and Equipment Increase.
10. **Action Item:** Consider approval of Bid Invitation #1572, Contract Labor for Cable Installation to Custom Cable Services for \$300,000.
11. **Action Item:** Consider Approving Starz and Encore Entertainment Services Renewal.
12. **Action Item:** Consider approval of the establishment of fees for: (1) Cable Sports Tier; (2) Ultimate TV package; and (3) Additional Security-Broadband services.
13. **Action Item:** Consider the Award of Bid Invitation #1576 – Annual Price Contract for Ductile Iron Pipe, Ductile Iron Fittings, Valves, Hydrants and Tapping Sleeves to Ferguson Water Works and East Jordan Iron Works.
14. **Action Item:** Consider Renewing the Price Contract for Delpac 2500 with USALCO, LLC.
15. **Action Item:** Consider Compensation Change for the Cable-Telecommunications Department Account Executive position.
16. **Action Item:** Consider Amendment to the FPB Employee Health Plan - Smoking Cessation Benefits.
17. **Action Item:** Consider approval of Rate Increases: (1) Classic Cable tier, (2) Bulk Cable I, and (3) Bulk Cable II effective July 1, 2014.
18. **Action Item:** Consider Approval of the Rate Increase for the Wholesale Water Class Rate to be effective upon the approval of the Kentucky Public Service Commission.
19. **Action Item:** Consider Approval of the Equipment Rate Increases to be Effective July 1, 2014.
20. **Action Item:** Consider Approving FY 14-15 Budget and Accept the 5 year plan.
21. **Old & New Business:**
22. **Informational Item:** General Manager's Comments.

Bulk Cable I will increase from \$6.25 to \$6.45 per outlet and for Bulk Cable II will increase from \$15.60 to \$16.05 per outlet. Customers were notified of the potential increases on the May 2014 FPB bill.

Mr. Higginbotham reiterated the recommended rate increases for the Classic Cable Tier, Bulk I Cable and Bulk II Cable packages in lieu of programming fee increases from Viacom.

Mr. Ludwig moved to approve the rate increases for the Classic Cable Tier, Bulk I Cable and Bulk II Cable as stated in this item. Dr. Green seconded. Ms. Poe polled the Board and the motion passed.

18. **Action Item: Consider Approving Proposed Water Rate Increase as Recommended in the Cost of Service Study by Gannett Fleming.**

The last Water Cost of Service (COS) study utilized to adjust the wholesale water rates was performed in 2010, when at the time, it was proposed the wholesale rates be increased from \$1.704 to \$2.000 per 1000 gallons. In an effort to prevent a rate case at the Kentucky Public Service Commission (PSC), an agreement was negotiated that limited annual increases to \$0.10 per 1000 gallons per year. The terms of the agreement set the following rates:

Year 1 (April 1, 2011 – March 31, 2012) - \$1.81 per 1000 gallons
Year 2 (April 1, 2012 – March 31, 2013) - \$1.91 per 1000 gallons
Year 3 (April 1, 2013 – March 31, 2014) - \$2.01 per 1000 gallons

As a result of that agreement, the rates charged to the districts could not be altered in 2013 when rates were increased to other customer classes. As such, a new COS study was recently conducted by Gannett Fleming in order to file a revised tariff at the PSC.

In April of 2014, the Board accepted the COS study and approved a Notice of a Public Hearing. The hearing was conducted on May 20, 2014. No written statements were provided but oral comments were received.

In order to move forward with filing a revised tariff at the PSC, staff recommends that the Board approve the water rate increase as recommended in the cost of service study by Gannett Fleming.

The current and proposed rates for water service are:

Rate	Current Rate	Proposed Rate
<u>Retail – Non-Water Producers</u>		
Consumption Charge Per Thousand Gallons	\$2.01	\$2.91

Mr. Billings discussed the water cost of service study, public hearing and the oral comments received at the public hearing.

Dr. Green moved to approve the proposed water rate increase as proposed by Gannett Fleming. Mr. Pogrosky seconded. Ms. Poe polled the Board and the motion passed.

19. **Action Item: Consider Approval of the Equipment Rate Increases to be Effective July 1, 2014.**

A utility and cable-telecom entity like FPB requires a wide variety of vehicles and equipment to properly maintain and monitor the system. FPB uses a work order system to initiate utility/cable-telecom jobs necessary to keep services functioning at a high, reliable level. When a work order is created the labor, inventory, and equipment costs needed to complete the job are assigned to the related work order allowing FPB to identify and track the cost to complete any given job. The work orders can be used solely for internal cost accounting purposes or used to track

Subject: Cost Study

Don, how are you?

Attached is the most recent cost of service study. After you have had a chance to review, we can set up a meeting to discuss any questions. Hopefully, we will be able to work out a solution before we get too involved in the Commission process.

Have a good weekend,

Hance

Attn: Pete Hedges, Board Chair

Re: Wholesale Water Rate Increase

Dear Mr. Hedges:

Enclosed is a notice of water rate increase and the new tariff that Frankfort Electric and Water Plant Board filed with the Public Service Commission on June 24, 2014 reflecting the new wholesale water rate.

If you have any questions, please do not hesitate to contact me at (502) 352-4570.

Sincerely,

Herbbie Bannister, P.E.
General Manager

Fax (502) 223-3887 www.fpb.cc

NOTICE

The Electric and Water Plant Board of the City of Frankfort, Kentucky ("FPB") has filed a proposed rate schedule with the Public Service Commission which will increase the wholesale water rate provided as follows:

<u>Customer</u>	<u>Current Rate</u>	<u>Proposed Rate</u>	<u>Percentage Difference</u>
U.S. 60 Water District	\$2.01 per 1,000 gallons	\$2.91 per 1,000 gallons	44.78%

The proposed effective date is July 25, 2014. Water passing through the meter prior to that date will be billed at \$2.01 per 1,000 gallons. Water passing through the meter on and after that date will be billed at \$2.91 per 1,000 gallons. At an increase of \$.90 per 1,000 gallons this would be a monthly increase of \$14,650.80 based on an average monthly usage of 16,278,667 gallons.

The rates contained in this notice are the rates proposed by FPB. However, the Public Service Commission may order rates to be charged that differ from the proposed rate contained in this notice.

Any corporation, association, or person with a substantial interest in the matter may, by written request, within thirty (30) days after publication or mailing of this notice of the proposed rate change, request to intervene. Intervention may be granted beyond the thirty (30) day period for good cause shown.

If the Commission does not receive a written request for intervention within thirty (30) days of mailing of this notice, the Commission may take final action on the proposed rate.

Requests for intervention should include the status and interest of the party, establish grounds to intervene, and should be sent to the Public Service Commission, P.O. Box 615, Frankfort, KY 40602.

Comments regarding the proposed rate may be submitted to the Public Service Commission through its Web site or by mail to the Public Service Commission, P.O. Box 615, Frankfort, KY 40602.

Any person who has been granted intervention by the Public Service Commission may obtain copies of the rate schedule and any other filings made by FPB at its office located at 317 W. Second Street, Frankfort, Kentucky 40601; or by telephoning Hance Price at (502) 352-4570.

Any person may examine the rate schedule and other filings made by FPB at its office located at 317 W. Second Street, Frankfort, Kentucky 40601, or at the Public Service Commission located at 211 Sower Boulevard in Frankfort, Kentucky, Monday through Friday, 8:00 a.m. to 4:30 p.m.; telephone 502-564-3940; or through the Commission's Web site at <http://psc.ky.gov>.

CERTIFICATE OF NOTICE TO CUSTOMERS

I, Herbbie Bannister, General Manager of the Frankfort Electric and Water Plant Board, certify that publication and mailing of the attached notice is being made in compliance with the Public Service Commission's regulations.

NOTICE

The Electric and Water Plant Board of the City of Frankfort, Kentucky ("FPB") has filed a proposed rate schedule with the Public Service Commission which will increase the wholesale water rate provided as follows:

<u>Customer</u>	<u>Current Rate</u>	<u>Proposed Rate</u>	<u>Percentage Difference</u>
North Shelby Water District	\$2.01 per 1,000 gallons	\$2.91 per 1,000 gallons	44.78%

The proposed effective date is July 25, 2014. Water passing through the meter prior to that date will be billed at \$2.01 per 1,000 gallons. Water passing through the meter on and after that date will be billed at \$2.91 per 1,000 gallons. At an increase of \$.90 per 1,000 gallons this would be a monthly increase of \$11,190 based on an average monthly usage of 12,433,333 gallons.

The rates contained in this notice are the rates proposed by FPB. However, the Public Service Commission may order rates to be charged that differ from the proposed rate contained in this notice.

Any corporation, association, or person with a substantial interest in the matter may, by written request, within thirty (30) days after publication or mailing of this notice of the proposed rate change, request to intervene. Intervention may be granted beyond the thirty (30) day period for good cause shown.

If the Commission does not receive a written request for intervention within thirty (30) days of mailing of this notice, the Commission may take final action on the proposed rate.

Requests for intervention should include the status and interest of the party, establish grounds to intervene, and should be sent to the Public Service Commission, P.O. Box 615, Frankfort, KY 40602.

Comments regarding the proposed rate may be submitted to the Public Service Commission through its Web site or by mail to the Public Service Commission, P.O. Box 615, Frankfort, KY 40602.

Any person who has been granted intervention by the Public Service Commission may obtain copies of the rate schedule and any other filings made by FPB at its office located at 317 W. Second Street, Frankfort, Kentucky 40601; or by telephoning Hance Price at (502) 352-4570.

Any person may examine the rate schedule and other filings made by FPB at its office located at 317 W. Second Street, Frankfort, Kentucky 40601, or at the Public Service Commission located at 211 Sower Boulevard in Frankfort, Kentucky, Monday through Friday, 8:00 a.m. to 4:30 p.m.; telephone 502-564-3940; or through the Commission's Web site at <http://psc.ky.gov>.

Dear Mr. Toles:

The Frankfort Plant Board will hold a public hearing to receive public comments on its proposed wholesale water rate increases on Tuesday, May 20, 2014, at 5:00 pm. This public hearing will be held at the FPB Clubhouse located at 98 Tanglewood Drive, Frankfort, Kentucky. If you did not have an opportunity to attend our meeting held with our wholesale customers on April 16, 2014, this will provide you an additional chance to comment.

If you have any questions concerning this matter, please do not hesitate to call me at (502) 352-4541.

Sincerely,

Hance Price

Water Supply Agreement

THIS AGREEMENT made and entered into on this 23rd day of October, 2012, by and between the Electric and Water Plant Board of the City of Frankfort, Kentucky, whose address is 317 West Second Street, P.O. Box 308, Frankfort, Kentucky 40602, having the powers granted by KRS 96.171 *et seq.*, ("Board"), and the South Anderson Water District, whose address is P.O. Box 17, Lawrenceburg, Kentucky 40342, a water district created and existing under the laws of the state of Kentucky ("District");

WHEREAS: The District currently purchases water on a wholesale basis from the Board at an existing point of delivery located on US 127 South near the Anderson County line;

WHEREAS, The District desires to increase the amount of water purchased from the Board;

WHEREAS, the Board must make improvements to its system to provide additional water to the District;

WHEREAS, the Board desires to continue as a supplier of water to the District for an additional forty-two (42) years;

WHEREAS, this Water Supply Agreement supersedes and replaces any other agreements for the purchase of water between the parties;

WITNESSETH: That the parties hereto in consideration of the mutual duties and obligations herein created, have, and do agree as follows:

1. **Quality:** During the term of this agreement and any renewal or extension thereof, the Board will furnish to the District at the point of delivery hereinafter specified, treated, potable water that complies with all applicable Kentucky Division of Water and U.S. Environmental Protection Agency standards for water quality. The Board is not responsible for any adverse chemical reactions with the District's water supply or incompatible facilities.

2. **Point of Delivery, Flow Rates, Minimum Quantities, and Pressure:** The Board will provide water to the District at the following point of delivery:

Existing metering point on US 127 South near Anderson County line: The maximum flow rate shall be 500 gallons per minute; the minimum consumption shall be 5,000,000 gallons per month, computed on an annual basis. If the annual purchases are less than the minimum required purchases, the District will be billed the difference. The daily peaking factor (Q_p/Q_{avg} ; otherwise stated as peak daily flow divided by average daily flow) shall be no greater than 2:1. If the maximum flow rate or the peak daily flow exceeds these standards, the Board may modify its facilities at District expense to meet the additional requirements. In order to provide the quantities of water defined herein, the Board must construct improvements within its system at the District's expense. The District will advance the Board \$242,263.80 to aid in construction of said facilities. Upon completion of the project, actual cost will be determined and applied against the advance payment, which may result in either an additional charge or a refund. In any event, should the actual cost be greater than

the amount advanced, the District's additional charge will not exceed 25% of the original advance.

The parties, in writing, may agree to one or more additional points of delivery, subject to the force majeure events described herein. Adequate pressure normally provided from the Board's existing facilities will be supplied to the point of delivery. If a greater pressure than is normally available at the point of delivery is required by the District, the cost of providing such greater pressure shall be the sole responsibility of the District. Notwithstanding the foregoing, the Board under this Agreement assumes no obligation whatsoever to furnish satisfactory quantity or pressure for any particular service such as irrigation, fire protection, industrial, or commercial use.

The District shall immediately notify the Board of any line break, service interruption or other incident that might adversely affect the Board's facilities or ability to maintain service on its system. The District shall be responsible for any line break or other damage to its facilities or to its customers or the public after the water is delivered to the point(s) of delivery.

The District shall not resell water from the Board to other water sellers without the Board's permission.

3. **Term of Agreement and Effective Date:** This Agreement will take effect on the Effective Date and will continue for a term of forty-two (42) years thereafter. The Parties acknowledge that this Agreement will require submission to the Kentucky Public Service Commission ("PSC") for approval. The Board shall file an executed copy of this Agreement with the PSC. The

District pledges its assistance to help expedite the PSC review process. The Effective Date of this Agreement shall be the date the Agreement is deemed to be "filed" by the PSC. The Board shall give written notice of the Effective Date to the District. The Agreement may be amended from time to time upon agreement of the parties.

4. **Metering Equipment and Flow Measurement:** The Board will own, operate and maintain the metering equipment located at the point of delivery. The Board shall make annual tests and inspections of the master meter, and additional testing may be performed by the Board at its sole discretion at any time. The Board will provide a twenty-four (24) hour notice to the District prior to conducting any meter test, allow District personnel to witness the test, and submit test results to the appropriate official or agent designated by the District upon request. A meter registering within the acceptable limits as defined by American Water Works Association (AWWA) standards shall be deemed to be accurate. A reading of the meter determined by the test results to be inaccurate (registering outside of acceptable limits of AWWA standards based upon type of meter) shall cause billings for at least one (1) month, and up to three (3) months, previous to such test to be adjusted by the percentage of inaccuracy found by such test. If any meter should fail to register usage for any regular billing period, the amount of water furnished during such billing period shall be determined based on historical consumption for three (3) consecutive billing periods.

5. **Billing and Payment:** The District shall at all times pay the rates and charges for water that exist at the time of delivery under the existing published rates, rules and regulations of the Board.

The District and the Board acknowledge the Board's wholesale water rate is determined by the Board's rate-making methodology, and agree that the Board's rate making methodology as filed with the Public Service Commission and as may be modified to conform to regulatory requirements is a reasonable basis for the rate adjustments under the Water Supply Agreement. That methodology requires that the wholesale rate be determined by considering the following components of the Board's total water service operations including but not limited to:

- A. Operation and maintenance expenses
- B. Depreciation expenses
- C. Debt service and coverage on debt service

The initial rate under this contract is established by the Board's most recent tariff establishing rates for the wholesale non-water producer (i.e. water district) class currently on file with the Commission. Thereafter, the rates established shall be submitted to and approved by the Commission.

6. **Force Majeure:** Emergency failures due to main supply line breaks, power failure, flood, fire, act of God, war, riot, earthquake, explosion, or other catastrophic events shall excuse the Board from its performance under this Agreement for such reasonable period of time as may be necessary to restore service.

7. **Proportionate Reduction:** In the event any occurrence, condition, or circumstance leads the Board to request voluntary curtailment of water consumption or to impose mandatory curtailment of water consumption with respect to the Board's own water users, the District will make the same request for voluntary curtailment of consumption or will impose the same mandatory curtailment of water consumption, upon its water users, to the end that District water users will be treated alike with respect to curtailment of water consumption, and the District will cooperate fully in taking the same character of enforcement action as the Board takes with respect to any such request or mandate.
8. **Assignment:** This Agreement shall be binding on all successors and assigns of the Parties but shall not be assigned by either Party without the written consent of the other.
9. **Waivers:** The failure of any Party at any time to enforce any provision of this Agreement, to exercise its rights under any provision, or to require a certain performance of any provision shall in no way be construed a waiver of such provision nor in any way affect the validity of this Agreement or the right of the Party thereafter to enforce each and every provision.
10. **Authority to Execute Agreement:** The Board warrants that it possesses full authority to enter into this Agreement. The District warrants that it possesses full authority to enter into this Agreement.
11. **Entire Agreement:** This Agreement constitutes the entire understanding and agreement between the Parties and supersedes all other understandings and

agreements between the Parties with respect to the subject matter of this Agreement. There are no understandings, representations or warranties of any kind, expressed or implied, not expressly set forth in this Agreement. No modifications or amendment of this Agreement shall be effective unless in writing and executed on behalf of both Parties.

12. Termination of Prior Agreements: Any and all prior Agreements between the Board and the District relating to the supply of water and all other matters relating thereto will automatically be terminated on the effective date of this Agreement; provided, however, that such prior Agreements will immediately and automatically be revived and considered to be in full force and effect if the PSC does not approve this Agreement.

13. Termination: This Agreement may be terminated by the Board on sixty (60) days' notice for failure of the District to timely pay for service or continued violation of the Board's tariffs. The District may terminate on sixty (60) days' notice for failure of the Board to deliver the quality and quantity of water prescribed in the Agreement, and such failure is not cured within a reasonable time period after being provided written notice by the District. The parties will cooperate to the fullest extent possible to resolve any disputes prior to providing notice of termination.

14. Notices: Any notice required of this Agreement shall be delivered via certified mail to:

Board: FPB General Manager
317 West Second Street
Frankfort, Kentucky 40601

District: SAWD Board Chair
P.O. Box 17
Lawrenceburg, Kentucky 40342

IN TESTIMONY WHEREOF, the parties hereto have caused this Agreement to be executed by its duly authorized officers, on this date and year first above written.

Electric and Water Plant Board
of the City of Frankfort,
Kentucky

Board Chair

Attest:

South Anderson Water District

By:

Board Chair

Attest:

**AGREEMENT FOR FRANKFORT TO PROVIDE
THE SOUTH ANDERSON WATER DISTRICT
WITH SUPPLEMENTAL POTABLE WATER**

This agreement is made and entered into this 30th day of JUNE, 2000, by and between the Electric and Water Plant Board of the City of Frankfort, Kentucky hereinafter called "Plant Board," whose address is 317 West Second Street, P.O. Box 308, Frankfort, Kentucky, 40602, and the South Anderson Water District, whose address is P.O. Box 16, Lawrenceburg, Kentucky, 40342.

WHEREAS, the South Anderson Water District has a need for a supplemental water supply; and,

WHEREAS, the Plant Board has the treatment capacity to serve the South Anderson Water District, and an abundant raw water supply, subject to continuing adequate flow in the Kentucky River at Lock and Dam Number 4; and,

WHEREAS, the general location of the proposed facilities required for the sale and delivery of potable water by the Plant Board to the South Anderson Water District are generally shown on the plans entitled "South Anderson Water District, Water Systems Extensions" by Kenvirons, Inc. (project number 97185) and dated January, 2000; attached herewith.

**1. PLANT BOARD PARTICIPATION
(TWILIGHT TRAIL TO JONES LANE)**

The Plant Board will provide and install 12-inch diameter ductile iron pipe, fittings, valves and appurtenances from the Plant Board's existing 12-inch water main on Twilight Trail to Jones Lane. This water main extension is approximately 6,600 feet in length. The estimated construction cost of this 12-inch diameter water main extension from Twilight Trail to Jones Lane is \$262,000 (Attachment A).

The South Anderson Water District will reimburse the Plant Board the equivalent cost of providing and installing 8-inch SDR21 PVC pipe, 8-inch ductile iron fittings, and appurtenances from Twilight Trail to Jones Lane. The estimated cost of an equivalent 8-inch diameter PVC water main extension is \$83,700 (see attachment B). This figure is based upon an installation cost of \$8.25 per linear foot as provided by Kenvirons, Inc., and the Plant Board's annual contract price for ductile iron fittings, valves and appurtenances.

The actual reimbursement fee paid to the Plant Board from South Anderson Water District will be based upon the following:

1. The actual length of 12-inch ductile iron pipe laid from Twilight Trail to Jones Lane and,
2. The "as-bid" price for providing and installing 8-inch PVC pipe, ductile iron fittings, valves and appurtenances. The "as-bid" price will be determined from the contract awarded for the construction of the water main from Jones Lane to the end of the project in Anderson County.
3. A cost for mobilization, demobilization, and concrete encasement as noted in Attachment B.

2. PLANT BOARD PARTICIPATION (JONES LANE TO EVERGREEN ROAD)

The Plant Board will provide 12-inch ductile iron pipe, fittings, valves and appurtenances from Jones Lane to Evergreen Road. This is a distance of approximately 7,600 feet. The estimated cost of materials for this extension is \$128,600 (see attachment C). Air release valves shall be supplied by South Anderson Water District. Steel casing pipe for Evergreen Road crossing is to be supplied by South Anderson Water District.

South Anderson Water District will reimburse the Plant Board the equivalent cost of providing 8-inch SDR 21 PVC pipe, 8-inch ductile iron fittings, valves and appurtenances for this extension. The estimated cost for providing the equivalent 8-inch diameter pvc pipe, ductile iron fittings, valves and appurtenances is \$36,300 (see attachment D). This figure is based upon a material cost of \$4.00 per foot for 8-inch pvc pipe as provided by Kenvirons, Inc., and the Plant Board's annual contract price for ductile iron fittings and valves.

The actual reimbursement by South Anderson Water District will be determined by the following:

1. The actual length of the water line extension from Jones Lane to Evergreen Road and,
2. The "as-bid" price for providing 8-inch pvc pipe, ductile iron fittings, and valves. The "as-bid" price will be determined from the contract awarded for the construction of the water main from Jones Lane to the end of the project in Anderson County.

**3. PLANT BOARD PARTICIPATION
(EVERGREEN ROAD TO FRANKLIN/ANDERSON COUNTY LINE)
(STA 181+00 TO STA 60+00)**

The PVC water main from Evergreen Road to the Franklin/Anderson County line shall be constructed to AWWA standards. The PVC pipe shall be C-900 pipe as approved by AWWA. The Plant Board will pay to the South Anderson Water District the difference in pipe material cost between the C-900 pipe and the SDR21 pipe. The AWWA C-900 PVC pipe is estimated to cost \$6.55 per foot while the SDR21 pipe is projected to cost \$4.00 per foot. The distance between Evergreen Road and the Anderson County line is approximately 12,100 feet. Therefore, the Plant Board will reimburse the South Anderson Water District approximately \$30,855 for the installation of C-900 pipe. The Plant Board will require a line valve approximately every 1,000 feet and a tee and valve for the purpose of installing a fire hydrant in the future. The Plant Board will provide the line valves, tee's, hydrant valves and plugs. All fittings shall be ductile iron and rated for 350 psi working pressure. The PVC pipe shall be bedded and backfilled with manufactured sand to a height of 6-inches above the barrel of the pipe. The minimum depth of bedding below the pipe barrel shall be 6-inches. Excavation below the bells of the pipe shall be a minimum of 6-inches. The total estimated participation from the Plant Board to South Anderson Water District, from Evergreen Road to the Franklin/Anderson County line is \$48,700. (see Attachment E).

The actual participation by the Plant Board will be based upon the following:

1. The actual length of water main constructed from Evergreen Road to the Anderson/Franklin County line.
2. The "as-bid" price for C-900 PVC pipe versus SDR21 PVC pipe.
3. The "as-bid" price will be determined from the contract awarded for the construction of the water main from Jones Lane to the end of the project in Anderson County.

4. EASEMENTS/PERMITS

The South Anderson Water District will be responsible for obtaining all the necessary easements and permits required for the construction of the water transmission main and appurtenances. The plans for the water main construction, from Twilight Trail to Jones Lane, will be submitted for approval to the Division of Water, by the Plant Board. All fees (to property owners, regulatory agencies, etc.) required for the construction of the water main, will be the responsibility of the South Anderson Water District.

5. PUMP STATION

A pump station will be required to pump water from Frankfort's pressure zone of 972 feet to South Anderson's pressure zone of 983 feet. The pump station will be owned, operated, and maintained by South Anderson Water District. The location of the pump station will be in Anderson County.

6. METERING

The metering point will be located in Franklin County in the vicinity of the Anderson County line. The Plant Board will own and maintain the metering facilities. The cost of the metering facilities is the responsibility of the South Anderson Water District. The master meter and vault shall be in accordance with Plant Board standards.

7. RATES

Rates and conditions of service to South Anderson Water District shall be at all times under the prevailing Rates, Rules, and Regulations as promulgated and adopted by the Plant Board. The rates charged South Anderson Water District will be in accordance with the existing rate schedule applicable to all Plant Board water users except that a minimum consumption of 50,000 gallons per day will be required. A minimum monthly bill will be based on this required daily minimum of consumption. The maximum allowable daily consumption shall be 100,000 gallons. Plant Board's rate schedule is subject to periodic adjustment to reflect changes in the cost of service. A copy of such Rates, Rules, and Regulations, presently existing is attached hereto as a part hereof. 703

8. INTERRUPTIONS IN SERVICE

The Plant Board will not be responsible for interruptions in service beyond its reasonable control, and it shall have the right upon notice to interrupt water supply to South Anderson Water District, if necessary, to make repairs to its water system.

9. TERM OF CONTRACT

The initial term of this agreement shall be for forty-two years from the date water is first supplied under this agreement. Potable water service will begin immediately following the successful testing and disinfecting of the transmission main and appurtenances. This agreement can be extended for an additional twenty-year term upon written approval by both parties. South Anderson Water District shall notify

the Plant Board in writing at least six months before the initial forty-two year term if they do not want to extend the agreement. Upon the giving of such written notice, this agreement shall terminate at the end of original term.

10. WATER EXTENSION

The Plant Board shall own and maintain the water transmission main and appurtenances from Twilight Trail to the Franklin/Anderson County line. The Plant Board shall have the right to make or permit to be made extensions to waterlines, which will become part of the Plant Board system. Such extensions shall include taps and tie-ins, and no consent from South Anderson Water District shall be required for such extensions, taps or tie-ins.

11. WATER USE RESTRICTION

In the event any occurrence, condition or circumstances that leads the Plant Board to request voluntary curtailment of water consumption or to impose mandatory curtailment of water consumption with respect to the Plant Board's own water users, South Anderson Water District will make the same request for voluntary curtailment of consumption or will impose the same mandatory curtailment of water consumption, upon its water users, to the end that wholesale water users of the Plant Board and water users of South Anderson Water District will be treated alike with respect to curtailment of water consumption, and South Anderson Water District will cooperate fully in taking the same character of enforcement action as the Plant Board takes with respect to any such request or mandate.

12. PROJECT INSPECTION

The Plant Board will have a resident inspector on the job to assure that the water main from Jones Lane to the Franklin/Anderson County line is constructed in accordance with this agreement and the policies and practices of the Plant Board. The construction and operation of the transmission main, shall be to the satisfaction of the Plant Board and it's inspector, prior to the commencement of service.

13. ENTIRE AGREEMENT

This Agreement constitutes the entire Agreement between the Parties and prior negotiations and understandings are hereby superceded by this Agreement. No amendment or alteration to this Agreement shall be valid or binding unless reduced in writing and signed by both parties.

14. GOVERNING LAWS

This Agreement shall be governed by the Laws of the Commonwealth of Kentucky and in the event of litigation, the same shall be brought in the Franklin Circuit Court of the Commonwealth of Kentucky. The parties expressly agree that the prevailing party shall recover from the other party, in addition to taxable costs, all reasonable expenses and all reasonable attorney fees incurred in connection of said litigation.

AMENDMENT TO WATER SUPPLY CONTRACT

This Amendment made and entered into this the 25th day of May, 2011, by and between, the Electric and Water Plant Board of the City of Frankfort, KY, a municipal utility organized and existing pursuant to KRS 96 171 et seq, hereinafter referred to as "Board" and the U.S 60 Water District of Shelby and Franklin Counties, KY, a water district organized and existing under the laws of the state of Kentucky, hereinafter referred to as "District "

The parties hereto, in consideration of the mutual duties and obligations herein created, have and do hereby agree that Paragraph 9 of the Water Supply Contract dated July 13, 1992, previously entered into between these same parties is hereby amended to read as follows:

The contract shall have a term of 42 years from the date of execution of this Amendment, which term shall automatically extend for one additional year at each anniversary of the execution of this Amendment Either party may give notice to the other party prior to the anniversary of the execution that the term shall not be automatically extended

The parties agree that all other terms of the July 13, 1992 contract shall remain in full force and effect throughout the term of the contract and any subsequent extension

Re: U. S. 60 Water District

Dear Mr. Caines:

Enclosed is a fully executed copy of the amendment to water supply contact dated March 11, 1998 between the Plant Board and U. S. 60 Water District. I would like to personally extend my sincere gratitude to you, your staff, and your Board for their prompt action on this matter. U. S. 60 Water District looks forward to many more years of our mutually beneficial relationship.

Yours truly,

MATHIS, RIGGS, PRATHER & DEAN, P.S.C.

AMENDMENT TO
WATER SUPPLY CONTRACT

This amendment made and entered into this the 11th day of March, 1998, by and between ELECTRIC AND WATER PLANT BOARD OF THE CITY OF FRANKFORT, KENTUCKY, a governmental agency of the City of Frankfort, Kentucky, having the powers granted by Section 96.171 et. seq., Kentucky Revised Statutes, hereinafter referred to as "Board", and the U.S. 60 WATER DISTRICT OF SHELBY AND FRANKLIN COUNTIES, KENTUCKY, a water district created and existing under the Laws of the State of Kentucky, hereinafter referred to as "District";

The parties hereto, in consideration of the mutual duties and obligations herein created, have, and do hereby agree that Paragraph 9 of the Water Supply Contract dated July 13, 1992, previously entered in between these same parties, is hereby amended to read as follows:

"9. It is further mutually agreed and understood by and between the parties hereto that this Contract is to run for a period of forty-two (42) years beginning March 10, 1998 and thereafter may be renewed or extended for such term, or terms, as may be agreed upon by the Board and the District."

TERRITORIAL AGREEMENT

THIS AGREEMENT made and entered into this 13th day of July, 1992, in Frankfort, Franklin County, Kentucky, by and between Electric and Water Plant Board of the City of Frankfort, Kentucky, a governmental agency of the City of Frankfort, Kentucky, having the powers granted by Section 96.171 et. seq., Kentucky Revised Statutes, hereinafter referred to as "Board", and the U.S. 60 Water District of Shelby and Franklin Counties, Kentucky, a water district created and existing under the laws of the State of Kentucky, hereinafter referred to as "District";

WHEREAS, the Board has recently constructed a water storage tank on the Pea Ridge Road in Franklin County, Kentucky; and

WHEREAS, the Board and the District wish to establish, by agreement, the water service area of each in the vicinity of the newly constructed water storage tank; and

WHEREAS, the Board and the District intend to enter into a long term water supply agreement wherein the Board shall supply water to the District; and

WHEREAS, the Board and the District wish to establish the territorial boundaries of each in this vicinity for the benefit of the customers.

WITNESSETH, NOW, THEREFORE, in consideration of the mutual covenants and conditions herein contained, the parties do now agree as follows:

1. The Board and the District agree that the Board

shall have the right to provide water to those customers that exist now or may in the future exist within the territorial boundaries hereinafter described and as more particularly described and reflected upon the attached territorial map which is incorporated herein and made a part hereof.

2. The parties hereto agree that the Eastern and Northern territorial boundary of the District shall be revised as follows:

Beginning at a point in the center of U.S. Highway 60 in the center of South Benson Creek; thence northwesterly to the intersection with KY Highway 1665 at the mean sea level elevation of 750 feet, thence with said 750 feet contour line in a northerly direction generally along the east side of said KY 1665 to a point said point being 1100 feet east of the centerline of KY 1665 and 1300 feet south of the centerline of Pea Ridge Road; thence north 800 feet to a point in the west property line of Dorothy Kirk, thence with said property line to the center of Pea Ridge Road, thence north to the center of Benson Creek; thence west along Benson Creek and North Benson creek to the Franklin-Shelby County line; thence south along said county line to a point one mile north of U.S. Highway 60; thence along the original boundary (May 11, 1961) to the point of beginning.

3. In the event of any discrepancy between the above territorial description and the attached territorial map that has been made a part hereof then the territorial map shall be controlling as to the parties respective water service area.

4. The parties hereto agree that this territorial agreement with attachments shall be filed with all necessary governmental agencies.

5. This territorial agreement constitutes the entire territorial agreement between the Board and the District and

prior negotiations and understandings are hereby superseded by this agreement. No amendment or alteration to this agreement shall be valid or binding unless reduced in writing and signed by both parties.

6. This agreement shall be governed by the laws of the Commonwealth of Kentucky and in the event of litigation, the same shall be brought in the Franklin Circuit Court of the Commonwealth of Kentucky.

IN TESTIMONY WHEREOF, the parties hereto have caused this agreement to be executed by its duly authorized officers on this the day and year first above written.

WATER LINE EXTENSION AGREEMENT

THIS AGREEMENT, made and entered into this 13th day of July, 1992 in Frankfort, Franklin County, Kentucky, by and between Electric and Water Plant Board of the City of Frankfort, Kentucky, a governmental agency of the City of Frankfort, Kentucky, having the powers granted by Section 96.171 et. seq., Kentucky Revised Statutes; hereinafter referred to as "Board", and the U.S. 60 Water District of Shelby and Franklin Counties, Kentucky, a water district created and existing under the laws of the State of Kentucky, hereinafter referred to as "District";

WHEREAS, The District has a need for water supply; and

WHEREAS, the Board and the District intend to enter into a water supply agreement wherein the Board will supply water to the District; and

WHEREAS, the Board has recently constructed a water storage facility on the Pea Ridge Road, in Frankfort, Franklin County, Kentucky; and

WHEREAS, the location of the proposed facilities required for sale and delivery of water by the Board to the District are generally shown on a map marked exhibits A and B herewith.

WITNESSETH, NOW, THEREFORE, in consideration of the mutual covenants and conditions herein contained, the parties do now agree as follows:

1. The Board will construct from the entry to its water storage tank located on Pea Ridge Road, Franklin County,

Kentucky to a meter vault located on Pea Ridge Road at approximately 250 feet east of the center line of Kentucky Highway 1665 (Bryant Benson Road) a twelve inch ductile iron water line of approximately 10,560 feet. The District shall install the aforementioned meter vault in accordance with the Board's specifications and at the sole cost of the District. The District shall assign to the Board all easements the District has previously obtained along the route of the aforementioned twelve inch ductile iron water line and shall assist the Board in obtaining any other necessary easements.

2. The meter shall be a minimum four inch meter of the type specified by the Board which shall be installed by the Board and paid for by the District and located at the aforementioned new metering point near the intersection of Pea Ridge Road and Kentucky Highway 1665. This is in addition to the existing three inch meter which will remain at its existing metering point. The Board shall have the right to inspect and test said meters and any other meters later installed at any and all times.

3. The Board shall install a backflow preventer or back flow preventers which shall be paid for by the District and shall be located at such point or points as the Board shall designate, which said backflow preventers the Board shall have the right to inspect and test at any and all times.

4. The District agrees to pay to the Board the sum of \$70,485.00 (Seventy Thousand, four hundred and eighty five dollars) toward the installation and construction of the

aforementioned twelve inch ductile iron water line mentioned in paragraph one above. This is in addition to the District paying the entire costs of the meters and backflow preventers mentioned in paragraphs two and three above. The District agrees to pay the Board the \$70,485.00 and all other costs due the Board in two equal installments. The first installment being due within five days after the Board notifies the District in writing that 50% of the installation and construction of the water line has been completed. The remaining 50% is due within five days after the Board notifies the District in writing that the installation and construction has been completed.

5. The District also agrees to pay to the Board \$250.00 for each of the seventeen existing customers which the \$250.00 represents the county tap on fee. The District further agrees to supply the Board with the name and addresses of the aforementioned seventeen existing customers.

6. Any dispute that might arise between the Board and the District concerning the construction and installation of the twelve inch ductile iron pipe water line shall not relieve the District of its obligation to pay when due those amounts mentioned herein.

7. This agreement constitutes the entire agreement between the parties and prior negotiations and understandings are hereby superseded by this agreement. No amendment or alteration to this agreement shall be valid or binding unless reduced in writing and signed by both parties.

8. This agreement shall be governed by the laws of the Commonwealth of Kentucky and in the event of litigation the same shall be brought in the Franklin Circuit Court of the Commonwealth of Kentucky. The parties expressly agree that the prevailing party shall recover from the other party, in addition to taxable costs, all reasonable expenses and all reasonable attorney's fees incurred in connection with said litigation.

IN TESTIMONY WHEREOF, the parties hereto have caused this agreement to be executed by its duly authorized officers on this the day and year first above written.

WATER SUPPLY CONTRACT

THIS AGREEMENT made and entered into this the 13~~th~~ day of July, 1992, by and between ELECTRIC AND WATER PLANT BOARD OF THE CITY OF FRANKFORT, KENTUCKY, a governmental agency of the City of Frankfort, Kentucky, having the powers granted by Section 96.171 et. seq., Kentucky Revised Statutes, hereinafter referred to as "Board", and the U.S. 60 WATER DISTRICT OF SHELBY AND FRANKLIN COUNTIES, KENTUCKY, a water district created and existing under the Laws of the State of Kentucky, hereinafter referred to as "District";

WITNESSETH: That the parties hereto, in consideration of the mutual duties and obligations herein created, have, and do agree as follows:

1. The Board will make available to the District potable treated water meeting applicable purity standards of the appropriate regulatory agency(s) (presently the Kentucky Department for Natural Resources and Environmental Protection) in such quantity and at such pressure as the Board may have in its main at the service connection at the time of use, subject to the capacity and ability of the Board's system and facilities to furnish water to the Board's existing customers.

2. The Board under this Agreement is obligated to make water available to the facilities of the District.

3. The Board under this agreement has, and assumes no obligation whatever to furnish satisfactory quantity or

pressure for any particular service such as irrigation, fire protection, industrial or commercial use.

4. It is the intention of this contract that the Board will be a reliable, long-term supplier of water to the District, and that the District will be a reliable long-term purchaser of water from the Board. There is no present, maximum purchase limit under this contract, it being the intention of the parties that the District may continue to increase its purchases under the contract until such time that the capacity of the Board's system can no longer reasonably supply the needs of the Board's then-existing customers plus an increase in the District's consumption. At that time the Board will notify the District that the District will thereafter have a maximum annual contractual limit equal to the amount purchased by the District during the previous calendar year. The Board will reasonably notify the District when the Board anticipates that a future limitation is likely to be imposed. The District will keep the Board reasonably advised of all significant extensions of other events which are likely to significantly affect the District's level of water purchases from the Board.

5. The District shall at all times pay the rates and charges for water as exist at the time of delivery under the then existing published rates, rules and regulations of the Board.

6. The water will be furnished the District through a meter or meters of the size and type specified by the Board,

which shall be installed by the Board and paid for by the District and located at such points or points as the Board shall designate at its main, which said meter or meters the Board shall have the right to inspect and test at any and all times. In the event any meter test, whether initiated by the Board or by the District, discloses any error compensation payable for water delivered shall be adjusted so as to compensate for the error.

7. The obligation of the Board to supply water hereunder is limited by the understanding that the Board shall only be required to use reasonable care and diligence in the operation and maintenance of its water supply system to prevent and avoid interruptions and fluctuations in the supply, and that it cannot and does not guarantee that such interruptions and fluctuation will not occur, or that because of emergencies due to breaks, leaks, defects or necessary repairs to its facilities, or fires, strikes, acts of God or other causes, there may not be periods during which the supply may be curtailed or interrupted. Emergency failures of pressure or supply due to main supply line breaks, power failure, flood, fire and use of water to fight fire, . . . earthquake or other catastrophe shall excuse the Board from its supply obligations under this contract for such reasonable period of time as may be necessary to restore service. Temporary failures to deliver water shall be remedied with all possible dispatch. In the event of an extended shortage of water, or the supply of water available

to the Board is otherwise diminished over an extended period of time, the supply of water to the District shall be reduced or diminished in the same ratio or proportion as the supply to the Board's other customers is reduced or diminished.

8. The present published Rates, Rules and Regulations of the Board relating to water service are attached and made a part hereof.

9. It is further mutually agreed and understood by and between the parties hereto that this contract is to run for a period of 42 years from the date of execution and entry as specified in the first paragraph of this Agreement and thereafter may be renewed or extended for such term, or terms, as may be agreed upon by the Board and the District.

10. Any successor of the Board or the District, whether the result of legal process, assignment or otherwise, shall succeed to the rights and obligations of the Board or District hereunder.

11. The District will purchase on a calendar year basis (December to December meter reading date) an amount of water equal to fifty percent (50%) of the average amount of water purchased by the District from the Board during the preceding three calendar years. The District will be relieved from this minimum purchase requirement if the remaining duration of this contract becomes twenty years or less.

12. In the event the Board fails to abide by the terms and conditions of this agreement and/or fails to abide by its' Rates, Rules and Regulations then this agreement may be

terminated by the District prior to its expiration upon written notice to the Board.

13. In the event the District fails to abide by the terms and conditions of this agreement and/or fails to abide by the Board's Rate, Rules and Regulations, then this agreement may be terminated by the Board prior to its' expiration upon written notice to the District.

14. This contract replaces all previous or existing agreements between these parties and constitutes the sole and complete agreement as to the sale, provision and purchase of water.

IN TESTIMONY WHEREOF, the parties hereto have caused this Agreement to be executed by its duly authorized officers, on this the day and year first above written.

CONTRACT

THIS CONTRACT made and entered into on this the 21st day of June, 1984, by and between the ELECTRIC AND WATER PLANT BOARD OF THE CITY OF FRANKFORT, KENTUCKY, a governmental agency of the City of Frankfort, Kentucky, having the powers granted by Section 96.171 et. seq., Kentucky Revised Statutes, hereinafter referred to as "Board", and the U. S. 60 WATER DISTRICT of FRANKLIN AND SHELBY COUNTY, KENTUCKY, hereinafter referred to as "District";

WITNESSETH, that the parties hereto have, and do agree between themselves as follows:

1. The Board will make available to the District water in such quantity and at such pressure as it may have in its main at the hereinafter designated service connection at the time of use but not to exceed more than 150 gallons per minute or six million gallons per month, with, however, pumping from the main, to be at regular pumping periods at the time or times designated by the Board.

2. The Board shall have the option to furnish electric power for all the uses of the District at the existing published rates of the Board at time of service.

3. The Board under this contract is obligated to make water available only to the facilities of the District.

4. The Board in agreeing to furnish water to the District is acting on a friendly and neighborly basis, and in an effort to assist the residents of the District to have water service, and the District shall have the right to cancel and terminate this contract at any time it desires on sixty (60) days written notice to the Board.

5. The Board under this contract has, and assumes no obligation whatever to furnish satisfactory quantity or pressure for any particular service such as irrigation, fire protection, industrial or commercial use.

6. The District shall at all times pay the rates and charges for water as exist at the time of delivery of water prescribed under the then existing published rates, rules and regulations of the Board.

7. The Board shall deliver and make such water available to the District at the end of its existing line in or near Bridgeport, Kentucky. It will furnish through a meter or meters of the size and type specified by the Board, which shall be furnished by the Board at the cost of the District, and the cost of installation and maintenance of such meters shall be by the Board at the cost of the District. Such meter or meters shall be located at such point or points as the Board shall designate. Said meter or meters shall remain the property of the Board, and subject to maintenance, inspection and testing by the Board at the cost of the District. If water be pumped by the district from said main, any such pump shall be of the size determined by the Board, and located where and operated as the Board shall direct.

8. The obligation of the Board to supply water hereunder is further limited by the understanding that the Board shall only be required to use reasonable care and diligence in the operation and maintenance of its existing system to prevent and avoid interruptions and fluctuations in the supply, and that it cannot and does not guarantee that such interruptions and fluctuations will not occur, or that because of emergencies due to breaks, leaks, defects or necessary repairs to its facilities, or the normal demand on its system, or fires, strikes, acts of God or other causes there may not be periods during which the supply may be curtailed or interrupted.

9. The present Rates, Rules and Regulations of the Board relating to water service are attached hereto and made of a part hereof. Whenever feasible and practical the Board shall give the District sixty (60) days advance notice of any rate increase. In the event that the Board, at its sole discretion, determines that said 60 day notice is not feasible or practical, the Board shall notify the District of any such rate increase in as timely manner as is possible.

10. It is further mutually agreed and understood by and between the parties hereto that this contract is for a term of 40 years from this date, with an option to renew for an additional period of 20 years, provided the Plant Board continues to be in operation during this time period.

IN TESTIMONY WHEREOF, The parties hereto and executed this contract by and through their respective representatives duly authorized so to you on this the 21 day of June, 1984.

A G R E E M E N T

THIS AGREEMENT made and entered into on this the 15th day of May, 1964, by and between the ELECTRIC AND WATER PLANT BOARD OF THE CITY OF FRANKFORT, KENTUCKY, a governmental agency of the City of Frankfort, Kentucky, having the powers granted by Section 96.171 et. seq., Kentucky Revised Statutes, hereinafter referred to as "Board", and the U. S. 60 WATER DISTRICT of FRANKLIN AND SHELBY COUNTY, KENTUCKY, a water district created and existing under the laws of the State of Kentucky, hereinafter referred to as "District";

WITNESSETH, that the parties hereto have, and do agree between themselves as follows:

1. The Board will make available to the District water in such quantity and at such pressure as it may have in its main at the hereinafter designated service connection at the time of use but not to exceed more than 150 gallons per minute or one million gallons per month, with, however, pumping from the main, to be at regular pumping periods at the time or time designated by the Board, not to exceed 10 hours per day.

2. The Board shall have the option to furnish electric power for all the uses of the District at the existing published rates of the Board at time of service.

3. The Board under this agreement is obligated to make water available only to the facilities of the District.

4. The Board in agreeing to furnish water to the District is acting on a friendly and neighborly basis, and in an effort to assist the residents of the District to have water service, and the District shall have the right to cancel and terminate this contract at any time it desires on sixty (60) days written notice to the Board.

5. The Board under this agreement has, and assumes no obligation whatever to furnish satisfactory quantity or pressure for any particular service such as irrigation, fire protection, industrial or commercial use.

6. The District shall at all times pay the rates and charges for water as exist at the time of delivery of water prescribed under the then existing published rates, rules and regulations of the Board.

7. The Board shall deliver and make such water available to the District at the end of its existing line in or near Bridgeport, Kentucky. It will be furnished through a meter or meters of the size and type specified by the Board, which shall be furnished and maintained by the District and located at such point or points as the Board shall designate, which said meter or meters the Board shall have the right to inspect and test at any and all times. If the water be pumped by the District from said main, any such pump shall be of the size determined by the Board and located where the Board shall direct.

8. The obligation of the Board to supply water hereunder is further limited by the understanding that the Board shall only be required to use reasonable care and diligence in the operation and maintenance of its existing system to prevent and avoid interruptions and fluctuations in the supply, and that it cannot and does not guarantee that such interruptions and fluctuations will not occur, or that because of emergencies due to breaks, leaks, defects or necessary repairs to its facilities, or the normal demand on its system, or fires, strikes, acts of God or other causes there may not be periods during which the supply may be curtailed or interrupted.

9. The present published Rates, Rules and Regulations of the Board relating to water service are attached hereto and made a part hereof.

10. It is further mutually agreed and understood by and between the parties hereto that this contract is to run for a period of 20 years from its date, with an option to renew for an additional period of 20 years.

11. The District agrees to provide/^{elevated} storage for 150,000 gallons of water so as to reduce the peak flow on the system of the Board.

IN TESTIMONY WHEREOF, the parties hereto have caused this agreement

to be executed by its duly authorized officers, on this the day and year first above written.

First 5,000 gallons per month @	\$.30 /M gal.	\$.40
Next 20,000 gallons per month @	.20 /M gal.	.20
Next 175,000 gallons per month @	.15 /M gal.	.15
Next 800,000 gallons per month @	.12 /M gal.	.12
Excess @	.10 /M gal.	.10

Minimum Bill:

5/8 and 3/4" Meters	\$ 1.00 Month	1.25
1" Meters	1.50 Month	1.50
1-1/2" Meters	2.50 Month	2.50
2" Meters	5.00 Month	5.00
3" Meters	10.00 Month	10.00
4" Meters	20.00 Month	20.00
6" Meters	30.00 Month	30.00
8" Meters	50.00 Month	50.00

Booster Pumping (Outside City) -Plus- 20% and in no case shall it be less than 3¢ per thousand gallons.

Fire Hydrants - Per Hydrant \$ 10.00 per year.

Sprinkler Service and Private Fire Hydrants:

Effective Date 3-1-48

Size of Service - 2"	\$ 12.00 per year.
Size of Service - 4"	\$ 30.00 per year.
Size of Service - 6"	\$ 60.00 per year.
Size of Service - 8"	\$100.00 per year.

Terms of Payment:

The above rates are Net and apply on all bills paid within ten (10) days from date thereof. On all bills not so paid an additional charge of 10% of the amount billed will be made.

Special Provision:

Board reserves the right to curtail the use of water under unusual circumstances or emergencies.

Customer requesting water meter for Seasonal or Temporary use must pay to the Board a charge of \$100.00 for the meter installation. Rates are applicable for the succeeding twelve months period. Further, the customer shall contact the Municipal Sewer Board in regard to exemption on sewer rental and the Municipal Sewer Board shall direct the Plant Board to exempt sewer charge for such service.

AMENDMENT TO WATER SUPPLY CONTRACT

This Amendment made and entered into this the 25th day of May, 2011, by and between, the Electric and Water Plant Board of the City of Frankfort, KY, a municipal utility organized and existing pursuant to KRS 96.171 et seq., hereinafter referred to as "Board" and the North Shelby Water Company, a water company organized and existing under the laws of the state of Kentucky, hereinafter referred to as "Company."

The parties hereto, in consideration of the mutual duties and obligations herein created, have and do hereby agree that Paragraph 9 of the Water Supply Contract dated July 13, 1992, previously entered into between these same parties is hereby amended to read as follows:

The contract shall have a term of 42 years from the date of execution of this Amendment, which term shall automatically extend for one additional year at each anniversary of the execution of this Amendment. Either party may give notice to the other party prior to the anniversary of the execution that the term shall not be automatically extended.

The parties agree that all other terms of the July 13, 1992 contract shall remain in full force and effect throughout the term of the contract and any subsequent extension

WATER SUPPLY CONTRACT

THIS AGREEMENT made and entered into this the 13th day of July, 1992, by and between ELECTRIC AND WATER PLANT BOARD OF THE CITY OF FRANKFORT, KENTUCKY, a governmental agency of the City of Frankfort, Kentucky, having the powers granted by Section 96.171 et. seq., Kentucky Revised Statutes, hereinafter referred to as "Board", and the NORTH SHELBY WATER COMPANY, hereinafter referred to as "Company";

WITNESSETH: That the parties hereto, in consideration of the mutual duties and obligations herein created, have, and do agree as follows:

1. The Board will make available to the Company potable treated water meeting applicable purity standards of the appropriate regulatory agency(s) (presently the Kentucky Department for Natural Resources and Environmental Protection) in such quantity and at such pressure as the Board may have in its main at the service connection at the time of use, subject to the capacity and ability of the Board's system and facilities to furnish water to the Board's existing customers.

2. The Board under this Agreement is obligated to make water available to the facilities of the Company.

3. The Board under this agreement has, and assumes no obligation whatever to furnish satisfactory quantity or pressure for any particular service such as irrigation, fire protection, industrial or commercial use.

4. It is the intention of this contract that the Board will be a reliable, long-term supplier of water to the Company, and that the Company will be a reliable long-term purchaser of water from the Board. There is no present maximum purchase limit under this contract, it being the intention of the parties that the Company may continue to increase its purchases under the contract until such time that the capacity of the Board's system can no longer reasonably supply the needs of the Board's then-existing customers plus an increase in the Company's consumption. At that time the Board will notify the Company that the Company will thereafter have a maximum annual contractual limit equal to the amount purchased by the Company during the previous calendar year. The Board will reasonably notify the Company when the Board anticipates that a future limitation is likely to be imposed. The Company will keep the Board reasonably advised of all significant extensions of other events which are likely to significantly affect the Company's level of water purchases from the Board.

5. The Company shall at all times pay the rates and charges for water as exist at the time of delivery under the then existing published rates, rules and regulations of the Board.

6. The water will be furnished the Company through a meter or meters of the size and type specified by the Board which shall be installed by the Board and paid for by the Company and located at such points or points as the Board

shall designate at its main, which said meter or meters the Board shall have the right to inspect and test at any and all times. In the event any meter test, whether initiated by the Board or by the Company, discloses any error compensation payable for water delivered shall be adjusted so as to compensate for the error.

7. The obligation of the Board to supply water hereunder is limited by the understanding that the Board shall only be required to use reasonable care and diligence in the operation and maintenance of its water supply system to prevent and avoid interruptions and fluctuations in the supply, and that it cannot and does not guarantee that such interruptions and fluctuation will not occur, or that because of emergencies due to breaks, leaks, defects or necessary repairs to its facilities, or fires, strikes, acts of God or other causes, there may not be periods during which the supply may be curtailed or interrupted. Emergency failures of pressure or supply due to main supply line breaks, power failure, flood, fire and use of water to fight fire, earthquake or other catastrophe shall excuse the Board from its supply obligations under this contract for such reasonable period of time as may be necessary to restore service. Temporary failures to deliver water shall be remedied with all possible dispatch. In the event of an extended shortage of water, or the supply of water available to the Board is otherwise diminished over an extended period of time, the supply of water to the Company shall be reduced.

or diminished in the same ratio or proportion as the supply to the Board's other customers is reduced or diminished.

8. The present published Rates, Rules and Regulations of the Board relating to water service are attached and made a part hereof.

9. It is further mutually agreed and understood by and between the parties hereto that this contract is to run for a period of 42 years from the date of execution and entry as specified in the first paragraph of this Agreement and thereafter may be renewed or extended for such term, or terms, as may be agreed upon by the Board and the Company.

10. Any successor of the Board or the Company, whether the result of legal process, assignment or otherwise, shall succeed to the rights and obligations of the Board or Company hereunder.

11. The Company will purchase on a calendar year basis (December to December meter reading date) an amount of water equal to fifty percent (50%) of the average amount of water purchased by the Company from the Board during the preceding three calendar years. The Company will be relieved from this minimum purchase requirement if the remaining duration of this contract becomes twenty years or less.

12. In the event the Board fails to abide by the terms and conditions of this agreement and/or fails to abide by its' Rates, Rules and Regulations then this agreement may be terminated by the Company prior to its expiration upon written notice to the Board.

13. In the event the Company fails to abide by the terms and conditions of this agreement and/or fails to abide by the Board's Rate, Rules and Regulations, then this agreement may be terminated by the Board prior to its' expiration upon written notice to the Company.

14. This contract replaces all previous or existing agreements between these parties and constitutes the sole and complete agreement as to the sale, provision and purchase of water.

IN TESTIMONY WHEREOF, the parties hereto have caused this Agreement to be executed by its duly authorized officers, on this the day and year first above written.

FOR THE PUBLIC SERVICE COMMISSION

A G R E E M E N T

THIS AGREEMENT made and entered into on this the 31 day of July 1979, by and between the ELECTRIC AND WATER PLANT BOARD OF THE CITY OF FRANKFORT, KENTUCKY, a governmental agency of the City of Frankfort, Kentucky, having the powers granted by Section 96.171 et. seq., Kentucky Revised Statutes, hereinafter referred to as "Board", and the NORTH SHELBY WATER COMPANY, a non-profit corporation created and existing under the Laws of the State of Kentucky, hereinafter referred to as "Company";

WITNESSETH: That the parties hereto, in consideration of the mutual duties and obligations herein created, have, and do agree as follows:

1. The Board will make available to the Company water in only such quantity and at such pressure as it may have in its main at the service connection at the time of use but not to exceed more than 300 gallons per minute or ten million gallons per month, with, however, pumping from the main, if done by the Company, done at regular pumping periods to be designated by the Board.

2. The Board under this agreement is obligated to make water available only to the facilities of the Company.

3. The Board in agreeing to furnish water to the Company is acting on a friendly and neighborly basis and in an effort to assist the residents of the Company to have water service, and agrees to release the Company from this contract at any time the Company desires on Sixty (60) days written notice to the Board.

4. The Board under this agreement has, and assumes no obligation whatever to furnish satisfactory quantity or pressure for any particular service such as irrigation, fire protection, industrial or commercial use.

FOR THE PUBLIC SERVICE COMMISSION

5. The Company shall at all times pay the rates and charges for water as exist at the time of delivery under the then existing published rates, rules and regulations of the Board.

6. The water will be furnished the Company through a meter or meters of the size and type specified by the Board, which shall be furnished and maintained by the Company and located at such point or points as the Board shall designate on its main, which said meter or meters the Board shall have the right to inspect and test at any and all times. In the event any meter test, whether initiated by the Board or by the Company, discloses any substantial error compensation payable for water delivered shall be adjusted so as to compensate for the error.

7. The obligation of the Board to supply water hereunder is further limited by the understanding that the Board shall only be required to use reasonable care and diligence in the operation and maintenance of its existing system to prevent and avoid interruptions and fluctuations in the supply, and that it cannot and does not guarantee that such interruptions and fluctuations will not occur, or that because of emergencies due to breaks, leaks, defects or necessary repairs to its facilities, or the normal demand on its system, or fires, strikes, acts of God or other causes there may not be periods during which the supply may be curtailed or interrupted. BY: Jordan P. Neal
FOR THE COMMISSION

THIS AGREEMENT made and entered into on this the 10th
day of November, 1992, by and between ELECTRIC AND WATER PLANT
BOARD OF THE CITY OF FRANKFORT, KENTUCKY, a governmental agency
of the City of Frankfort, Kentucky, having the powers granted by
Section 96.171 et. seq., Kentucky Revised Statutes, hereinafter
referred to as "Board," and the ELKHORN WATER DISTRICT, a water
district created and existing under the Laws of the State of
Kentucky, hereinafter referred to as "District;"

WITNESSETH: That the parties hereto, in consideration of
the mutual duties and obligations herein created, have, and do
agree as follows:

1. The Board will make available to the District water in
such quantity and at such pressure as it may have in its main at
the service connection at the time of use subject only to the
capacity and ability of the Board's system and facilities to
furnish water to the District and other customers.

2. The Board under this agreement is obligated to make
water available only to the facilities of the District.

3. The Board in agreeing to furnish water to the District
is acting on a friendly and neighborly basis and in an effort to
assist the residents of the Districts to have water service, and

agrees to release the District from this contract at any time the District desires on Sixty (60) days written notice to the Board.

4. The Board under this agreement has, and assumes no obligation whatever to furnish satisfactory quantity or pressure for any particular service such as irrigation, fire protection, industrial or commercial use.

5. The District shall at all times pay the rates and charges for water as exist at the time of delivery under the then existing published rates, rules and regulations of the Board.

6. The water will be furnished the District through a meter or meters of the size and type specified by the Board, which shall be furnished and maintained by the District and located at such points or points as the Board shall designate at its main, which said meter or meters the Board shall have the right to inspect and test at any and all times. In the event any meter test, whether initiated by the Board or by the District, discloses any substantial error compensation payable for water delivered shall be adjusted so as to compensate for the error.

7. Emergency failures of pressure or supply due to main supply line breaks, power failure, flood, fire and use of water to fight fire, earthquake or other catastrophe shall excuse the Board from this provision for such reasonable period of time as may be necessary to restore service.

8. The present published Rates, Rules and Regulations of the Board relating to water service are attached hereto and made a part hereof. The initial rate for purchased water will be 98 cents per thousand gallons. The initial rate is for all water purchased regardless of total volume. Additionally, it is acknowledged and agreed that the rate charged by the Board will be raised or lowered as proportionally as rates for the Board's regular customers are raised or lowered.

9. It is further mutually agreed and understood by and between the parties hereto that this contract is to run for a period of 42 years from the date of execution and entry as specified in the first paragraph of this Agreement and thereafter may be renewed or extended for such term, or terms, as may be agreed upon by the Board and the District.

10. Any successor of the Board or the District, whether the result of legal process, assignment or otherwise, shall succeed to the rights of the Board or District hereunder.

11. This contract replaces all previous or existing agreements between these parties and constitutes the sole and complete agreement as to their sale, provision and purchase of water.

IN TESTIMONY WHEREOF, the parties hereto have caused this agreement to be executed by its duly authorized officers, on this the day and year first above written.

FOR THE COMMISSION

THIS AGREEMENT made and entered into on this the 6th day of June, 1995, by and between ELECTRIC AND WATER PLANT BOARD OF THE CITY OF FRANKFORT, KENTUCKY, a governmental agency of the City of Frankfort, Kentucky, having the powers granted by Section 96.171 et. seq., Kentucky Revised Statutes, hereinafter referred to as "Board", and the Peaks Mill Water District, a water district created and existing under the Laws of the State of Kentucky, hereinafter referred to as "District;"

WITNESSETH: That the parties hereto, in consideration of the mutual duties and obligations herein created, have, and do agree as follows:

1. The Board will make available to the District water in such quantity and at such pressure as it may have in its main at the service connection at the time of use subject only to the capacity and ability of the Board's system and facilities to furnish water to the District and other customers.

2. The Board under this agreement is obligated to make water available only to the facilities of the District.

3. The Board in agreeing to furnish water to the District is acting on a friendly and neighborly basis and in an effort to assist the residents of the Districts to have water service, and agrees to release the District from this contract at any time the District desires on Sixty (60) days written notice to the Board.

4. The Board under this agreement has, and assumes no obligation whatever to furnish satisfactory quantity or pressure for any particular service such as irrigation, fire protection, industrial or commercial use.

5. The District shall at all times pay the rates and charges for water as exist at the time of delivery under the then existing published rates, rules and regulations of the Board.

6. The water will be furnished the District through a meter or meters of the size and type specified by the Board, which shall be furnished and maintained by the District and located at such point or points as the Board shall designate at its main, which said meter or meters the Board shall have the right to inspect and test at any and all times. In the event any meter test, whether initiated by the Board or by the District, discloses any substantial error compensation payable for water delivered shall be adjusted so as to compensate for the error.

7. Emergency failures of pressure or supply due to main supply line breaks, power failure, flood, fire and use of water to fight fire, earthquake or other catastrophe shall excuse the Board from this provision for such reasonable period of time as may be necessary to restore service.

8. The present published Rates, Rules and Regulations of the Board relating to water service are attached hereto and made a part hereof. The initial rate for purchased water will be \$1.03 cents per thousand gallons. The initial rate is for all water purchased regardless of total volume. Additionally,

it is acknowledged and agreed that the rate charged by the

Board will be raised or lowered as proportionally as rates for the Board's regular customers are raised or lowered.

9. It is further mutually agreed and understood by and between the parties hereto that this contract is to run for a period of 42 years from the date of execution and entry as specified in the first paragraph of this Agreement and thereafter may be renewed or extended for such term, or terms, as may be agreed upon by the Board and the District.

10. Any successor of the Board or the District, whether the result of legal process, assignment or otherwise, shall succeed to the rights of the Board or District hereunder.

THIS AMENDED AGREEMENT made and entered into on this the 6th day of November, 1995, by and between the ELECTRIC AND WATER PLANT BOARD OF THE CITY OF FRANKFORT, KENTUCKY, a governmental agency of the City of Frankfort, Kentucky, having the powers granted by Section 96.171 et. seq., Kentucky Revised Statutes, hereinafter referred to as "Board", and the Peaks Mill Water District, a water district created and existing under the Laws of the State of Kentucky, hereinafter referred to as "District";

WITNESSETH: That in recognition of the requirements of 7 C.F.R. 1942.18, and since it was the intention of the parties that the AGREEMENT as initially entered on June 6, 1995, was to comply with federal requirements so that the District would be able to qualify for federal funding, and in consideration of the mutual duties and obligations herein created, the parties hereto, have, and do agree as follows:

1. The Board will furnish the water required by the District at the current point of delivery or as otherwise mutually agreed, and in the case of water shortages, all of the Board's users will share proportionately.

2. The terms of the AGREEMENT dated June 6, 1995, entered into between the Board and the District are ratified and adopted as if fully restated herein.

IN TESTIMONY WHEREOF, the parties hereto have caused this AMENDED AGREEMENT to be executed by its duly authorized officers, on this day and year first above written.

Ann B. Bohannon, Executive Assistant
Electric and Water Plant Board of the
City of Frankfort, Kentucky

RESOLUTION OF THE ELECTRIC AND WATER PLANT
BOARD OF THE CITY OF FRANKFORT, KENTUCKY
REGARDING THE WATER SUPPLY CONTRACT
WITH THE PEAKS MILL WATER DISTRICT
AND AMENDMENT THERETO

This Resolution of the Electric and Water Plant Board of the City of Frankfort, Kentucky ("Plant Board") confirms and approves actions taken or to be taken, as described herein, by and on behalf of the Plant Board in connection with the water supply contract with the Peaks Mill Water District, Franklin County, Kentucky, ("District") as initially entered into between the parties on June 6, 1995, and as to ratification of the contract and amendment thereto;

WHEREAS, the Plant Board finds that it is to its best interest to amend the June 6, 1995 contract between the Plant Board and the District to include language sufficient to comply with federal requirements, and to clearly state the Plant Board's commitment to provide a proportional share of water service to the District in times of shortage, and;

WHEREAS, the District has been notified by letter that funding approval is contingent upon compliance with a request from Rural Economic and Community Development that the water supply contract be modified and amended to comply with certain requirements of 7 C.F.R. 1942.18 to specifically state the commitment of the supplier "to furnish, at a specified point, an adequate quantity of water or other service, and to provide that, in case of shortages, all of the supplier's users will share proportionately..." and;

WHEREAS, it is necessary that there be a resolution regarding the adoption of the contract as amended, and;

WHEREAS, the Electric and Water Plant Board of the City of Frankfort has met and agreed to amendment of the contract and expressed in open session on October 16, 1995 its desire to assist the Peaks Mill Water District in its efforts to provide water service and to receive the available federal funding for improvement of facilities and extension of water services to more residents of Franklin County;

NOW, THEREFORE, BE IT RESOLVED that the Chairman of the Plant Board be and is hereby directed to execute an amended contract with the District, so as to comply with all federal

requirements, including the commitment by the Plant Board that in times of shortage, the District will be treated like other customers and will receive a proportional share of the available water; and further it is resolved that the terms of the June 6, 1995 contract between the District and the Plant Board are hereby ratified, and that this resolution shall be evidence of the Plant Board's adoption and ratification of those terms and the inclusion of the necessary amendment heretofore described.

Approved in open session on the 16th day of October, 1995, upon motion made by Board Member, James D. Liebman, and seconded by Board Member, William Bearden.

AGREEMENT

THIS AGREEMENT made and entered into on this the 10 day of September, 1968, by and between the ELECTRIC AND WATER PLANT BOARD OF THE CITY OF FRANKFORT, KENTUCKY, a governmental agency of the City of Frankfort, Kentucky, having the powers granted by Section 96.171 et. seq., Kentucky Revised Statutes, hereinafter referred to as "Board", and the PEAKS MILL WATER DISTRICT, a water district created and existing under the Laws of the State of Kentucky, hereinafter referred to as "District";

WITNESSETH: That the parties hereto, in consideration of the mutual duties and obligations herein created, have, and do agree as follows:

1. The Board will make available to the District water in such quantity and at such pressure as it may have in its main at the service connection at the time of use but not to exceed more than 150 gallons per minute or one million gallons per month, with, however, pumping from the main, if done by the District, done at regular pumping periods to be designated by the Board, not to exceed ten hours per day.

2. The Board under this agreement is obligated to make water available only to the facilities of the District.

3. The board in agreeing to furnish water to the District is acting on a friendly and neighborly basis and in an effort to assist the residents of the District to have water service, and agrees to release the District from this contract at any time the District desires on Sixty (60) days written notice to the Board.

4. The Board under this agreement has, and assumes no obligation whatever to furnish satisfactory quantity or pressure

Water Supply Agreement

Professional
Associates, Inc. CAS
DEC 27 2010 JG

THIS AGREEMENT made and entered into on this 18th day of January, ~~2010~~ ²⁰¹¹, by and between the Electric and Water Plant Board of the City of Frankfort, Kentucky, whose address is 317 West Second Street, P.O. Box 308, Frankfort, Kentucky 40602, having the powers granted by KRS 96.171 *et seq.*, ("Board"), and the Farmdale Water District, whose address is 100 Highwood Drive, Frankfort, Kentucky 40601, a water district created and existing under the laws of the state of Kentucky ("District");

WHEREAS: The District currently purchases water on a wholesale basis from the Board and has four existing points of delivery located at Tamworth Lane, Moss Lane, Twilight Trail #1, and Twilight Trail #2.

WHEREAS, The District desires to abandon the two existing points of delivery on Twilight Trail and obtain a new point of delivery on Evergreen Road (SR 1665) at Interstate 64;

WHEREAS, The District desires to maintain the two existing points of delivery located on Tamworth Lane and Moss Lane;

WHEREAS, the Board desires to continue to be the District's sole and exclusive supplier of water for an additional forty-two (42) years;

WHEREAS, this Water Supply Agreement supersedes and replaces any other agreements for the purchase of water between the parties;

WITNESSETH: That the parties hereto in consideration of the mutual covenants and obligations herein created, have, and do agree as follows:

KENTUCKY PUBLIC SERVICE COMMISSION
JEFF R. DEROUEN TARIFF BRANCH
<i>Brent Kirkley</i>
EFFECTIVE 2/23/2011 PURSUANT TO 807 KAR 5:011 SECTION 9 (1)

1. **Quality:** During the term of this agreement and any renewal or extension thereof, the Board will furnish to the District at the points of delivery hereinafter specified, treated, potable water that complies with all applicable Kentucky Division of Water and U.S. Environmental Protection Agency standards for water quality.

2. **Points of Delivery, Flow Rates, Minimum Quantities, and Pressure:** The Board will provide water to the District at the following points of delivery:

A. New metering point at Evergreen Road and I-64. The Board will install, at the District's expense, metering equipment inside the District's pump station; the Board shall have access to the pump station for proper maintenance or testing of the metering equipment; the maximum flow rate shall be 1,200 gallons per minute; the minimum consumption shall be 14,600,000 gallons per month computed on an annual basis.

B. Existing metering point at Tamworth Lane; the maximum flow rate shall be 400 gallons per minute; the minimum consumption shall be 3,700,000 gallons per month computed on an annual basis.

C. Existing metering point at Moss Lane; the maximum flow rate shall be 400 gallons per minute; the minimum consumption shall be 70,000 gallons per month computed on an annual basis.

The parties, in writing, may agree to one or more additional points of delivery, subject to the force majeure events described herein. The water to be delivered to the District shall be normally provided from the Board's existing facilities will be delivered to the

KENTUCKY PUBLIC SERVICE COMMISSION
JEFF B. DEROUEN EXECUTIVE DIRECTOR
TARIFF BRANCH <i>Burt Kintley</i>
EFFECTIVE 2/23/2011 PURSUANT TO 807 KAR 5:011 SECTION 9 (1)

points of delivery. If a greater pressure than is normally available at the points of delivery is required by the District, the cost of providing such greater pressure shall be the responsibility of the District. Notwithstanding the foregoing, the Board under this Agreement assumes no obligation whatsoever to furnish satisfactory quantity or pressure for any particular service such as irrigation, fire protection, industrial, or commercial use.

3. **Term of Agreement and Effective Date:** This Agreement will take effect on the Effective Date and will continue for a term of forty-two (42) years thereafter. The Parties acknowledge that this Agreement will require submission to the Kentucky Public Service Commission ("PSC") for approval. The Board shall file an executed copy of this Agreement with the PSC. The District pledges its assistance to help expedite the PSC review process. The Effective Date of this Agreement shall be the date the Agreement is deemed to be "filed" by the PSC. The Board shall give written notice of the Effective Date to the District.

4. **Metering Equipment and Flow Measurement:** The Board will own, operate and maintain the metering equipment located at all points of delivery. The Board shall make annual tests and inspections of the master meters; and additional testing may be performed by the Board at its sole discretion at any time. The Board will provide a twenty-four (24) hour notice to the District prior to conducting any meter test, allow District personnel to witness the test, and submit test results to the appropriate official or agent of the District upon request. A meter registering within the applicable limits as

KENTUCKY PUBLIC SERVICE COMMISSION

TARIFF BRANCH <i>Brent Kirtley</i>
EFFECTIVE 2/23/2011 PURSUANT TO 807 KAR 5 011 SECTION 9 (1)

defined by American Water Works Association (AWWA) standards shall be deemed to be accurate. A reading of the meter determined by the test results to be inaccurate (registering outside of acceptable limits of AWWA standards based upon type of meter) shall cause billings for at least one (1) month, and up to three (3) months, previous to such test to be adjusted by the percentage of inaccuracy found by such test. If any meter should fail to register usage for any regular billing period, the amount of water furnished during such billing period shall be determined based on historical consumption.

5. **Billing and Payment:** The District shall at all times pay the rates and charges for water that exist at the time of delivery under the existing published rates, rules and regulations of the Board.

The District and the Board acknowledge the Board's wholesale water rate is determined by the Board's rate-making methodology, and agree that the Board's rate making methodology is a reasonable basis for the rate adjustments under the Water Supply Agreement. That methodology requires that the wholesale rate be determined by considering the following components including but not limited to:

- A. Operation and maintenance expenses
- B. Depreciation expenses
- C. Debt service and coverage on debt service

6. **Force Majeure:** Emergency failures due to main supply line breaks, power failure, flood, fire, act of God, war, riot, earthquake, ~~and~~ ^{and} other catastrophic events shall excuse the Board from its performance under this

Agreement for such reasonable period of time as may be necessary to restore service.

7. **Future Growth:** The District agrees to utilize water purchased from the Board as the sole source of supply for any future growth or increase in water sales by the District, which shall include both new customers and increased sales to existing customers.
8. **Proportionate Reduction:** In the event any occurrence, condition, or circumstance leads the Board to request voluntary curtailment of water consumption or to impose mandatory curtailment of water consumption with respect to the Board's own water users, the District will make the same request for voluntary curtailment of consumption or will impose the same mandatory curtailment of water consumption, upon its water users, to the end that District water users will be treated alike with respect to curtailment of water consumption, and the District will cooperate fully in taking the same character of enforcement action as the Board takes with respect to any such request or mandate.
9. **Assignment:** This Agreement shall be binding on all successors and assigns of the Parties but shall not be assigned by either Party without the written consent of the other.
10. **Waivers:** The failure of any Party at any time to enforce any provision of this

Agreement, to exercise its rights under any provision, or to keep in effect any certain performance of any provision shall in no way be construed as a waiver of such

provision nor in any way affect the validity of this Agreement or the right of the Party thereafter to enforce each and every provision.

11. Authority to Execute Agreement: The Board possesses full authority to enter into this Agreement as indicated by the Board's minutes attached hereto as Exhibit A. The District possesses full authority to enter into this Agreement as indicated by the District's minutes attached hereto as Exhibit B.

12. Entire Agreement: This Agreement constitutes the entire understanding and agreement between the Parties and supersedes all other understandings and agreements between the Parties with respect to the subject matter of this Agreement. There are no understandings, representations or warranties of any kind, expressed or implied, not expressly set forth in this Agreement. No modifications or amendment of this Agreement shall be effective unless in writing and executed on behalf of both Parties.

13. Termination of Prior Agreements: Any and all prior Agreements between the Board and the District relating to the supply of water and all other matters relating thereto will automatically be terminated on the effective date of this Agreement; provided, however, that such prior Agreements will immediately and automatically be revived and considered to be in full force and effect if the PSC does not approve this Agreement.

SECOND ADDENDUM TO AGREEMENT OF AUGUST 11, 1967

That certain agreement made and entered into on August 11, 1967 by and between the ELECTRIC AND WATER PLANT BOARD OF THE CITY OF FRANKFORT, KENTUCKY, and FARMDALE WATER DISTRICT, a water district of Franklin County, Kentucky is hereby further extended by including herein the following:

1. The term of the agreement of August 11, 1967 is extended to run for twenty (20) years from the date of the first delivery of water to the District's extension with an option being granted to the District to extend the contract for an additional twenty (20) year period.

2. It is understood that the rights of the District in the original contract, the addendum of May 23, 1974 and this Second Addendum are pledged by the District to the United States of America acting through the Farmer's Home Administration of the United States Department of Agriculture as part of the security for a loan from the United States of America.

IN TESTIMONY OF THE FOREGOING, witness the signatures of the parties at Frankfort, Kentucky, this the 13th day of August 1974.

ADDENDUM TO AGREEMENT OF AUGUST 11, 1967

That certain agreement made and entered into on August 11, 1967, by and between the ELECTRIC AND WATER PLANT BOARD OF THE CITY OF FRANKFORT, KENTUCKY, and FARMDALE WATER DISTRICT, a water district of Franklin County, Kentucky, is hereby extended to encompass the supplying of water by the board to the district in sufficient quantities for the district to provide service to a certain extension upon which construction is about to begin and that is the subject to engineering plans, studies, and specifications that have been examined by both parties.

The supplying of water to the extension of the district shall be under the same terms and conditions and subject to the same limitations as set out in the original agreement of August 11, 1967, except that limitation on the maximum gallonage to be delivered is eliminated.

As a further consideration for the supplying of water to the district for its extension mentioned herein, Farmdale Water District does hereby agree that there is a certain small area of property lying within the physical boundaries of the district in which the Electric and Water Plant Board is now providing service to certain customers and that the Electric and Water Plant Board may extend its operations within the district's territories to encompass the areas outlined on the map that is attached hereto and made a part hereof by reference,

IN TESTIMONY OF THE FOREGOING, witness the signatures of the parties at Frankfort, Kentucky, this the 13 day of May, 1974.

AGREEMENT

THIS AGREEMENT made and entered into on this the 11th day of August, 1967, by and between the ELECTRIC AND WATER PLANT BOARD OF THE CITY OF FRANKFORT, KENTUCKY, a governmental agency of the City of Frankfort, Kentucky, having the powers granted by Section 96.171 et. seq., Kentucky Revised Statutes, hereinafter referred to as "Board", and the FARMDALE WATER DISTRICT, a water district created and existing under the Laws of the State of Kentucky, hereinafter referred to as "District";

WITNESSETH: that the parties hereto, in consideration of the mutual duties and obligations herein created, have, and do agree as follows:

1. The Board will make available to the District water in such quantity and at such pressure as it may have in its main at the service connection at the time of use but not to exceed more than 150 gallons per minute or one million gallons per month, with, however, pumping from the main, if done by the District, done at regular pumping periods to be designated by the Board, not to exceed ten hours per day.

2. The Board under this agreement is obligated to make water available only to the facilities of the District.

3. The Board in agreeing to furnish water to the District is acting on a friendly and neighborly basis and in an effort to assist the residents of the District to have water service, and agrees to release the District from this contract at any time the District desires on Sixty (60) days written notice to the Board.

4. The Board under this agreement has, and assumes no obligation whatever to furnish satisfactory quantity or pressure for any particular service such as irrigation, fire protection, industrial or commercial use.

5. The District shall at all times pay the rates and charges for water as exist at the time of delivery under the then existing published rates, rules and regulations of the Board.

PUBLIC SERVICE COMMISSION
OF KENTUCKY
EFFECTIVE

SEP 09 1994

SECTION 9 (1)

BY: Jordan P. Noel
FOR THE PUBLIC SERVICE COMMISSION

6. The water will be furnished the District through a meter or meters of the size and type specified by the Board, which shall be furnished and maintained by the District and located at such point or points as the Board shall designate on its main at or near end of 12 inch main south of right-of-way of Highway 1-64, in Franklin County, Kentucky, which said meter or meters the Board shall have the right to inspect and test at any and all times. In the event any meter test, whether initiated by the Board or by the District, discloses any substantial error compensation payable for water delivered shall be adjusted so as to compensate for the error.

SEP 09 1994

7. The obligation of the Board to supply water hereunder is further limited by the understanding that the Board shall only be required to use reasonable care and diligence in the operation and maintenance of its existing system to prevent and avoid interruptions and fluctuations in the supply, and that it cannot and does not guarantee that such interruptions and fluctuations will not occur, or that because of emergencies due to breaks, leaks, defects or necessary repairs to its facilities, or the normal demand on its system, or fires, strikes, acts of God or other causes there may not be periods during which the supply may be curtailed or interrupted; provided, however, notwithstanding a shortage by reason of any one of the above causes, if water be available to the District from the system of the Board through the aforesaid line, the Board shall in such event, furnish to the District water in such quantity as the normal daily requirements of the District shall bear to the normal daily requirements of the Board.

8. The present published Rates, Rules and Regulations of the Board relating to water service are attached hereto and made a part hereof.

9. It is further mutually agreed and understood by and between the parties hereto that this contract is to run for a period of 20 years from the date of initial delivery of water hereunder, with an option to renew for an additional period of 20 years.

10. Service shall begin as of the date of the completion and placing in service of the 12 inch main to be constructed by the parties from the intersection of Glenwood Drive and U. S. Highway No. 127.

11. Any successor of the Board or the District, whether the result of legal process, assignment or otherwise, shall succeed to the rights of the Board or District hereunder.

IN TESTIMONY WHEREOF, the parties hereto have caused this agreement to be executed by its duly authorized officers, on this the day and year first above written.

Size of Service - 8"	\$100.00 per year.

Terms of Payment:

The above rates are Net and apply on all bills paid within ten (10) days from date thereof. On all bills not so paid an additional charge of 10% of the amount billed will be made.

Special Provisions:

Board reserves the right to curtail the use of water under unusual circumstances or emergencies.

Customer requesting water meter for Seasonal or Temporary use must pay to the Board a charge of \$100.00 for the meter installation. Rates are applicable for the succeeding twelve months period. Further, the customer shall contact the Municipal Sewer Board in regard to connection on sewer rental and the Municipal Sewer Board shall direct the Plant Board to exempt sewer charge for such services.

Water Supply Agreement

THIS AGREEMENT made and entered into on this 19th day of April, 2011, by and between the Electric and Water Plant Board of the City of Frankfort, Kentucky, whose address is 317 West Second Street, P.O. Box 308, Frankfort, Kentucky 40602, having the powers granted by KRS 96.171 *et seq.*, ("Board"), and the Northeast Woodford Water District, whose address is 225 A South Main Street, Versailles, Kentucky 40383, a water district created and existing under the laws of the state of Kentucky ("District");

WHEREAS: The City of Versailles, Kentucky is currently the District's sole supplier of water.

WHEREAS, The District desires to obtain a supplementary source of supply of water;

WHEREAS, the Board operates a water supply system along US 421 with the additional capacity to serve as the District's supplementary source of supply;

WITNESSETH: That the parties hereto in consideration of the mutual duties and obligations herein created, have, and do agree as follows:

1. **Quality:** During the term of this agreement and any renewal or extension thereof, the Board will furnish to the District at the point of delivery hereinafter specified, treated, potable water that complies with all applicable Kentucky Division of Water and U.S. Environmental Protection Agency standards for water quality.

2. Points of Delivery, Flow Rates, Minimum Quantities, and Pressure: The

Board will provide water to the District at the following point of delivery:

New metering point at the intersection of Woodlake Road and I-64. The

Board will install, at the District's expense, metering equipment inside the District's pump station; the Board shall have access to the pump station for proper maintenance or testing of the metering equipment; the maximum flow rate shall be 400 gallons per minute; the minimum consumption shall be 3,000,000 gallons per month computed on an annual basis beginning when all facilities are operational. The District will pay the Board forty-one thousand, eight hundred and sixty dollars (\$41,860.00) to aid in construction of the Board's proposed facilities along Woodlake Road from US 421 to I-64. In addition, upon presentation of a work order, the District shall pay the actual charges for metering, telemetry, and a tap fee (estimated at \$3,800, \$20,000, and \$1,300 respectively).

The parties, in writing, may agree to one or more additional points of delivery, subject to the force majeure events described herein. Adequate pressure normally provided from the Board's existing facilities will be supplied to the point of delivery. If a greater pressure than is normally available at the points of delivery is required by the District, the cost of providing such greater pressure shall be the responsibility of the District. Notwithstanding the foregoing, the Board under this Agreement assumes no obligation

whatsoever to furnish satisfactory quantity or pressure for any particular service such as irrigation, fire protection, industrial, or commercial use.

3. **Term of Agreement and Effective Date:** This Agreement will take effect on the Effective Date and will continue for a term of forty-two (42) years thereafter. The Parties acknowledge that this Agreement will require submission to the Kentucky Public Service Commission ("PSC") for approval. The Board shall file an executed copy of this Agreement with the PSC. The District pledges its assistance to help expedite the PSC review process. The Effective Date of this Agreement shall be the date the Agreement is deemed to be "filed" by the PSC. The Board shall give written notice of the Effective Date to the District.

4. **Metering Equipment and Flow Measurement:** The Board will own, operate and maintain the metering equipment located at the point of delivery. The Board shall make annual tests and inspections of the master meter; and additional testing may be performed by the Board at its sole discretion at any time. The Board will provide a twenty-four (24) hour notice to the District prior to conducting any meter test, allow District personnel to witness the test, and submit test results to the appropriate official or agent designated by the District upon request. A meter registering within the acceptable limits as defined by American Water Works Association (AWWA) standards shall be deemed to be accurate. A reading of the meter determined by the test results to be inaccurate (registering outside of acceptable limits of AWWA standards based upon type of meter) shall cause billings for at least one (1) month, and

up to three (3) months, previous to such test to be adjusted by the percentage of inaccuracy found by such test. If any meter should fail to register usage for any regular billing period, the amount of water furnished during such billing period shall be determined based on historical consumption for three (3) consecutive billing periods.

5. **Billing and Payment:** The District shall at all times pay the rates and charges for water that exist at the time of delivery under the existing published rates, rules and regulations of the Board.

The District and the Board acknowledge the Board's wholesale water rate is determined by the Board's rate-making methodology, and agree that the Board's rate making methodology is a reasonable basis for the rate adjustments under the Water Supply Agreement. That methodology requires that the wholesale rate be determined by considering the following components including but not limited to:

- A. Operation and maintenance expenses
- B. Depreciation expenses
- C. Debt service and coverage on debt service

The initial rate under this contract is established by the Board's most recent tariff establishing rates for the wholesale non-water producer (i.e. water district) class currently on file with the Commission. Thereafter, the rates established shall be submitted to and approved by the Commission.

6. **Force Majeure:** Emergency failures due to main supply line break, power failure, flood, fire, act of God, war, riot, earthquake, explosion or other

catastrophic events shall excuse the Board from its performance under this Agreement for such reasonable period of time as may be necessary to restore service.

7. **Proportionate Reduction:** In the event any occurrence, condition, or circumstance leads the Board to request voluntary curtailment of water consumption or to impose mandatory curtailment of water consumption with respect to the Board's own water users, the District will make the same request for voluntary curtailment of consumption or will impose the same mandatory curtailment of water consumption, upon its water users, to the end that District water users will be treated alike with respect to curtailment of water consumption, and the District will cooperate fully in taking the same character of enforcement action as the Board takes with respect to any such request or mandate.
8. **Assignment:** This Agreement shall be binding on all successors and assigns of the Parties but shall not be assigned by either Party without the written consent of the other.
9. **Waivers:** The failure of any Party at any time to enforce any provision of this Agreement, to exercise its rights under any provision, or to require a certain performance of any provision shall in no way be construed a waiver of such provision nor in any way affect the validity of this Agreement or the right of the Party thereafter to enforce each and every provision.
10. **Authority to Execute Agreement:** The Board possesses full authority to enter into this Agreement as indicated by the Board's minutes attached hereto.

as Exhibit A. The District possesses full authority to enter into this Agreement as indicated by the District's minutes attached hereto as Exhibit B.

11. Entire Agreement: This Agreement constitutes the entire understanding and agreement between the Parties and supersedes all other understandings and agreements between the Parties with respect to the subject matter of this Agreement. There are no understandings, representations or warranties of any kind, expressed or implied, not expressly set forth in this Agreement. No modifications or amendment of this Agreement shall be effective unless in writing and executed on behalf of both Parties.

IN TESTIMONY WHEREOF, the parties hereto have caused this Agreement to be executed by its duly authorized officers, on this date and year first above written.

PSC CASE NO. 2014-00254

ITEM 30

Frankfort Electric and Water Plant Board
Response to Order Dated: July 23, 2014
Case No. 2014-00254

ITEM 30: Annual effect of proposed rate adjustments

Response: (a)(b) FPB projects revenue from wholesale customers to increase by \$646,812 if the proposed rate adjustment were to be approved. This revenue increase is based on an estimated 718,680,000 gallons of water sold to wholesale customers at the proposed rate of \$2.91 per 1,000 gallons compared to the current rate of \$2.01 per 1,000 gallons.

RESPONSE TO PSC

ITEM 31

Frankfort Electric and Water Plant Board
Response to Order Dated: July 23, 2014
Case No. 2014-00254

ITEM 31: Pro forma adjustments to water operations and calculations.

Response: 31(a) - Three pro forma adjustments to water operations were made and are listed below:

1. Expenses were increased by \$45,000 for anticipated PSC rate case proceedings.
2. Water chemical expenses were increased by \$28,157 to account for the anticipated increase in chemical cost at time cost of service study was performed.
3. An interest expense adjustment in the amount of \$176,897 was made to account for a new Kentucky Infrastructure Authority loan entered into by FPB to fund a water treatment plant generator capital project that began at the end of FY 2013-2014.

31(b) – See Exhibit 1 attached.
